Jumpstart getting jacked with this illustrated workout guide containing 100 exercises, epic total-body workouts, and an 8-week fitness plan that will take your exercise regimen to the next level. Have you ever wanted to power up your fitness game? Imagined yourself as a barbarian warrior, Viking, Spartan, or mythical hero as you worked on raising your reps and getting those gains? Chuckled a bit at calling pushups “earth push-downs”? Then this is the fitness book for you. In it, you won’t find any vanilla exercises or tips for turning your office furniture into gym equipment. This is personal trainer, fitness instructor, and Deezify founder Fil Ruberto’s guide for anyone who wants to get “deezed”—as in diesel, yoked, pumped, jacked, and strong—just like the fantastical and mythical men and women who fill this book. Featuring more than 100 illustrated exercises, you’ll not only be inspired and motivated but also educated by a cast of epic, creative, and hilarious characters. See how Poseidon does dumbbell front raises, how a lumberjack gets jacked with medicine ball woodchoppers, and what a barbarian doing barbell shoulder presses looks like. This handbook tells fitness fanatics everything they need to know about getting those gains, including: -Custom bodybuilding routines -An eight-week fitness plan -Pick-and-choose exercises for every part of the body, including leg day -Stretches -Routines for variety of weight types, including kettlebells, barbells, dumbbells, and machines Bring Deezify’s colorful cast of outlaws and heroes to your next workout to inspire you during your next rest period after a heavy lift, or gift Deezify’s Epic Workout Handbook to a friend who needs some inspiration and a chuckle.

In *The New Rules of Lifting for Women*, authors Lou Schuler, Cassandra Forsythe and Alwyn Cosgrove present a comprehensive strength, conditioning and nutrition plan destined to revolutionize the way women work out. All the latest studies prove that strength training, not aerobics, provides the key to losing fat and building a fit, strong body. This book refutes the misconception that women will "bulk up" if they lift heavy weights. Nonsense! It's tough enough for men to pack on muscle, and they have much more of the hormone necessary to build muscle: natural testosterone. Muscles

need to be strengthened to achieve a lean, healthy look. Properly conditioned muscles increase metabolism and promote weight loss -- it's that simple. The program demands that women put down the "Barbie" weights, step away from the treadmill and begin a strength and conditioning regime for the natural athlete in every woman. The New Rules of Lifting for Women will change the way women see fitness, nutrition and their own bodies.

Navigating the available fitness information online can be confusing and time-consuming at best, and a minefield of misinformation at worst. One inherent problem is that information online is always presented as supremely important and as the next 'big thing,' without context or any understanding of priorities. Enter The Muscle and Strength Pyramid books. The foundational concept of these books is understanding priorities and context, so you can take all the pieces of the puzzle and fit them together into an actionable plan. * Six sample routines to get you started quickly Six programs for novice, intermediate, and advanced-level bodybuilders and strength-focussed athletes. * Break through those training plateaus With our full progression guidelines and examples, you'll never be left frustrated and wondering what to do next. * Learn how to tailor your own programming for faster results Our quick-start programming guide will show you how to apply all the principles that go into program design. The chief author of the books, Dr. Eric Helms, has not only the academic understanding of training and nutrition as an active researcher but also extensive practical experience. He has been a personal trainer, powerlifting and bodybuilding coach since 2005, helping hundreds bridge the gap between science and practice to reach their goals. In addition, he has the minds of Andrea Valdez, and Andy Morgan to ensure the concepts are communicated clearly and effectively and no stone is left unturned. Andrea is a lifelong athlete with extensive coaching experience and her Masters in Exercise Physiology, and Andy is a successful writer and consultant for body composition change with a unique grasp of how to communicate topics to diverse groups, as he produces content for both the Japanese and English speaking fitness communities. Together, they bring you The Muscle and Strength Training Pyramid, the hierarchical, comprehensive, evidence-based guide that is a must-have for every serious lifter or trainer.

Prepare to look, feel, and perform better than you ever have before! Why bodybuilding? Put simply, lifting weights--or

resistance training--is one of the best ways to achieve total body health and fitness. Research has shown time and again that pumping iron provides a host of benefits: Bigger muscles, of course, but also greater strength, higher bone density, and improved cardiovascular capacity. Adding muscle also naturally ignites your body's internal fat-burners, increasing your metabolism while lowering your blood pressure and cholesterol. Oh yeah, and you'll look terrific. Here's all you need to start building serious muscle, including crucial information on: Complete workouts and techniques to maximize results Specific tips on achieving more defined abs, arms, legs, chest, and back, How bodybuilding is different and better than other training methods Basic anatomy and physiology "Gym jargon" via a special decoder How long and often you should work out--and how much recovery time your body needs

Developed by the National Academy of Sports Medicine (NASM), this book is designed to help people prepare for the NASM Certified Personal Trainer (CPT) Certification exam or learn the basic principles of personal training using NASM's Optimum Performance Training (OPT) model. The OPT model presents NASM's protocols for building stabilization, strength, and power. More than 600 full-color illustrations and photographs demonstrate concepts and techniques. Exercise color coding maps each exercise movement to a specific phase on the OPT model. Exercise boxes demonstrate core exercises and detail the necessary preparation and movement. Other features include research notes, memory joggers, safety tips, and review questions.

