

## Fun With Grammar University Of Petra

Have you ever been frustrated, aggravated, irritated, upset, disturbed, annoyed, bothered, perturbed or discouraged when you are trying to write a decent paragraph in the English language, and suddenly found out that you are not sure of the grammar rules, and it is hard to locate that wizard to tell you once and for all whether you should place a comma here or there? You probably look into your dictionary first and scream out loud or yell at the innocent computer screen because the information you are looking for is not there. Do not panic or dread; help is on the way. This book is an attempt to give you a summary of resources when it comes to grammar in laypersons language. With the index in the back of the book, you will be able to easily and effortlessly locate what you want to look up and find the answer right at your fingertips. Speaking from previous English knowledge, skills, practices, understandings, familiarities and know-how, I realize that sometimes the more grammar books you read, the more confused you get. There are tons of grammar books out there, but upon which one can you rely? There are contradictions constantly when you read more than one grammar book. One book will tell you to use an s after 2005s to execute plurality; others may not recommend the same. In addition, languages are animate. They change all the time. They can get sick and die, and they can have newly generated sounds and words. Language has a life. Born and raised in Bangkok, Thailand, English was taught to me at an early age, but it was taught as a foreign language, where there were only a few English classes per week. I did not have the opportunity of being in a bilingual environment. I struggled and studied hard. My parents made sure that I received a great education. English was taught to me by so many teachers and professors from many different countries, some of whom were not native speakers of the English language. I received many different grammar rules that often confused me, but as I acquired more education, things started to become clearer. As an undergraduate student in Bangkok, I majored in English and double-minored in Linguistics and Psychology. I continued my studies at the University of Illinois Graduate School in Linguistics and Teaching English as a Second Language in the United States. Suddenly, I became an English professor. I received my masters degree in January, and, in the same month, I started teaching at a university. In my profession, there are ESL and EIL. I would like to clarify the abbreviations ESL and EIL. ESL stands for English as a Second Language. EIL stands for English as an International Language. There are also other terms such as ESOL (English for Speakers of Other Languages) and EFL (English as a Foreign Language). Even though English is not the most spoken language in the world, it has, indeed, become international, used by hundreds of millions of people every day. So, I will attempt to write this book from an angle of one who has been there and done that. In other words, I have been an ESL/EIL student and an ESL/EIL professor. I still learn new things about English grammar on a daily basis. There are so many rules out there, but it is fun to continue to learn. One should never stop learning, period! I have been teaching ESL/EIL for over three decades. I have always sympathized with my students as I have seen them struggle to gain command of the English language. My background as an ESL/EIL student and as an ESL/EIL teacher, hopefully, has helped my students a great deal. I have also learned a lot from my students. Therefore, this book is a compilation of what I have learned throughout the years, first as a little girl, as an ESL/EIL student, and now as an ESL/EIL professor.

**German Quickly: A Grammar for Reading German** is a thorough, straightforward textbook with a sense of fun. It teaches the fundamentals for reading German literary and scholarly texts of all levels of difficulty. It can be used as an introductory text for scholars with no background in German, or it can serve as a reference text for students wishing to review German. The grammar explanations are detailed and clear, addressing common problems students encounter while learning to read German. This book includes thought-provoking and entertaining reading selections consisting mainly of aphorisms and proverbs. There are also twelve appendices, including a summary of German grammar, descriptions of German dictionaries, a partial answer key, strategies for learning German, and a humanities vocabulary section of about 3,800 words.

### JULIUS CAESAR

If you want to start an argument in a teachers' lounge, bring up the topic of how best to teach grammar. There is a wide spectrum of opinion. Traditionalists claim that we must explicitly teach grammar. Students drill the basics and diagram sentences. Sometimes their study and drills take the place of writing, but these teachers claim that good writing demands good grammar. At the opposite end of the spectrum are teachers who claim that the best way to learn grammar is to write, thereby being forced to use grammar in writing and editing. They reason that students will learn grammar in the context of actually using it, without all the drills and worksheets. They trust the writing process to instill an appreciation for grammar, instead of actually teaching it. Teachers on the write-to-learn-grammar side claim that students who are only taught grammar rules might pass tests, but since they didn't learn in the context of writing, they typically don't apply the rules when they write. Grammar traditionalists say students in writing classes never learn grammar at all, because it is not explicitly taught. In *Tools, Not Rules*, authors Tommy Thomason and Geoff Ward take the middle-ground position that grammar should be taught as part of the writing process. Tommy Thomason is a veteran journalist and university journalism professor at TCU. Geoff Ward is a well-known Australian professor and associate dean from James Cook University in Townsville. Both have written several books and work extensively with American teachers.

