Happiness Essential Mindfulness Practices Thich Nhat Hanh

One of the best available introductions to the wisdom and beauty of meditation practice. --New Age Journal In this beautiful and lucid guide, Zen master Thich Nhat Hanh offers gentle anecdotes and practical exercise as a means of learning the skills of mindfulness--being awake and fully aware. From washing the dishes to answering the phone to peeling an orange, he reminds us that each moment holds within it an opportunity to work toward greater self-understanding and peacefulness.

One of the world's great meditation teachers offers thirty-four guided exercises that will bring both beginning and experienced practitioners into closer touch with their bodies, their inner selves, their families, and the world.

Compassionate and wise, Thich Nhat Hanh's healing words help us acknowledge and dissolve anger and separation by illuminating the way toward the miracle of mindfulness.

Happy Teachers Change the World is the first official, authoritative manual of the Thich Nhat Hanh/Plum Village approach to mindfulness in education. Spanning the whole range of schools and grade levels, from preschool through higher education, these techniques are grounded in the everyday world of schools, colleges, and universities.

Beginning firmly with teachers and all those working with students, including administrators, counselors, and other personnel, the Plum Village approach stresses that educators must first establish their own mindfulness practice since everything they do in the classroom will be based on that foundation. The book includes easy-to-follow, step-by-step techniques perfected by educators to teach themselves and to apply to their work with students and colleagues, along

with inspirational stories of the ways in which teachers have made mindfulness practice alive and relevant for themselves and their students across the school and out into the community. The instructions in *Happy Teachers Change the World* are offered as basic practices taught by Thich Nhat Hanh, followed by guidance from educators using these practices in their classrooms, with ample in-class interpretations, activities, tips, and instructions. Woven throughout are stories from members of the Plum Village community around the world who are applying these teachings in their own lives and educational contexts.

"This is a book of wise and wonderful teachings, a breath of fresh air for the heart. It opens the doors to an awakened life."

—Jack Kornfield, author of *After the Ecstasy, the Laundry*

"Thich Nhat Hanh is one of the greatest teachers of our time.

He reaches from the heights of insight down to the deepest places of the absolutely ordinary."

—Robert Thurman, Professor of Indo-Tibetan Buddhist Studies, Columbia University

The Path of Emancipation transcribes Thich Nhat Hanh's first twenty-one day retreat in North America in 1998, when more than four hundred practitioners from around the world joined him to experience mindfulness. This book deliberately preserves the tone and style of a retreat, including soundings of the bell, meditation breaks, and the question-and-answer sessions. This not only provides a genuine feeling of a retreat for those who have not had the chance to participate in one, but it also preserves this wonderful practice time for those who have attended. In *The Path of Emancipation*, Thich Nhat Hanh translates the Buddhist tradition into everyday life and makes it relevant and transforming for us all. Studying in-depth the *Discourse on the Full Awareness of Breathing*, he teaches how mindfulness can help us reduce stress, and live simply, confidently, and happily while dwelling in the present moment. When Thich

Nhat Hanh discovered this discourse, he said, "I felt I was the happiest person in the world."

In troubled times, there is an urgency to understand ourselves and our world. We have so many questions, and they tug at us night and day, consciously and unconsciously. In this important volume Zen Master Thich Nhat Hanh—one of the most revered spiritual leaders in the world today—reveals an art of living in mindfulness that helps us answer life's deepest questions and experience the happiness and freedom we desire. Thich Nhat Hanh presents, for the first time, seven transformative meditations that open up new perspectives on our lives, our relationships and our interconnectedness with the world around us. Based on the last full talks before his sudden hospitalization, and drawing on intimate examples from his own life, Thich Nhat Hanh shows us how these seven meditations can free us to live a happy, peaceful and active life, and face ageing and dying with curiosity and joy and without fear. Containing the essence of the Buddha's teachings and Thich Nhat Hanh's poignant, timeless, and clarifying prose, *The Art of Living* provides a spiritual dimension to our lives. This is not an effort to escape life or to dwell in a place of bliss outside of this world. Instead, this path will allow us to discover where we come from and where we are going. And most of all, it will generate happiness, understanding, and love, so we can live deeply in each moment of our life, right where we are.

