The Fundamentals of Nursing: Clinical skills workbook will support Potter & Perry's Fundamentals of Nursing 3rd edition in 2012 by providing a separate clinical skills workbook, accompanied by a suite of Australian clinical skills videos. The workbook features the nursing skills from the text, accompanied by an overview at the beginning of each skill set and supported by clinical skill competency check lists aligned with the National Competency Standards for the Registered Nurse. The Bondy rating scale has been incorporated to provide clearly defined levels of competency a.

Providing a big-picture approach to nursing practice, Fundamentals of Nursing: Concepts and Competencies for Practice, 9th Edition instills the foundational knowledge and clinical skills to help your students think critically and achieve positive outcomes throughout the nursing curriculum and in today's fast-paced clinical settings. This revision immerses students in a proven nursing framework that clarifies key capabilities — from promoting health, to differentiating between normal function and dysfunction, to the use of scientific rationales and the approved nursing process — and includes new Unfolding Patient Stories and Critical Thinking Using QSEN Competencies. NCLEX®-style review questions online and within the book further equip students for the challenges ahead.

**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- This is a student supplement associated with: Kozier & Erb's Fundamentals of Nursing, 9/e Audrey J. Berman Ph.D., RN, AOCN Shirlee Snyder EdD, RN ISBN: 0138024618

you'll use in practice. Medication tables are meticulously detailed and provide quick access to action, dosage, precautions, and nursing considerations for commonly used drugs. Nursing Care Plans, presented in a case-study format, emphasize patient goals and outcomes and end with Critical Thinking Questions to develop your clinical decision-making skills. Coordinated Care boxes emphasize parameters for prioritizing tasks, as well as assigning tasks to and supervising unlicensed assistive personnel. Patient Teaching boxes and Family Teaching boxes include post-hospital discharge guidelines and disease prevention instructions with a strong focus on three-way communication among the nurse, patient, and family members. Life Span Considerations for Older Adults boxes provide age-specific information for the care of the aging population, which is often the primary focus of the LPN/LVN nurse. Home Care Considerations boxes discuss the issues facing patients and caregivers in the home health care setting. Health Promotion boxes provide key information on staying healthy and preventing disease, with tips on wellness from Healthy People 2010. Cultural Considerations boxes discuss how to address the health needs of a culturally diverse patient population when planning care. Enhanced focus on the NCLEX® Examination offers end-of-chapter Get Ready for the NCLEX Examination! sections with key points for self-guided study and remediation and an extensive set of review questions for thorough self-assessment. Additional review questions on Evolve provide instant feedback with correct answer and rationale for even more test-taking practice. Evidence-Based Practice boxes summarize the latest research findings and highlight how they apply to LPN/LVN practice. Updated, vibrant full-color design highlights key information and enhances your understanding of important concepts.