**Candy School Chapter Books** Have you ever wondered what exactly an adjective was? Drawn a blank when your child asked for help with English grammar homework? In **GRAMMAR CANDY**, the second book by educator Katrina Streza, Danny and Sam are back for another candy-filled learning adventure. This time, they'll turn a grammar lesson into some sweet fun when they visit Mr. Candor's Candy Shop and learn about nouns, pronouns, adjectives, verbs and more. For candy-loving kids in grades 1-3 (and their parents too)!

???Buy the paperback version of this book and get the kindle version FREE??? Have you ever thought about learning another language? Is this the type of thing that has been on your mind for a while, but you've never found the right opportunity? Are you serious about learning a new language but simply don't know where to begin? Is Spanish one of the languages that has caught your eye? In this book, you will find all of the fundamentals you need in order to get your Spanish skills off the ground. In here, you will find everything you need to get started learning Spanish. If you haven't found the right place to get started, well then look no further. In this volume, you will find the core fundamentals needed to attain a conversational level of Spanish. In fact, achieving a conversational level of Spanish isn't as hard as you might have thought... all you need are the right keys. To achieve this, you will learn about: ?Key insights into learning languages ?A full Spanish pronunciation guide ?The basic parts of speech (nouns, adjectives, pronouns and adverbs) ?Verb conjugations in the present tense ?The various ways in which verbs can be conjugated

?Core vocabulary which can be used in multiple situations ?Question formation ?The mechanics of sentence formation With all of this knowledge, you can then put it to practice with the short stories provided at the end of the book. In these short stories, you will find a great way in which the language you have learned is put into practice in a nice and easy way. So, you won't have to struggle to figure out how, or where to put this newfound language into play. You will have the perfect means to see the language in action just as it is meant to be. So, what are you waiting for? Scroll up to the top and click the Buy Now button and get started learning Spanish today!

Helps teachers of young learners introduce and practise grammar in a fun and motivating way. Steers a middle course between grammar-based and communicative approaches to teaching: meaning is the main focus of all language teaching and grammar is an intrinsic part of making meaning explicit

The Anarchist's Guide to Grammar: "Banish the "rules" of grammar in the U.S.!" is the revolution called for by author Val Dumond. "Scary? Of course, but drastic measures must be taken. Just look at the state of language today! The time is now! Stand up and reclaim it!" "We've been taking U.S. language for granted," claims this long-time writer. We make several assumptions: 1) that we have a language called "Proper English"; 2) that a set of "rules" lies in some mysterious place, written by some mysterious authority; 3) that one must follow those "rules" to speak and write correctly. Not so! The time has arrived to banish what we call "rules" and expose the assumptions." Dumond asks: What would happen if we all spoke the language of our heritage? We would quickly learn the sound of the Tower of Babel - since US-language has come about by combining languages from (at least) 150 countries around the world. As immigrants enter the country, they bring with them new ideas, cultures, foods, music, and language. As they become settled, they combine their culture with US-ers, thus enriching all of us in the United States, including our language. In an amusing Introduction, Val explains how we have assumed there exists an incontrovertible set of grammar "rules" to be followed in order to speak proper, correct, good English. "We're not in England anymore!" she points out. Oh yes, we started out with British "rules," but as we declared our independence, language changed, and continues to change. Do you really understand ordinary British English? Numerous pundits over time have drawn up what they consider the "rules" of grammar and forced them on their students. Yet, when those students run up against someone who studied a different set of "rules," confusion and doubt rear their heads. Must we in the U.S. speak "proper English" or do we have a language all our own? After clarifying the conundrum of US-language, Dumond offers guidelines to aid writers in determining what constitutes understandable language. Those guidelines don't depend on memorizing all the crazy names for the parts of language, but rather the guidelines focus on how those parts function. Nouns and pronouns become Things; adjectives and adverbs become Modifiers; punctuation becomes Rules of the Road - all presented in easily understood language, with examples to boot. Included in the guidelines are ways to decide which nouns to capitalize how to discern the difference between plural and possessive nouns how pronouns perform ways to vary word modifiers how to add modifying phrases and clauses use of the little words that serve as the glue to connect words into sentences how to use the dots, dashes, and curly cues we call punctuation. But she doesn't stop there. Writers will especially enjoy the freedom offered to create new words and put together sentences and paragraphs. She offers suggestions to use numbers and inclusive language, as well as offering four ways to improve spelling. The solution to the confusion of US-language seems so simple. Look at the "rules" that come close to your interpretation, then modify them to make them work for you. Set up Your Style Manual, rather than depend on style manuals put together according to some other group's interpretations. And she shows you how. All this is included in The Anarchist's Guide to Grammar: toss out the assumptions, clarify them, pick up some basic, helpful guidelines, and write with power and assurance. No longer will you need to ask, "What are the rules for writing Proper English?" At last, you'll understand why there aren't any. At last you can write your own guidelines.

