A masterful collection about intimacy, loneliness, and time, each inspired by different works of art, spanning the entirety of the great Italian writer's career. In Stories with Pictures, Antonio Tabucchi responds to photographs, drawings, and paintings from his dual homelands of Italy and Portugal, among other European countries. The stories in this collection spring forth from the shadows of Tabucchi's imagination, as he steps into worlds just hidden from view. From inscrutable masks of pre-Columbian gods, stamps of bright parrots and postcards of yellow cities, portraits of devilish Portuguese nuns, the way to these remote landscapes appear like a "train emerging from a thick curtain of heat." As we peer through the curtain, what we find on the other side rings distinctly human, a world charged with melancholic longing for time gone by. "Sight, hearing, voice, word" Tabucchi writes, "this flow isn't in one direction, the current is back and forth." Reading these stories, one feels the pendulum current, and the desire in this remarkable author to hold the real in the surreal.

Partito da una raccolta di ricordi per Amici e da questi sorpreso da tanta memoria e affetto, spronato ad approfondire i racconti, eccomi qui ad avventurarmi nel completamento di un intero libro. Alla mia prima esperienza, mi sfiora una personalissima preoccupazione: «Forse occorre maggiore cultura di quella che mi ritrovo, o una professione a tema?». Provo a rispondermi da solo: probabilmente sì, non sono un addetto ai lavori, ma a parte il fatto che non intendo scrivere il continuo della Divina Commedia, senza che suoni come una giustificazione, aggiungo che durante le numerose rimpatriate con cene tra Amici, si è sottolineato come mi sia sempre ritrovato al centro delle varie compagnie frequentate; sono infatti cresciuto in un appartamento nel bel mezzo del Loggiato del Duomo di Reggio Emilia, sede di un movimentatissimo oratorio e da ragazzo, poi da adulto, ho gestito due locali pubblici, quotidiani luoghi di ritrovo, degli Amici di Mantova, e di quelli di Castiglione delle Stiviere. Dalle risate scaturite a tavola per le battute di tutti, qualcuno ha fatto notare che essendo io sempre presente, dovevo averne viste e sentite più

degli altri. E così, quasi che fossero d'accordo, mi hanno praticamente pregato, pagato e obbligato a scrivere le nostre vicende...o forse sto scherzando; ho accettato naturalmente, e con l'immagine di John Wayne al comando di una polverosa e nebbiosa carica di cavalleria padana, mi sono gettato...sul computer, senza disdegnare il vecchio block notes; non è niente-male scrivere dal mio terrazzo di fronte ai Balcani; in questo relax serbo affluiscono idee e ricordi, così come scuotimenti di pancia e di testa.

The new research presented in this volume suggests that general perceptions (cultural, psychological, geographical), allied to the customs and values of journalism, and underpinned by the uses of technology, significantly shape international news. This gives rise to a blend of the old and the new; traditions of cultural centredness and innovative practices; anchorages of place and the rootlessness of globalization. Technology per se has not swept all before it. On the other hand, its uses have altered the means and methods of international news sourcing, construction and dissemination. Consequently, the uptake of technology has contributed to fundamental changes in style and form, and has greatly facilitated cross-cultural exchanges. The category 'international news' is now more of a hybrid, as recognized by the BBC and others. The chapters in this book demonstrate that this hybridity is unevenly distributed across geo-political domains, and often across time. Nevertheless, as the contributors to this volume show, the concept of 'international news' relies on tightly interwoven elements of orthodox journalism, social media, civic expression and public assembly.

Nella mia piccola città il calcio compie un secolo di vita. Con la prima guerra mondiale erano venuti a combattere i figli degli emigranti in Scozia e con tutta probabilità furono loro a portare nella nostra zona il primo pallone da football, uno sport che in Italia era sul nascere ma in Gran Bretagna era già praticato. Qui da noi fu Johnny Moscardini a insegnare il calcio ai ragazzi e a formare una squadra: la prima partita vera venne disputata sul piazzale sterrato del Fosso, e Johnny ne fu il grande mattatore. Di lì a poco sarebbe stato ingaggiato dalla Lucchese e in seguito convocato in Nazionale per il debutto a Ginevra contro la Svizzera, subito bagnato con un gol. Era il 1921. Nel 1924 nacque la società sportiva e nel 1928 fu inaugurato il campo da calcio in via della Crocetta. Questo libro racconta la storia, che si ripete e si rinnova ad ogni stagione, di una squadra di calcio, proprio come la prima fatta da Johnny Moscardini.

Inizia un nuovo anno scolastico e in classe c'è un nuovo compagno. Si chiama Deng Wao e viene da Tianjin, una città della Cina. In matematica è un genio e in classe qualcuno è addirittura convinto che riesca a leggere nel pensiero. Ma la cosa più incredibile di tutte...è che si è presentato ai provini per entrare nella squadra di calcio del Soto Alto! Con Deng Wao si sono presentati altri sei giocatori! Solo che in campo si gioca in nove. Come se non bastasse, per colpa di una stupida scommessa, il Soto Alto corre anche il rischio di non disputare il campionato interscolastico. Sarà la fine dei Goleador?

