**Shakespeare Stories** Leon Garfield, William Shakespeare, 1985 By skillfully weaving his own prose with Shakespeare's language, Leon Garfield has refashioned twelve of the Elizabethan playwright's most memorable dramas into stories, capturing all the richness of the characters, plot, mood, and setting. This format will delight both those who know the great dramatist's works and those who are new to them. Michael Foreman's dramatic color illustrations and varied black-and-white line drawings are the perfect complement to this celebration of Shakespeare's genius.

*All Whom I Have Loved* Aharon Appelfeld, 2015-03-10 *All Whom I Have Loved* is the haunting story of a Jewish family in Eastern Europe in the 1930s as seen through the eyes of an unforgettable nine-year-old boy. The beloved only child of divorced parents, Paul watches helplessly as his family and his world dissolve around him. At first he lives with his mother—a secular, assimilated schoolteacher, whom he adores until she “betrays” him by marrying a gentile. He’s then sent to live with his father—once an admired avant-garde artist, but now reviled by the critics as a “decadent Jew,” who drowns his anger, pain, and humiliation in drink. Paul searches in vain for a life of stability and meaning. The earthy peasant girl who briefly takes care of him, the pull he feels toward the Jews praying in the local synagogue, and his fascination with Eastern Orthodox church rituals give him only tantalizing glimpses into worlds of which he can never be a part. The fates that Paul’s parents will meet with Paul as terrified witness, and his own fate as an orphaned Jewish child alone in Europe in 1938, are rendered

by Aharon Appelfeld with extraordinary subtlety and power, as they foreshadow, in the heart-wrenching story of three individuals, the cataclysm that is about to engulf all of European Jewry.

**Birth and Death of the Housewife** Paola Masino,2010-07-02 Stepping out of her beloved trunk full of bread crumbs, dust, spider webs, books, and ragged funeral ornaments, the young protagonist of Paola Masino's most controversial novel realizes that her fate is already sealed. She will have to conform to society's expectations of a woman: her wild imagination will have to be controlled, her intelligence kept at bay. In short, she will have to become a Housewife. Subject to Fascist censorship before its first publication in 1945, *Birth and Death of the Housewife* offers a surrealist criticism of Fascism and the rigid notion of womanhood it promoted. In her depiction of a woman's struggle to play a role that simply does not correspond to her desires, Masino expresses a frustration and a rebellious instinct rarely found among her contemporaries. Defying interpretations and standing alone among the heroines of twentieth-century Italian literature, Masino's *Housewife* remains an uncomfortable, enigmatic figure whose impudent determination to challenge the bulwarks of traditional female roles reaches beyond historical boundaries and resonates powerfully with contemporary readers.

*The Architecture of Pica Ciamarra Associati* Antonietta Iolanda Lima,2019-04 Since 1970, based in an isolated building situated on the peninsula of Posillipo, Pica Ciamarra Associati ([www.pcaint.eu](http://www.pcaint.eu)) has acted as a laboratory of architectural and urban design which has gradually incorporated new members and new energies over the time: using a multidisciplinary approach, the roots of the architectural practice lie in the intensive theoretical and practical work begun in the early 1960s by Massimo Pica Ciamarra. Since then the practice has been marked by a continuous relationship with Le Carré Bleu Feuille internationale d'architecture and leading members of the cultural milieu of Team 10: this has led to constant attention to everything that lies beyond form, to the relationship with contexts that also include non-spatial contexts, and to high levels of integration and dialectical discussion. According to Pica Ciamarra Associati, a design transcends the approaches of a single sector, providing simultaneous solutions to contradictory requirements, combining utopia and practicality. The poetics of the fragment: it mediates between architecture and the urban dimension; some designs also have the aim of becoming absorbed within a context as 'informed fragments'. This monograph is the result of an intensive period of work and consists of two interacting parts. It stems from research into the archive of the studio Pica Ciamarra and conversation with the members of the architectural practice. Organised diachronically, the book tells the long story, unfolding over a period of over

fifty years of a team of Neapolitan architects and designers, who have maintained the lively spirit of the practice which is still geared towards the future. The textual and iconographic account tells a story and offers an interpretation that highlight the vibrant atmosphere of the studio, based on a consistency of thought and action, and fuelled by an interest in many different forms of knowledge. The contextualisation of the events related to the studio, as they unfolded over time, is wide-ranging, coherent and connotative. Antonietta Iolanda Lima, professor of history of architecture at the University of Palermo, has always tried, through theory, teaching and design, to disseminate the importance of history which can embracing innovation and tradition to an equal degree, forming a new architectural language. According to her view of architecture, history and design are closely connected, a 'single entity' as is reflected by her career. Since the 1980s, her academic work has gained increasing importance, a way of avoiding narrow sectoral approaches in the training of future architects, offering a holistic stance of the history of architecture and an architecture that contributes to shaping critical thought and a thriving cultural life.