Fun with GrammarA Workbook for All of UsiUniverse

A resource book of grammar games and interactive activities. Games for Grammar Practice is a teacher's resource book containing a selection of more than forty games and activities for grammar practice. The activities are designed to promote intensive and interactive practice with learners of all ages from elementary to advanced level. Photocopiable pages and step-by-step instructions provide instant supplementary activities for busy teachers. The emphasis on peer interaction and cooperation helps students find grammar practice meaningful and rewarding. The grammar areas covered in the book are all commonly found in courses, making the activities easy to slot into a lesson.

This teacher resource book is filled with more than 200 communicative, interactive, task-based grammar games that help make learning grammar fun. All of these grammar activity ideas are keyed to the Azar English Grammar Series, by Betty Schramper Azar, and include complete step-by-step instructions for the activities to add a fun new learning dimension to the classroom. For all ESL grammar teachers. Learn Spanish with entertaining and enjoyable content designed to keep you engaged and stimulated. Learn more.

Gives practical tips on encouraging children to enjoy writing, and tells how to facilitate the development of their skills

Hopeful, hilarious musings and serious advice for new teachers from the formerly anonymous blogger behind Love, Teach. Every teacher will tell you the first years are the hardest, and even the most confident of the pack sometimes ask themselves, Am I cut out for this? Kelly Treleaven, the teacher and once-anonymous blogger behind Love, Teach, wants you to know that you're not alone, and that yes, she has cried under her desk, too. Treleaven's blog has become a sensation in the education world, known for its heartfelt, high-spirited dispatches straight from the trenches and its practical advice. In Treleaven's debut book, she gives rookie teachers the advice she wishes she'd had when she started out in a large district in Houston. From logistical questions like how to prep and organize a classroom, to deeper issues like how to build relationships with students, navigate administration, and avoid burnout, Love, Teach is an essential book for anyone working in education today or considering the profession. With raw feeling, humor, and a razor-sharp perspective, Love, Teach supports teachers in their fight for a better future, and helps them celebrate the victories, large and small.

This book is essentially a sequel to Francis A. Andrew's earlier book, "Who Said English Grammar Was Boring?" The "sequel" begins by devoting a few chapters to some grammar points and continues with explanations and examples of twenty three essay types. As well as example essays, each unit provides reading passages which are unrelated to the essay type. The reason for this is to encourage students to read widely and thus to see reading and writing as interconnected and inter-related skills.

The Language Theater - a fun, fully illustrated Grammar Book (c) 2019 Written by Maria Beatty. Illustrated by Bill Skrief. Language is a theater. The words are the actors. Denis Diderot. In this exciting Language Play, Master of Ceremonies, Theo the Grammarian, introduces each of the Parts-of-Speech-Actors and one-by-one these actors take the stage and perform their grammatical roles & show & tell us how they all interact using engaging pictorial examples. All illustrations are clear, simple, fun, joyful and specific. Ending chapter exercises reinforce each actor's role and often include a drawing activity. Now educators have an exciting alternative to conquer the learning grammar is boring misnomer. On grammar's importance, we all can agree with author William B. Bradford: Grammar, regardless of the country or the language, is the foundation for communication -- the better the grammar, the clearer the message. The Language Theater FILLS MARKET

NEEDS FOR... STUDENTS & TEACHERS - a textbook that acts out what each part of speech does in a fun way. PARENTS - an easy to understand reference book to help answer children's grammar questions. ESL (ENGLISH AS A SECOND LANGUAGE) STUDENTS - an active, character-driven textbook that can visually lead to the core of the language. BUSINESSES - an easy to understand reference textbook that can help new hires improve their writing skills.

