In January 1921, D. H. Lawrence and his wife, Frieda visited Sardinia, a Mediterranean island west of Italy. Although the trip lasted only nine days, Lawrence wrote an intriguing account of Sardinian life that not only evokes the place, people, and local customs but is also deeply revealing about the writer himself. Remarkable for its metaphoric and symbolic descriptions, the book is transfused with the author's anger and joy. His prejudices and his political prophecies make *Sea and Sardinia* a unique and dynamic piece of travel writing. This Penguin Twentieth-Century Classics edition reproduces the Cambridge text, which restores censored passages and corrects corrupt textual readings to reveal -- for the first time -- the book Lawrence himself called "a marvel of veracity." Also featured are an illuminating Introduction by Lawrence scholar Mara Kalnins, a Chronology, Explanatory Notes, and an Italian Glossary. Copyright © Libri GmbH. All rights reserved. Fenoglio's last work, the short -partisan novel- entitled "A" "Private Matter, " was published in April of 1963, two months after the author's death. Had he been alive, Fenoglio would have been happy to witness the enthusiasm which greeted the publication of his book. Among those who read the novel and praised it most highly we find Italo Calvino: -And it was the most solitary of us who succeeded in writing the novel we all wanted to write about the war (...) Only now thanks to Fenoglio, we can say that a season was completed, and only now we are certain that it really existed: the season that goes from "Il sentiero dei nidi di ragno" (1947) to "Una questione privata" (1963).-

Fiction. Translated from the Italian by William Weaver. Luigi Pirandello's extraordinary final novel begins when Vitangelo Moscarda's wife remarks that Vitangelo's nose tilts to the right. This commonplace interaction spurs the novel's unemployed, wealthy narrator to examine himself, the way he perceives others, and the ways that others perceive him. At first he only notices small differences in how he sees himself and how others do; but his self-examination quickly becomes relentless, dizzying, leading to often darkly comic results as Vitangelo decides that he must demolish that version of himself that others see. Pirandello said of his 1926 novel that it "deals with the disintegration of the personality. It arrives at the most extreme conclusions, the farthest consequences." Indeed, its unnerving humor and existential dissection of modern identity find counterparts in Samuel Beckett's Molloy trilogy and the works of Thomas Bernhard and Vladimir Nabokov.
