Three teenage boys, the sole survivors of a shipwreck, find themselves marooned on a deserted island in the South Pacific. With little more than a telescope and a broken knife, the youths must find food and shelter and learn to survive. But though the coral island is a tropical paradise, full of natural beauty and exotic fruits and wildlife, dangers and adventures abound: sharks, pirates, and even bloodthirsty cannibals! Scottish-born R.M. Ballantyne (1825-1894) wrote more than ninety books for young people during the Victorian era, the most famous of which is *The Coral Island* (1857), a tale whose popularity has proved so enduring that it has never been out of print. A thrilling story in the tradition of *Robinson Crusoe* and a key influence on later classics such as Robert Louis Stevenson's *Treasure Island* and William Golding's *Lord of the Flies*, *The Coral Island* is presented here in a new scholarly edition that includes the unabridged text of the first British edition, a new introduction and notes by Ralph Crane and Lisa Fletcher, and the original illustrations by the author.

Our Bonsai Potato takes 4 to 6 weeks to grow, versus a lifetime for a traditional bonsai tree-and the potato does all the work, since it requires no sun, water, or fertilizer. This tongue-in-cheek kit is a humorous poke at Western culture's desire for inner peace and tranquility coupled with our hunger for instant gratification and chronic lack of time. Now, at least a semblance of inner harmony can be achieved in a fraction of the time it takes to nurture a real bonsai. Potato not included.

Twelve Years a Slave (1853) is a memoir and slave narrative by Solomon Northup, as told to and edited by David Wilson. Northup, a black man who was born free in New York, details his kidnapping in Washington, D.C. and subsequent sale into slavery. After having been kept in bondage for 12 years in Louisiana by various masters, Northup was able to write to friends and family in New York, who were in turn able to secure his release. Northup's account provides extensive details on the slave markets in Washington, D.C. and New Orleans and describes at length cotton and sugar cultivation on major plantations in Louisiana.

A young mother's nightmare comes true as the tube doors close with her baby still on the train. Struggling as a single mother, Emma sometimes wishes that her thirteen-month-old son Ritchie would just disappear.

Heinemann Active Maths Northern Ireland: Engages pupils with a bank of stimulating, varied and exciting interactive and print-based activities. Follows an active approach to maths teaching and learning with an emphasis on real-life situations. Helps children develop a concrete understanding of maths concepts through investigation and discussion.

In an age of skepticism and disenchantment, people long for something that satisfies our mind's search for truth and our heart's desire for beauty and meaning. *Stand Firm: Apologetics and the Brilliance of the Gospel* argues that the gospel satisfies both of these needs. It is true and rational, but it is also inherently attractive and provides meaning and purpose. In short, the gospel is brilliant. It is brilliant, in one sense, because of the broad variety of evidences for its truth. But it is also brilliant given its beauty, goodness and the meaningful life it offers. The book provides up to date responses to questions about the existence of God, the reliability of the Bible, Jesus and the resurrection, and the problem of evil. It also treats unique topics such as understanding truth, knowledge and faith, the claims of alternate faiths, religious disagreement, etc. Each chapter attempts to connect these considerations with the gospel so that we may stand firm in our faith.

We all lose time and money because of bad decisions, perfectly happy in the illusion that our common sense is choosing the right path for us. In *Conned Again, Watson!* Sherlock Holmes uses his vast knowledge solve crimes and protect the innocent in a series of cautionary tales of greedy gamblers, reckless businessmen and ruthless conmen. From 'The Execution of Andrews' to 'The Case of the Gambling Nobleman' and 'The Case of the Paranoid Student', there has never been a more exciting way to learn when to take a calculated risk - and how to spot a scam. In this illuminating collection of twelve new Sherlock Holmes stories, challenges of logic, probability, statistics, game theory and more are illustrated. A thought-provoking introduction to maths relevant to everyday life, this book will change the way you look at making decisions.

Hotel Gwales is the eagerly anticipated new collection from award winning poet Nigel Jenkins. It is as diverse as it is rousing, featuring some eighty poems varying in length from a three-line Haiku to an extended meditation of nearly 400 lines. Welsh themes and references, ancient and modern, are interspersed with works of an undeniably international flavour to bring together this exceptional collection. From a poem commemorating the execution of a man known as the Welsh 'Braveheart' to an elegy for a Welsh bus driver, *Hotel Gwales* truly has something for everyone. *Hotel Gwales* offers Nigel Jenkins's distinctive voice at its best in his first collection of poetry in almost four years. Nigel is well known both in Wales and internationally and is a frequent performer of his work. He has previously undertaken reading tours of countries including the USA and Switzerland. His trademark experimentation with form and ability to engage with his subject is at its finest.