Eat Delicious, Nutrient-Rich Muscle Meals, Save \$'s and Put on Lean Muscle While in the Process The number one reason why people fall off track and give up when incorporating a new diet to lose weight and build muscle, is not making enough effort in the kitchen. This is after all where muscles are built, but it's much more complex than that, it's not only about the foods contained within your diet, it's the timing, quantity, when and why. If you're looking to shed fat while building muscle, meal timing is essential, and you'll learn all about that, right here. It's a misconception that you must have a huge amount of protein in your diet and per meal, which is why bodybuilding diets can appear costly. You can lift weights day and night for hours on end, it doesn't matter, if you aren't feeding your body the correct nutrients to fuel your workouts and recover afterwards, then all the effort will go to waste. Jacob Lewis is a former Personal Trainer and Dietary Advisor in the UK and has worked within the industry for over 7 years. He's passionate about helping those who wish to transform their body and shed fat, and as a former broke student himself, creating a delicious, nutrient rich diet while on a budget, has become his forte. Jacob not only breaks down when to eat certain types of food to optimise muscle gains while shedding fat, he also provides a scientific method used by many fitness trainers within the industry, to calculate your exact energy needs. With a little time dedicated to this, it'll become much easier to create a diet plan with the exact amount of food required. Therefore, while on a budget, taking the time to calculate your energy needs can make all the difference to your wallet. For each recipe there's an exact calorific breakdown, which enables you to keep track of exactly what you're taking in, along with exact portions sizes of each macronutrient, complete with a step by step cooking process. Also, inside is a shopping list example for your first week's shop, along with an estimated price guideline of each item. Each chapter contains a brief introduction to the importance of the type of food to consume at that time of day and why. The chapters include: - Muscle building breakfasts - Pre-workout recipes - Immediately after workout recipes - Post workout recipes - Before bed recipes - Healthy desert recipes - Non-training day menu Broke and "can't afford" a bodybuilding diet? Shawn Baker's Carnivore Diet is a revolutionary, paradigm-breaking nutritional strategy that takes contemporary dietary theory and dumps it on its head. It breaks just about all the "rules" and delivers outstanding results. At its heart is a focus on simplicity rather than complexity, subtraction rather than addition, making this an incredibly effective diet that is also easy to follow. The Carnivore Diet reviews some of the supporting evolutionary, historical, and nutritional science that gives us clues as to why so many people are having great success with this meat-focused way of eating. It highlights dramatic real-world transformations experienced by people of all types. Common disease conditions that are often thought to be lifelong and progressive are often reversed on this diet, and in this book, Baker discusses some of the theory behind that phenomenon as well. It outlines a comprehensive strategy for incorporating the Carnivore Diet as a tool or a lifelong eating style, and Baker offers a thorough discussion of the most common misconceptions about this diet and the problems people have when transitioning to it.

#1 NEW YORK TIMES BESTSELLER • The game-changing author of *Tribe of Mentors* teaches you how to reach your peak physical potential with minimum effort. "A practical crash course in how to reinvent yourself."—Kevin Kelly, *Wired* Is it possible to reach your genetic potential in 6 months? Sleep 2 hours per day and perform better than on 8 hours? Lose more fat than a marathoner by bingeing? Indeed, and much more. *The 4-Hour Body* is the result of an obsessive quest, spanning more than a decade, to hack the human body using data science. It contains the collective wisdom of hundreds of elite athletes, dozens of MDs, and thousands of hours of jaw-dropping personal experimentation. From Olympic training centers to black-market laboratories, from Silicon Valley to South Africa, Tim Ferriss fixated on one life-changing question: For all things physical, what are the tiniest changes that produce the biggest results? Thousands of tests later, this book contains the answers for both men and women. It's the wisdom Tim used to gain 34 pounds of muscle in 28 days, without steroids, and in four hours of total gym time. From the gym to the bedroom, it's all here, and it all works. You will learn (in less than 30 minutes each):

- How to lose those last 5-10 pounds (or 100+ pounds) with odd combinations of food and safe chemical cocktails
- How to prevent fat gain while bingeing over the weekend or the holidays
- How to sleep 2 hours per day and feel fully rested
- How to produce 15-minute female orgasms
- How to triple testosterone and double sperm count
- How to go from running 5 kilometers to 50 kilometers in 12 weeks
- How to reverse "permanent" injuries
- How to pay for a beach vacation with one hospital visit

And that's just the tip of the iceberg. There are more than 50 topics covered, all with real-world experiments, many including more than 200 test subjects. You don't need better genetics or more exercise. You need immediate results that compel you to continue. That's exactly what *The 4-Hour Body* delivers.

