IoT is recent trend in market you can built anything with help of this book, covers from basics to advance level. Includes getting data to VB.net, drawing graphs, using google gadgets to show gauges, hardware design aspects and much more.

The tens of thousands of universes have merged. The disintegration of Spiritual Force led to the momentous collapse of the great Cultivation World, a mighty era that had endured through millions of years of history. In the wake of the large-scale invasion of the Wilderness, the Avalon of Five Elements had become the practitioners'last stand. After a thousand years, a lowly youth, who hailed from

Read Online From Zero To Hero How To Master The Art Of Selling Cars

the Old Territory, toiled as a laborer for three years in the depths of the Wilderness. He then became an exception and obtained the opportunity to enter the Avalon Of Five Elements for further studies. Bearing beast-like fighting capabilities and driven by the desire to take control of his life, the youth strived for greater strength and power. Little did he know that he would set off a majestic upheaval.

This book provides a unique social science reading on the construction of nation, gender and sexuality and on the interactions among them. It includes international case studies from Indonesia, Ireland, former Yugoslavia, Liberia, Sri Lanka, Australia, the USA, Turkey, China, India and the Caribbean. The contributors offer both the masculine and feminine perspective, exposing how nations are comprised of sexed bodies, and exploring the gender ironies of nationalism and how sexuality plays a key role in nation building and in sustaining national identity. The contributors conclude that control over access to the benefits of belonging to the nation is invariably gendered; nationalism becomes the language through which sexual control and repression is justified masculine prowess is expressed and exercised. Whilst it is men who claim the prerogatives of nation and nation building it is, for the most part, women who actually accept the obligation of nation and nation building.

The Zero to Hero series of hilarious fictional diaries puts the reader inside the heads of hapless children in frazzling historical situations. Gladiator follows a child who is tricked into becoming a gladiator in ancient Rome. "Get Real" fact boxes feature throughout, providing historical context and further information, as well as a timeline, historical biographies, and a glossary in the end matter.

From Zero to Hero by Damaja Le From Zero to Hero is not a confessional in the true sense of the word; it's not about people telling secrets or outing dirty little antics that went on in a club or concert parking lot or hotel room with a Monica Lewinsky nightcap, as I expected. It's more of a two-part contention, a story of courage fueled by the determination to succeed, however long it took. It's about a man suffering with alcoholism, drug addiction, unemployment, and a rapidly failing marriage. He wanted to move his family some place where they could start over, where nobody knew them. Somehow finding the courage and strength of conviction, something he had learned and developed while in the Marine Corps, he knew he could overcome any situation with the right motivation, funding and staffing. Sounds kind of crazy when put in those terms, but I relate to what he was saying, having had similar experiences. It was deeply personal as well as tragic. This is also an up close glimpse into shadowy deals and tiny print promises that can either make or break a trust. I've known and respected

Read Online From Zero To Hero How To Master The Art Of Selling Cars

Damaja for many years and I'm honored he asked for my opinion. HAHA, seriously, get the book – it's pretty entertaining. -Ron Dhanifu, Broadcaster and on air personality for radio station 88.3 FM K.S.D.S San Diego, California

Damaja Le, a Viet-Nam Vet and four time Purple Heart recipient, arrived in San Diego on February 22 in a 1976 Bi-Centennial Greyhound bus with 79 cents in his pocket trying to kick a hundred-dollar-a-day heroin habit along with trying to dry out from alcoholism by dropping tabs of orange sunshine acid. Could I help? I wasn't a rehab councilor, but a mutual friend thought I could at least point him a positive direction. Through our many conversations, he told me after leaving the military. He tried to assimilate into a regular home life by getting a job, getting married, and having kids, even going back to school on the G. I. Bill. As hard as he tried, he just didn't get it. Everything must change. I would come to ask Damaja if he would do anything different and he smiled and said, "Nothing different just more of it." Great reading couldn't put it down. -Michael R. Pritchard, Chief Interviewer and Detective for the indigent and displaced in Harvur Buns, Oregon

Here's a special message for every Network Marketer who needs to build their business, but hasn't nailed the duplication part yet...If you want to succeed with network marketing, then pay very close attention!Many Network marketers mistakenly believe they'll get rich overnight, with little effort and it will be easy...

