A strikingly original exploration of what it might mean to be authentically human in the age of artificial intelligence, from the author of the critically-acclaimed *Interior States*. "Meghan O'Gieblyn is a brilliant and humble philosopher, and her book is an explosively thought-provoking, candidly personal ride I wished never to end ... This book is such an original synthesis of ideas and disclosures. It introduces what will soon be called the O'Gieblyn genre of essay writing." —Heidi Julavits, author of *The Folded Clock* For most of human history the world was a magical and enchanted place ruled by forces beyond our understanding. The rise of science and Descartes's division of mind from world made materialism our ruling paradigm, in the process asking whether our own consciousness—i.e., souls—might be illusions. Now the inexorable rise of technology, with artificial intelligences that surpass our comprehension and control, and the spread of digital metaphors for self-understanding, the core questions of existence—identity, knowledge, the very nature and purpose of life itself—urgently require rethinking. Meghan O'Gieblyn tackles this challenge with philosophical rigor, intellectual reach, essayistic verve, refreshing originality, and an ironic sense of contradiction. She draws deeply and sometimes humorously from her own personal experience as a formerly religious believer still haunted by questions of faith, and she serves as the best possible guide to navigating the territory we are all entering.

Double Blind follows three close friends and their circle through a year of extraordinary transformation. Set between London, Cap d'Antibes, Big Sur, and a rewilded corner of Sussex, this thrilling, ambitious novel is about the headlong pursuit of knowledge—for the purposes of pleasure, revelation, money, sanity, or survival—and the consequences of fleeing from what we know about others and ourselves. When Olivia meets a new lover just as she is welcoming her best friend, Lucy, back from New York, her dedicated academic life expands precipitously. Her connection to Francis, a committed naturalist living off the grid, is immediate and startling. Eager to involve Lucy in her joy, Olivia introduces the two—but Lucy has received shocking news of her own that binds the trio unusually close. Over the months that follow, Lucy's boss, Hunter, Olivia's psychoanalyst parents, and a young man named Sebastian are pulled into the friends' orbit, and not one of them will emerge unchanged. Expansive, playful, and compassionate, Edward St. Aubyn's *Double Blind* investigates themes of inheritance, determinism, freedom, consciousness, and the stories we tell about ourselves. St. Aubyn's major new novel is as compelling about ecology, psychoanalysis, genetics, and neuroscience as it is about love, fear, and courage. Most of all, it is a perfect expression of the interconnections it sets out to examine, and a moving evocation of an imagined world that is deeply intelligent, often tender, curious, and very much alive.

"This book is a message from autistic people to their parents, friends, teachers, coworkers and doctors showing what life is like on the spectrum. It's also my love letter to autistic people. For too long, we have been forced to navigate a world where all the road signs are written in another language." With a reporter's eye and an insider's perspective, Eric Garcia shows what it's like to be autistic across America. Garcia began writing about autism because he was frustrated by the media's coverage of it; the myths that the disorder is caused by vaccines, the narrow portrayals of autistic people as white men working in Silicon Valley. His own life as an autistic person didn't look anything like that. He is Latino, a graduate of the University of North Carolina, and works as a journalist covering politics in Washington D.C. Garcia realized he needed to put into writing what so many autistic people have been saying for years; autism is a part of their identity, they don't need to be fixed. In *We're Not Broken*, Garcia uses his own life as a springboard to discuss the social and policy gaps that exist in supporting those on the spectrum. From education to healthcare, he explores how autistic people wrestle with systems that were not built with them in mind. At the same time, he shares the experiences of all types of autistic people, from those with higher support needs, to autistic people of color, to those in the LGBTQ community. In doing so, Garcia gives his community a platform to articulate their own needs, rather than having others speak for them, which has been the standard for far too long.

Elena Gorokhova's *A Mountain of Crumbs* is the moving story of a Soviet girl who discovers the truths adults are hiding from her and the lies her homeland lives by. Elena's country is no longer the majestic Russia of literature or the tsars, but a nation struggling to retain its power and its pride. Born with a desire to explore the world beyond her borders, Elena finds her passion in the complexity of the English language—but in the Soviet Union of the 1960s such a passion verges on the subversive. Elena is controlled by the state the same way she is controlled by her mother, a mirror image of her motherland: overbearing, protective, difficult to leave. In the battle between a strong-willed daughter and her authoritarian mother, the daughter, in the end, must break free and leave in order to survive. Through Elena's captivating voice, we learn not only the stories of Russian family life in the second half of the twentieth century, but also the story of one rebellious citizen whose curiosity and determination finally transport her to a new world. It is an elegy to the lost country of childhood, where those who leave can never return.

