Friends Not Masters Mohammad Ayub Khan,1967

Diaries of Field Marshal Mohammad Ayub Khan, 1966-1972 Mohammad Ayub Khan,2007 Field Marshal Ayub Khan kept his diary from September 1966 to October 1972, a very active period in Pakistan's history which included Ayub's yielding of the presidency to Yahya Khan and the period of Yahya's rule that saw the ending of Yahya by Zulfikar Ali Bhutto. Ayub's diary presents his views and interpretations of the events of the period for which it was kept. The diary was discontinued when declining health prevented him from writing. In his introductory note he stated that the diary must be withheld from publication for an unspecified time as his comments may contain sensitive material. Accordingly, the diary has been withheld from publication for 30 years, although it does include material that is critical of many personalities and events. Ayub also stated that the material contained in the diary might serve as the basis of a sequel to his book, Friends, not Masters. The editor has included additional notes that pertain to many of the persons and events of this turbulent time in Pakistan's history. The diary will therefore provide essential material for those studying the period, and also provide a means for those who lived through these times to understand the views of Ayub

Political Development in Pakistan Karl Von Vorys,2015-12-08 An analysis of Pakistani politics under President Mohammad Ayub Khan that focuses on the practical limitations of that leader's ability to mobilize mass backing even when he is supported by a powerful army. Of particular significance is the non-totalitarian character of Ayub Khan's program. Originally published in 1965. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Duel Tariq Ali,2012-12-11 Pakistan stands on the front line of the war against terror. Yet this long-time ally of the West, whose links with the US have caused enormous friction within the country, is in deepening crisis. As President Pervez Musharraf struggles to cling to power through states of emergency, press curbs and imprisonment of his opponents, a range

of forces threaten to destroy him and tip the country into a full-blown civil war. Drawing on extensive first-hand research and personal knowledge, Tariq Ali investigates both the causes and the consequences of Pakistan's rapid spiral into political chaos. Shedding new light on controversial questions (did the US greenlight the execution of President Zulfikar Ali Bhutto in 1979? Is NATO negotiating to grant the Taliban a role in Afghanistan? Are those now jockeying for power any less corrupt than Musharraf's current cronies?) he examines the various disparate elements and each of the key individuals whose conflicts are tearing Pakistan apart

Pakistan at the Crossroads Christophe Jaffrelot, 2016-04-12 In *Pakistan at the Crossroads*, top international scholars assess Pakistan's politics and economics and the challenges faced by its civil and military leaders domestically and diplomatically. Contributors examine the state's handling of internal threats, tensions between civilians and the military, strategies of political parties, police and law enforcement reform, trends in judicial activism, the rise of border conflicts, economic challenges, financial entanglements with foreign powers, and diplomatic relations with India, China, Iran, Saudi Arabia, Afghanistan, and the United States. In addition to ethnic strife in Baluchistan and Karachi, terrorist violence in Pakistan in response to the American-led military intervention in Afghanistan and in the Federally Administered Tribal Areas by means of drones, as well as to Pakistani army operations in the Pashtun area, has reached an unprecedented level. There is a growing consensus among state leaders that the nation's main security threats may come not from India but from its spiraling internal conflicts, though this realization may not sufficiently dissuade the Pakistani army from targeting the country's largest neighbor. This volume is therefore critical to grasping the sophisticated interplay of internal and external forces complicating the country's recent trajectory.

Pakistan's Foreign Policy S. M. Burke, Lawrence Ziring, 1990 Professor Burke's scholarly and lucid analysis of Pakistan's Foreign policy won instant acclaim when it was first published in 1973. Starting with the crucial early years after Pakistan gained independence, he covered events up to the Bhutto-Indira summit meeting in July 1972. The update by Dr Ziring brings the reader up to the summer of 1989, and the elections that brought Benazir Bhutto to power.

Sheikh Mohammad Abdullah's Reflections on Kashmir Nyla Ali Khan, 2018-01-14 This book is a compendium of the speeches and interviews of Sheikh Mohammad Abdullah, who reigned as Prime Minister of the State of Jammu and Kashmir from 1948 to 1953, and who was a large presence on the political landscape of India for fifty years. The volume is designed to enable a student of South Asian politics, and the politics of Kashmir in particular, to analyze the ways in which experiences have been constructed historically and have changed overtime.