Read Online From Zero To Hero How To Master The Art Of Selling Cars

But nothing could be further from the truth. Introducing "From Zero To Hero" - a breakthrough new network marketing book that helps you* Replace your full time income using PROVEN steps in your home based business* Use this step by step system to create duplication in your team* Know exactly what to do in your network marketing business* Realise that not only is this a tool for your own professional development, but it becomes a coaching tool for your newest business partners* If you and your team follow these steps it will make your business more automated and you can always refer back to it when doing coaching and training, which means you can use more of your time to prospect new contacts.... and more! Now you never have to deal with not knowing what to do again! Which means no more fear of failure and doing it wrong [which often causes people to freeze and stop taking action in their business] That can often put people off sticking with the business long enough to experience success. Not any more. And best of all... you'll start seeing results with "From Zero To Hero" from day one. So if you're a new network marketer who wants to build a good team, keep these three facts in mind:* When people join a network marketing business they think they can do it, they think they will manage, but very quickly they realise, even though this is a simple business, its not an easy business to do. Having this book takes the guesswork out, it's a straightforward guide of what

Read Online From Zero To Hero How To Master The Art Of Selling Cars

to do and when to do it.* The world is growing online more and more rapidly than ever - traditional business is moving online, traditional jobs no longer hold the safety and security they used to. You cannot guarantee your job will still be available tomorrow! Use this book to assist your journey in becoming a network marketing professional.* Take action now - you are here because you are looking for something new, the next level... You already know what hasn't worked for you, its time to find out how to leverage an online home based business using the network marketing industry. Our industry does \$200 Billion per year; that's bigger than the NFL, Music Industry, Movie Industry and Gaming Industry. Its time you got a piece of that pie!"From Zero To Hero" from Christopher Peacock holds the key to your success with network marketing.

Having the life you always dreamed of is not done by accident. It takes goals, good habits, being driven, but more than anything it takes the power of Self Discipline. This book will teach and motivate you to live up to your potential. To be the person you always knew you could be. To go from Zero to Hero!

Written by a Plant Manager and CMRP, Zero to Hero details an alternative to the traditional reliability deployment model for today's business leaders. Plant managers are expected to produce results that improve month over month; consequently, a program with high upfront cost without short term results does not sell. By combining

Read Online From Zero To Hero How To Master The Art Of Selling Cars

Lean Principles with Reliability Best Practices, Joe crafts a journey that produces rapid and sustainable results that engage the entire organization from top to bottom.

Designed for both the novice and industry leaders, this book details a plan centered around the understanding the culture of your plant, implementing best practices, and delivering quick tangible results. Future investment for continuing improvement becomes self-funded as a portion of the captured savings from quick wins and newfound organizational credibility.

How to move from ordinary to extraordinary in sales. Here are a few of things you will learn from this book: Finding your why, putting goal power to work for you, finding a mentor, how to maximize your earning power, becoming a master at overcoming objections, how to build and train a sales team, and how to track your way to the top. When Dashiell James, janitor for Jack Diesel's racing team, causes an explosion in a secret laboratory, he becomes Jimmy Dash, lead driver for Team Flatstock, known on the circuit as "Team Laughingstock." Includes instructions on how to draw Jimmy Dash and Jack Diesel's racecar.

James Patterson's bestselling Middle School series is now a major motion picture! Catch up with everyone's favorite troublemaker, Rafe Khatchadorian, when he gets lost in London on the worst field trip EVER! After a mostly-successful stint at Hills Village Middle School, Rafe is excited to visit the incredible city of London with his class. Sightseeing around a foreign country sounds like a blast, until Rafe finds out his

roommate will be none other than Miller the Killer, bully extraordinaire! Then Rafe is forced to work on a class project side by side with his crush Jeanne Galletta and her too-perfect boyfriend, which might be even more torturous than rooming with Miller. And it's no surprise that Rafe's bad luck follows him across the pond, putting him in one crazy situation after another - all under the watchful eye of his bad-tempered principal. Out of all of his adventures, this trip could prove to be Rafe's most embarrassing yet, undoing everything good he has going for him back home!

This world that humans have developed is an unfair place. Many of these humans who are in a deprived state and born in a household that struggles to make ends meet is only because of the unfair division of finances and even human rights. The black community of America has faced subjugation by the hands of Caucasians for centuries now, and even in the last century, the condition was far from being equal among the white and black Americans. The blacks were still living in segregation and faced a lack of opportunities because of the twisted laws that the white people in power had created. This book by John W. Lewis brings to light the real-life struggles of a black American and how his life changed because of the laws of the Society that were always in favor of the whites.

