"Benvenuti in un paese romantico e selvaggio, prosaico e affascinante. A lungo ignorata dalle rotte turistiche, l'Albania è pronta ad accogliere viaggiatori zaino in spalla e nottambuli di ogni sorta". Esperienze straordinarie: foto suggestive, i consigli degli autori e la vera essenza dei luoghi. Personalizza il tuo viaggio: gli strumenti e gli itinerari per pianificare il viaggio che preferisci. Scelte d'autore: i luoghi più famosi e quelli meno noti per rendere unico il tuo viaggio.

La mancanza di affetto, del sentirsi importanti e vivi per qualcuno si innerva nell'incomunicabilità delle proprie solitudini e sofferenze e nel desiderio di affetto in un mondo in cui, apparentemente, tutto è comunicabile e fruibile da tutti e nell'immediato. Sono questi i temi la chiave di questa sceneggiatura. Le due protagoniste, Anna e Marcella, provano lo stesso vuoto affettivo che, seppure determinato da cause diverse, accomuna la motivazione del loro comportamento anche se è diversa la reazione che ognuna delle due mette in atto. Anna, inconsapevolmente, sdoppia la sua persona: da un lato c'è una donna che è l'immagine da tutti accettata e nota e dall'altro le si oppone un'altra che rompe le regole convenzionali attese dagli altri e lascia libero sfogo alla parte istintiva ed egoista che è in lei. Marcella, invece, più semplicemente, si lascia andare a tutte le gradevoli esperienze che le si presentano, senza neanche pensarci. Accanto alle protagoniste ci sono altri personaggi che hanno la funzione di rendere il testo fruibile e gradevole: Francesco, il collega di lavoro, Maria, la donna delle pulizie, Alberto, un cliente, e altri due personaggi minori. Sono nativa dell'Abruzzo, il mio luogo ameno per eccellenza che spesso accompagna molte delle mie poesie, in parte composte alcuni anni fa e che, a mio parere, risentono dell'influenza di grandi compositori di poesia, tra cui, il mio preferito, Ungaretti e di filosofi quali Heidegger e Bergson. Mi sono trasferita a Roma dove, dopo gli studi magistrali, ho conseguito la laurea. Il mio interesse per la poesia mi ha portato ad associarmi al Centro Internazionale Eugenio Montale e, in tale circostanza, ho avuto il piacere di conoscere, personalmente nella sua casa di Roma, M. Luisa Spaziani, presidente del centro di cui faceva parte anche Mario Luzi. La partecipazione al concorso "Dedicato a..." mi ha consentito di pubblicare una mia poesia e, a seguito di ciò, ho scritto questa sceneggiatura, recuperando alcuni precedenti appunti e idee per dare vita ad "Anna".

Ideal for methods and foundational courses in world languages education, this book presents a theoretically informed instructional framework for instruction and assessment of world languages. In line with ACTFL and CEFR standards, this volume brings together scholarship on contextualized, task-based performance assessment and instruction with a genre theory and pedagogy to walk through the steps of designing and implementing effective genre-based instruction. Chapters feature step-by-step lesson designs, models of performance assessment, and a wealth of practical and research-based examples on how to make languages explicit to students through a focus on genre. Including sections on Arabic, French, Spanish, Italian, and other major world languages, this book demonstrates how to effectively teach and assess world languages in the classroom.

This Italian textbook is divided into two parts. The first consists of texts and dialogues, which help the reader to have fun while learning Italian. This section is also peppered with grammar lessons. The second part uses a number of photos, which encourage students to speak about what they see. Its topics are culturally interesting, and include cities to visit, recipes and small biographies of famous Italian poets and writers. As such, the book is suitable for students who are at beginner and post-beginner levels; in other words, A1, A2, B1, and B2. Students of the latter level can use the first two parts of the book to revise what they have studied in the past and the third part to improve their vocabulary and their reading skills. One of the strengths of this book is in its recordings, which used several people with a range of different accents. Such variety of accents and voices represents a good training tool for the student of Italian. The book also includes contributions from Michela Dettori, Michela Esposito, Elsa Musacchio, Davide Renzi, Lea De Negri, Denise Pellini, Maria Andreana Deiana, Lia Renzi, Clara Lucci and Flavia Rovella, which serve to make it unique and interesting.

