Offers a comprehensive review of key exam topics, targeted strategies for every section of the exam, and two full-length practice tests with detailed answer explanations.

EVERYTHING YOU NEED TO HELP SCORE A PERFECT 5. Equip yourself to ace the AP European History Exam with this comprehensive study guide--including 2 full-length practice tests, thorough content reviews, access to our AP Connect online portal, and targeted strategies for every section of the exam. Written by the experts at The Princeton Review, Cracking the AP European History Exam arms you to take on the test with: Techniques That Actually Work. * Tried-and-true strategies to avoid traps and beat the test * Tips for pacing yourself and guessing logically * Essential tactics to help you work smarter, not harder Everything You Need to Know for a High Score. * Detailed coverage of the source-based multiple-choice questions and short-answer questions * Comprehensive guidance for the document-based questions (DBQ) and long essay * Engaging activities to help you critically assess your progress * Access to AP Connect, our online portal for helpful pre-college information and exam updates Practice Your Way to Perfection. * 2 full-length practice tests with detailed answer explanations * End-of-chapter questions for targeted content review * Helpful timelines of major events in European history

Offers a subject review, exam strategies, and two full-length sample tests.

Reviews subjects on the test, offers tips on test-taking strategies, and includes two full-length practice exams with answers and explanations.

Provides a first-person account of the author's experiences in Paris during the Reign of Terror, from May 1793 to July 1794, when the government led by Robespierre terrorized the populace with summary arrests and executions.

The upheavals, terror, and drama of the French Revolutionary and Napoleonic period restructured politics and society on a grand scale, making this the defining moment for modern European history. This volume collects together a wide selection of primary texts to explain the process behind the enormous changes undergone by France and Europe between 1787 and 1815, from the Terror to the Counter-Revolution and from Marie-Antoinette to Robespierre and Bonaparte. While bringing the impact of historical events to life, Philip Dwyer and Peter McPhee provide a clear outline of the period through key documents and lucid introductory passages and commentary. They illustrate the meaning of the Revolution for peasants, sans-culottes, women, and slaves, as well as placing events within a wider European context..

Students will find this an invaluable source of information on the Revolution as a whole as well as the international significance of the events.

Collects one hundred documents that were important in the development of the United States from its founding to 1965, including the Declaration of Independence, Constitution, and lesser-known writings.

AP European History Premium Prep, 2021, previously titled Cracking the AP European History Exam, Premium Edition, provides students with everything they need to conquer the exam. The book includes instructional content structured around the investigation of 5 course themes and 19 key concepts; content reviews divided by the test's four different chronological periods; drills and questions that reflect a greater emphasis on "historical thinking skills," represented by a larger proportion of essay, document-based, and short- and long-answer questions on the exam; This Premium edition includes 6 full-length practice tests (4 tests in the book and 2 online)- the best value on the market.

Reproduction of the original.

Enhances the world history curriculum through analysis of primary and secondary sources. Features 23 new and revised document-based questions covering significant eras. Teacher support includes scoring rubric and tips for implementation.

Develops essential writing skills.

Covers all significant eras of global history. Encourages students to analyze evidence, documents, and other data to make informed decisions. Develops essential writing skills.

Presented here is an English translation of a study that was part of a distinguished French series on the country's post-Revolution history.

Unlike much Napoleonic literature that features the personality and foreign policy of the Emperor, it describes the condition of France and the French people during the fifteen years immediately following their great revolution. The translator, R. R. Palmer, is a distinguished historian who has written and translated many books in French history, including *The Coming of the French Revolution* by Georges Lefebvre (Princeton). Applying the methods of the new social history (Annales school), the author covers the political, administrative, social, economic, and cultural facets of the First Empire. Part I deals with the domestic program and institutions under Napoleon and the fervor of the new chief of state as he sought to establish a coherent, efficient, and thoroughly controlled regime. Part II examines the opposition to his system and the reasons behind the imperfect realization of his ideal. It discusses population and demographic trends, social structure, and economic activity--all of which eluded Napoleon's grasp.

A phenomenon of the pre-industrial age, the Sans-Culottes--master craftsmen, shopkeepers, small merchants, domestic servants--were as hostile to the ideas of capitalist bourgeoisie as they were to those of the ancien regime which was overthrown in the first years of the Revolution. Here is a detailed portrait of who these people were and a sympathetic account of their moment in history.

In this illuminating work, Robert B. Holtman emphasizes Napoleon's role as a revolutionary innovator whose influence touched nearly every aspect of European political and social life and has extended even to our own times.

Toussaint L'Ouverture was the leader of the Haitian Revolution in the late eighteenth century, in which slaves rebelled against their masters and established the first black republic. In this collection of his writings and speeches, former Haitian politician Jean-Bertrand Aristide demonstrates L'Ouverture's profound contribution to the struggle for equality.

Excerpts from letters, diaries, and journals of victims, bystanders, and supporters, chronicle the events of the Revolution

Addressed to the Inhabitants of America, on the Following Interesting Subjects, viz.: I. Of the Origin and Design of Government in General, with Concise Remarks on the English Constitution. II. Of Monarchy and Hereditary Succession. III. Thoughts on the Present State of American Affairs. IV. Of the Present Ability of America, with some Miscellaneous Reflections

One difficulty in writing a balanced history of the American Revolution arises in part from its success as a creator of our nation and our nationalistic sentiment. Unlike the Civil War, unlike the French Revolution, the American Revolution produced no lingering social trauma in the United States—it is a historic event widely applauded by Americans today as both necessary and desirable. But one consequence of this happy unanimity is that the chief losers of the War of Independence—the American Loyalists—have fared badly at the hands of historians. This explains, in part, why the account of the Revolution recorded by self-professed Loyalist and Chief Justice of the Superior Court of Massachusetts, Peter Oliver, has heretofore been so routinely overlooked. Oliver's manuscript, entitled "The Origins & Progress of the American Rebellion," written in 1781, challenges the motives of the founding fathers, and depicts the revolution as passion, plotting, and violence. His descriptions of the leaders of the patriot party, of their program and motives, are unforgiving, bitter, and inevitably partisan. But it records the impressions of one who had experienced these events, knew most of the combatants intimately, and saw the collapse of the society he had lived in. His history is a very important contemporary account of the origins of the revolution in Massachusetts, and is now presented here in its entirety for the first time.