The prequel to the New York Times best-selling series that's soon to be a movie on Disney+! "Timmy Failure is a winner!"-Jeff Kinney, author of Diary of a Wimpy Kid
Timmy Failure is not just any detective-he is the greatest detective in his town, perhaps

The Zero to Hero series of hilarious fictional diaries puts the reader inside the heads of hapless children in frazzling historical situations. Viking follows a child who embarks on a voyage of pillage and discovery with a Viking crew. "Get Real" fact boxes feature throughout, providing historical context and further information, as well as a timeline, historical biographies, and a glossary in the end matter.

I don't have anything extraordinary. I am the typical guy that no one pays attention to because he's so discreet. I wasn't blessed with an amazing physique, nor am I endowed with an above average intelligence. I am just a regular guy, admittedly with a painful past, but a regular guy nonetheless. I don't possess any special talents; yet, I am able to return consistent profits, year after year, in an endeavor where most people fail. My name is Yvan Byeajee, I am a trader. Not the kind you see in the movies - those who partake in lavish lifestyles; snort lines of coke off of some hooker's behind; or

Read Online From Zero To Hero How To Master The Art Of Selling Cars

threaten the very health of our economy - no, I am more modest than that. And I have my reasons. Durable success in the markets is the only logical outcome of the kind of consistency you cultivate in your day-to-day life. Furthermore, it is a function of your ability to tame that voice in your head that is constantly nagging at you and forcing you to make poor decisions, whether in the markets or in your personal life. After having lost everything in the markets because of my inability to calm that inner voice, I knew I had to make some changes. Eventually, I stumbled upon an effective way to calm the zoo that is my mind, something I always assumed to be either impossible or useless. For the price of a cocktail, in this short book, you will learn the secret to my success in the markets! I will show you the one exercise that I think all traders should be doing on a daily basis. This exercise has not only changed my trading, but it has also changed my life - and I am confident it can change yours as well!

The author recounts his life experiences, from growing up on Chicago's South Side and living through several years of intense bullying, to his Army service in Vietnam and his acts that earned the Medal of Honor, to his life after military service and grappling with PTSD.

A career in the automobile business isn't for the timid. You need an energetic and outgoing personality, a healthy work ethic, and the drive and commitment to build your client base. But there's more: you also need to know how to open yourself to opportunity. A sales veteran with a stellar record, Jeffrey F. Knott shows you how to do

Read Online From Zero To Hero How To Master The Art Of Selling Cars

just that as you earn your way to top salesperson of the month. Drawing on more than twenty years of experience in car sales, Knott shares his proven techniques for becoming a highly successful salesperson. From developing a keen understanding of the influences governing your customers' actions to fine-tuning your own attitude, level of enthusiasm, and actions at the negotiating table, Knott offers invaluable tips to help you seal more deals, increase your job security, and avoid living from paycheck to paycheck. He breaks down every step of the selling process and delivers a seldom-seen inside look at the ins and outs of the car business. Don't miss your chance to transform your ordinary sales job into a prosperous, stable, fulfilling career. Whether you're new to the car business or have worked the floor for decades, you'll find all the motivation and guidance you need to earn bigger and better commissions in From Zero to Hero.

A hilarious new series from Henry Winkler & Lin Oliver, authors of the bestselling HANK ZIPZER books! Billy Broccoli is new to the neighborhood, and wants cool friends and a spot on the baseball team more than anything. But the one thing he never wanted is his own personal ghost. So imagine his surprise when he ends up sharing a room with Hoover Porterhouse, a funny ghost with a whole lot of attitude. When an obnoxious school bully sets out to demolish Billy, the Hoove comes up with a plan for revenge. It's all in the Hoove's Rule Number Forty-Two: Stay cool. And like it or not, Billy and the Hoove have to stick together if Billy ever wants to get in style, get even, and conquer

the school.

Stanley Ipkiss, a bank clerk, discovers a mysterious mask that gives its wearer amazing, if unpredictable, powers.

In this book, you will learn to change your mind-set with the key tools that I myself have gained throughout the years from consulting multiple mentors. Some of these concepts come from me and my personal experiences in life. All you need to do is truly follow these steps and immerse yourself in your life with the new mind-set that I am presenting. I can guarantee that you will see great changes if you implement this way of life as a pillar to help overcome your future challenges.

