Within Pentecostal and Charismatic circles William Branham appeared a man with the combined prophetic status and prowess of Moses, Elijah and John the Baptist. His ministry of healing spearheaded the Healing Revival of the '40s and '50s. The miraculous which was said to attend his meetings dwarfed even the biblical accounts of Jesus' ministry. Appearances of pillars of fire, Christ, the Holy Spirit, angels, clouds and other phenomena were stated to accompany his meetings. Discernments of illnesses and personal information of his patients, staggered the minds of many. His name is found in many religious encyclopedia and in countless Internet Websites, pro and con. Legend of the Fall examines Wm. Branham's life and ministry from the position of an insider. Peter M. Duyzer's evaluation of Wm. Branham's life and his message challenges the status quo of Wm. Branham as a man sent from God. Duyzer holds a Master's degree (MACS) in Modern Apologetics from Northwest Baptist Seminary at Trinity Western University, in Langley, BC, Canada.

A renowned scholar brings to life medieval England's most celebrated knight, William Marshal—providing an unprecedented and intimate view of this age and the legendary warrior class that shaped it. Caught on the wrong side of an English civil war and condemned by his father to the gallows at age five, William Marshal defied all odds to become one of England's most celebrated knights. Thomas Asbridge's rousing narrative chronicles William's rise, using his life as a prism to view the origins, experiences, and influence of the knight in British history. In William's day, the brutish realities of war and politics collided with romanticized myths about an Arthurian "golden age," giving rise to a new chivalric ideal. Asbridge details the training rituals, weaponry, and battle tactics of knighthood, and explores the codes of chivalry and courtliness that shaped their daily lives. These skills were essential to survive one of the most turbulent periods in English history—an era of striking transformation, as the West emerged from the Dark Ages. A leading retainer of five English kings, Marshal served the great figures of this age, from Queen Eleanor of Aquitaine to Richard the Lionheart and his infamous brother John, and was involved in some of the most critical phases of medieval history, from the Magna Carta to the survival of the Angevin/Plantagenet dynasty. Asbridge introduces this storied knight to modern readers and places him firmly in the context of the majesty, passion, and bloody intrigue of the Middle Ages. The Greatest Knight features 16 pages of black-and-white and color illustrations.

The definitive account of how regime change in the Middle East has proven so tempting to American policymakers for decades—and why it always seems to go wrong. "Must reading—by someone who saw it first-hand—for all interested in America's foreign policy and its place in the world." —Robin Wright Since the end of World War II, the United States has set out to oust governments in the Middle East on an average of once per decade—in places as diverse as Iran, Iraq,

Afghanistan (twice), Egypt, Libya, and Syria. The reasons for these interventions have also been extremely diverse, and the methods by which the United States pursued regime change have likewise been highly varied, ranging from diplomatic pressure alone to outright military invasion and occupation. What is common to all the operations, however, is that they failed to achieve their ultimate goals, produced a range of unintended and even catastrophic consequences, carried heavy financial and human costs, and in many cases left the countries in question worse off than they were before. Philip H. Gordon's *Losing the Long Game* is a thorough and riveting look at the U.S. experience with regime change over the past seventy years, and an insider's view on U.S. policymaking in the region at the highest levels. It is the story of repeated U.S. interventions in the region that always started out with high hopes and often the best of intentions, but never turned out well. No future discussion of U.S. policy in the Middle East will be complete without taking into account the lessons of the past, especially at a time of intense domestic polarization and reckoning with America's standing in world.

Composed for the Norfolk and Norwich Festival, *Sea Pictures* was heard for the first time on October 5, 1899 with also Clara Butt accompanied by the Festival Orchestra under the composer's direction. Elgar chose a five poems from five authors, including his wife (who provided the words for the second song). This new vocal score is a digitally enhanced reissue of the one first published in late 1899 by Boosey & Co., London. Unlike so many of the on-demand scores now available, this one comes with all the pages and the images have been thoroughly checked to make sure it is readable. As with all PLP scores a percentage of each sale is donated to the amazing online archive of free music scores and recordings, IMSLP - Petrucci Music Library.

Early twentieth-century Singapore is a place where a person can disappear, and Harriet Gordon hopes to make a new life for herself there, leaving her tragic memories behind her--but murder gets in the way. *Singapore, 1910--Desperate* for a fresh start, Harriet Gordon finds herself living with her brother, a reverend and headmaster of a school for boys, in Singapore at the height of colonial rule. Hoping to gain some financial independence, she advertises her services as a personal secretary. It is unfortunate that she should discover her first client, Sir Oswald Newbold--explorer, mine magnate and president of the exclusive Explorers and Geographers Club--dead with a knife in his throat. When Inspector Robert Curran is put on the case, he realizes that he has an unusual witness in Harriet. Harriet's keen eye for detail and strong sense of duty interests him, as does her distrust of the police and her traumatic past, which she is at pains to keep secret from the gossips of Singapore society. When another body is dragged from the canal, Harriet feels compelled to help with the case. She and Curran are soon drawn into a murderous web of treachery and deceit and find themselves face-to-face with a ruthless cabal that has no qualms about killing again to protect its secrets.

