

Further Along The Road Less Traveled

Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, *Atlas Shrugged* is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America's best-loved novels by PBS's *The Great American Read*. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. *Atlas Shrugged*, a modern classic and Rand's most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.

NEW YORK TIMES BESTSELLER • “The memorable scenes are powerfully drawn. . . . A spiritual mystery . . . both moving and brave.”—The New York Times Book Review The acclaimed author of the phenomenal bestseller *The Road Less Traveled* adds a natural gift for storytelling to his spiritual insight and profound awareness of human nature in this mesmerizing, deeply moving new work. Among those within the self-contained world of the Willow Glen nursing home are two extraordinary people. One is there to give care, the other to receive it. Yet together they form a bond of love and trust that transcends their expectations and changes their lives. Stephen Solaris—Imprisoned in a helpless body since birth, unable to even speak, he has an incredible ability to touch the hearts and minds of those around him with the power of his personality. Heather Barsten—a nurse whose devotion to her patients surpasses her ability to fulfill her own needs. From Stephen she learns the importance of being true to one's heart—and she finds herself falling in love. Then violence shatters Willow Glen. Now a murderer roams the halls of the home, and the residents and staff must confront a truly terrifying evil and face their innermost fears, suspicions, and darkest secrets. . . . *A Bed by the Window* is an exceptional work, a gripping psychological thriller and a luminous synthesis of Peck's thinking on good and evil, spiritual growth, and the miracles worked by love. “Scott Peck . . . [is] a born storyteller. . . . His unique insights and wisdom [come] through pin] pure story. This is . . . a page-turner, a book that you start and can't put down.”—Madeleine L'Engle, author of *A Wrinkle of Time*

INSTANT NEW YORK TIMES BESTSELLER “One of the most important books I've ever read—an indispensable guide to thinking clearly about the world.” – Bill Gates “Hans Rosling tells the story of ‘the secret silent miracle of human progress’ as only he can. But *Factfulness* does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly.” —Melinda Gates “*Factfulness* by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases.” - Former U.S. President Barack Obama *Factfulness*: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world's population live in poverty; why the world's population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel

Online Library Further Along The Road Less Traveled

laureates, and investment bankers. In *Factfulness*, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don't know what we don't know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn't mean there aren't real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, *Factfulness* is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.

Just as *The Road Less Traveled* provided hope and guidance for individuals seeking growth, this major new work by M. Scott Peck, M.D., offers a needed prescription for our deeply ailing society. Our illness is Incivility--morally destructive patterns of self-absorption, callousness, manipulateness, and materialism so ingrained in our routine behavior that we do not even recognize them. There is a deepening awareness that something is seriously wrong with our personal and organizational lives. Using examples from his own life, case histories, and dramatic scenarios of businesses that made a conscious decision to bring civility to their organizations, Dr. Peck demonstrates how change can be effected and how we and our organizations can be restored to health. This wise, practical, and radical book is a blueprint for achieving personal and societal well-being.

Further Along The Road Less Travelled Simon and Schuster

The purpose of this manual is to provide clear and helpful information for maintaining gravel roads. Very little technical help is available to small agencies that are responsible for managing these roads. Gravel road maintenance has traditionally been "more of an art than a science" and very few formal standards exist. This manual contains guidelines to help answer the questions that arise concerning gravel road maintenance such as: What is enough surface crown? What is too much? What causes corrugation? The information is as nontechnical as possible without sacrificing clear guidelines and instructions on how to do the job right.

