Soon Harry, Charley and the dinosaurs are on an amazing adventure in space... but what will they find when they get to the moon? One of the most influential works of this century, *The Myth of Sisyphus and Other Essays* is a crucial exposition of existentialist thought. With lyric eloquence, Albert Camus brilliantly posits a way out of despair, reaffirming the value of personal existence, and the possibility of life lived with dignity and authenticity.

Harry is a whirlwind of imagination and fun. He loves spending time with his Gran and his Mum, but nothing makes him happier than jumping into his blue bucket and going on an adventure with his six dinosaurs - Taury, Trike, Pterence, Patsy, Sid and Steggy.