I'm told the dead are all around us. I wouldn't know about that, I see only the violently slain. They can be victims of hit-and-run, innocents caught in a cross-fire, the murdered. They whisper to me and they never, ever, forget the face of their killer. I've learned to live with my uncanny ability, in fact I've made a career out of it. The departed aren't the only supernaturals I see. No, they're not vampires or werewolves or fae - those things don't exist. We live side by side with what some call the Otherworldly. That's too much of a mouthful for me, I call them demons. If you saw them as I do, you'd know why. Right now I'm trying to track down a missing six year-old boy whose mother was murdered. Or maybe she wasn't. To further complicate the case, Clarion PD gave me a partner I'd rather shoot than work with. I can't tell them he's

a demon.They'd think I'm crazy.I'm Tiff Banks. Welcome to my world.

Un jour de dcembre, quelques annes avant la rvolution de 1830, dans une petite ville du Cotentin, plusieurs amis se runissent pour leur causerie du soir et, trs vite, l'un d'entre eux voque la rencontre qu'il vient de faire : celle du chevalier Des Touches, un hros de la chouannerie. Mais le chevalier n'est-il pas mort ? Ce soir-l, on remonte le pass et, devant ses amis, mademoiselle de Percy, qui y participait, raconte l'expdition des Douze : l'enlvement de Des Touches, prisonnier Coutances, par ses compagnons d'armes.

L'objectif de ce manuel est de fournir aux étudiants un support pédagogique complet pour les deux années du BTS Management des unités commerciales, intégrant les enseignements de Mercatique et d'Informatique Commerciale. 3 modules, 1 cdérom proposant les fichiers informatiques liés aux travaux d'application proposés à la fin de chaque chapitre. Chaque chapitre comporte : une synthèse de cours, des applications traditionnelles et des applications d'informatique commerciale faisant appel aux fichiers du cdérom, des Fiches Techniques proposant des outils méthodologiques et des savoir-faire utilisables dans le cadre des stages en entreprises.

An up-to-date account of the current techniques and results in Simplicity Theory, which has been a focus of research in model theory for the last decade. Suitable for logicians, mathematicians and graduate students working on model theory.

A mixture of science and art, weaving is nearly as old as human history. Despite the many technological advances in the field, however, it is still virtually impossible to control each individual fiber in a woven structure. To help you meet this and other weaving challenges, Handbook of Weaving covers every step of the process clearly and systemati

From the tragic young Adonis to Zašhapuna, first among goddesses, this handbook provides the most complete information available on deities from the cultures and religions of the ancient Near East, including Anatolia, Syria, Israel, Sumer, Babylonia, Assyria, and Elam. The result of nearly fifteen years of research, this handbook is more expansive and covers a wider range of sources and civilizations than any previous reference works on the topic. Arranged alphabetically, the entries range from multiple pages of information to a single line—sometimes all that we know about a given deity. Where possible, each record discusses the deity's symbolism and imagery, connecting it to the myths, rituals, and festivals described in ancient sources. Many of the entries are accompanied by illustrations that aid in understanding the iconography, and they all include references to texts in which the god or goddess is mentioned. Appropriate for both trained scholars and nonacademic readers, this book collects centuries of Near Eastern mythology into one volume. It will be an especially valuable resource for anyone interested in Assyriology, ancient religion, and the ancient Near East.

A poignant, poetic meditation on the nature of art, memory, and loss.

Arnold's funniest book yet reintroduces the nervous hero from "Parts" and "More Parts" while also depicting more than 100 body-part idioms. Kids won't be able to keep a straight face as they enjoy this clever, wacky, boldly illustrated book. Full color.

Based on papers presented at an international seminar held in Køge, Denmark, on 27-28 April 2001.--Preface.

Landon Gibson as he leaves Washington to navigate love and life in New York City.