Golf. It's the ultimate head game. And when nothing but the best advice will do, along comes M. Scott Peck, M.D., the celebrated psychiatrist and author of the best-selling self-help book of all time, *The Road Less Traveled*. In *Golf and the Spirit*, M. Scott Peck writes a book for beginners and masters alike--and even for nongolfers. It goes beyond mechanics to explore the deeper issues, ways of successfully managing the emotional, psychological, and spiritual aspects of this most wonderful, maddening, deflating, and inspiring game. Playing side by side with M. Scott Peck on an imaginary course of his own design--complete with illustrations of each hole--you will come to see the profound truths in this seemingly simple game. Appreciate that life is not linear. Come to understand your own anger and how to heal that which gets in your way. Accept the gifts of humility. Appreciate kenosis, the process by which the self empties itself of self. Benefit from teachers. Know that in weakness often there is strength. Realize that to experience the blessings of golf and life fully, you must accept the divinity that underlies all things. Like the best-selling volumes of Harvey Penick and Michael Murphy, *Golf and the Spirit* makes a unique contribution to the literature of golf and life. It goes beyond the body to address the heart and soul of the game, creating a rare opportunity for

Online Library Further Along The Road Less Traveled

transformation in the lives of its readers, both on and off the fairway. It seems to me the human condition is most basically that we are willful creatures living in a world that, much of the time, doesn't behave the way we want it to. We live in the tension between our will and reality. Sometimes with great effort and expertise, we can change reality or bend it to our will. At other times--also with great effort and expertise--it is we who must change by coming to accept the limitations of the world and of ourselves. How we do this--how we deal with the hazards of life--is quite akin to how we deal with the hazards of a golf course. Sooner or later golfers who stick with the game long enough will almost always come to see it as a metaphor for life. But the word metaphor fails to do justice to all that golf has to teach us. I would go even further and say that, in its own way, golf is life and, not only that, life condensed. If we choose to use it as such, I believe that golf, next to marriage and parenthood, can routinely be the greatest of life's learning opportunities.

M. Scott Peck's inspirational book has sold more than six million copies. This Monterey Edition showcases the author's enriching and life-affirming message.

A compilation of a series of lectures given by the author in relation to his book *The road less traveled*.

BUS000000

#1 NEW YORK TIMES BESTSELLER • Discover the life-changing memoir that has inspired millions of readers through the Academy Award®-winning actor's unflinching honesty, unconventional wisdom, and lessons learned the hard way about living with greater satisfaction. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE GUARDIAN

"McConaughey's book invites us to grapple with the lessons of his life as he did—and to see that the point was never to win, but to understand."—Mark Manson, author of *The Subtle Art of Not Giving a F*ck* I've been in this life for fifty years, been trying to work out its riddle for forty-two, and been keeping diaries of clues to that riddle for the last thirty-five. Notes about successes and failures, joys and sorrows, things that made me marvel, and things that made me laugh out loud. How to be fair. How to have less stress. How to have fun. How to hurt people less. How to get hurt less. How to be a good man. How to have meaning in life. How to be more me. Recently, I worked up the courage to sit down with those diaries. I found stories I experienced, lessons I learned and forgot, poems, prayers, prescriptions, beliefs about what matters, some great photographs, and a whole bunch of bumper stickers. I found a reliable theme, an approach to living that gave me more satisfaction, at the time, and still: If you know how, and when, to deal with life's challenges—how to get relative with the inevitable—you can enjoy a state of success I call "catching greenlights." So I took a one-way ticket to the desert and wrote this book: an album, a record, a story of my life so far. This is fifty years of my sights and seens, felts and figured-outs, cools and shamefuls. Graces, truths, and beauties of brutality. Getting away withs, getting caughts, and getting wets while trying to dance between the raindrops. Hopefully, it's medicine that tastes good, a couple of aspirin instead of the infirmary, a spaceship to Mars without needing your pilot's license, going to church without having to be born again, and laughing through the tears. It's a love letter. To life. It's also a guide to catching more

greenlights—and to realizing that the yellows and reds eventually turn green too. Good luck.

The best-selling author of *The Road Less Traveled* and *A Different Drum* offers 365 daily inspirational thoughts in a pocket-sized format, focusing on the challenges of everyday life. Original. 125,000 first printing.

A vital resource for pilots, instructors, and students, from the most trusted source of aeronautic information.

