Sample This: 01. Direct and Indirect Speech There are two ways to express what someone else has said. On this basis, sentences are of two types: sentences with Direct Speech, and sentences with Indirect Speech.

DIRECT SPEECH Direct Speech is also called Quoted Speech or Direct Narration. Direct Speech refers to exactly what someone has said. Direct Speech appears within quotation marks (".."). A comma is used before starting the exact quote within the quotation marks. Direct Speech should be word for word. The first letter of the quotation begins with a capital letter. Example: The president said, "I will not bear corruption in the country at any cost."

INDIRECT SPEECH Indirect speech is also called Reported Speech or Indirect Narration. Indirect Speech does not refer to exactly what someone has said. Indirect Speech doesn't appear within quotation marks but the word "that" may be used as a conjunction between the reporting verb and reported speech. Indirect Speech shouldn't be word for word. The pronoun in Indirect Speech is changed according to speaker and hearer. Example: The president declared that he would not bear corruption in the country at any cost.

Important rules for changing Direct Speech into Indirect Speech are as follows:

02. Expression of Time You need to change the expression of a time when changing direct speech (DS) into indirect speech (IDS) to match the moment of speaking. Important expressions of time in direct and indirect speech are as follows: 'a month ago' is changed into 'a month before' 'a year ago' is changed into 'the previous year' or 'a year before' 'last night' is changed into 'the night before' 'last Saturday' is changed into 'the Saturday before' 'last weekend' is changed into 'the weekend before' 'next year' is changed into 'the following year' or 'the year after' 'now' is changed into 'then' 'the day after tomorrow' is changed into 'in two days' time' 'the day before yesterday' is changed into 'two days before' 'these (days)' is changed into 'those (days)' 'this (morning/noon/evening)' is changed into 'that (morning/noon/evening)' 'today' is changed into 'that day' 'tomorrow' is changed into 'the next/following day' or 'the day after' 'tonight' is changed into 'that night' 'yesterday' is changed into 'the previous day' or 'the day before' Besides expressions of time, there are many other expressions that need to be changed if you are changing Direct Speech into Indirect Speech. 'come' is changed into 'go' 'bring' is changed into 'take' 'thus' is changed into 'so' 'hence' is changed into 'thence' 'hither' is changed into 'thither' 'here' is changed into 'there'

The Gramming Guide to English Grammar with Exercises Péter Simon, 2016-01-05 The Gramming Guide to English Grammar is a resource book on the grammar of Standard British English. It is intended for intermediate to advanced students of English as a second or foreign language who have already studied the basic grammar of English. It covers the most important areas of English grammar and concentrates on structures which may cause difficulty at an intermediate level

or above. The book starts with a pretest that helps you identify the areas you need to work on. The pretest is followed by eleven chapters, broken down to a number of subchapters that each deal with a specific grammar point. The related explanations are accompanied by real-life sample sentences, timeline diagrams, tables, and quotes. If a similar point or the same point is discussed in a different part of the book, you will find cross-references to that point. Where appropriate, chapters begin with guiding questions and end with revision questions. Most of the chapters are followed by exercises, including multiple choice, sentence transformation, error correction, gap filling and matching exercises, as well as communicative tasks that can be done in language lessons. At the end of the book, there is an appendix which contains a list of the most common irregular verb forms and the most important spelling rules; a list of the quotes that appear in the book; and a glossary that defines grammatical terms frequently used in the explanations. The chapters in this book are not arranged in order of difficulty. This way, the book can be used for quick reference on specific points of interest, as well as for systematic study, either as a self-study grammar book or as additional material in an ESL/EFL course. No matter which way you use the book, it is recommended that you follow the cross-references, which will lead you to further information on a given item. The exercises, which come with suggested answers, are best done using pen and paper. These exercises will not only help you to practise grammar but also to tie grammatical forms to real-world meaning.