This book contains the essence of Gordon Lindsay's teaching on prayer, and is regarded by many in the charismatic world as a classic work on this vital subject. *The Art of Public Speaking* is a fantastic introduction to public speaking by the master of the art—Dale Carnegie. Featured within this classic manual are hundreds of tips and tricks on how to become an efficient and effective public speaker. One of the core ideas in his books is that it is possible to change other people's behavior by changing one's reaction to them. This is a fascinating work and is thoroughly recommended for everyone.

In 2007 English Heritage commissioned initial research into links with transatlantic slavery or its abolition amongst families who owned properties now in its care. This was part of the commitment by English Heritage to commemorate the bicentenary of the abolition of the British transatlantic slave trade with work that would make a real difference to our understanding of the historic environment in the longer term. The research findings and those of other scholars and heritage practitioners were presented at the 'Slavery and the British Country House' conference which brought together academics, heritage professionals, country house owners and community researchers from across Britain to explore how country houses might be reconsidered in the light of their slavery linkages and how such links have been and might be presented to visitors. Since then the conference papers have been updated and reworked into a cutting edge volume which represents the most current and comprehensive consideration of slavery and the British country house as yet undertaken. Critique of rational choice theory and original, cultural analysis of key historical problem.

Oral Roberts was barely making ends meet when he discovered the three key principles of Seed-Faith in God's Word. "They have never failed me," he shares. "When I had no earthly source or person to turn to, when I was alone with nothing but big problems and challenges facing me, these principles showed me God is my Source. They showed me how to use my giving as a seed I was planting, and to expect God to multiply it even if it took a miracle." *The Miracle of Seed-Faith* has revolutionized the lives of millions of people. As you read it, let God show you how you can get your needs met through His eternal plan of

seedtime and harvest, sowing and reaping, giving and receiving. Man's economic systems may fail, but God's plan never does. By getting into the rhythm of Seed-Faith living, you'll learn that His more-than-enough resources are always available to you.

Paradoxically, as 1954 came to an end William Branham was not satisfied. He thought his supernatural gift should have revolutionized the Christian world, broken down denominational barriers, and brought all Christians together in oneness of spirit, purpose and doctrine. It had not. He decided the reason for this failure was because many Christians did not understand the God they were trying to worship. To remedy this problem, Bill felt led to teach more doctrine in his evangelistic campaigns, explaining the fundamentals of the Christian faith. This decision produced some unexpected results. During 1955, attendance at his faith-healing campaigns declined sharply. Evidently, people welcomed miracles as long as they didn't have to change their own ideas. Some people felt he should concentrate on divine healing and leave the teaching to the pastors, or teachers who had more education.

Essay by Magdalena Dabrowski. Foreword by Richard E. Oldenburg.

From the author of the National Book Award finalist Black Leopard, Red Wolf and the WINNER of the 2015 Man Booker Prize for A Brief History of Seven Killings "An

undeniable success.” — The New York Times Book Review A true triumph of voice and storytelling, *The Book of Night Women* rings with both profound authenticity and a distinctly contemporary energy. It is the story of Lilith, born into slavery on a Jamaican sugar plantation at the end of the eighteenth century. Even at her birth, the slave women around her recognize a dark power that they- and she-will come to both revere and fear. The Night Women, as they call themselves, have long been plotting a slave revolt, and as Lilith comes of age they see her as the key to their plans. But when she begins to understand her own feelings, desires, and identity, Lilith starts to push at the edges of what is imaginable for the life of a slave woman, and risks becoming the conspiracy's weak link. But the real revelation of the book-the secret to the stirring imagery and insistent prose-is Marlon James himself, a young writer at once breathtakingly daring and wholly in command of his craft.

The sermons in this volume were preached by Dr. John G. Lake during the height of his ministry. Many believe he had the greatest healing ministry of his time, first as a missionary to South Africa, and later in Spokane, Washington, where 100,000 healings were recorded in five years. Compiled and edited by Gordon Lindsay.

In many churches today, it feels as if the presence of the Holy Spirit and His vital ministry have grown old-fashioned. Congregations everywhere are void of the operation of His gifts. As a result, believers young and old long for but don't receive His work in their lives. "

Rogue State and its author came to sudden international attention when Osama Bin Laden quoted the book publicly in January 2006, propelling the book to the top of the bestseller charts in a matter of hours. This book is a revised and updated version of the edition Bin Laden referred to in his address.

Witty, compelling, and shrewd, Mansfield's Book of Manly Men is about resurrecting your inborn, timeless, essential, masculine self. The Western world is in a crisis of discarded honor, dubious integrity, and faux manliness. It is time to recover what we have lost. Stephen Mansfield shows us the way. Working with timeless maxims and stirring examples of manhood from ages past, Mansfield issues a trumpet call of manliness fit for our times. "My goal in this book is simple," he says. "I want to identify what a genuine man does—the virtues, the habits, the disciplines, the duties, the actions of true manhood—and then call men to do it."

