The riveting story of how three years spent in the United States transformed Frida Kahlo into the artist we know today "[An] insightful debut....Featuring meticulous research and elegant turns of phrase, Stahr's engrossing account provides scholarly though accessible analysis for both feminists and art lovers." —*Publisher's Weekly* Mexican artist Frida Kahlo adored adventure. In November, 1930, she was thrilled to realize her dream of traveling to the United States to live in San Francisco, Detroit, and New York. Still, leaving her family and her country for the first time was monumental. Only twenty-three and newly married to the already world-famous forty-three-year-old Diego Rivera, she was at a crossroads in her life and this new place, one filled with magnificent beauty, horrific poverty, racial tension, anti-Semitism, ethnic diversity, bland Midwestern food, and a thriving music scene, pushed Frida in unexpected directions. Shifts in her style of painting began to appear, cracks in her marriage widened, and tragedy struck, twice while she was living in Detroit. *Frida in America* is the first in-depth biography of these formative years spent in Gringolandia, a place Frida couldn't always understand. But it's precisely her feelings of being a stranger in a strange land that fueled her creative passions and an even stronger sense of Mexican identity. With vivid detail, *Frida in America* recreates the pivotal journey that made Senora Rivera the world famous Frida Kahlo.

Graciela Iturbide was born in Mexico City in 1942, the oldest of 13 children. When tragedy struck Iturbide as a young mother, she turned to photography for solace and understanding. From then on Iturbide embarked on a photographic journey that has taken her throughout her native Mexico, from the Sonora Desert to Juchitán to Frida Kahlo's bathroom, to the United States, India, and beyond. *Photographic* is a symbolic, poetic, and deeply personal graphic biography of this iconic photographer. Iturbide's journey will excite readers of all ages as well as budding photographers, who will be inspired by her resolve, talent, and curiosity.

From Pulitzer Prize nominee and award winning author of *Homeland*, *The Poisonwood Bible* and *Flight Behaviour*, *The Lacuna* is the heartbreaking story of a man torn between the warm heart of Mexico and the cold embrace of 1950s America in the shadow of Senator McCarthy. Born in America and raised in Mexico, Harrison Shepherd is a liability to his social-climbing flapper mother, Salome. When he starts work in the household of Mexican artists Diego Rivera and Frida Kahlo - where the Bolshevik leader, Lev Trotsky, is also being harboured as a political exile - he inadvertently casts his lot with art, communism and revolution. A compulsive diarist, he records and relates his colourful experiences of life with Diego Rivera, Frida Kahlo and Trotsky in the midst of the Mexican revolution. A violent upheaval sends him back to America; but political winds continue to throw him between north and south, in a plot that turns many times on the unspeakable breach - the lacuna - between truth and public presumption.

Latin American folk hero, husband of Frida Kahlo, devout Communist, and Mexico's most important artist: the oeuvre of Diego Rivera is finally done justice in this monograph constituting the most comprehensive study of his work ever made. More than a half century after his death, Rivera's story, complete mural works, and recently discovered pieces are brought to life alongside private photos and drawings. A veritable folk hero in Latin America and Mexico's most important artist--along with his wife, painter Frida Kahlo--Diego Rivera (1886-1957) led a passionate life devoted to art and communism. After spending the 1910s in Europe, where he surrounded himself with other artists and embraced the Cubist movement, he returned to Mexico and began to paint the large-scale murals for which he is most famous. In his murals, he addressed social and political issues relating to the working class, earning him prophetic status among the peasants of Mexico. He was invited to create works abroad, most notably in the United States, where he stirred up controversy by depicting Lenin in his mural for the Rockefeller Center in New York City (the mural was destroyed before it was finished). Rivera's most remarkable work is his 1932 Detroit Industry, a group of 27 frescos at the Detroit Institute of Art in Michigan. This volume features numerous large-scale details of the murals, allowing their various components

and subtleties to be closely examined. In addition to the murals is a vast selection of paintings, vintage photos, documents, and drawings from public and private collections around the world, many of which the whereabouts were previously unknown to scholars and whose inclusion here is thanks to the most intense research performed on Rivera's work since his death. Texts include an illustrated biography and essays by prominent art historians offering interpretations of each mural. One could not ask for a more comprehensive study of Rivera's oeuvre; finally his work is the subject of the sweeping retrospective it deserves. Now available again, this bestselling book reveals the story of two creative geniuses, their important contributions to twentieth-century art, and their tumultuous romance. This captivating book delves into the forces that shaped Frida Kahlo and Diego Rivera's lives and art, and made them important painters in their own right. Elegant reproductions of their best-known works and historical photographs illustrate the thoughtful text, which explores the political, social, and cultural upheaval that was at the center of their relationship. What emerges is a portrait of the artists, the tension between their love for each other and their commitment to their work, and the indelible legacy of paintings, murals, and words they left behind.