In Jonathan Stevenson's words, Agee became "one of history's successful viruses: undeniably effective and impossible to kill." In this first biography of Agee, Stevenson will reveal what made Agee tick, and what made him run"--

Back in March 1991, a coltish dark-haired winger stepped out onto the Old Trafford pitch for a First Division game against Everton. Little did the crowd of 45,656 realise that they were seeing the beginnings of a truly unique career that would extend for 24 seasons and see him break almost every record in the book. Now, in this wonderful tribute to a United legend, we get to hear from those who played with and against him, those who coached him, and those who trained him, and find out what it was that set Ryan Giggs apart from the rest. Senior players from that era, such as Bryan Robson and Steve Bruce, recall the impact he made when he was promoted to the first team, just as the club began its incredible reign of success under Alex Ferguson. After picking up the League Cup in 1992, Giggs went on to win a record-breaking 13 league titles, two Champions League medals, and many other honours in a career that would stretch to 963 appearances for United. His resilience and longevity amazed all who looked on, as he continued to play at the top level past his 40th birthday. Now retired as a player, Giggs is about to begin a new role as assistant to Louis van Gaal.

“And I tell you, if you have the desire for knowledge and the power to give it physical expression, go out and explore,” wrote Apsley Cherry-Garrard in the opening chapters of his now classic exploration narrative, *The Worst Journey in the World*. The incredible tale that he tells is of the fated last voyage of Captain Robert Scott and his crew to the outermost reaches of the South Pole on the Terra Nova. Chronicling the journey of the Terra Nova from England in 1910 to New Zealand in 1913, *The Worst Journey in the World* vividly describes the entirety of Scott’s harrowing and tragic final expedition. Driven by a lust to investigate the untold scientific knowledge contained within the South Pole, these courageous pioneers embarked on a journey into previously unexplored territory, subjecting themselves to the ultimate physical and mental limits as they traveled the massive expanses of the icy tundra. Cherry-Garrard was a key member of the Terra Nova crew that, in addition to the desire to uncover scientific data, desperately sought to be the first Europeans to reach the South Pole. But the expedition was thwarted at every turn by punishing weather, extreme bad luck, and the intense physical and mental decline of the crew on the final stages of their journey. Confronted by the shattering knowledge that rival explorer Roald Amundsen had reached the South Pole only a few weeks before them, Scott’s team then had to negotiate the last stage of their voyage, a doomed attempt which has no equal in peril, disaster, and tragedy. “Funny, tender, and so good.” —Mindy Kaling, #1 New York Times bestselling author of *Why Not Me?* Remember when we hit it off so well that we decided *We’re Going to Need More Wine*? Well, this time you and I are going to turn to our friend the bartender and ask, *You Got Anything Stronger?* I promise to continue to make you laugh, but with this round, the stakes get higher as the conversation goes deeper. So. Where were we? Right, you and I left off in October 2017, when my first book came out. The weeks before were filled with dreams of loss. Pets dying. My husband leaving me. Babies not being born. My therapist told me it was my soul preparing for my true self to emerge after letting go of my grief. I had finally spoken openly about my fertility journey. I was having second thoughts—in fact, so many thoughts they were organizing to go on strike. But I knew I had to be honest because I didn’t want other women going through IVF to feel as alone as I did. I had suffered in isolation, having so many miscarriages that I could not give an exact number. Strangers shared their own journeys and heartbreak with me. I had led with the truth, and it opened the door to compassion. When I released *We’re Going to Need More Wine*, the response was so great people asked when I would do a sequel. The New York Times even ran a headline reading “*We’re Going to Need More Gabrielle Union*.” Frankly, after being so open and honest in my writing, I wasn’t sure there was more of me I was ready to share. But life happens with all its plot twists. And new stories demand to be told. This time, I need to be more vulnerable—not so much for me, but anyone who feels alone in what they’re going through. A lot has changed in four years—I became a mom and I’m raising two amazing girls. My husband retired. My career has expanded so that I have the opportunity to lift up other voices that need to be heard. But the world has also shown us that we have a lot we still have to fight for—as women, as black women, as mothers, as aging women, as human beings, as friends. In *You Got Anything Stronger?*, I show you how this ever-changing life presents challenges, even as it gives me moments of pure joy. I take you on a girl’s night at Chateau Marmont, and I also talk to Isis, my character from *Bring It On*. For the first time, I truly open up about my surrogacy journey and the birth of Kaavia James Union Wade. And I take on racist institutions and practices in the entertainment industry, asking for equality and real accountability. *You Got Anything Stronger?* is me at my most vulnerable. I have recently found true strength in that vulnerability, and I want to share that power with you here, through this book.