Destiny's Role are books with a difference, books where YOU get to play the part of the hero, books that are both novels and games. The four short books that form this collection are designed as an introduction to some of the concepts of Destiny's Role: - Pit yourself against the greatest jousters in the region to win the right to be named MASTER OF THE TILTYARD - Assume the role of a hard-boiled film noir detective in your deadliest case yet as you try to unlock the secret of FRAGILE BEAUTY - Be faced with more than you had reckoned for as you head deep into the inner sanctum of THE CULT OF THE BLACK FEATHER - And step into the waking nightmare of CELTIC FROST To play the adventures in this book you will need two six-sided dice, a pencil, an eraser, and, most importantly, an imagination!

#1 NEW YORK TIMES BESTSELLER If you want to build a better future, you must

Read Online From Zero To Hero How To Master The Art Of Selling Cars

believe in secrets. The great secret of our time is that there are still uncharted frontiers to explore and new inventions to create. In *Zero to One*, legendary entrepreneur and investor Peter Thiel shows how we can find singular ways to create those new things. Thiel begins with the contrarian premise that we live in an age of technological stagnation, even if we're too distracted by shiny mobile devices to notice. Information technology has improved rapidly, but there is no reason why progress should be limited to computers or Silicon Valley. Progress can be achieved in any industry or area of business. It comes from the most important skill that every leader must master: learning to think for yourself. Doing what someone else already knows how to do takes the world from 1 to n, adding more of something familiar. But when you do something new, you go from 0 to 1. The next Bill Gates will not build an operating system. The next Larry Page or Sergey Brin won't make a search engine. Tomorrow's champions will not win by competing ruthlessly in today's marketplace. They will escape competition altogether, because their businesses will be unique. *Zero to One* presents at once an optimistic view of the future of progress in America and a new way of thinking about innovation: it starts by learning to ask the questions that lead you to find value in unexpected places.

Mahesh Chandra Kaushik started his career as a teacher, after doing graduation with a Bachelor's Degree in Science. He worked as a Junior Clerk in Commercial Taxes Department for five years and then as T.R.A. in Revenue Department, at the Rajasthan

Read Online From Zero To Hero How To Master The Art Of Selling Cars

Public Service Commission. He was promoted and is presently posted as Assistant Revenue Accounts Officer in the office of District Collector, Sirohi. Mahesh has been writing blogs on share market since 2009. Later, due to SEBI Research Analyst Regulation 2014 he had to stop blogging. This prompted thousands of his fans to register him as a certified Research Analyst so that they could continue to benefit from his blogs. Overcome by the love of his fans, he cleared that examination and got himself registered as Research Analyst with SEBI. He has more than 50 thousand followers on social media and You Tube. Now he provides the services as a Research Analyst free of cost.

Hercules is a hero; we were all brought up to appreciate the basic idea of the ancient hero. But what about him makes him one? This book aims to challenge some of the standard expectations as to what constitutes a hero, considering the phenomenon of heroism from a range of viewpoints. In this book we invite you to walk around the monumental notions of the hero and heroism, and endeavour to reach out and touch them on all sides. The chapters in this volume testify to the difficulty of answering the question 'what is a hero?' and engage with a variety of themes in attempting to offer some replies. They demonstrate not just the variety of ways in which the protagonists of ancient literature can be deemed heroic, but also the tendency for aspects of heroism to turn sour once identified. It seems that the moment we recognise heroic features, we are forced to question them. Do heroes necessitate anti-heroes, for example?

Read Online From Zero To Hero How To Master The Art Of Selling Cars

Portraying protagonists' heroic qualities in an ambiguous light focuses the reader's attention on the problem of realising the ideals of heroism in historic actuality. Various chapters ask the rhetorical question of whether we should expect, or more importantly, desire historical actors to behave like mythical heroes. To what extent can a hero ever be integrated into normal society? What difference might there be between a tragic and an epic hero? The commonplace 'The only good hero is a dead hero' summarises the extent to which this book also focuses on heroic death and dying. Covering Euripides to Monty Python, Roman soldiers to the modern military, this volume offers the reader a chance to think about the changing notion of the hero and recognise heroic qualities throughout western culture.