In his first work of narrative nonfiction, Matthew Pearl, bestselling author of acclaimed novel *The Dante Club*, explores the little-known true story of the kidnapping of legendary pioneer Daniel Boone's daughter and the dramatic aftermath that rippled across the nation. On a quiet midsummer day in 1776, weeks after the signing of the Declaration of Independence, thirteen-year-old Jemima Boone and her friends Betsy and Fanny Callaway disappear near the Kentucky settlement of Boonesboro, the echoes of their faraway screams lingering on the air. A Cherokee-Shawnee raiding party has taken the girls as the latest salvo in the blood feud between American Indians and the colonial settlers who have decimated native lands and resources. Hanging Maw, the raiders' leader, recognizes one of the captives as Jemima Boone, daughter of Kentucky's most influential pioneers, and realizes she could be a valuable pawn in the battle to drive the colonists out of the contested Kentucky territory for good. With Daniel Boone and his posse in pursuit, Hanging Maw devises a plan that could ultimately bring greater peace both to the tribes and the colonists. But after the girls find clever ways to create a trail of clues, the raiding party is ambushed by Boone and the rescuers in a battle with reverberations that nobody could predict. As Matthew Pearl reveals, the exciting story of Jemima Boone's kidnapping vividly illuminates the early days of America's westward expansion, and the violent and tragic clashes across cultural lines that ensue. In this enthralling narrative in the tradition of Candice Millard and David Grann, Matthew Pearl unearths a forgotten and dramatic series of events from early in the Revolutionary War that opens a window into America's transition from colony to nation, with the heavy moral costs incurred amid shocking new alliances and betrayals.

Fabulosity (n): 1: a state of everything that is fabulous 2: a quality ascribed to that which expresses glamour, style, charisma, power, and heart Kimora Lee Simmons knows what it means to have fabulosity -- and she wants to tell you how to get it. In this empowering new book, Kimora -- a top model, wife of hip-hop legend Russell Simmons, mother to two daughters, a national media presence, and president and creative director of the multimillion-dollar Baby Phat company -- shares her personal secrets of success and fabulosity. Kimora knows that in today's ultracompetitive world, it's not enough for women just to be smart or dress well. With too much to do and competition everywhere, the savvy woman must know how to combine feminine glamour with professional power, business ambition with personal values, and confidence with heart. Kimora is the living picture of all these things. What are Kimora's secrets to achieving her goals, her signature fabulosity? One is her ability to identify and build upon her own unique talents and strengths. In

Kimora's case, she brilliantly combined the two worlds she knows best -- the high fashion and hip-hop scenes -- to create Baby Phat, her ultrasuccessful hip-hop inspired lifestyle brand. How do you uncover and develop your own special talents? Kimora shares her step-by-step guide to achieving your wildest dreams, including her 16 laws of success, which cover everything you need to become the woman you want to be. Whether you're college-educated or street smart, just starting out or at the top of your game, Fabulosity has something to say to you. Learn how to cultivate Power, Independence, Confidence, and Positivity in everything you do, whether it's finding Mr. Right, snagging that corner office, or rocking the latest fashion trend. Packed with useful lessons and Kimora's personal tips, this book will be your instruction manual to empowering yourself, turning your individual talents into permanent success, and unleashing your inner fabulosity.

Now featuring a new introduction by Dr. M. Scott Peck, the twenty-fifth anniversary edition of the classic bestseller *The Road Less Traveled*, celebrated by *The Washington Post* as "not just a book but a spontaneous act of generosity." Perhaps no book in this generation has had a more profound impact on our intellectual and spiritual lives than *The Road Less Traveled*. With sales of more than seven million copies in the United States and Canada, and translations into more than twenty-three languages, it has made publishing history, with more than ten years on the *New York Times* bestseller list. Written in a voice that is timeless in its message of understanding, *The Road Less Traveled* continues to help us explore the very nature of loving relationships and leads us toward a new serenity and fullness of life. It helps us learn how to distinguish dependency from love; how to become a more sensitive parent; and ultimately how to become one's own true self. Recognizing that, as in the famous opening line of his book, "Life is difficult" and that the journey to spiritual growth is a long one, Dr. Peck never bullies his readers, but rather guides them gently through the hard and often painful process of change toward a higher level of self-understanding.