The self-portraits of Mexican artist Frida Kahlo are renowned for their dream-like quality and emotional intensity. A passionate woman endowed with an indomitable spirit, Kahlo overcame injury and personal hardship to become one of the world's most important female artists. Celebrated by the surrealists in her own lifetime, she has attained cult-like status both for her extraordinary art and her tempestuous love-life with her husband, Diego Rivera, Mexico's most prominent modern painter. An outstanding selection of paintings by Kahlo and Rivera form the core of this catalogue, which accompanies the National Gallery of Australia's exhibition. Jacques Gelman, the Russian emigre film producer, and his wife, Natasha, built up their collection over many years of acquaintance and collaboration with Mexico's greatest creative artists. It is now widely regarded as the most significant private holding of twentieth century American art.

Leading twentieth-century Mexican artists Frida Kahlo and Diego Rivera were internationally acclaimed in their lifetime, and their art and lives have continued to provoke and captivate audiences. The works of Kahlo and Rivera demonstrate their fierce independence and the uniqueness of their artistic visions. Rivera's art projected outward, often on a vast scale, and was concerned with the construction of a national identity in post-revolutionary Mexico; Kahlo's art turned inward and represented Mexicanidad through an exploration of the artist's own identity. Kahlo's poor health, compounded by a tragic trolley-bus accident in her teens, informs much of her work. Beyond their art, the lives of Kahlo and Rivera were socially and politically active and their union often volatile. This book presents the pair in a "dialogue." It includes an introduction to their art and lives as well as an essay by Diego on Frida's art written in 1943 and an essay by Frida on Diego's art written in 1949. Each essay is followed by their artworks including outstanding self-portrait paintings and drawings by Frida Kahlo, and major examples of Diego Rivera's canvas paintings.

Mexico 1900-1950 offers an unprecedented survey of Mexican art from the turn of the century through the Revolution (1910-20) and until the early 1950s. It examines key works across different mediums by major Mexican artists, including Diego Rivera, Frida Kahlo, and Jos Clemente Orozco, as well as by lesser-known figures and women artists. The catalogue showcases Mexican modern art as its own distinct avant-garde, fundamentally different from that of Europe. Although many Mexican artists lived and practiced in Paris during the early decades of the 20th century, they eventually returned home and drew extensively from themes surrounding nationhood and Mexico's rich, mythical past, poignantly articulating their country's revolutionary ideals, traditions, and aspirations. Over 250 illustrations foreground this wholly original and sweeping study of Mexico as a hotbed for modernism and artistic achievement.

Frida Kahlo, Mexican artist and champion of justice and women's rights, transformed the pain and suffering of her life into enduringly powerful paintings. This XXL monograph brings together all of Kahlo's 152 paintings in stunning reproductions.

They met in 1928; Frida Kahlo was then 21 years old and Diego Rivera was twice her age. He was already an international reference, she only aspired to become one. An intense artistic creation, along with pain and suffering, was generated by this tormented union, in particular for Frida. On both continents, America and Europe, these committed artists proclaimed their freedom and left behind them the traces of their exceptional talent. In this book, Gerry Souter brings together both biographies and underlines with passion the link which existed between the two greatest Mexican artists of the 20th century.

A visual feast of Kahlo and Rivera's finest works that will leave readers intellectually challenged and emotionally awakened. He painted for the people. She painted to survive. Frida Kahlo (1907-1954) and Diego Rivera's (1886-1957) legendary passion for each other and for Mexico's revolutionary culture during the 1920s and 1930s made them two of the twentieth century's most famous artists. During their life together as a married couple, Rivera achieved prominence as a muralist, while Kahlo's intimate paintings were embraced by the Surrealist movement and the Mexican art world. After their deaths in the 1950s, retrospectives of Kahlo's work enshrined her as one of the most significant women artists of the twentieth century, partially eclipsing Rivera's international fame as Mexico's greatest muralist painter. *Frida & Diego: Passion, Politics and Painting* offers a new perspective on their artistic significance for the twenty-first century, one that shows how their paintings reflect both the dramatic story of their lives together and their artistic commitment to the transformative political and cultural values of post-revolutionary Mexico. *Frida & Diego* features colour reproductions of 75 paintings and works on paper by both Kahlo and Rivera, rarely reproduced archival photographs, and new biographical information on the couple assembled by scholar Dot Tuer.