Current research within the framework of Construction Grammar (CxG) has mainly adopted a theoretical or descriptive approach, neglecting the more applied perspective and especially the question of how language acquisition and pedagogy can benefit from a CxG-based approach. The present volume explores various aspects of "Applied Construction Grammar" through a collection of studies that apply CxG and CxG-inspired approaches to relevant issues in L2 acquisition and teaching. Relying on empirical data and covering a wide range of constructions and languages, the chapters show how the cross-fertilization of CxG and L2 acquisition/teaching can improve the description of learners' use of constructions, provide theoretical insights into the processes underlying their acquisition (e.g. with reference to inheritance links or transfer from the L1), or lead to novel teaching practices and resources aimed to help learners make the generalizations that native speakers make naturally from the input they receive.

The best-selling workbook and grammar guide, revised and updated! Hailed as one of the best books around for teaching grammar, *The Blue Book of Grammar and Punctuation* includes easy-to-understand rules, abundant examples, dozens of reproducible exercises, and pre- and post-tests to help teach grammar to middle and high schoolers, college students, ESL students, homeschoolers, and more. This concise, entertaining workbook makes learning English grammar and usage simple and fun. This updated Twelfth Edition reflects the latest updates to English usage and grammar and features a two-color design and lay-flat binding for easy photocopying. Clear and concise, with easy-to-follow explanations, offering "just the facts" on English grammar, punctuation, and usage Fully updated to reflect the latest rules, along with quizzes and pre- and post-tests to help teach grammar Ideal for students from seventh grade through adulthood in the US and abroad For anyone who wants to understand the major rules and subtle guidelines of English grammar and usage, *The Blue Book of Grammar and Punctuation* offers comprehensive, straightforward instruction.

A concise introduction to Turkish grammar, designed specifically for English-speaking students and professionals.

A resource book of supplementary materials for the teaching of grammar through songs. *Singing Grammar* is part of the Cambridge Copy Collection. It is a resource book of supplementary materials for the teaching of grammar through the medium of song. It contains eighteen songs, each with a specific grammar focus, and is suitable for students from elementary to intermediate level. For each of the songs there is a clear page of teaching notes followed by a motivating song worksheet, a grammar exercise page and a fun grammar game for classroom use. The material is especially suitable for younger learners but could also be used successfully with adults.

This practical book contains over 100 different speaking exercises, including interviews, guessing games, problem solving, role play and story telling with accompanying photocopiable worksheets.

*Creative Approaches to Teaching Grammar* is an easily accessible, practical guide full of ideas to support teachers in making the learning of grammar a natural part of developing their students as writers and as readers. Written for those teaching years 5,6,7 and 8, the authors' approach concentrates on the individual needs of students rather than of a year group as a whole. Split into two main sections, the first looks at creative ways of exploring grammar and includes more than forty ideas that can be implemented into the classroom. This section can be used as a quick resource or the whole sequence can be followed to ensure students are investigating, exploring and having fun with grammar. The second section includes an extensive glossary of terms to develop a full understanding of grammar which can be used to audit your own competences and highlight areas for further development. Creative ideas explored include: Being silly with grammar Favourite words Exploding sentences Writing for real audiences New punctuation marks and emoticons Sorting out confusing words Broadening active vocabulary Top ten spelling tips Flexing your vocabulary brain Redundancy in language *Creative Approaches to Teaching Grammar* is a truly practical guide that is a must read for anyone teaching grammar to years 5,6,7 and 8. With plenty of ideas to implement into the classroom it encourages students to take ownership of their own learning and progress.

*It's a Funny Thing, Humour* contains the papers presented at the International Conference on Humor and Laughter, held in Cardiff in July 1976. The symposium provides a platform from which authors from different professional and personal background can talk about their own definition and analysis of humor. The book is structured into 10 main sections that reflect the structure of the conference and presents various studies and research on the nature of humor and laughter. Contributions range from theoretical discussions to practical and experimental expositions. Topics on the psychoanalytical theory of humor and laughter; the nature and analysis of jokes; cross-cultural research of humor; mirth measurement; and humor as a tool of learning are some of the topics covered in the symposium. Psychologists, sociologists, teachers, communication experts, psychiatrists, and people who are curious to know more about humor and laughter will find the book very interesting and highly amusing.

