An unknown writer lands in Sydney for the first time. He knows nobody and has only one goal ... For ten days, his mission is to wander through the city on foot, determined always to record what he sees. Writing on beaches and park benches, in cafés and restaurants, and in long retrospective reveries in his hotel room, he clings relentlessly to his task, reflecting on the cityscape and its denizens, on its public art and neighborhoods. Day by day, page by page, he builds his portrait of a magical city by the sea, digressing into fantastic absorptions, spinning into concentric meditations, but always taking you, dear reader, with him ... and making his experience yours.

Building in existing fabric requires more than practical solutions and stylistic skills. The adaptive reuse of buildings, where changes in the structure go along with new programs and functions, poses the fundamental question of how the past should be included in the design for the future. On the background of long years of teaching and publishing, and using vivid imagery from Frankenstein to Rem Koolhaas and beyond, the author provides a comprehensive introduction to architectural design for adaptive reuse projects. History and theory, building typology, questions of materials and construction, aspects of preservation, urban as well as interior design are dealt with in ways that allow to approach adaptive reuse as a design practice field of its own right.

A New York Times bestseller From the author of the New York Times bestselling *Love & Gelato* comes a heartwarming tale of a road trip through Ireland filled with love, adventure, and the true meaning behind the word family. Addie is visiting Ireland for her aunt's over-the-top destination wedding and hoping she can stop thinking about the one thing she did that left her miserable and heartbroken—and threatens her future. But her brother, Ian, isn't about to let her forget, and his constant needling leads to arguments and even a fistfight between the two once inseparable siblings. Miserable, Addie can't wait to visit her friend in Italy and leave her brother—and her problems—behind. So when Addie discovers an unusual guidebook, *Ireland for the Heartbroken*, hidden in the dusty shelves of the hotel library, she's able to finally escape her anxious mind and Ian's criticism. And then their travel plans change. Suddenly Addie finds herself on a whirlwind tour of the Emerald Isle, trapped in the world's smallest vehicle with Ian and his admittedly cute, Irish-accented friend Rowan. As the trio journeys over breathtaking green hills, past countless castles, and through a number of fairy-tale forests, Addie hopes her guidebook will heal not only her broken heart, but also her shattered relationship with her brother. That is if they don't get completely lost along the way.

Weeks before India announced a total lockdown to combat the Covid-19 pandemic in March 2020, the drama and governance coup in Madhya Pradesh political theatre was already speaking. Jyotiraditya Scindia dumped the Congress overnight for the Bharatiya Janata Party (BJP) bringing down the former from power in the state. Many saw the return of the prodigal grandson as the reunion of the political dynasty of Scindias under BJP's catch-all umbrella. Jostling to spill over, along with priceless jewels in the treasury of Jai Vilas palace — the Scindias' royal abode in Gwalior — are many carefully buried secrets. Some are best hidden away, such as the Gwalior monarchs' controversial role during the revolt of 1857. Others need to be kept out of sight for diplomatic causes, such as the Rajmata's excessive dependency on her 'Rasputin' and the resultant mistrust of her only son, Madhavrao. One of the bigger questions is the palace alleged and under-probed role in Mahatma Gandhi's assassination. It is perhaps because of these unsolved mysteries that curiosity about the Scindias — a family that has given India many a salesperson across party lines — continues to dominate India's public imagination. With political intrigue, palace conspiracies, cut-throat rivalry and an ugly public feud, betrayals and property wars fought in courts, and siblings that do not look eye to eye, the Scindias make tantalizing headlines. With a wealth of information about the Gwalior royals, The House of Scindias is their most definitive and revealing biography.

Fourteen-year-old Zoon Razdan is witty, intelligent and deeply perceptive. She also has a deep connection with magic. She was born into it. The house that she lives in is fantastical—life thrums through its wooden walls—and she can talk to everything in it, from the armchair and the fireplace to the books, pipes and portraits! But Zoon doesn't know that

her beloved house once contained a terrible force of darkness that was accidentally let out by one of its previous owners. And when the darkness returns, more powerful and malevolent than ever, it is up to her to take her rightful place as the Guardian of the house, and subsequently, Kashmir.

\*Man Booker International Prize finalist\* “Brave and ingenious.” —The New York Times “Gripping, darkly humorous . . . profound.” —Phil Klay, bestselling author and National Book Award winner for *Redeployment*

“Extraordinary . . . A devastating but essential read.” —Kevin Powers, bestselling author and National Book Award finalist for *The Yellow Birds* From the rubble-strewn streets of U.S.-occupied Baghdad, Hadi—a scavenger and an oddball fixture at a local café—collects human body parts and stitches them together to create a corpse. His goal, he claims, is for the government to recognize the parts as people and to give them proper burial. But when the corpse goes missing, a wave of eerie murders sweeps the city, and reports stream in of a horrendous-looking criminal who, though shot, cannot be killed. Hadi soon realizes he’s created a monster, one that needs human flesh to survive—first from the guilty, and then from anyone in its path. A prizewinning novel by “Baghdad’s new literary star” (The New York Times), *Frankenstein in Baghdad* captures with white-knuckle horror and black humor the surreal reality of contemporary Iraq.

With all the distractions that are part of our waking hours, it is no wonder that the simplest sounds of an ordinary day are overlooked and taken for granted. Sounds like the crackling

of ice, raindrops on a rooftop, the rumble of an approaching storm, and even turning the page of a book are so commonplace that we seldom--if at all--take time to appreciate them. Yet, when the ability to hear these everyday sounds is taken away—as in Marsha Engle's case—we are humbly reminded of their value. As she was slowly losing her hearing, Marsha collaborated with professional photographer William Huber to capture these ordinary sounds in stunning photographs, and they have collected them here in this unique and breathtaking book for both the hearing and hearing impaired to enjoy. *100 Sounds to See* is a tribute to the beauty of hearing and a gentle reminder to the hearing world to listen to and appreciate everyday sounds.