A richly revealing document offering many telling insights into the mind and heart of a giant of 20th-century art.

"This picture book biography follows Frida Kahlo's start as an artist and how she integrated her unique way of looking at the world into her art"--

A year of weekly interviews (1949-1950) with artist Diego Rivera by poet Alfredo Cardona-Peña disclose Rivera's iconoclastic views of life and the art world of that time. These intimate Sunday dialogues with what is surely the most influential Mexican artist of the twentieth century show us the free-flowing mind of a man who was a legend in his own time; an artist who escaped being lynched on more than one occasion, a painter so controversial that his public murals inspired movements, or, like the work commissioned by John D. Rockefeller, were ordered torn down. Here in his San Angelín studio, we hear Rivera's feelings about the elitist aspect of paintings in museums, his motivations to create public art for the people, and his memorable, unedited expositions on the art, culture, and politics of Mexico. The book has seven chapters that loosely follow the range of the author's questions and Rivera's answers. They begin with childlike, yet vast questions on the nature of art, run through Rivera's early memories and aesthetics, his views on popular art, his profound understanding of Mexican art and artists, the economics of art, random expositions on history or dreaming, and elegant analysis of art criticisms and critics. The work is all the more remarkable to have been captured between Rivera's inhumanly long working stints of six hours or even days without stop. In his rich introduction, author Cardona-Peña describes the difficulty of gaining entrance to Rivera's inner sanctum, how government functionaries and academics often waited hours to be seen, and his delicious victory. At eight p. m. the night of August 12, a slow, heavy-set, parsimonious Diego came in to where I was, speaking his Guanajuato version of English and kissing women's hands. I was able to explain my idea to him and he was immediately interested. He invited me into his studio, and while taking off his jacket, said, "Ask me..." And I asked one, two, twenty... I don't know how many questions 'til the small hours of the night, with him answering from memory, with an incredible accuracy, without pausing, without worrying much about what he might be saying, all of it spilling out in an unconscious and magical manner. A series of Alfredo Cardona-Peña's weekly interviews with Rivera were published in 1949 and 1950 in the Mexican newspaper, *El Nacional*, for which Alfredo was a journalist. His book of compiled interviews with introduction and preface, *El Monstruo en su Laberinto*, was published in Spanish in 1965. Finally, this extraordinary and rare exchange has been translated for the first time into English by Alfredo's half-brother Alvaro Cardona Hine, also a poet. According to the translator's wife, Barbara Cardona-Hine, bringing the work into English was a labor of love for Alvaro, the fulfillment of a promise made to his brother in 1971 that he did not get to until the year before his own death in 2016. Like a tiny bird in a big city, Frida Kahlo feels lost and lonely when she arrives in San Francisco with her husband, the famous artist Diego Rivera. But as Frida begins to explore San Francisco on her own, she discovers the inspiration she needs to become one of the most celebrated artists of all time. *Me, Frida* is an exhilarating true story that encourages children to believe in themselves so they can make their own dreams soar.

The iconic Mexican painter as seen through over 300 archival items, from her wardrobe to her personal art collection This compendium presents the rich diversity of themes, ideas, concepts and emotions generated around two fundamental, iconic figures of modern Mexico: painter Frida Kahlo and her husband, muralist Diego Rivera. More than 300 images from the archives of the Museo Frida Kahlo in Mexico City offer readers a glimpse of Kahlo's distinctive wardrobe and the impressive collections of popular and pre-Hispanic art she assembled with Rivera, her connection with photography and the history of *La casa azul*, her beloved cobalt-blue home that now serves as the museum's main building. This volume welcomes us into Frida Kahlo's universe, exploring the legacy of an indispensable figure in the world of 20th-century art and culture in her native Mexico and across the globe. Frida Kahlo (1907-54) began painting at the age of 18 when she was immobilized for several months as a result of a bus crash that left her permanently disabled. From then on, art served as an immense source of healing for Kahlo as well as a vehicle for self-expression and cultural exploration. At the heart of Kahlo's practice was her love for Mexican folk tradition, her staunch communist beliefs and her complex relationship with her body, gender and sexuality. A lifelong activist, Kahlo died of a pulmonary embolism after participating in a demonstration against the CIA's invasion of Guatemala.