While many experts point to the enormous complexity in addressing issues ranging from the destruction of ecosystems to the loss of millions of species, Thich Nhat Hanh identifies one key issue as having the potential to create a tipping point. He believes that we need to move beyond the concept of the "environment," as it leads people to experience themselves and Earth as two separate entities and to see the planet only in terms of what it can do for them. Thich Nhat Hanh points to

the lack of meaning and connection in peoples' lives as being the cause of our addiction to consumerism. He deems it vital that we recognize and respond to the stress we are putting on the Earth if civilization is to survive. Rejecting the conventional economic approach, Nhat Hanh shows that mindfulness and a spiritual revolution are needed to protect nature and limit climate change. Love Letter to the Earth is a hopeful book that gives us a path to follow by showing that change is possible only with the recognition that people and the planet are ultimately one and the same.

The Five Mindfulness Trainings (also referred to as "Precepts")—not to kill, steal, commit adultery, lie, or take intoxicants—are the basic statement of ethics and morality in Buddhism. Zen Master and peace activist Thich Nhat Hanh argues eloquently for their applicability in our daily lives and on a global scale. Nhat Hanh discusses the value and meaning of each precept, offering insights into the role that it could play in our changing society. Thich Nhat Hanh calls the trainings a "diet for a mindful society." With this book he offers a Buddhist contribution to the current thinking on how we can come together to define secular, moral guidelines that will allow us to explore and sustain a sane, compassionate, and healthy way of living. The Five Mindfulness Trainings offer a path to restoring meaning and value in our world, whether called virtues, ethics, moral conduct, or precepts they are guidelines for living without bringing harm to others.

The secret to happiness is to acknowledge and transform suffering, not to run away from it. In *No Mud, No Lotus*, Thich Nhat Hanh offers practices and inspiration transforming suffering and finding true joy. Thich Nhat Hanh acknowledges that because suffering can feel so bad, we try to run away from it or cover it up by consuming. We find something to eat or turn on the television. But unless we're able to face our suffering, we can't be present and available to life, and happiness will continue to elude us. Nhat Hanh shares how the practices of stopping, mindful breathing, and deep concentration can generate the energy of mindfulness within our daily lives. With that energy, we can embrace pain and calm it down, instantly bringing a measure of freedom and a clearer mind. *No Mud, No Lotus* introduces ways to be in touch with suffering without being overwhelmed by it. "When we know how to suffer," Nhat Hanh says, "we suffer much, much less." With his signature clarity and sense of joy, Thich Nhat Hanh helps us recognize the wonders

Understanding Our Mind is an accessible guide for anyone who is curious about the inner workings of the mind. Understanding Our Mind is based on fifty verses on the

nature of consciousness taken from the great fifth-century Buddhist master Vasubandhu. With compassion and insight, Nhat Hanh reveals how these ancient teachings can be applied to the modern world. Nhat Hanh focuses on the direct experience of recognizing and embracing the nature of our feelings and perceptions. The quality of our lives, he says, depends on the quality of the seeds in our minds. Buddhism teaches us how to nourish the seeds of joy and transform the seeds of suffering so that our understanding, love, and compassion can flower. We can't heal with our minds alone. Thinking can be something productive and creative, but without integrating body and mind, much of our thinking is useless and unproductive. In *Peace of Mind*, Zen master Thich Nhat Hanh reminds us that integrating body and mind is the only way to be fully alive in each moment, without getting lost in our thoughts while walking, cooking, driving, and going about our everyday lives. Only by cultivating a mindful body and an embodied mind can we be fully alive. Bringing together ancient wisdom and contemporary thinking, Thich Nhat Hanh says it's like hardware and software—if you don't have both, you can't do anything. *Peace of Mind* provides a foundation for beginning mindfulness practices and understanding the principles of mind/body awareness. By learning how our physical body and mind are inseparable in creating our own perceptions and experiences we can begin to trust and nourish our ability to create well-being.
