Este libro ofrece una introducción clara y rigurosa al modelo lingüístico de la Gramática del Papel y la Referencia, una teoría que se inscribe en la visión funcionalista de los fenómenos lingüísticos, pues define el lenguaje como un sistema de acción comunicativa de carácter social. Se distingue de otros modelos funcionales en que, aunque considera que el análisis de las funciones comunicativas de las expresiones lingüísticas cumple un papel esencial, no hace suyo el postulado de que toda la estructura gramatical puede reducirse al discurso, sino que rescata el sentido estructuralista tradicional del término. El análisis de las estructuras gramaticales se encuentra determinado de manera esencial por consideraciones semánticas, pragmáticas y cognitivas, y, por lo tanto, la sintaxis no es un componente autónomo. En su estructura interna, la Gramática del Papel y la Referencia postula la existencia de tres componentes en el sistema de representación lingüística: una representación semántica que analiza el significado de las expresiones lingüísticas; una representación de la estructura sintáctica de las oraciones basada en distinciones que se plantean como universalmente válidas, y una representación de la estructura informativa del enunciado.

This collection of texts deals with lexicographical and grammatical issues of Spanish from a contrastive and didactic perspective. It aims at identifying the phenomena which are most interesting for compiling contrastive grammars and dictionaries for the Spanish language by focussing on the latest developments in the field of foreign language teaching. In its first part, the volume presents discussions of the contrastive method in linguistics as well as in foreign language teaching and of the theoretical issues concerning the nature of the tertium comparationis for comparative linguistic analysis. In the second part, it provides case studies on grammatical, lexical and lexicographical issues comparing Spanish with German, Galician, French, and Italian. The volume is laid out as a compendium of a number of key issues for future research in the field.

The Caminos Spanish course places emphasis on cultural awareness of Spain and Spanish-speaking countries, providing pupils with an informed insight into the lives and concerns of their peers overseas. The communicative approach of the series means that pupils are encouraged from the start to express themselves, their feelings and opinions in the target language, acquiring all the language skills they need for effective communication.