English From Zero To Hero: 150 Ways To Learn English Fast will give you the tools to learn quickly using accelerated learning techniques and will teach you how to use memory techniques, music, learning maps, whole brain learning, and other techniques in order to maximise your learning. This is a fantastic guidebook for you if you are currently frustrated of trying to learn English and you wish to find a better and faster way to improve your English. This is exactly the system I have used to learn 4 languages.

Will is football mad, but he's the shortest boy in the year, and one of the slowest. He knows his skills at passing and ball control could make up for his lack of size and strength, but the team coach is only interested in speed and strength. Will Will ever get

a chance to show what he can do? Highly readable, exciting books that take the struggle out of reading, *Wired* encourages and supports reading practice by providing gripping, age-appropriate stories for struggling and reluctant readers or those with English as an additional language aged 11+, at a manageable length (64 pages) and reading level (8+). Produced in association with reading experts at CatchUp, a charity which aims to address underachievement caused by literacy and numeracy difficulties. The Zero to Hero series of hilarious fictional diaries puts the reader inside the heads of hapless children in frazzling historical situations. *Engineers* follows a set of twins who help Gustave Eiffel build the Statue of Liberty and the Eiffel Tower. "Get Real" fact boxes feature throughout, providing historical context and further information, as well as a timeline, historical biographies, and a glossary in the end matter.

Zero. Zip. Zilch. Nada. That's what all the other numbers think of Zero. He doesn't add anything in addition. He's of no use in division. And don't even ask what he does in multiplication. (Hint: Poof!) But Zero knows he's worth a lot, and when the other numbers get into trouble, he swoops in to prove that his talents are innumerable.

Scala is a modern programming language for the Java Virtual Machine (JVM) that combines the best features of object-oriented and functional programming languages. Using Scala, you can write programs more concisely than in Java, as well as leverage the full power of concurrency. Since Scala runs on the JVM, it can access any Java library and is interoperable with Java frameworks. Scala for the Impatient concisely

Read Online From Zero To Hero How To Master The Art Of Selling Cars

shows developers what Scala can do and how to do it. In this book, Cay Horstmann, the principal author of the international best-selling Core Java™, offers a rapid, code-based introduction that's completely practical. Horstmann introduces Scala concepts and techniques in "blog-sized" chunks that you can quickly master and apply. Hands-on activities guide you through well-defined stages of competency, from basic to expert. Coverage includes Getting started quickly with Scala's interpreter, syntax, tools, and unique idioms Mastering core language features: functions, arrays, maps, tuples, packages, imports, exception handling, and more Becoming familiar with object-oriented programming in Scala: classes, inheritance, and traits Using Scala for real-world programming tasks: working with files, regular expressions, and XML Working with higher-order functions and the powerful Scala collections library Leveraging Scala's powerful pattern matching and case classes Creating concurrent programs with Scala actors Implementing domain-specific languages Understanding the Scala type system Applying advanced "power tools" such as annotations, implicits, and delimited continuations Scala is rapidly reaching a tipping point that will reshape the experience of programming. This book will help object-oriented programmers build on their existing skills, allowing them to immediately construct useful applications as they gradually master advanced programming techniques.

DevOps for Developers delivers a practical, thorough introduction to approaches, processes and tools to foster collaboration between software development and operations. Efforts of Agile software development often end at the transition

Read Online From Zero To Hero How To Master The Art Of Selling Cars

phase from development to operations. This book covers the delivery of software, this means “the last mile”, with lean practices for shipping the software to production and making it available to the end users, together with the integration of operations with earlier project phases (elaboration, construction, transition). DevOps for Developers describes how to streamline the software delivery process and improve the cycle time (that is the time from inception to delivery). It will enable you to deliver software faster, in better quality and more aligned with individual requirements and basic conditions. And above all, work that is aligned with the “DevOps” approach makes even more fun! Provides patterns and toolchains to integrate software development and operations Delivers an one-stop shop for kick-starting with DevOps Provides guidance how to streamline the software delivery process

Zero to Genetic Engineering Hero is made to provide you with a first glimpse of the inner-workings of a cell. It further focuses on skill-building for genetic engineering and the Biology-as-a-Technology mindset (BAAT). This book is designed and written for hands-on learners who have little knowledge of biology or genetic engineering. This book focuses on the reader mastering the necessary skills of genetic engineering while learning about cells and how they function. The goal of this book is to take you from no prior biology and genetic engineering

Read Online From Zero To Hero How To Master The Art Of Selling Cars

knowledge toward a basic understanding of how a cell functions, and how they are engineered, all while building the skills needed to do so.

