A. Alan Isaacs invites readers to sit in Xander's study alongside the lawyer as he listens to stories about how the Hawkins family discovered a love for orphans and an unimaginable treasure! Along the way, readers can snap pictures of QR Codes embedded throughout Rooster's Gold to effortlessly connect the written word to an internet-based resource. Readers can also fact-check Xander's stories as his relatives encounter several of history's heroes, such as Davy Crockett, Theodore Roosevelt and his Rough Riders, and many more! After returning from the Spanish-American war, Rooster's son learns that orphaned and abandoned children are being put on trains in New York City and 'whistle-stopped' across the United States to live and work on farms to produce crops for the country's exploding population. Witness how the stories of these Orphan Train Children profoundly impact the Hawkins' family—and the New York lawyer.

salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.
