Born in Mexico in 1907, Frida Kahlo learned about suffering at an early age. She fell victim to polio at the age of six, and was then seriously hurt in a bus accident at eighteen, resulting in injuries that affected her for the rest of her life. The young and indomitable Frida met Diego Rivera, the great mural painter, when Mexico was at a great cultural and political crossroads. They formed a legendary partnership, with a strong attachment to Mexican folk art, a deep commitment to the Communist struggle and a raging artistic ambition that survived all the trials of their marriage. Admired by the Surrealists and photographed by the greatest, Frida was most renowned for her self-portraits and unusual still lifes. This book traces the extraordinary life of this artist whose unforgettable imagery combined cruelty and wit, honesty and insolence, pain and empowerment.

An account of the noted Mexican painter's difficult and tumultuous personal and professional life accompanies some of her most notable paintings. Frida Kahlo stepped into the limelight in 1929 when she married Mexican muralist Diego Rivera. She was twenty-two; he was forty-three. Hailed as Rivera's exotic young wife who "dabbles in art," she went on to produce brilliant paintings but remained in her husband's shadow throughout her life. Today, almost six decades after her untimely death, Kahlo's fame rivals that of Rivera and she has gained international acclaim as a path-breaking artist and a cultural icon. Cutting through "Fridamania," this book explores Kahlo's life, art, and legacies, while also scrutinizing the myths, contradictions, and ambiguities that riddle her dramatic story. Gannit Ankori examines Kahlo's early childhood, medical problems, volatile marriage, political affiliations, religious beliefs, and, most important, her unparalleled and innovative art. Based on detailed analyses of the artist's paintings, diary, letters, photographs, medical records, and interviews, the book also assesses Kahlo's critical impact on contemporary art and culture. Kahlo was of her time, deeply immersed in the issues that dominated the first half of the twentieth century. Yet, as this book reveals, she was also ahead of her time. Her paintings challenged social norms and broke taboos, addressing themes such as the female body, gender, cross-dressing, hybridity, identity, and

In 1954, following Frida Kahlo's death at the age of 47, Diego Rivera, Kahlo's husband and Mexican muralist, requested that her possessions be sealed in various cupboards and storerooms throughout the Blue House in Mexico City, where Kahlo was born, lived and died. Half a century later, in 2004, these cupboards were opened and found to contain an extraordinary collection of clothing, jewellery, cosmetics and other personal items, as well as photographs and letters. 'Frida Kahlo's Wardrobe' presents a fresh view of Kahlo's compelling life story. The book expands upon the narrative of discovery, presenting highlights from Kahlo's collection alongside her self-portraits. This pairing is unprecedented, and it will be enriched by specially commissioned photography of her belongings. Exhibition: Victoria and Albert Museum, London, UK (16.06.-04.11.2018).

work and of the vibrant 1930s surrealist scene. In 1938, just as she was leaving Mexico for her first solo exhibition in New York, Frida Kahlo was devastated to learn from her husband, Diego Rivera, that he intended to divorce her. This latest blow followed a long series of betrayals, most painful of all his affair with her beloved younger sister, Cristina. In early 1939, anxious and adrift, Kahlo traveled from the United States to France—her only trip to Europe, and the beginning of a unique period of her life when she was enjoying success on her own. Now, for the first time, this previously overlooked part of her story is brought to light in exquisite detail. Marc Petitjean takes the reader to Paris, where Kahlo spends her days alongside luminaries such as Pablo Picasso, André Breton, Dora Maar, and Marcel Duchamp. Using Kahlo's whirlwind romance with the author's father, Michel Petitjean, as a jumping-off point, *The Heart: Frida Kahlo in Paris* provides a striking portrait of the artist and an inside look at the history of one of her most powerful, enigmatic paintings.

Mexican artist Frida Kahlo adored adventure. In November, 1930, she was thrilled to realize her dream of traveling to the United States to live in San Francisco, Detroit, and New York. Still, leaving her family and her country for the first time was monumental. Only twenty-three and newly married to the already world-famous forty-three-year-old Diego Rivera, she was at a crossroads in her life and this new place, one filled with magnificent beauty, horrific poverty, racial tension, anti-Semitism, ethnic diversity, bland Midwestern food, and a thriving music scene, pushed Frida in unexpected directions. Shifts in her style of painting began to appear, cracks in her marriage widened, and tragedy struck, twice while she was living in Detroit. and history of her beloved homeland, Mexico. Her paintings continue to inform and inspire popular culture around the world.

Beginning in the late 1970's Frida Kahlo achieved cult heroine status less for her richly surrealist self-portraits than by the popularization of the events of her tumultuous life. Her images were splashed across billboards magazine ads, and postcards; fashion designers copied the so-called "Frida" look in hairstyles and dress; and "Fridamania" even extended to T-shirts, jewelry, and nail polish. Margaret A. Lindauer argues that this mass market assimilation of Kahlo's identity has consistently detracted from appreciation of her work, leading instead to narrow interpretations based on "an entrenched narrative of suffering." While she agrees that Kahlo's political and feminist activism, her stormy marriage to fellow artist Diego Riviera, and the tragic reality of a progressively debilitated body did represent a biography colored by emotional and physical upheaval, she questions an "author-equals-the-work" critical tradition that assumes a one-to-one association of life events to the meaning of a painting." In Kahlo's case, Lindauer says, such assumptions created a devouring mythology, an iconization that separates us from rather than leads us to the real significance of the oeuvre. Accompanied by 26 illustrations and deep analysis of Kahlo's central themes, this provocative, semiotic study recontextualizes an important figure in art history at the same time it addresses key questions about the language of interpretation, the nature of veneration, and the truths within self-representation.