The study of classical languages by earlier generations of English-speaking students was greatly facilitated by the study of English grammar in the schools, a tradition now out of favor but one that emphasized precisely the concepts, terms, and constructions needed for the study of Greek and Latin. Recent classical language textbooks, while presuming little or no grammatical sophistication on the part of their students, often provide little more by way of remediation than definitions of grammatical terminology. *A Student Handbook of Greek and English Grammar* offers a student-friendly comparative exposition of English and ancient Greek grammatical principles that will prove a valuable supplement to a wide range of beginning Greek textbooks as well as a handy reference for those continuing on to upper-level courses.

This groundbreaking workbook speaks directly to the student. The book itself is a teacher. Many of the exercises and learning tools were designed and copyrighted by Prof. Brandler as shortcuts to understanding difficult concepts. This Grammar/Composition/Research workbook is especially designed for students, educators, and business people to use independently. It was created at the request of my students.

Anyone can teach with this book. The exercises have been improved over many years in classrooms and refined for optimum comprehension and retention. It teaches shortcuts to common language issues. You will be surprised how easy it is! What people are saying Professor Brandler, thank you so much for the fun way you helped me understand my language problems. You are the best teacher I ever had. Carlos, contractor Marcielle, I can't wait to buy your book! Lori, Human Resources Specialist and student at Pasadena City College Many people have praised Marcielle's teaching on YouTube.

This is the Australian edition of "Grammar and Vocabulary Games for Children." It is a resource book for teachers and home-schooling parents who want to make their children's grammar and vocabulary lessons fun. Grammar, punctuation, phonics, vocabulary This book proposes Meaning-order Approach to Pedagogical Grammar (MAP Grammar) as a practical pedagogical approach in ESL and EFL contexts. Teaching grammar through an easy-to-understand three-dimensional model, MAP Grammar establishes the clause as the fundamental unit of English and interprets meaning units in the sentence, thus allowing visualizable association between individual grammar items. By focusing on the order of meaning (rather than the order of words) in a sentence, MAP Grammar also distills current descriptive sentence structures (typically taught as five or seven patterns) into one meaning-based sentence structure for teaching and learning. MAP Grammar makes syllabus design and teaching easier in the following ways: Visualizing English grammar in a clear model, allowing association between individual grammar items. Instruction relies on meaning, not metalanguage, making MAP Grammar easy to grasp. The meaning-based sentence structure allows teachers to address global errors, and learners to produce comprehensible English.

This book contains material for a wide variety of games.

