*Get Your Sh*t Together Notebook* Robin Smith, Notebooks Journals, 2017-02-06 Notebook for Increased Productivity | Record Ideas & Inspiration Do you love being creative and productive? Do you enjoy notebooks and journals? Then you need the GET YOUR SH*T TOGETHER NOTEBOOK! This no nonsense notebook & journal is a great place to express your thoughts, take notes, or to just keep lists of to do tasks. I Have A Laptop, Why Use A Notebook? Technology is everywhere these days, promising to make our lives more productive. Indeed, some tasks now are faster and easier than anyone could have been imagined before. Unfortunately, technology often focuses on the task, not the user. So, we can now take more notes, yet have lower comprehension levels. Have you ever taken a copious amount of notes, only to realize afterwards that your still didn't quite understand? Studies by handwriting notes, you are forced to synthesize rather than merely transcribe. It's understandable for anyone to equate more notes with better comprehension. However, if you were accused of a crime and the worlds most experienced court stenographer offered to represent you for free. Would you save a buck or shell out money for an experienced attorney. The stenographer has heard as many court arguments, been in as many trials, listened to as many verdicts as most attorneys. However, their experience has primarily been that of transcription, not of synthesis and understanding. If you're looking for improved understanding and not to merely transcribe, the Zebra Notebook is a cheap and effective answer. Studies About Benefits of Paper Notebooks Don't just take my word, based on a study conducted at UCLA, the Association for Psychological Science indicated that taking notes by hand is better than taking notes on a laptop for remembering. Will you take advantage of this knowledge to gain an edge on your competition at school, work, or business? How will better understanding make things help you achieve your goals? Organize Your Life Get rid of little scraps of paper you use to capture inspirations and ideas, daily tasks, notes, and phone numbers. Use the Get Sh*t Done Notebook to neatly organize your life. Feel Better By Logging Your Progress When I was in the corporate world, I'd tell employees to write down their accomplishments as they happened. At review time, most of us are too bogged down with current work and activities to remember the great things we did 9, 6, or even 3 months ago. Record your progress towards hobbies, weight loss and other life goals so you can look back and feel good about yourself! What Really Matters? Think about the importance of