Hidden behind the portraits of Frida Kahlo is the remarkable story of the artist's life. It is precisely this combination that attracts the spectator. Frida's work is a testimony of her life; it is not often that one can understand an artist simply by looking within the frame of their paintings. Frida Kahlo is without any doubt Mexico's gift to art history. She was just eighteen when a terrible accident changed her life forever, leaving her disabled and in constant pain. But her explosive temper, her unwavering determination and her eagerness gave her the strength to develop her artistic talent. Always at her side was the great Mexican painter and muralist Diego Rivera. His compulsive womanizing did not prevent Frida from captivating him with her charms, her talent and her intelligence. She quickly learnt to make the most of Diego's success to discover the world, creating her own legacy along the way and being surrounded by a very close group of attentive friends. Her personal life was stormy: several times she left Diego in order to have relationships with people of both sexes. Nonetheless, Frida and Diego were able to save their deteriorating romance. The history and the paintings that Frida left us reveal the story of a brave woman in constant search of her identity.

The beautifully illustrated and utterly absorbing biography of one of the twentieth century's most transfixing artists Frida is the story of one of the twentieth century's most extraordinary women, the painter Frida Kahlo. Born near Mexico City, she grew up during the turbulent days of the Mexican Revolution and, at eighteen, was the victim of an accident that left her crippled and unable to bear children. To salvage what she could from her unhappy situation, Kahlo had to learn to keep still so she began to paint. Kahlo's unique talent was to make her one of the century's most enduring artists. But her remarkable paintings were only one element of a rich and dramatic life. Frida is also the story of her tempestuous marriage to the muralist Diego Rivera, her love affairs with numerous, diverse men such as Isamu Noguchi and Leon Trotsky, her involvement with the Communist Party, her absorption in Mexican folklore and culture, and of the inspiration behind her unforgettable art. This volume is the biography and collection of works of Mexican painter and muralist Diego Rivera, for the years 1921 to 1957. This volume -- v. 2 of a two volume set -- covers Rivera's return to Mexico in the wake of that country's tumultuous and transformative revolution. He married fellow Mexican artist Frida Kahlo in 1929, and their tempestuous marriage got to be as famous as their art. In the 1930s and '40s Rivera worked in the United States and Mexico, and many of his paintings drew controversy. His 1933 mural for the RCA Building at Rockefeller Center in Manhattan featured a portrait of Communist Party leader Lenin, the resulting uproar led to his dismissal and to the mural's official destruction in 1934. Similarly, a 1948 mural for the Hotel de Prado in Mexico that included the words "God does not exist" was covered and held from public view for nine years. Rivera's talent for historical murals and his tributes to earthy folk traditions made him one of the most influential artists in the Americas and one of Mexico's most beloved painters. This book is devoted to a visual exploration of Rivera's reflections on art. It presents a selection of texts and quotations by Rivera alongside images created by the painter himself or by artists who in one way or another gained a place in his memory.

This intimate account offers a new, unexpected understanding of the artist's work and of the vibrant 1930s surrealist scene. In 1938, just as she was leaving Mexico for her first solo exhibition in New York, Frida Kahlo was devastated to learn from her husband, Diego Rivera, that he intended to divorce her. This latest blow followed a long series of betrayals, most painful of all his affair with her beloved younger sister, Cristina. In early 1939, anxious and adrift, Kahlo traveled from the United States to France—her only trip to Europe, and the beginning of a unique period of her life when she was enjoying success on her own. Now, for the first time, this previously overlooked part of her story is brought to light in exquisite detail. Marc Petitjean takes the reader to Paris, where Kahlo spends her days alongside luminaries such as Pablo Picasso, André Breton, Dora Maar, and Marcel Duchamp. Using Kahlo's whirlwind romance with the author's father, Michel Petitjean, as a jumping-off point, *The Heart: Frida Kahlo in Paris* provides a striking portrait of the artist and an inside look at the history of one of her most powerful, enigmatic paintings.