This book is about the inspirational story of Nyameko, who lost his mother when he was 18 years old. He had to take care of his sister and had to go to Johannesburg to find his long lost father. In Johannesburg he ended up homeless and eventually joined a street gang. This story tells of how he overcomes all of his difficulties and obstacles to eventually make a success of his. This book is based on a true story and is meant to encourage all young people that are going through a hard time.

This book is made for laptop technicians, either beginners or who are learning to repair laptops and want to learn more about everything related to laptop repair. Equipped with a component recognition guide contained in the laptop, how to measure each component and how to repair the laptop based on schematic
DIVThe Ultimate Guitar Course is the ideal instructional for beginner guitar players who are looking to start playing a few chords from day one. It's a graded course that will take you from your very first lesson through mastering advanced soloing techniques. It includes an illustrated book with over 200 images, a laminated wall chart illustrating the guitar chords, as well as a CD-ROM in a slick and easy-to-carry portfolio. The Ultimate Guitar Course book is composed of self-

Read Online From Zero To Hero How To Master The Art Of Selling Cars

contained one-page lessons with simple, easy-to-follow instructions as well as clear photos illustrating both hand placement and technique. The laminated guitar chord wall chart was designed so players can hang it behind your door for easy reference while you work yourself up from playing 1- and 2-chord songs to more complicated pieces. And finally, access the CD-ROM in your portfolio which includes a complete set of audio backing tracks for you to practice and test yourself. And because the memory stick is small and portable, we've also added the book and exercises in tab and notation right on it so you can take the complete course anywhere you need to be. Why wait? If you've wanted to learn guitar for years but just don't have the time or patience for an expensive guitar instructor, then The Ultimate Guitar Course is for you. The lessons are quick and easy, and you'll be strumming a few chords by the end of your first day!

In today's world more or less everyone have some story to share about their life. But the real person is the one who learn and evolve from those life experiences. I strongly believe that we are here not to suffer but to enjoy our life, discover our true nature & increase the happiness index of our planet. Once you read this book I am confident that:

1. You will feel an urge to explore your life purpose
2. You will find happiness and evolve into a catalyst of happiness.
3. You will influence, motivate others and increase atmospheric happiness of mother earth!

Read Online From Zero To Hero How To Master The Art Of Selling Cars

am a strong believer of peace and I lived my life by the below philosophy from Bhagwat Geeta -- Don't allow your mind to go in past. There is no past in this universe. Past is a creation of human mind.- Always live in current moment without worrying about past or future. Flow like a wood log in a river.- Don't worry about future. Future does not exist in this universe. Future is myth and created by your mind.In my adulthood, I never understand the true meaning of the above wise words. However, as I grew old and learnt from life, I started evolving and by the time I started writing this book I had understood the meaning of above wise words. Now I understand and know that life is all about:- Accepting everything wholeheartedly- Living blissfully- Always living in presentI strongly believe: "You must practice & follow, what you preach to others". This very philosophy motivated me to write this book so that I can guide and motivate people how they can transform their life and contribute towards increasing the happiness vibration of our planet. This book will transform you into a person who has a positive mindset, lesser ego, always in happy mood, energetic and healthy. In short you will start living your life to its fullest and achieve whatever you want from your life. You can make it big in this world when you are motivated and full of positive energy.This book is divided into six chapters namely:1. How you will know yourself and your infinite potential?2. How you will achieve your goal?3. How to

Read Online From Zero To Hero How To Master The Art Of Selling Cars

remain calm and happy in life?4. How to keep a healthy lifestyle?5. How to contribute towards nature?6. What are my recommended readings and activities?I am confident that after reading this book and following the exercises, you will see big difference in your life. You will find energy and confidence to invent new things and earn both peace and money at the same time. One of my colleague who read this book during editing and also written a foreword share following views on this book:"Sachin's curiosity to know more about existence on planet earth, the deep pain in our life, questions such as what is the purpose of life, why we are here, why we suffer and cry, why we want silence when we are in deep pain etc. made him begin his spiritual journey. As a fellow traveler, I connect with his thought and appreciate his initiative to share his experience with us all through this book. I believe there is a lot we can learn from this beautiful book as human beings striving for excellence."