Now available in a book/CD combination: M. Scott Peck's cherished work accompanied by the music that inspired it. The ultimate guide for anyone wondering how President Joe Biden will respond to the COVID-19 pandemic—all his plans, goals, and executive orders in response to the coronavirus crisis. Shortly after being inaugurated as the 46th President of the United States, Joe Biden and his administration released this 200 page guide detailing his plans to respond to the coronavirus pandemic. The National Strategy for the COVID-19 Response and Pandemic Preparedness breaks down seven crucial goals of President Joe Biden's administration with regards to the coronavirus pandemic: 1. Restore trust with the American people. 2. Mount a safe, effective, and comprehensive vaccination campaign. 3. Mitigate spread through expanding masking, testing, data, treatments, health care workforce, and clear public health standards. 4. Immediately expand emergency relief and exercise the Defense Production Act. 5. Safely reopen schools, businesses,

and travel while protecting workers. 6. Protect those most at risk and advance equity, including across racial, ethnic and rural/urban lines. 7. Restore U.S. leadership globally and build better preparedness for future threats. Each of these goals are explained and detailed in the book, with evidence about the current circumstances and how we got here, as well as plans and concrete steps to achieve each goal. Also included is the full text of the many Executive Orders that will be issued by President Biden to achieve each of these goals. The National Strategy for the COVID-19 Response and Pandemic Preparedness is required reading for anyone interested in or concerned about the COVID-19 pandemic and its effects on American society.

The work of M. Scott Peck has had a profound effect on the lives of millions of readers. Now Dr Peck has produced the 'closest thing to an autobiography I will ever write'. A book that tells more about himself than ever before, while at the same time helping readers to see truths about themselves and their lives. IN SEARCH OF STONES is, on the surface, the story of a three-week trip through the British countryside that Dr Peck took with his wife Lily - looking for the ancient megalithic stones that became an obsession for them. But the search for the stones is a search for meaning and romance and, ultimately, an exploration of our own life journey.

'The overall purpose of human communication is - or should be - reconciliation. It should ultimately serve to lower or remove the walls of misunderstanding which unduly separate us human beings, one from another...' Although we have developed the technology to make communication more efficient and to bring people closer together, we have failed to use it to build a true global community. Dr M. Scott Peck believes that if we are to prevent civilization destroying itself, we must urgently rebuild on all levels, local, national and international and that is the first step to spiritual survival. In this radical and challenging book, he describes how the communities work, how group action can be developed on the principles of tolerance and love, and how we can start to transform world society into a true community.

The legendary bestselling author and renowned psychiatrist M. Scott Peck, whose books have sold over 14 million copies, reveals the amazing true story of his work as an exorcist -- kept secret for more than twenty-five years -- in two profoundly human stories of satanic possession. In the tradition of his million-copy bestseller *People of the Lie: The Hope for Healing Human Evil*, Scott Peck's new book offers the first complete account of exorcism and possession by a modern psychiatrist in this extraordinary personal narrative of his efforts to heal patients suffering from demonic and satanic possession. For the first time, Dr. Peck discusses his experience in conducting exorcisms, sharing the spellbinding details of his two major cases: one a moving testament to his healing abilities, and the other a perilous and ultimately unsuccessful struggle against darkness and evil. Twenty-seven-year-old Jersey was of average intelligence; a caring and devoted wife and mother to her husband and two young daughters, she had no history of mental illness.

