New York Times bestseller ?An unprecedented behind-the-scenes view into the life of Anthony Bourdain from the people who knew him best When Anthony Bourdain died in June 2018, fans around the globe came together to celebrate the life of an inimitable man who had dedicated his life to traveling nearly everywhere (and eating nearly everything), shedding light on the lives and stories of others. His impact was outsized and his legacy has only grown since his death. Now, for the first time, we have been granted a look into Bourdain's life through the stories and recollections of his closest friends and colleagues. Laurie Woolever, Bourdain's longtime assistant and confidante, interviewed nearly a hundred of the people who shared Tony's orbit—from members of his kitchen crews to his writing, publishing, and television partners, to his daughter and his closest friends—in order to piece together a remarkably full, vivid, and nuanced vision of Tony's life and work. From his childhood and teenage days, to his early years in New York, through the genesis of his game-changing memoir Kitchen Confidential to his emergence as a writing and television personality, and in the words of friends and colleagues including Eric Ripert, José Andrés, Nigella Lawson, and W. Kamau Bell, as well as family members including his brother and his late mother, we see the many sides of Tony—his motivations, his ambivalence, his vulnerability, his blind spots, and his brilliance. Unparalleled in scope and deeply intimate in its execution, with a treasure trove of photos from Tony's life, Bourdain: The Definitive Oral Biography is a testament to the life of a remarkable man in the words of the people who shared his world.

A journalist's twenty-year fascination with the Manson murders leads to shocking new revelations about the FBI's involvement in this riveting reassessment of an infamous case in American history. Over two grim nights in Los Angeles, the young followers of Charles Manson murdered seven people, including the actress Sharon Tate, then eight months pregnant. With no mercy and seemingly no motive, the Manson Family followed their leader's every order -- their crimes lit a flame of paranoia across the nation, spelling the end of the sixties. Manson became one of history's most infamous criminals, his name forever attached to an era when charlatans mixed with prodigies, free love was as possible as brainwashing, and utopia -- or dystopia -- was just an acid trip away. Twenty years ago, when journalist Tom O'Neill was reporting a magazine piece about the murders, he worried there was nothing new to say. Then he unearthed shocking evidence of a cover-up behind the "official" story, including police carelessness, legal misconduct, and potential surveillance by intelligence agents. When a tense interview with Vincent Bugliosi -- prosecutor of the Manson Family and author of *Helter Skelter* -- turned a friendly source into a nemesis, O'Neill knew he was onto something. But every discovery brought more questions: Who were Manson's real friends in Hollywood, and how far would they go to hide their ties? Why didn't law enforcement, including Manson's own parole officer, act on their many chances to stop him? And how did Manson -- an illiterate ex-con -- turn a group of peaceful hippies into remorseless killers? O'Neill's quest for the truth led him from reclusive celebrities to seasoned spies, from San Francisco's summer of love to the shadowy sites of the CIA's mind-

control experiments, on a trail rife with shady cover-ups and suspicious coincidences. The product of two decades of reporting, hundreds of new interviews, and dozens of never-before-seen documents from the LAPD, the FBI, and the CIA, Chaos mounts an argument that could be, according to Los Angeles Deputy District Attorney Steven Kay, strong enough to overturn the verdicts on the Manson murders. This is a book that overturns our understanding of a pivotal time in American history.

Named a BEST BOOK OF THE YEAR by The Washington Post and The Financial Times "How did our democracy go wrong? This extraordinary document . . . is Applebaum's answer." —Timothy Snyder, author of On Tyranny A Pulitzer Prize–winning historian explains, with electrifying clarity, why elites in democracies around the world are turning toward nationalism and authoritarianism. From the United States and Britain to continental Europe and beyond, liberal democracy is under siege, while authoritarianism is on the rise. In *Twilight of Democracy*, Anne Applebaum, an award-winning historian of Soviet atrocities who was one of the first American journalists to raise an alarm about antidemocratic trends in the West, explains the lure of nationalism and autocracy. In this captivating essay, she contends that political systems with radically simple beliefs are inherently appealing, especially when they benefit the loyal to the exclusion of everyone else. Elegantly written and urgently argued, *Twilight of Democracy* is a brilliant dissection of a world-shaking shift and a stirring glimpse of the road back to democratic values.

The 19th-Century French Short Story, by eminent scholar, Allan H. Pasco, seeks to offer a more comprehensive view of the definition, capabilities, and aims of short stories. The book examines general instances of the genre specifically in 19th-century France by recognizing their cultural context, demonstrating how close analysis of texts effectively communicates their artistry, and arguing for a distinction between middling and great short stories. Where previous studies have examined the writers of short stories individually, The 19th-Century French Short Story takes a broader lens to the subject, and looks at short story writers as they grapple with the artistic, ethical, and social concerns of their day. Making use of French short story masterpieces, with reinforcing comparisons to works from other traditions, this book offers the possibility of a more adequate appreciation of the under-valued short story genre.

This collection of French short stories in translation expands our idea of French writing by including new stories by women writers and by authors of Francophone origin. Spanning the centuries from the late eighteenth to the late twentieth, the collection opens with a rumbustious tale from the Marquis de Sade, takes in the masters of the nineteenth century, from Stendhal and Balzac to Maupassant, and reaches to Quebec, Africa, and the French Caribbean in the twentieth century. Women writers include relatively well known figures such as Renee Vivien, Colette, and Beauvoir, and newer writers such as Assia Djebar, Christiane Baroche, and Annie Saumont. The French short story is a rich and diverse medium, but all the stories selected share a common characteristic: they make exciting reading.