Suzanne Woodward is the author of Fun with Grammar, a teacher resource book of fun and interactive grammar practice activities. She has taught English as a Second Language (ESL) in a variety of programs: community colleges, adult education programs, intensive English programs, amnesty programs and language schools. She currently teaches Academic Writing at Palomar College in California. Ms. Woodward obtained her MA in Spanish Linguistics at The University of Texas (Austin) and a TESOL certificate from UCSD. In addition to the previously mentioned book, she has written numerous articles for educational journals, written VESL, career awareness and reading curricula and is coauthor of the TIDES idea bank, a resource bank of classroom activities, at Palomar College. Ms. Woodward is a frequent presenter at educational conferences on various topics, including interactive and fun grammar and conversation topics. Does it sometimes seem that you are the only one talking in your ESL class--even when it is a conversation class? How do you rev up your students' energy level and engage them in the subject matter--or just get them talking? Students want to improve their speaking and listening skills to succeed in school and the world, and they need activities that will help them do that. Whether you are looking for ideas for a conversation class, ways to get your ESL students talking about a specific content area or conversation ideas to promote brainstorming, you will find many ideas here. This book is full of fun and lively activities that promote listening and speaking skills for any type of ESL class. In addition to ideas to get your students talking, there are worksheets which you can adapt for your class or use directly from the book. There are many reasons why students may be hesitant to speak in class. They may be shy, tired, insecure or not engaged in the class. This is true in any class but especially difficult to deal with in a conversation class. Students need to fine tune their listening/speaking skills for interactions outside of the classroom and as they move into more academic classes.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. If you think grammar is "old school" and doesn't matter, consider all the writing people do these days with blogs, email, Facebook and Twitter - not to mention college papers, professional writing, office memos and those endless online job applications. Everyone is writing more and more, and the writing that grabs our attention is not awkward and embarrassing but clear and solid - written by people who understand grammar. Whether grammar is your delight or your dilemma--or your nightmare, this book is your guide to safe harbor. The Professional Clamdigging approach makes the solemn and practical pledge that you'll never learn a single snippet of grammar without seeing how it solves a writing issue. Choosing between I feel 'bad' and I feel 'badly' is impossible if you don't know how action verbs and linking verbs operate. Don't know an adverb move from a bluegrass groove? Don't know if you should say 'me' or 'I'? You've come to the right place. Steven Lund has been teaching grammar and writing skills for 40 years - the past 29 at Dallas Lutheran School. He has taught just about every kind of audience there is: high school, community college, university, ESL, adult - even minimum security prison students! He and his wife, Kelly, and their grown children, live in the Dallas-Fort Worth area. Here is what former Clamdiggers have to say about the book: "I've never seen another grammar curriculum so effective in instilling and sustaining strong grammar skills in students." Christine Roberson - High School English Teacher. "The rules were catchy and easy to remember. Before Clamdigging, I was the worst at punctuation. The way Mr. Lund set the grammar up was so fun and easy." Evelyn Stainbrook - Design Consultant. "In today's world of text messages and quick communications, there is no doubt that an emphasis on correct grammar is lacking. I strongly believe that Clamdigging is a tool that can assist in making proper grammar a subject that is not only easy to comprehend, but interesting for all." Jonathan Allmon - Marketing Manager. "The beauty of this book is that unlike other grammar books, it instantly disarms the students' fears and calms their anxieties." Chris Capehart - Writer/Editor. "[Clamdigging] would also be great for homeschooling students because they could do most of it on their own. Anyone could teach from this book because it is so straightforward and clear." Dee Ann Freeman - Career Counselor. "I didn't realize just how valuable the "Guide to Professional Clamdigging" was until I started teaching creative writing to college students and saw their grammar... These weren't dumb kids, but their grammar was abysmal. Thank goodness for "Clamdigging" or I probably would have been in the same situation." David Afsharirad - College Creative Writing Instructor. "My mother, who is not a native English speaker, has been using it to improve her English and even now I sometimes peruse Clamdigging just for fun. When is the last time you read your high school English and Grammar book for fun?" Dolores Henry, University Activities Coordinator.

Important, yet playful, grammar -- Sensible sentences and categories of clauses -- Naming nouns and pronouns -- Vivid verbs -- Admirable adjectives and adverbs -- Among prepositions and conjunctions and interjections. Wow! -- Putting it all together -- Final thoughts: a spoonful of sugar -- Appendix A. Grades at which grammatical concepts commonly are taught -- Appendix B. Test yourself -- Appendix C. A collection of collective nouns -- Appendix D. Jean's suggested music for Rachmaninoff to reggae to rap -- Appendix E. Additional resources for classroom use -- Appendix F. Reproducibles -- Works cited

A resource book of supplementary materials for the teaching of grammar through songs. Singing Grammar is part of the Cambridge Copy Collection. It is a resource book of supplementary materials for the teaching of grammar through the medium of song. The Audio CD contains eighteen songs, each with a specific grammar focus, and is suitable for students from elementary to intermediate level. Offering a fun, engaging approach to grammar instruction, this guide includes clear explanations of grammatical terms and practical activities for all students, including English language learners.

This book teaches the most common ESL grammar points in an accessible way through real ESL errors together with suggested teaching techniques. Relevant grammar terminology is explained. The four objectives of this book are to help teachers: (1) identify common ESL grammar points and understand the details associated with each one; (2) improve their ability to answer any grammar question on the spot (when on the "hot seat"); (3) anticipate common ESL errors by grammar point, by first language, and/or by proficiency level; and (4) develop more effective grammar/language learning lessons. These objectives are for all teachers, whether they are teaching grammar directly or indirectly in a variety of classes -- including a grammar class, a writing class, a speaking class, an ESP class, or a K-12 class.

Essential Primary Grammar is an invaluable resource to ensure that you are firmly equipped to teach grammar. It helps you get to grips with your knowledge of grammar for the national curriculum - including the spelling, punctuation and grammar test - as well as providing you with some tried and tested ways to teach grammar. Underpinned by a series of research studies which have investigated the teaching of grammar, it will support you in how to teach grammar in creative and meaningful ways whilst supporting you in developing your own fundamental knowledge of grammar.