Uses a four-fold format to reproduce Rivera's Detroit Industry Murals in detail and provides information on the creation of the

murals.

Explores the work and lives of these two Mexican artists and invites readers to learn about their art through twenty-four activities, such as painting a self-portrait Kahlo-style, creating a mural with a social message like Rivera, making a Day of the Dead ofrenda, and crafting an Olmec head carving.

You can always recognize a painting by Kahlo because she is in nearly all--with her black braided hair and colorful Mexican outfits. A brave woman who was an invalid most of her life, she transformed herself into a living work of art. As famous for her self-portraits and haunting imagery as she was for her marriage to another famous artist, Diego Rivera, this strong and courageous painter was inspired by the ancient culture and history of her beloved homeland, Mexico. Her paintings continue to inform and inspire popular culture around the world.

In small, stunningly rendered self-portraits, Mexican artist Frida Kahlo painted herself cracked open, hemorrhaging during a miscarriage, anesthetized on a hospital gurney, and weeping beside her own extracted heart. Her works are so incendiary in emotion and subject matter that one art critic suggested the walls of an exhibition be covered with asbestos. In this beautiful book, art historian Hayden Herrera brings together numerous paintings and sketches by the amazing Mexican artist, documenting each with explanatory text that probes the influences in Kahlo's life and their meaning for her work. Included among the illustrations are more than eighty full-color paintings, as well as dozens of black-and-white pictures and line illustrations. Among the famous and little-known works included in *Frida Kahlo: The Paintings* are *The Two Fridas*, *Self-Portrait as a Tehuana*, *Without Hope*, *The Dream*, *The Little Deer*, *Diego and I*, *Henry Ford Hospital*, *My Birth*, and *My Nurse and I*. Here, too, are documentary photographs of Frida Kahlo and her world that help to illuminate the various stages of her life.

A New York Times bestselling author's personal examination of how the experiences, art, and disabilities of Frida Kahlo shaped her life as an amputee. At first sight of Frida Kahlo's painting *The Two Fridas*, Emily Rapp Black felt a connection with the artist. An amputee from childhood, Rapp Black grew up with a succession of prosthetic limbs and learned that she had to hide her disability from the world. Kahlo sustained lifelong injuries after a horrific bus crash, and her right leg was eventually amputated. In Kahlo's art, Rapp Black recognized her own life, from the numerous operations to the compulsion to create to silence pain. Here she tells her story of losing her infant son to Tay-Sachs, giving birth to a daughter, and learning to accept her body. She writes of how Frida Kahlo inspired her to find a way forward when all seemed lost. Book cover image: Frida Kahlo, prosthetic limb. Frida Kahlo & Diego Rivera Archives. This book marks the triumphant return of Frida Kahlo to San Francisco, the city where her artistic life began to unfold. Kahlo's sojourns to the United States were brief, but formative. It was in the California city--the first she visited in the US--that she ventured into a new world beyond the scope of Coyoacán, Mexico City, and Cuernavaca. Kahlo first visited San Francisco in 1930 with her husband Diego Rivera and stayed for a year while he completed murals for the City Club of San Francisco and the San Francisco Art Institute. It was love at first sight. Kahlo appreciated the beauty of the city, relished its ethnic diversity, and was mesmerized by neighborhoods like Chinatown. She met fascinating people, many of whom became lifelong friends. It was also in San Francisco that Kahlo began to fashion her indigenous (and now iconic) Mexican identity, deliberately distinguishing herself from the local women, whom she called "scarecrows" and "dull." Kahlo refined her sartorial flair, enhanced her political and social worldview, and began to paint seriously. Today she is recognized as a cultural icon, and one of the most critically acclaimed artists of the twentieth century. Presented alongside a major exhibition at the de Young museum in San Francisco, this catalogue includes essays exploring Kahlo's role as an artist and her time in San Francisco, as well as a selection of artworks by the artist and photographs of her. *Frida Kahlo and San Francisco* provides a unique opportunity to examine the ways in which politics, gender, trauma, and national identity influenced Kahlo's diverse modes of creativity. An illustrated selection of more than eighty important letters by the Mexican artist to friends, fans, family, politicians, and her chief love, Diego Rivera, reveals Kahlo's feelings about her art, politics, and the numerous tragedies she suffered. IP.