This Surgeon General's report details the causes and the consequences of tobacco use among youth and young adults by focusing on the social, environmental, advertising, and marketing influences that encourage youth and young adults to initiate and sustain tobacco use. This is the first time tobacco data on young adults as a discrete population have been explored in detail. The report also highlights successful strategies to prevent young people from using tobacco.

This work argues for the existence of a committee of 300, an elite body which controls every aspect of politics, religion, commerce and industry, answerable to no one except itself. It maintains that the confusion of social and moral values in the free world has been deliberately created.

There is an appetite for God. And it can be awakened. I invite you to turn from the dulling effects of food and the dangers of idolatry, and to say with some simple fast: "This much, O God, I want you." Our appetites dictate the direction of our lives - whether it be the cravings of our stomachs, the passionate desire for possessions or power, or the longings of our spirits for God. But for the Christian, the hunger for anything besides God can be an arch-enemy. While our hunger for God - and Him alone - is the only thing that will bring victory. Do you have that hunger for Him? As John Piper puts it: "If we don't feel strong desires for the manifestation of the glory of God, it is not because you have drunk deeply and are satisfied. It is because we have nibbled so long at the table of the world. Our soul is stuffed with small things, and there is no room for the great." If we are full of what the world offers, then perhaps a fast might

express, or even increase, our soul's appetite for God. Between the dangers of self-denial and self-indulgence is this path of pleasant pain called fasting. It is the path John Piper invites you to travel in this book. For when God is the supreme hunger of your heart, He will be supreme in everything. And when you are most satisfied in Him, He will be most glorified in you.

This book explores social factors such as culture, mass media, political systems, and migration that influence public health while systematically considering how we may best study these factors and use our knowledge from this study to guide public health interventions. Throughout, contributors emphasize the potential of population strategies to influence traditional risk factors associated with health and disease. Each section ends with Galea's integrative chapters, bringing the observations and conclusions from the chapters into clear, usable focus.

The definitive report on what caused America's economic meltdown and who was responsible. The financial and economic crisis has touched the lives of millions of Americans who have lost their jobs and their homes, but many have little understanding of how it happened. Now, in this very accessible report, readers can get the facts. Formed in May 2009, the Financial Crisis Inquiry Commission (FCIC) is a panel of 10 commissioners with experience in business, regulations, economics, and housing, chosen by Congress to explain what happened and why it happened. This panel has had subpoena power that enabled them to interview people and examine documents that no reporter had access to. The FCIC has reviewed millions of pages of documents, and interviewed more than 600 leaders, experts, and participants in the financial markets and government regulatory agencies, as well as individuals and businesses affected by the crisis. In the tradition of The 9/11 Commission Report, "The Financial Crisis Inquiry Report" will be a comprehensive book for the lay reader, complete with a glossary, charts, and easy-to-read diagrams, and a timeline that includes important events. It will be read by policy makers, corporate executives, regulators, government agencies, and the American people.

Reviews the circumstances surrounding the Challenger accident to establish the probable cause or causes of the accident. Develops recommendations for corrective or other action based upon the Commission's findings and determinations. Color photos, charts and tables.

The book provides an introduction for students and development professionals to mainstreaming children in international development and policy, focusing on children's 'voices' and childhood poverty, policy and practice.

This comparative study explores three key cultural and political spheres – the Latin west, Byzantium and the Islamic world from Central Asia to the Atlantic – roughly from the emergence of Islam to the fall of Constantinople. These spheres drew on a shared pool of late antique Mediterranean culture, philosophy and science, and they had monotheism and historical antecedents in common. Yet where exactly political and spiritual power lay, and how it was exercised, differed. This book focuses on power dynamics and resource-allocation among ruling elites; the legitimisation of power and property with the aid of religion; and on rulers' interactions with local elites and societies. Offering the reader route-maps towards navigating each sphere and grasping the fundamentals of its political culture, this set of parallel studies offers a timely and

much needed framework for comparing the societies surrounding the medieval Mediterranean.

“You will have the privilege to see and to participate in the most glorious and mightiest sweeping revival that has ever been known in Christian history!” —Smith Wigglesworth
This revelation was part of a prophecy given in 1936 by legendary evangelist and healing minister Smith Wigglesworth to a young man named David du Plessis. The revival Wigglesworth foresaw was a continuation of the Pentecostal movement into the charismatic renewal that continues to this day. Later, in 1961, God gave Rev. Tommy Hicks a vision of the continuation of that revival: a worldwide movement in which the “Awakening Giant”—the body of Christ—receives spiritual power and authority on such a scale as has not been seen since the book of Acts. This book retells these two amazing prophecies in their entirety and also discusses their implications for the world today. The revival of God’s church continues, but it won’t be complete until every Spirit-filled believer understands his or her unique role in its fulfillment. Study these prophecies and ask God to reveal how He would use you to bring the greatest revival in history to completion.