The Upstairs Wife Rafia Zakaria, 2016-01-05 A memoir of Karachi through the eyes of its women An Indies Introduce Debut Authors Selection For a brief moment on December 27, 2007, life came to a standstill in Pakistan. Benazir Bhutto, the country's former prime minister and the first woman ever to lead a Muslim country, had been assassinated at a political rally

just outside Islamabad. Back in Karachi—Bhutto’s birthplace and Pakistan’s other great metropolis—Rafia Zakaria’s family was suffering through a crisis of its own: her Uncle Sohail, the man who had brought shame upon the family, was near death. In that moment these twin catastrophes—one political and public, the other secret and intensely personal—briefly converged. Zakaria uses that moment to begin her intimate exploration of the country of her birth. Her Muslim-Indian family immigrated to Pakistan from Bombay in 1962, escaping the precarious state in which the Muslim population in India found itself following the Partition. For them, Pakistan represented enormous promise. And for some time, Zakaria’s family prospered and the city prospered. But in the 1980s, Pakistan’s military dictators began an Islamization campaign designed to legitimate their rule—a campaign that particularly affected women’s freedom and safety. The political became personal when her aunt Amina’s husband, Sohail, did the unthinkable and took a second wife, a humiliating and painful betrayal of kin and custom that shook the foundation of Zakaria’s family but was permitted under the country’s new laws. The young Rafia grows up in the shadow of Amina’s shame and fury, while the world outside her home turns ever more chaotic and violent as the opportunities available to post-Partition immigrants are dramatically curtailed and terrorism sows its seeds in Karachi. Telling the parallel stories of Amina’s polygamous marriage and Pakistan’s hopes and betrayals, *The Upstairs Wife* is an intimate exploration of the disjunction between exalted dreams and complicated realities.

Islamabad and the Politics of International Development in Pakistan Markus Daechsel, 2015-03-19 This book offers a transnational history of Pakistan's development in the 1950s and 1960s, and the creation of the capital city Islamabad.

Military, State and Society in Pakistan H. Rizvi, 2000-05-15 This book offers a comprehensive study of the dynamics of civil-military relations in Pakistan. It asks how and why the Pakistan military has acquired such a salience in the polity and how it continues to influence decision-making on foreign and security policies and key domestic political, social and economic issues. It also examines the changes within the military, the impact of these changes on its disposition towards the state and society, and the implications for peace and security in nuclearized South Asia.

The Struggle for Pakistan Ayesha Jalal, 2014-09-16 Established as a homeland for India’s Muslims in 1947, Pakistan has had a tumultuous history. Beset by assassinations, coups, ethnic strife, and the breakaway of Bangladesh in 1971, the country has found itself too often contending with religious extremism and military authoritarianism. Now, in a probing biography of her native land amid the throes of global change, Ayesha Jalal provides an insider’s assessment of how this nuclear-armed Muslim nation evolved as it did and explains why its dilemmas weigh so heavily on prospects for peace in the region. “[An] important book...Ayesha Jalal has been one of the first and most reliable [Pakistani] political historians [on Pakistan]...The Struggle for Pakistan [is] her most accessible work to date...She is especially telling when she points to the

lack of serious academic or political debate in Pakistan about the role of the military.” —Ahmed Rashid, *New York Review of Books* “[Jalal] shows that Pakistan never went off the rails; it was, moreover, never a democracy in any meaningful sense. For its entire history, a military caste and its supporters in the ruling class have formed an ‘establishment’ that defined their narrow interests as the nation’s.” —Isaac Chotiner, *Wall Street Journal*

Eating Grass Feroz Khan, 2012-11-07 The history of Pakistan's nuclear program is the history of Pakistan. Fascinated with the new nuclear science, the young nation's leaders launched a nuclear energy program in 1956 and consciously interwove nuclear developments into the broader narrative of Pakistani nationalism. Then, impelled first by the 1965 and 1971 India-Pakistan Wars, and more urgently by India's first nuclear weapon test in 1974, Pakistani senior officials tapped into the country's pool of young nuclear scientists and engineers and molded them into a motivated cadre committed to building the 'ultimate weapon.' The tenacity of this group and the central place of its mission in Pakistan's national identity allowed the program to outlast the perennial political crises of the next 20 years, culminating in the test of a nuclear device in 1998. Written by a 30-year professional in the Pakistani Army who played a senior role formulating and advocating Pakistan's security policy on nuclear and conventional arms control, this book tells the compelling story of how and why Pakistan's government, scientists, and military, persevered in the face of a wide array of obstacles to acquire nuclear weapons. It lays out the conditions that sparked the shift from a peaceful quest to acquire nuclear energy into a full-fledged weapons program, details how the nuclear program was organized, reveals the role played by outside powers in nuclear decisions, and explains how Pakistani scientists overcome the many technical hurdles they encountered. Thanks to General Khan's unique insider perspective, it unveils and unravels the fascinating and turbulent interplay of personalities and organizations that took place and reveals how international opposition to the program only made it an even more significant issue of national resolve.
