In the Official Guide Companion, each math question is broken down and explained by our expert instructors, who not only have 99th percentile scores, but years of experience teaching the GMAT. The explanations in this book provide detailed, step-by-step approaches to every Problem Solving and Data Sufficiency question in the Official Guide. Where appropriate, The Official Guide Companion also details more than one way to arrive at the solution. And perhaps most importantly, all explanations are accessible and provide a framework for answering the particular question as well as similar questions you may see on the real test. Purchase of this book includes six months of online access to 6 full-length, computer-adaptive practice exams and GMAT Navigator.

Ace the GMAT Verbal will help readers develop the skills and mindset needed to score high on the verbal section of the GMAT exam. This book contains the excerpted verbal chapters on Sentence Correction, Critical Reasoning, and Reading Comprehension including Analytical Writing and Integrated Reasoning, as taken from the parent ebook/paperback titled Ace the GMAT: Master the GMAT in 40 Days. “Chance favors the prepared mind.” Whether you’re a candidate already enrolled in a test-prep course or are undertaking self-study, this book will serve as a rigorous skill-building study guide to help you conquer the verbal section of the GMAT exam. It also includes special workshops on analytical writing and integrated reasoning. Studying for the verbal sections of the GMAT exam requires some 50 hours of study time. This book’s content is conveniently divided into topics, which require two to three hours of study time per day. Total study time will vary between 40 to 60 hours for the entire 20 days. “I used this book as my main source of study, supplementing it with practice from The Official Guide for GMAT Review. The Official Guide has lots of problems to practice on, but Ace the GMAT is superb for helping understand conceptually how

the problems work. I highly recommend this manual as your first line of defense. It helped me achieve a 700-plus GMAT score with only a month's practice, despite English not being my first language." —Sam Mottaghi, former consultant, Accenture; Cambridge Judge Business School graduate