Beccah, in her mid-forties and with a superior intellect, had suffered from profound depression throughout her life, choosing to remain in an abusive relationship with her husband, one dominated by distrust and greed. Until the day Dr. Peck first met the young woman called Jersey, he did not believe in the devil. In fact, as a mature, highly experienced psychiatrist, he expected that this case would resolve his ongoing effort to prove to himself, as scientifically as possible, that there were absolutely no grounds for such beliefs. Yet what he discovered could not be explained away simply as madness or by any standard clinical diagnosis. Through a series of unanticipated events, Dr. Peck found himself thrust into the role of exorcist, and his desire to treat and help Jersey led him down a path of blurred boundaries between science and religion. Once there, he came face-to-face with deeply entrenched evil and ultimately witnessed the overwhelming healing power of love. In *Glimpses of the Devil*, Dr. Peck's celebrated gift for integrating psychiatry and religion is demonstrated yet again as he recounts his journey from skepticism to eventual acknowledgment of the reality of an evil spirit, even at the risk of being shunned by the medical establishment. In the process, he also finds himself compelled to confront the larger paradox of free will, of a commitment to goodness versus enslavement to the forms of evil, and the monumental clash of forces that endangers both sanity and the soul. *Glimpses of the Devil* is unquestionably among Scott Peck's most powerful, scrupulously written, and important books in many years. At once deeply sensitive and intensely chilling, it takes a clear-eyed look at one of the most mysterious and misunderstood areas of human experience.

A New Yorker writer's intimate, revealing account of Tupac Shakur's life and legacy, timed to the fiftieth anniversary of his birth and twenty-fifth anniversary of his death. In the summer of 2020, Tupac Shakur's single "Changes" became an anthem for the worldwide protests against the murder of George Floyd. The song became so popular, in fact, it was vaulted back onto the iTunes charts more than twenty years after its release—making it clear that Tupac's music and the way it addresses systemic racism, police brutality, mass incarceration, income inequality, and a failing education system is just as important now as it was back then. In *Changes*, published to coincide with the fiftieth anniversary of Tupac's birth and twenty-fifth anniversary of his death, Sheldon Pearce offers one of the most thoughtful and comprehensive accounts yet of the artist's life and legacy. Pearce, an editor and writer at *The New Yorker*, interviews dozens who knew Tupac throughout various phases of his life. While there are plenty of bold-faced names, the book focuses on the individuals who are lesser known and offer fresh stories and rare insight. Among these are the actor who costarred with him in a Harlem production of *A Raisin in the Sun* when he was twelve years old, the high school drama teacher who recognized and nurtured his talent, the music industry veteran who helped him develop a nonprofit devoted to helping young artists, the Death Row Records executive who has never before spoken on the record, and dozens of others.

Online Library Further Along The Road Less Traveled

Meticulously woven together by Pearce, their voices combine to portray Tupac in all his complexity and contradiction. This remarkable book illustrates not only how he changed during his brief twenty-five years on this planet, but how he forever changed the world.

"Confronting and solving problems is a painful process which most of us attempt to avoid. Avoiding resolution results in greater pain and an inability to grow both mentally and spiritually. Drawing heavily on his own professional experience, Dr M. Scott Peck, a psychiatrist, suggests ways in which facing our difficulties - and suffering through the changes - can enable us to reach a higher level of self-understanding. He discusses the nature of loving relationships- how to distinguish dependency from love; how to become one's own person and how to be a more sensitive parent. This is a book that can show you how to embrace reality and yet achieve serenity and a richer existence. Hugely influential, it has now sold over ten million copies - and has changed many people's lives round the globe. It may change yours."

"A Touchstone book." Includes bibliographical references.

A gentle tale, in which Jenny and her family examine the miracle of a single snowflake and it's message of faith and rebirth.

Explores love, relationships, and spiritual growth, covering blame and forgiveness, the New Age movement, death and the meaning of life, and other topics.

Collects and analyzes seventy years of communist crimes that offer details on Kim Sung's Korea, Vietnam under "Uncle Ho," and Cuba under Castro.

Perhaps no book has had a more profound impact on intellectual and spiritual lives than "The Road Less Traveled." In his new Introduction, Dr. Peck recalls how this book evolved from his own early ideas as a therapist who was just beginning his own spiritual growth.

