This highly anticipated anthology presents a powerful and penetrating look at environmental justice from some of the key thinkers and activists in Unitarian Universalism today. Fourteen activist ministers and lay leaders apply a keen intersectional analysis to the environmental crisis, revealing ways that capitalism, white supremacy, patriarchy, and other systems of oppression intersect with and contribute to ecological devastation. They also explore how spiritual practices, congregational organizing, and progressive theology can inform faith-based justice work in the twenty-first century. These prophetic voices, from a wide range of perspectives, reveal new approaches and opportunities for more holistic, accountable, and connected justice efforts. Each essay is accompanied by suggested ways to take the next steps for further learning and action.

Austerity, a response to the aftermath of the financial crisis, continues to devastate contemporary Britain. In *The Violence of Austerity*, Vickie Cooper and David Whyte bring together the voices of campaigners and academics including Danny Dorling, Mary O'Hara and Rizwaan Sabir to show that rather than stimulating economic growth, austerity policies have led to a dismantling of the

social systems that operated as a buffer against economic hardship, exposing austerity to be a form of systematic violence. Covering a range of famous cases of institutional violence in Britain, the book argues that police attacks on the homeless, violent evictions in the rented sector, the risks faced by people on workfare schemes, community violence in Northern Ireland and cuts to the regulation of social protection, are all being driven by reductions in public sector funding. The result is a shocking exposé of the myriad ways in which austerity policies harm people in Britain.

The Middle Kingdom (ca. 2030–1650 B.C.) was a transformational period in ancient Egypt, during which older artistic conventions, cultural principles, religious beliefs, and political systems were revived and reimagined. *Ancient Egypt Transformed* presents a comprehensive picture of the art of the Middle Kingdom, arguably the least known of Egypt’s three kingdoms and yet one that saw the creation of powerful, compelling works rendered with great subtlety and sensitivity. The book brings together nearly 300 diverse works—including sculpture, relief decoration, stelae, jewelry, coffins, funerary objects, and personal possessions from the world’s leading collections of Egyptian art. Essays on architecture, statuary, tomb and temple relief decoration, and stele explore how Middle Kingdom artists adapted forms and iconography of the Old Kingdom, using existing conventions to create strikingly original works. Twelve lavishly illustrated chapters, each with a scholarly essay and entries on related objects, begin with discussions of the distinctive art that arose in the south during the early Middle Kingdom, the artistic developments that followed the return to Egypt’s traditional capital in the north, and the renewed construction of pyramid complexes. Thematic chapters devoted to the pharaoh, royal women, the court, and the vital role of family explore art created for different strata of Egyptian society, while others provide insight into Egypt’s expanding relations with foreign lands and the themes of Middle Kingdom

literature. The era's religious beliefs and practices, such as the pilgrimage to Abydos, are revealed through magnificent objects created for tombs, chapels, and temples. Finally, the book discusses Middle Kingdom archaeological sites, including excavations undertaken by the Metropolitan Museum over a number of decades. Written by an international team of respected Egyptologists and Middle Kingdom specialists, the text provides recent scholarship and fresh insights, making the book an authoritative resource.

Rosanna Chiofalo returns with another evocative, beautifully written novel set against the stunning vistas of Tuscany . . . In the fields around Tuscany in summertime, sunflowers grow in profusion—wave upon wave of gold and green standing tall against the Italian sky. But for Signora Maria Ferraro, the bright yellow blooms carry only bitter memories. Though she loved them as a child, sunflowers have come to represent the most painful episode of her life. Not even her cherished daughter, Anabella, knows what happened to her during World War II, when the Germans overran her hometown of Florence and Signora Ferraro fell in love with a Resistance fighter. In the aftermath of loss and grief she found salvation through an unlikely source—cultivating roses on her farm in the Tuscan countryside. Now the blossoms symbolize everything that is both good and safe, and she nurtures them with as much care as she guards her past. Yet to Anabella, the rose farm that once delighted her has become little more than a pretty prison. Despite her beautiful surroundings, Anabella longs for more. During one of her regular visits to Siena to sell their flowers, Anabella encounters a handsome young artist named Dante Galletti. His canvases are filled with images of a girl who looks just like Anabella—and Dante claims to have seen her in his dreams, running through a sunflower field. Through Dante, Anabella begins to see sunflowers, her cloistered existence, and the world itself through new eyes. As their relationship deepens, Anabella knows she will soon have to choose between loyalty to her mother, and the risks and rewards of living on her own terms.