Tutto bene! is an entertaining and comprehensive multi-level Italian language course for beginners, uniquely designed for both the classroom and a high degree of independent learning. Based on the communicative approach, the course comprises a combination of components in a range of media. Book 2 is for learners who already have a basic knowledge of Italian or who have completed level 1. In this level you will extend your range of conversation topics. Arrange an outing, deal with transportation and timetables and find your way around an Italian city or town. Learn to talk in more detail about yourself and your extended family. If you're interested in Italian food, this level is for you. You will learn the important language of recipes and cooking, enough to follow a class in Italian. Choose and buy ingredients at the market. Know the difference between gelato alla nocciola and gelato al lampone. Tutto bene! Book 2 provides strong consolidation, further developing your conversational and writing skills as well as your knowledge of grammar. The key components for each level of Tutto bene! are as follows: Tutto bene! book The book presents the Tutto bene! course in a format designed primarily for the classroom but accessible to the independent learner and complementary to the app. Each level of the course comprises a book with ten self-contained yet progressively linked lessons. Each lesson is carefully structured to introduce new language via an episode of the sitcom series followed by graduated conversation practise, ranging from limited to more open-ended dialogues where students apply the language they've acquired. Listening and responding activities are integral to each lesson, as are the simple explanations and deductive activities

enabling students to understand the grammar. Writing activities are given at the end of every lesson and may be completed in class or later. Tutto bene! sitcom In the Tutto bene! sitcom series we follow an almost-normal group of friends through their quotidian ups and downs living and working in Rome and on holidays in other parts of Italy. The off-beat humour, original soundtrack and idiosyncrasies of the characters in these short episodes are both entertaining and a great stimulus for learning, while importantly also serving to make the language memorable. By viewing an episode multiple times at intervals and particularly before starting a new lesson, students will recognise their progress with the language and gain a sense of accomplishment. The sitcom series is the foundation of the course, with a short episode of under four minutes' duration introducing the new language and themes for each lesson in the book and on the app. All episodes of the series can be easily accessed in and out of the classroom: search for Lingopont Tutto bene! on YouTube or download the Lingopont Italian app. Lingopont Italian app: Tutto bene! The app delivers the Tutto bene! course in an interactive mobile format allowing maximum learning flexibility. It is both a vibrant alternative to the classroom for wholly independent learners as well as a rich resource for classroom students to further revise, consolidate and practise. The app offers an engaging and culturally-immersive learning experience with instant feedback for students to monitor their progress. With a transparent structure and supported step-by-step learning in all the skills, students have the choice of working progressively through the course or working selectively on a particular area. Each lesson comprises an episode of the Tutto bene! sitcom series followed by vocabulary building, speaking, listening, pronunciation and writing activities and culminates in a quiz. There is also a grammar reference for each lesson. Download the Lingopont Italian app from the app store.

La relazione tra il nostro stile di vita e le malattie di cui soffriamo è diretta da un team di specialiste nel settore che ce lo spiegano con precisione e puntualità, senza mai diventare troppo tecnici per un pubblico "non addetto ai lavori". Dopo aver chiarito la definizione di Psicomatica, si passa ad analizzare nello specifico molte patologie, spesso assai comuni, da questo nuovo punto di vista, illustrando come la correlazione tra disturbi del corpo e stati mentali sia un fattore che non può assolutamente essere trascurato nel somministrare al malato una cura adeguata ed efficace. Sotto questa nuova luce, molte strade si aprono, gran parte delle quali poco esplorate, verso una concezione più completa della malattia, tutto a vantaggio della nostra salute.