"So compelling in its exploration of the human psyche, it's as hard to put down as a thriller...such a force of energy, intensity, and straightforwarness.

The founder of the Foundation for Community Encouragement draws on his counseling experience to lead readers to the spiritual simplicity that lies on the other side of complexity and explains how to cope with the fears and shortcomings of life

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones,

and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

The original *The Road Less Travelled* spent more than ten years on the bestseller lists and is one of the biggest-selling self-help books of all time. In this wonderfully wise and accessible sequel M. Scott Peck delves more deeply into the issues that confront and challenge all of us in the modern world: blame and forgiveness; sexuality and spirituality; death and the meaning of life; families and relationships; accepting responsibility and growing up. Writing throughout with insight and sensitivity, he draws on his own extensive experience -- both professional and personal -- to challenge false assumptions, suggest a way forward and demonstrate that personal change is always possible, no matter how difficult and complex the journey.

Explores love, relationships, and spiritual growth, covering blame and forgiveness, the New Age movement, death and the meaning of life, and other topics

'Life is difficult. This is a great truth, one of the greatest truths.' A timeless classic in personal development, *The Road Less Travelled* is a landmark work that has inspired millions. Drawing on the experiences of his career as a psychiatrist, Scott Peck combines scientific and spiritual views to guide us through the difficult, painful times in life by showing us how to confront our problems through the key principles of discipline, love and grace. Teaching us how to distinguish dependency from love, how to become a more sensitive parent and how to connect with your true self, this incredible book is the key to accepting and overcoming life's challenges and achieving a higher level of self-understanding.

NEW YORK TIMES BESTSELLER • From an award-winning journalist at *The Atlantic*, these searing essays make a damning case that cruelty is not merely an unfortunate byproduct of the Trump administration but its main objective and the central theme of the American project. "No writer better demonstrates how American dreams are so often sabotaged by American history. Adam Serwer is essential."—Ta-Nehisi Coates "Trump summoned the most treacherous forces in American history and conducted them with the ease of a grand maestro." Like many of us, Adam Serwer didn't know that Donald Trump would win the 2016 election. But over the four years that followed, the *Atlantic* staff writer became one of our most astute analysts of the Trump presidency and the volatile powers it harnessed. The shock that greeted

Trump's victory, and the subsequent cruelty of his presidency, represented a failure to confront elements of the American past long thought vanquished. In this searing collection, Serwer chronicles the Trump administration not as an aberration but as an outgrowth of the inequalities the United States was founded on. Serwer is less interested in the presidential spectacle than in the ideological and structural currents behind Trump's rise—including a media that was often blindsided by the ugly realities of what the administration represented and how it came to be. While deeply engaged with the moment, Serwer's writing is also haunted by ghosts of an unresolved American past, a past that torments the present. In bracing new essays and previously published works, he explores white nationalism, myths about migration, the political power of police unions, and the many faces of anti-Semitism. For all the dynamics he examines, cruelty is the glue, the binding agent of a movement fueled by fear and exclusion. Serwer argues that rather than pretending these four years didn't happen or dismissing them as a brief moment of madness, we must face what made them possible and continues to endure. Unless we confront these toxic legacies, the fragile dream of American multiracial democracy will remain vulnerable to the forces that have nearly destroyed it time and again.

'Katihar to Kennedy' is an extraordinary journey of a man from dusty alleys of Katihar to the gleaming pathways of Kennedy. It is an autobiographical account of a small-town boy who starts his journey from a tiny town of Bihar, in one of India's economically backward districts and is able to reach the Harvard Kennedy School in Cambridge, Massachusetts. The journey also depicts the inner conflicts of a man and his continuous efforts to overcome all the difficulties in his path while fighting with his inner shortcomings. The book is about the lessons he learned – from failures as well as from moments of triumph. These are learned while engaging intimately with harsh socio-economic realities, and contrasts he experienced while moving between cities, institutions, and job roles. It is also a book of honest confrontation, of a person's own ego and pride.