A PAPERBACK ORIGINAL High-intensity bodybuilding advice from the first man to win a perfect score in the Mr. Universe competition This one-of-a-kind book profiles the high-intensity training (HIT) techniques pioneered by the late Mike Mentzer, the legendary bodybuilder,

leading trainer, and renowned bodybuilding consultant. His highly effective, proven approach enables bodybuilders to get results--and win competitions--by doing shorter, less frequent workouts each week. Extremely time-efficient, HIT sessions require roughly 40 minutes per week of training--as compared with the lengthy workout sessions many bodybuilders would expect to put in daily. In addition to sharing Mentzer's workout and training techniques, featured here is fascinating biographical information and striking photos of the world-class bodybuilder--taken by noted professional bodybuilding photographers--that will inspire and instruct serious bodybuilders and weight lifters everywhere.

Continuing with their Amazon #1 best-selling series, Jailhouse Strong, Bryant and benShea return to deliver a guide on interval training. Instead of performing endless hours of long, slow cardio that makes you weaker, slower, and eats away at your muscle, Jailhouse Strong Interval Training is a time efficient way to lean out and harden up. Whether inside a posh gym or limited by space inside a cramped hotel room, the workout programs included inside of this work offer a means to make the most of your environment and enhance your current

reality. While the workout approach of this book is rooted in the physical culture cultivated behind bars, this book takes the subject of interval training well beyond the confinement of prison walls. Whatever your current reality, these interval training workouts can get you leaner, harder, and improve the trajectory of your physical development. Praise for Jailhouse Strong: "If you are looking for something that is simple and you do not have to have very sophisticated equipment, this is the book to read. I strongly recommend that you buy Jailhouse Strong." Charles Poliquin - World Renowned Strength Coach "Now you have no excuse to get yourself in fantastic shape!" Fred "Dr. Squat" Hatfield, PhD - President of ISSA "Jailhouse Strong is good for grapplers, cage fighters, and everyday folks!" Ricardo "Franjinha" Miller - Founder and Head Instructor of Paragon Brazilian Jiu-Jitsu Academies "There's no gimmicks here...It's about results!" Zach Even-Esh Josh Bryant has held world records in powerlifting and won the Strongest Man in America title in 2005. Now, he is referred to as the "trainer of the superstars" because he works with some of the world's strongest and most muscular athletes at Metroflex Gym in Arlington, Texas, and via the Internet. To contact Josh about seminars, online coaching or to sign up for his free training tips newsletter, visit www.JoshStrength.com. Adam benShea is a Brazilian Jiu-Jitsu black belt and has won the California, Pan Am, and World Championships. He teaches Brazilian Jiu-Jitsu and is a college lecturer on California's central coast.

Both the Soviet Special Forces and numerous world-champion Soviet Olympic athletes used the ancient Russian Kettlebell as their secret weapon for extreme fitness. Thanks to the kettlebell's astonishing ability to turbo charge physical performance, these Soviet supermen creamed their opponents time-and-time-again, with inhuman displays of raw power and explosive strength. Now, former Spetznaz trainer, international fitness author and nationally ranked kettlebell lifter, Pavel Tsatsouline, delivers this secret Soviet weapon into your hands. JNL's inspirational weight loss success story has motivated millions worldwide. She is the world's top fitness model, and her new book reveals her top secrets to becoming sexy, strong, and sleek.

James Mobike's Bodybuilding Get Swole Workout Journal

From the muscle god who launched the YouTube channel Bro Science Life comes the only book that will teach you everything you need to know about getting swole. For years, bros, meatheads, and gym rats around the world have posed pressing questions: What can you bench? Can I skip leg day? What goes in this protein shake? And importantly—do you even lift, bro? At long last, answers to these questions and more can be found in one handy volume—THE SWOLY BIBLE, written by the Internet's favorite gym expert/literary genius, Dom Mazzetti. In it, Mazzetti lays out the truth about how to make gains in the gym and in your life, including: - How to Get Hyped for a Lift - The True Meaning of Meal Prep - How to Eat Chicken Without Wanting to Kill Yourself - The Best Tips for Taking a Post-Workout Selfie - How to Get Your Girlfriend to Start Lifting - Why Crossfitters Are the Worst - And much more Written in Dom's signature comedic voice, with illustrations throughout, The Swoly Bible is the perfect gift for anyone in your #fitfam.
