Gooberz Linda Goodman,1997-02 Goodman's personal favorite of all her books, an epic love story written in free verse!

How you can achieve financial freedom and financial security, which holistic healing methods really work, the hidden meanings that can be found in numbers, words, and deja vu, how music, color, and crystals can be used to improve your body and your mind.

Why Customers Really Buy Linda Goodman,Michelle Helin,2009-01-01 The motivations customers act on are seldom logical, predictable, or even conscious. Instead, their strongest responses stem from one source: emotion. It's a deceptively simple reality. But it permanently changes the way organizations must go about understanding their customers. Why Customers Really Buy introduces emotional-trigger research, a revolutionary new approach that uncovers the core, unfiltered, and spontaneous triggers that drive customer sales. Traditional market research is outmoded and counterproductive because old methods measure rather than inform. They generate predictable answers that confirm preconceived assumptions. Emotional-trigger research is a powerfully different method that gets to the heart of what companies need to know. Based on an indirect approach that features provocative questions, insightful listening, and in-depth conversations, the results are more spontaneous and enlightening. This book equips sales and marketing professionals with: The keys to solving the mystery of how customer decisions are really made Twelve real-world case studies illustrating how emotional-trigger research solved many of the most pressing sales/marketing challenges companies confront Twelve universal sales/marketing lessons revealed through emotional-trigger research and how to apply those lessons to diverse industries Why Customers Really Buy reveals how customers emotionally connect with a product or service, and goes to the very root of how to craft winning solutions to reach them.

Glory Lane Alan Dean Foster,2021-07-27 A mind-blowing cosmic adventure from the #1 New York Times–bestselling author of the Adventures of Pip & Flinx. It's just another boring late night in Albuquerque, New Mexico, for Seeth, a disillusioned punk rocker with too much time on his hands and too little money. That is, until he heads to a bowling alley and

runs into Kerwin, a geeky graduate student who's there doing research for a sociology assignment. While trying to distract Kerwin from his scholarly pursuits, Seeth notices two burly cops trying to unlawfully arrest a lone bowler, and for laughs, he jumps in to save him. When it turns out the bowler, the cops, and even the bowling ball are all different races of aliens involved in an interstellar chase, Seeth and Kerwin find themselves on a ship careening through space—protecting a mysterious, all-powerful lifeform that might possibly be the most valuable thing in the universe. Seeth's found the excitement he wanted. And he didn't even have to leave Albuquerque—just Earth. Praise for Alan Dean Foster "One of the most consistently inventive and fertile writers of science-fiction and fantasy." —The Times (London) "Alan Dean Foster is a master of creating alien worlds." —SFRevu.com "Foster knows how to spin a yarn." —Starlog "Alan Dean Foster is the modern day Renaissance writer, as his abilities seem to have no genre boundaries." —Bookbrowser

The book’s simple organizational technique made it easy for everyone to follow and understand themselves and others, sign-by-sign.