ICE AGE--NEW YORK CITY 2650 A.D. UNDERGROUND! By 2300, everyone knew what was happening, and why. The sun and all its planets, as they moved together through the galaxy, had been engulfed by a vast cloud of cosmic debris, and an all but infinite number of dust motes was screening and blocking the sun's radiation from Earth. To the eye, everything still looked the same, but so immense was the cloud that it would take centuries for the solar system to pass entirely through it. Nothing could hold back the ice age. Miles beneath the layer of ice that covered Earth in 2650, men survive in the subterranean cities they built to save themselves as the ice crept with killing cold over all living things. For three hundred years no one has seen the surface or communicated with any other city. Until now. Now the few scientific instruments that remain seem to indicate that the Ice Age may be ending; outside temperatures are reaching a level that may make life possible--though not easy--on the outside. But life in the underground cities is comfortable, and those few who are brave enough to be curious about the unknown frozen world above are suspect; troublemakers. A small party of these 'troublemakers, ' led by Dr. Raymond Barnes, with a few scientists and others who think they might prefer freedom to safety, has been allowed to take the long-unused elevator up through the ice to the outside. But they go more as exiles than as a scientific expedition; they are not expected --and may not be allowed--to return.

Includes, 1982-1995: Les Livres du mois, also published separately.

Excerpt from The Commentaries of C. Julius Caesar: The Civil War The editor has only (ia conclusion) to invite suggestions on the means of making his work as generally useful as possible. Any such with which he may be favoured will meet with the most careful attention. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

ÜBER 700 SEITEN „ABSOLUT FESSELNDE“ UND „UNGLAUBLICH BERÜHRENDE“ DARK ROMANCE – ABGESCHLOSSENER ROMAN »Eine epische Dark Romance mit herzzerreißender Tiefe und knisternder Sinnlichkeit!« – Anna Zaires, Bestsellerautorin der New York Times Vor sechs Jahren hat Harold Dalton mich mit einem fingierten Diebstahl reingelegt und mich ins Gefängnis gebracht, um meinen Diamantenfund zu stehlen. Im Austausch für die Grabungsrechte gab er seine Tochter Jack Clarke. Heute bin ich ein freier Mann, und will meine Rache. Sechs Jahre voller Grausamkeiten machen aus Menschen Bestien. Ich werde mir das zurückholen, was er mir gestohlen hat, und

noch mehr. Ich bin nicht an seinen Immobilien oder Aktien interessiert. Ich will sein Kleingeld nicht. Ich will seinen größten Schatz, die schöne, mental instabile Angelina Dalton-Clarke. Mit ihren Milliarden ist sie die reichste Witwe des Landes, und auch die verrückteste. Ihre selbstverletzenden Tendenzen hatten Jack dazu veranlasst, sie für unzurechnungsfähig erklären zu lassen, bevor er sich eine Waffe an den Kopf hielt und sich das Gehirn rausblies. Lina darf keinen Cent ihres Reichtums anfassen. Ihr Vater verwaltet ihre Finanzen und hat alle Unterschriftsvollmachten. Als ihr Mann werden mir diese Aufgaben zufallen, aber wenn sie denkt, dass ich sie nur wegen ihres Geldes will, irrt sie sich gewaltig.

Presents humorous graphic novel short stories involving the characters of Code Geass.

'Who is Hakim Bey? I love him!' Timothy Leary'Exquisite...' Allen Ginsberg'Hard-line dada/surrealism' Rudy Rucker'A Blake angel on bad acid' Robert Anton Wilson'Scares the shit out of us' Church of the SubGeniusThe underground cult bestseller! Essays that redefine the psychogeographical nooks of autonomy. Recipes for poetic terror, anarcho -black magic, post-situ psychotropic surgery, denunciations of spiritual addictions to vapid infotainment cults -- this is the bastard classic, the watermark impressed upon our minds. Where conscience informs praxis, and action infects consciousness, T.A.Z. is beginning to worm its way into above-ground culture.This book offers inspired blasts of writing, from slogans to historical essays, on the need to insert revolutionary happiness into everyday life through poetic action, and celebrating the radical optimism present in outlaw cultures. It should appeal to alternative thinkers and punks everywhere, as it celebrates liberation, love and poetic living.The new edition contains the full text of Chaos: The Broadsheets of Ontological Anarchism, the complete communiques and flyers of the Association fo Ontological Anarchy, the long essay 'The Temporary Autonomous Zone,' and a new preface by the author.'A literary masterpiece...' Freedom'A linguistic romp...' Colin Wilson'Fascinating...' William Burroughs
