The inspiration for Chloé Zhao's 2020 Golden Lion award-winning film starring Frances McDormand. "People who thought the 2008 financial collapse was over a long time ago need to meet the people Jessica Bruder got to know in this scorching, beautifully written, vivid, disturbing (and occasionally wryly funny) book." —Rebecca Solnit From the beet fields of North Dakota to the campgrounds of California to Amazon's CamperForce program in Texas, employers have discovered a new, low-cost labor pool, made up largely of transient older adults. These invisible casualties of the Great Recession have taken to the road by the tens of thousands in RVs and modified vans, forming a growing community of nomads. *Nomadland* tells a revelatory tale of the dark underbelly of the American economy—one which foreshadows the precarious future that may await many more of us. At the same time, it celebrates the exceptional resilience and creativity of these Americans who have given up ordinary rootedness to survive, but have not given up hope.

NATIONAL BESTSELLER • "A fire-breathing, righteous attack on the culture of superprivilege."—Michael Wolff, author of the #1 New York Times bestseller *Fire and Fury*, in the New York Times Book Review **NOW WITH NEW REPORTING ON OPERATION VARSITY BLUES** In this explosive and prescient book, based on three years of investigative reporting, Pulitzer Prize winner Daniel Golden shatters the myth of an American meritocracy. Naming names, along with grades and test scores, Golden lays bare a corrupt system in which middle-class and working-class whites and Asian Americans are routinely passed over in favor of wealthy white students with lesser credentials—children of alumni, big donors, and celebrities. He reveals how a family donation got Jared Kushner into Harvard, and how colleges comply with Title IX by giving scholarships to rich women in "patrician sports" like horseback riding and crew. With a riveting new chapter on Operation Varsity Blues, based on original reporting, *The Price of Admission* is a must-read—not only for parents and students with a personal stake in college admissions but also for those disturbed by the growing divide between ordinary and privileged Americans. Praise for *The Price of Admission* "A disturbing exposé of the influence that wealth and power still exert on admission to the nation's most prestigious universities."—The Washington Post "Deserves to become a classic."—The Economist

GLUTEN-FREE GHOULS is a FUN, COLORFUL children's book that will be a DELIGHT TO ALL READERS young and old while sharing a valuable lesson on why it's important to eat healthy! The six Gluten-Free Ghoul characters Gloppy, Bogey, Teaky, Oafie, Pops, and Bonkers live in a giant treehouse and love to play baseball and golf - and they even skateboard! But their favorite thing to do is eat! Join them as they scramble through town gobbling up leftover pizza, spaghetti, and their favorite pies. The only trouble is that their not-so-healthy eating habits begin to create some frustrating and itchy symptoms. Their doctor tells them to eat a gluten-free diet. Gluten-Free Ghouls is a great rhyming book that is sure to bring about some giggles as children enjoy the silly characters while the story builds awareness of the importance of eating well. Food sensitivities like gluten or allergies such as peanuts, dairy, etc. are so prevalent these days and children need to be aware of what can happen even if they don't have celiac disease (a severe innate autoimmune disorder) or aren't allergic to certain foods themselves. It also helps children without gluten sensitivities or allergies to better understand what their friends go through who do have to follow specific diets. As for friends who have celiac disease, gluten sensitivities or food allergies, Gluten-Free Ghouls will show them that others deal with the same issues even six hungry green ghouls. GLUTEN-FREE GHOULS WOULD BE A GREAT ADDITION TO ANY BOOKSHELF IN ANY LIBRARY, SCHOOL, OR HOME. Please visit us online at glutenfreeghouls.com. With an adult's/parent's approval, children can join the GLUTEN-FREE GHOU'L'S FAN CLUB and receive a FREE FAN CLUB BOOKMARK when they e-mail paige@glutenfreeghouls.com and share what they like most about the book and who their favorite Gluten-Free Ghoul is.

First published in 1971, Rules for Radicals is Saul Alinsky's impassioned counsel to young radicals on how to effect constructive social change and know "the difference between being a realistic radical and being a rhetorical one." Written in the midst of radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

One of Germany's most auspicious contributions to the dog world is the impressive Giant Schnauzer, a purebred dog of unmistakable style and superb working ability. Recognizable for prominent facial furnishings; beard, eye brows, and

moustache; his blunt-wedged muzzle, and his solid, muscular "giant" stature, the Giant Schnauzer is the largest of the Fatherland's three schnauzer breeds. The breed today enjoys a true international following stretching from Europe to America and England to South America and beyond. As the author discusses in the chapter on the breed's characteristics, this level-headed working dog is not aggressive by nature, but he is fearless and determined, requiring an owner with a great sense of humor, much patience, and good dog sense. A member of the AKC Working Group, the Giant Schnauzer is called upon to guard homes and estates and to work side by side with military and police personnel, though the breed is by nature docile, extremely intelligent, and highly trainable. New owners will welcome the well-prepared chapter on finding a reputable breeder and selecting a healthy, sound puppy. Chapters on puppy-proofing the home and yard, purchasing the right supplies for the puppy as well as house-training, feeding, and grooming are illustrated with photographs of handsome adults and puppies. In all, there are over 135 full-color photographs in this useful and reliable volume. The author's advice on obedience training will help the reader better mold and train into the most well-mannered dog in the neighborhood. The extensive and lavishly illustrated chapter on healthcare provides up-to-date detailed information on selecting a qualified veterinarian, vaccinations, preventing and dealing with parasites, infectious diseases, and more. Sidebars throughout the text offer helpful hints, covering topics as diverse as historical dogs, breeders, or kennels, toxic plants, first aid, crate training, carsickness, fussy eaters, and parasite control. Fully indexed.
