For those friends and acquaintances, who have expressed a wish to read the complete story of my life, from my childhood to the present time, I have undertaken the writing of this book. By including even some incidents that, in themselves, may seem trivial, I have tried to make this account a full and accurate autobiography. In modesty, however, I have also desired to render my story as simple as possible, in fact, to give a vivid picture of my work, my opinions and my aspirations, not only as a teacher but also as a writer of sacred songs; and if I have spoken with a frankness that may seem akin to egotism, I hope that I may be pardoned; for I am fully aware of the immense debt I owe to those numberless friends, only a few of whom I have been able to mention, and especially to that dear Friend of us all, who is our light and life.

The 44 essays in this volume embrace a wide range of academic disciplines: theological; historical; demography and geography; and different aspects of culture and ethics. They are united in their discussion of what is effectively a new inter-disciplinary subject which we have termed 'Anglican Studies'. The contributions are drawn from across the spectrum of theological views and opinions. It shows that the unsettled nature of the polity is part of its own rich history; and many will see this as a somewhat lustrous tradition. In its comprehensive coverage, this volume is a valuable contribution to Anglican Studies and helps formulate a discipline that might perhaps promote dialogue and discussion across the Anglican world.

I have gleaned these stories from conversations with these wonderful songwriters, from friends who knew them and from periodicals and books of hymnology. Although this book is primarily a devotional volume, the contents can be used as sermon illustrations, Sunday school lesson illustrations or story backgrounds for youth or children's gatherings. Schoolteachers have often found them to be exciting to their students. - Preface.

Examining nineteenth-century British hymns for children, Alisa Clapp-Itnyre argues that the unique qualities of children's hymnody created a space for children's empowerment. Unlike other literature of the era, hymn books were often compilations of many writers' hymns, presenting the discerning child with a multitude of perspectives on religion and childhood. In addition, the agency afforded children as singers meant that they were actively engaged with the text, music, and pictures of their hymnals. Clapp-Itnyre charts the history of children's hymn-book publications from early to late nineteenth century, considering major denominational movements, the importance of musical tonality as it affected the popularity of hymns to both adults and children, and children's reformation of adult society provided by such genres as missionary and temperance hymns. While hymn books appear to distinguish 'the child' from 'the adult', intricate issues of theology and poetry - typically kept within the domain of adulthood - were purposely conveyed to those of younger years and comprehension. Ultimately, Clapp-Itnyre shows how children's hymns complicate our understanding of the child-adult binary traditionally seen to be a hallmark of Victorian society. Intersecting with major aesthetic movements of the period, from the peaking of Victorian hymnody to the Golden Age of Illustration, children's hymn books require scholarly attention to deepen our understanding of the complex aesthetic network for children and adults. Informed by extensive archival research, *British Hymn Books for Children, 1800-1900* brings this understudied genre of Victorian culture to critical light.

Audio Files located on Soundcloud Essential Song: Three Decades of Northern Cree Music, a study of subarctic Cree hunting songs, is the first detailed ethnomusicology of the northern Cree of Quebec and Manitoba. The result of more than two decades spent in the North learning from the Cree, Lynn Whidden's account discusses the tradition of the hunting songs, their meanings and origins, and their importance to the hunt. She also examines women's songs, and traces the impact of social change—including the introduction of hymns, Gospel tunes, and country music—on the song traditions of these communities. The book also explores the introduction of powwow song into the subarctic and the Crees struggle to maintain their Aboriginal heritage—to find a kind of song that, like the hunting songs, can serve as a spiritual guide and force. Including profiles of the hunters and their songs and accompanied (online) by original audio tracks of more than fifty Cree hunting songs, *Essential Song* makes an important contribution to ethnomusicology, social history, and Aboriginal studies.

Much has been written about the Sermon on the Mount, but Oswald Chambers' unique way of explaining these teachings will give us eyes to see so much more than just rules or ideas or goals. Chambers ushers us into the mind-set that our relationship with God comes first, and then Christlike character and desires will follow. Through this book, you can better understand Jesus' teachings on how to honor Him and what "living" really means.
