Sometimes people do not communicate emotions and feelings. Perhaps their personality is emotionally detached because somewhere in their life they had to put up a wall to protect their heart. This was my situation. God showed me how to overcome living with a person who was emotionally detached. When we hear what God has to say and obey it in dealing with our spouses, he will change the other person for our benefit, and in this process we are the better person too. I'm glad God knew exactly what he was getting when he made me. When we get married it's only what we think we are getting that we get. I'm so glad my God is big enough to fix anything. Where there is silence, so is God. You see, sometimes, when family and friends are around all the time, the noise keeps us from hearing God. It is so easy to pick up the phone and say, "Guess what?" and tell someone about our day, or ask their opinion about something, perhaps just to have somebody listen. Just like women do not want to share their husbands, so is our God. We have a jealous God. He wants us to talk to him every day, even about the smallest things. And he has been so good to me. I know he certainly deserves my, "Guess what?" Because he's always listening, even when we're

not.

His love ... Her fantasy ... understanding what love is about. As friends, as a man, but also as a woman, we try to define the undefined from a love story. Dreaming about love and being in love ... the path from the fantasy to the love story itself ... is just a matter of luck ... or maybe where you find yourself, on the timeline of your own life. Maybe is the perfect time for you to explore what love is about, or maybe other things are important at the moment ... and the love story can only be a future “project”. Exploring what love is about ... in our minds, as a fantasy ... or in the real life, as a real love story ... is depending only and only if we are ready or not. But what is the difference between fantasy and reality, when even the Bible is saying that everything we see is just an illusion? Well ... i believe that the fantasy is only the beginning of defining what we want ... and the love story is the “experiment” itself. Is it too much to name a love story ... an “experiment”?! Well ... exploring ... as a fantasy or as reality is letting your soul understand what love is about. And ... sometimes is even a life lesson. The moment when you jump into the fairy tale ... the real fantasy ... and you understand the meaning of love ... the fact that love is about giving and not about receiving ... that is the moment when you also understand what life is about. Accepting your partner, just as he / she is ... just as accepting all the people from our lives is the moment of

Access Free Get A Life His Hers Survival Guide To Ivf

awakening. Me, Adrian ... and my dear Annie ... are only trying to define the unseen path from fantasy to the love story itself. And also ... let you know that this path is leading you to point when your thinking will be totally redefined. Life itself ... is about love. Seeing what love is about ... is understanding the meaning of life. If the "love chapter" started for you ... even if it's just a fantasy of reality ... you should be happy. The awakening will come to you!
