The industry-leading Sentence Correction GMAT Strategy Guide delves into every major principle and minor subtlety of grammar tested on the GMAT. From its comprehensive list of GMAT-specific idioms to its tailored coverage of topics such as pronouns and parallelism, this guide teaches exactly what students need for GMAT Sentence Correction—and nothing that they don't. Unlike other guides that attempt to convey everything in a single tome, the Sentence Correction GMAT Strategy Guide is designed to provide deep, focused coverage of one specialized area tested on the GMAT. As a result, students benefit from thorough and comprehensive subject material, clear explanations of fundamental principles, and step-by-step instructions of important techniques. In-action practice problems and detailed answer explanations challenge the student, while topical sets of Official Guide problems provide the opportunity for further growth. Used by itself or with other Manhattan Prep Strategy Guides, the Sentence Correction GMAT Strategy Guide will help students develop all the knowledge, skills, and strategic thinking necessary for success on the GMAT. Purchase of this book includes one year of access to Manhattan Prep's online computer-adaptive GMAT practice exams and Sentence Correction Question Bank. All of Manhattan Prep's GMAT Strategy Guides are aligned with both the 2015 Edition and 13th Edition GMAC Official Guide.

GMAT Critical Reasoning Simon and Schuster

Critical Reasoning & Reading Comprehension (1 of the 7 books in Manhattan GMATs Preparation Guide series) illustrates how to deconstruct arguments and reading passages using innovative diagramming techniques designed to build speed and improve accuracy. Students learn the underlying structures of arguments and passages in order to facilitate quick reading and precise analysis. The book offers a unique balance between two competing emphases: test-taking strategies and in-depth content understanding. Practice problem- sets build specific foundational skills in each topic and include the most advanced content that many other prep books ignore. As the average GMAT score required

to gain admission to top b-schools continues to rise, this guide provides test-takers with the depth and volume of advanced material essential for succeeding on the GMATs computer adaptive format. ACE THE GMAT is based on a simple but powerful observation: Test-takers who score high on the GMAT exam do so primarily by understanding how to solve a finite number of the most important, recurring problems that appear on the GMAT. What are these important, recurring problems? The answer to this question is the basis of this book. This manual provides in-depth analysis of over 200 all-star problems that are key to mastering the seven major GMAT problem types including Problem Solving, Data Sufficiency, Sentence Correction, Critical Reasoning, Reading Comprehension, Analytical Writing, and Integrated Reasoning. Apart from providing readers with answers and full explanations, a special feature of this book is that each problem is categorized by type ("classification"), rated by difficulty level ("chili rating"), and supplemented with a problem-solving strategy ("snapshot"). "Chance favors the prepared mind." Whether you're a candidate already enrolled in a test-prep course or are undertaking self-study, this guidebook will serve as a rigorous skill-building study guide to help you conquer the math, verbal, analytical writing, and integrated reasoning sections of the exam. Studying for the math and verbal sections of the GMAT exam requires some 100 hours of study time. This book's content is conveniently divided into topics, which require two to three hours of study time per day. Total study time will vary between 80 to 120 hours for the entire 40 days. Solving (Official exam instructions for Problem Solving, Strategies and approaches, Review of basic math, Multiple-choice problems, Answers and

explanations); Chapter 3 – Data Sufficiency (Official exam instructions for Data Sufficiency, Strategies and approaches, How are answers chosen in Data Sufficiency? How do the big seven numbers work? Multiple-choice problems, Answers and explanations); Chapter 4 – Sentence Correction (Official exam instructions for Sentence Correction, Strategies and approaches, Review of Sentence Correction, Multiple-choice problems, Answers and explanations); Chapter 5 – Critical Reasoning (Official exam instructions for Critical Reasoning, Strategies and approaches, Review of Critical Reasoning, Multiple-choice problems, Answers and explanations); Chapter 6 – Reading Comprehension (Official exam instructions for Reading Comprehension, Strategies and approaches, Review of Reading Comprehension, Answers and explanations); Chapter 7 – Analytical Writing Workshop (Official exam instructions for the Analytical Writing Assessment, Strategies and approaches, Review of Analytical Writing, Essay exercises, Outlines and proposed solutions); Chapter 8 – Integrated Reasoning Workshop (Official exam instructions for Integrated Reasoning, Strategies and approaches; Review of Integrated Reasoning with exercises, Answers and explanations); Appendix I – GMAT and MBA Informational Websites (Registering for the GMAT exam; MBA fairs & forums; MBA social networks; GMAT courses; Other GMAT & MBA websites; Information on business school rankings); Appendix II – Contact Information for the World’s Leading Business Schools (U.S. business schools; Canadian business schools; European business schools; Australian business schools; Asia-Pacific business schools; Latin and South American business schools; South African business schools); Quiz – Answers; On a Personal Note; Praise for Ace the GMAT. “Finally, a book that helps you master those learning skills that are critical to success on the GMAT.” —Linda B. Meehan, former Assistant Dean & Executive Director of Admissions, Columbia Business School

With 25% brand new content, The Official Guide for the GMAT Review 2016 delivers more than 900 retired questions from the official GMAT exam, complete with answer explanations and a 100-question diagnostic exam to help focus your test preparation efforts. Also includes exclusive online resources: Build your own practice tests with the exclusive online question bank of 900 questions, with answers and explanations, math review, essay topics and a diagnostic test, as well 50 integrated reasoning questions Exclusive access to videos with insight and tips on GMAT preparation from previous test-takers and from the officials who create the test

The GMAT Critical Reasoning Grail spans more than 240 pages and helps you master Critical Reasoning on the GMAT in a systematic way. The book firstly builds a strong foundation by discussing the basics of Critical Reasoning and

then addresses each question type in-depth. It then goes a step further and provides you 100 practice questions for intensive practice. Like the Sentence Correction Grail, the Critical Reasoning Grail is written in an engaging manner and will equip you with all the skills that you need to tackle Critical Reasoning questions confidently. This book is superior to the other books available for Critical Reasoning in many ways. The GMAT Critical Reasoning Grail contains the most up-to-date content for Critical Reasoning. For example, while other books focus on Main Point questions, these question types rarely appear on the GMAT now. Similarly question types such as Logically complete the passage, which are increasingly being tested on the GMAT, find no mention in other books, whereas the CR Grail has an entire chapter that discusses this question type. What also distinguishes the GMAT Critical Reasoning Grail is that it helps you master Critical Reasoning in a step-by-step manner, using jargon free language and does not make you dependent on the diagrammatic approach. It is also the only book that provides you 100 Critical Reasoning Questions for practice. Your ticket to scoring high on the GMAT The new GMAT test includes a 30-minute Integrated Reasoning section with new question types; this new Integrated Reasoning section replaces one of the two 30-minute essays previously included in the test. CliffsNotes GMAT addresses this change and gives you ample practice opportunities in the book and on the accompanying CD-ROM. CD includes the book's test and subject reviews plus three bonus tests. Learning modules in the review sections to help readers with different cognitive learning styles. Expanded math review. Strategies to reduce test-taking anxiety. Visual graphic illustrations (flow charts, diagrams) to create multiple pathways toward learning. Side bar notes of "tips, tricks or helpful hints". Computer strategies for the newly revised exam. If you're preparing for the GMAT, CliffsNotes has you covered. CD-ROM/DVD and other supplementary materials are not included as part of the e-book file, but are available for download after purchase.