Uniquely, the book takes a systematic step-by-step approach to explain the grammatical terminology specified in the national curriculum. It also illustrates how you might develop children's grammatical knowledge by offering a range of practical activities which are rich, meaningful and support children's development as confident and curious language investigators. Key features include: • Easy-to-read chapters which systematically focus on grammatical subject knowledge at word, phrase and clause level • Guidance in each chapter addressing typical grammar problems or misconceptions, and some grammar jokes • Inspiring suggestions for teaching activities to help children develop grammatical knowledge in meaningful learning contexts • Reference to authentic children's books to illuminate the grammatical explanations and suggested teaching activities • Ideas on how high quality talk about grammar and texts can be fostered in the classroom

If you are a teacher of grades K-6, you might be asking, "Should I teach grammar in my class on a daily basis? How would I go about doing this? And how can I teach grammar so it isn't boring to my kids?" In Grammar Matters, Lynne Dofman and Diane Dougherty answer these questions and more. Using mentor texts as the cornerstone for how best to teach grammar, this book provides teachers with almost everything they need to get kids not only engaged but excited about learning grammar. Divided into four parts--Narrative Writing, Informational Writing, Opinion Writing, and Grammar Conversations--this hand reference provides practical teaching tips, assessment ideas, grammar definitions, and specific mentor texts to help students learn about parts of speech, idioms, usage issues, and punctuation. Through "Your Turn Lessons," conversations, conferences, and drafting, revising, and editing exercises, students will learn not only specific concepts but also how to reflect upon and transfer what they have learned to other writing tasks, no matter the subject. The "Treasure Chest of Children's Books" provides an extensive list of both fiction and nonfiction books that fit naturally into grammar instruction. Eight appendices provide even more resources, including information on homophones, using mentor texts to teach grammar and conventions, checklists, comma rules, help for ELL students, and a glossary of grammar terms. Grammar Matters links instruction to the Common Core State Standards and features quality, classroom-tested tools that help teachers provide their students with the gifts of grammar and literacy.

Whether it's for a professional document, a school paper, an Internet blog, or something more personal, effective communication depends on clear, concise, and grammatically correct writing. Punctuation, spelling, and grammar rules can trip up anyone, while organization and word choice can make writing memorable—or banal. The Handy English Grammar Answer Book is an engaging guide to writing with clarity for all occasions. It offers fundamental principles, grammar rules, and punctuation advice, as well as insights on writing for different occasions and audiences. From a brief history of the English language to the deconstruction—and explanation—of the different parts of a sentence, and from showing how to punctuate correctly to how to organize a well-argued essay, this easy-to-use reference answers nearly 500 questions and offers fun facts on the English language and its usage, including How did English become a language spoken worldwide? What is a sentence fragment? When do I use "that" versus "which"? How do I use materials ethically on my own websites? How do I write an outline? Several appendices, including model papers and sample writing for every occasion, a glossary of commonly used terms, a bibliography, and an index add to the book's usefulness.

Get good guidance on using English well English is a hard language to get right. It's all too easy to make simple mistakes, whether writing or speaking—which can land you in embarrassing social situations or even cost you a job. Luckily, Basic English Grammar For Dummies UK Edition is here to help you get to grips with English. Without the complexity of formal grammar and through plenty of examples and brief exercises, it gets you up and running on common spelling errors, how to structure sentences to make yourself easily understood, and find the right tone and style for any situation, whether you're talking on the phone or writing a letter, email, or text. Is it good or well? There, their or they're?

Some people don't have to think twice about using proper English grammar, but for the rest of us it can become tricky and confusing. Easy to understand and free of jargon, this friendly and accessible guide sticks to the basics and makes it easy to build your English grammar skills. In no time, you'll leave the 'me or I?' debate at the door and speak and write confidently and correctly. Includes quizzes and self-tests Provides guidance on composing letters, emails, and texts Uses easy vocabulary to make the content accessible to all Serves as a great guidebook to English grammar for overseas learners If English is your second language or you simply missed or have forgotten the nuances that were taught in school, Basic English Grammar For Dummies UK Edition is the fast and easy way to brush up on your skills and make a good impression.