A brilliant, kaleidoscopic exploration of soccer—and the passion, hopes, rivalries, superstitions, and global solidarity it inspires—from award-winning author and Mexico's leading sports journalist, Juan Villoro. On a planet where FIFA has more members than the United Nations and the World Cup is watched by more than three billion people, football is more than just a game. As revered author Juan Villoro argues in this passionate and compulsively readable tribute to the world's favorite sport, football may be the most effective catalyst for panglobal unity at the time when we need it most. (Following global consensus, Villoro uses "football" rather than "soccer" in the book.) What was the greatest goal of all time? Why do the Hungarians have a more philosophical sense of defeat than the Mexicans? Do the dead play football? In essays ranging from incisive and irreverent portraits of Maradona, Messi, Ronaldo, Pelé, Zidane, and many more giants of the game to entertaining explorations of left-footedness and the number 10, Juan Villoro dissects the pleasure and pain of football fandom. *God Is Round* is a book for both fanatics and neophytes who long to feel the delirium of the faithful. Praise for *God Is Round* "If you want to talk about soccer, go talk to Juan Villoro." —Carlos Fuentes "In trying times like these, when the anguish and uncertainty can be almost too much to bear, Mexico turns to him, its philosopher-fanatic, to make sense of the seemingly nonsensical. With the nation's hopes for the World Cup spiraling into doubt and chaos, Juan Villoro, one of Mexico's most decorated and esteemed writers — who also happens to be a leading soccer analyst—comes charging down the metaphorical field to scold, explain and extract the lessons within." —The New York Times "The literature of Juan Villoro...is opening up the path of the new Spanish novel of the millennium." —Roberto Bolaño "[Villoro] has assumed the Octavio Paz mantle of Mexican public wise man of letters (though with none of Paz's solemnity, for Villoro is as boyishly effusive, brimming with laughter and cleverness, as Paz was paternalistically dour—and, of course, Villoro, the author of the book *God Is Round*, may be the most fútbol-obsessed man alive)" —Francisco Goldman, *The New Yorker* Juan Villoro is Mexico's most prolific, prize-winning author, playwright, journalist, and screenwriter. His books have been translated into multiple languages; he has received the Herralde Award in Spain for his novel *El testigo*, the Antonin Artaud award in France for *Los culpables*. His novel, *Arrecife*, was recently short-listed for the Rezzori Prize in Italy. Villoro lives in Mexico City and is a visiting lecturer at Yale and Princeton universities. Thomas Bunstead's translations from the Spanish include work by Eduardo Halfon and Yuri Herrera, Aixa de la Cruz's story "True Milk" in *Best of European Fiction*, and the forthcoming *A Brief History of Portable Literature* by Enrique Vila-Matas (a co-translation with Anne McLean). A guest editor of a *Words Without Borders* feature on Mexico (March 2015), Thomas has also published his own writing in the *Times Literary Supplement*, *The Independent*, the *Paris Review* blog, *3ammagazine*, *Days of Roses*, *readysteadybook*, and *>kill* author.

Torino are one of the world's most dramatic and interesting football clubs. Peter Bourne charts the drama and suspense of the summer of 2005 which saw the death and rebirth of the club, placing it within the context of Torino's rich and tragic history. Torino became the first team to be demoted after gaining promotion, have witnessed the death of star players and in 1949 Italy's greatest ever club side wiped out in an air tragedy. This coupled with the passion and resilience of Torino supporters, the epic and lopsided rivalry with Juventus and with the fact that until 1995, Torino had always been one of Italy's top five clubs. The fall and rise of Torino is also placed into context with the unique nature of sport in Italy, the other significant scandals which shocked and paralysed Italian football during the summer of shame and within the context of Turin, a city preparing nervously for the XX Olympic Winter Games in February 2006.

"In this delightful autofiction?the first book by Gainza, an Argentine art critic, to appear in English?a woman delivers pithy assessments of world-class painters along with glimpses of her life, braiding the two into an illuminating whole." ?The New York Times Book Review, Notable Book of the Year and Editors' Choice The narrator of Optic Nerve is an Argentinian woman whose obsession is art. The story of her life is the story of the paintings, and painters, who matter to her. Her intimate, digressive voice guides us through a gallery of moments that have touched her. In these pages, El Greco visits the Sistine Chapel and is appalled by Michelangelo's bodies. The mystery of Rothko's refusal to finish murals for the Seagram Building in New York is blended with the story of a hospital in which a prostitute walks the halls while the narrator's husband receives chemotherapy. Alfred de Dreux visits Ge?ricault's workshop; Gustave Courbet's devilish seascapes incite viewers "to have sex, or to eat an apple"; Picasso organizes a cruel banquet in Rousseau's honor . . . All of these fascinating episodes in art history interact with the narrator's life in Buenos Aires?her family and work; her loves and losses; her infatuations and disappointments. The effect is of a character refracted by environment, composed by the canvases she studies. Seductive and capricious, Optic Nerve marks the English-language debut of a major Argentinian writer. It is a book that captures, like no other, the mysterious connections between a work of art and the person who perceives it.
