its love songs, and its lawn ornaments. The long-awaited Guide to the United States Popular Culture provides a single-volume guide to the landscape of everyday life in the United States. Scholars, students, and researchers will find in it a valuable tool with which to fill in the gaps left by traditional history. All American readers will find in it, one entry at a time, the story of their lives."--Robert Thompson, President, Popular Culture Association. "At long last popular culture may indeed be given its due within the humanities with the publication of The Guide to United States Popular Culture. With its nearly 1600 entries, it promises to be the most comprehensive single-volume source of information about popular culture. The range of subjects and diversity of opinions represented will make this an almost indispensable resource for humanities and popular culture scholars and enthusiasts alike."--Timothy E. Scheurer, President, American Culture Association "The popular culture of the United States is as free-wheeling and complex as the society it animates. To understand it, one needs assistance. Now that explanatory road map is provided in this Guide which charts the movements and people involved and provides a light at the end of the rainbow of dreams and expectations."--Marshall W. Fishwick, Past President, Popular Culture Association

Features of The Guide to United States Popular Culture: 1,010 pages  
1,600 entries 500 contributors

Wearing Culture connects scholars of divergent geographical areas and academic fields—from archaeologists and anthropologists to art historians—to show the significance of articles of regalia and of dressing and ornamenting people and objects among the Formative period cultures of ancient Mesoamerica and Central America. Documenting the elaborate practices of costume, adornment, and body modification in Panama, Costa Rica, Nicaragua, Honduras, Oaxaca, the Soconusco region of southern Mesoamerica, the Gulf Coast Olmec region (Olman), and the Maya lowlands, this book demonstrates that adornment was used as a tool for communicating status, social relationships, power, gender, sexuality, behavior, and political, ritual, and religious identities. Despite considerable formal and technological variation in clothing and ornamentation, the early indigenous cultures of these regions shared numerous practices, attitudes, and aesthetic interests. Contributors address technological development, manufacturing materials and methods, nonfabric ornamentation, symbolic dimensions, representational strategies, and clothing as evidence of interregional sociopolitical exchange. Focusing on an important period of cultural and artistic development through the lens of costuming and adornment, Wearing Culture will be of interest to scholars of pre-Hispanic and pre-Columbian studies.

Architecture, literature, economics, labour, religion and society are all covered, while more unusual subjects include adultery, crime, drunkenness, eunuchs and sexual behaviour."

Good Hair is more than a guide to having good hair without relying on harsh treatments and chemicals; it is a funny, folksy, personal, and very wise reflection on the powerful role that hair can play in creating a positive self-image. 33 black-and-white photographs.

In ancient Rome, the subtlest details in dress helped to distinguish between levels of social and moral hierarchy. Clothes were a key part of the sign systems of Roman civilization – a central aspect of its visual language, for women as well as men. This engaging book collects and examines artistic evidence and literary references to female clothing, cosmetics and ornament in Roman antiquity, deciphering their meaning and revealing what it meant to be an adorned woman in Roman society. Cosmetics, ornaments and fashion were often considered frivolous, wasteful or deceptive, which reflects ancient views about the nature of women. However, Kelly Olson uses literary evidence to argue that women often took pleasure in fashioning themselves, and many treated adornment as a

significant activity, enjoying the social status, influence and power that it signified. This study makes an important contribution to our knowledge of Roman women and is essential reading for anyone interested in ancient Roman life.

The Middle Ages were a time of great innovation, artistic vigor, and cultural richness. Appearances mattered a great deal during this vibrant era and hair was a key marker of the dynamism and sophistication of the period. Hair became ever more central to religious iconography, from Mary Magdalen to the Virgin Mary, while vernacular poets embellished their verses with descriptions of hairstyles both humble and elaborate, and merchants imported the finest hair products from great distances. Drawing on a wealth of visual, textual and object sources, the volume examines how hairstyles and their representations developed-often to a degree of dazzling complexity-between the years AD 800 and AD 1450. From wimpled matrons and tonsured monks to adorned noblewomen, hair is revealed as a potent cultural symbol of gender, age, sexuality, health, class, and race. Illustrated with approximately 80 images, *A Cultural History of Hair in the Middle Ages* brings together leading scholars to present an overview of the period with essays on politics, science, religion, fashion, beauty, the visual arts, and popular culture.

Authors Sharon Snow and Yvonne Reed present fashion as a way to offer a fun and interesting program for teens in the library—and not just for girls. Today's fashion-savvy teenaged guys are just as likely to be eager participants.

The weekly source of African American political and entertainment news.

Few dermatologic problems carry as many emotional overtones as hair loss in women, which is by far the most common hair problem encountered in daily clinical practice. Fortunately, a specific diagnosis can usually be established through the application of appropriate examinations and tests, and treatment suited to the diagnosis is likely to control the problem. This comprehensively illustrated monograph provides both specialists and primary care physicians with the practical know-how required for successful management of hair loss in female patients of all ages. The book opens by critically examining various myths about hair loss. The different examination techniques are then described, and the various forms of hair loss and their treatment are discussed in detail. Approaches to follow-up are outlined, and the management of patient expectations is carefully considered. The potential role of hair care and cosmetics is also explored in some depth.

lavishly illustrated book provides the latest scientific aspects of hair biology, up to date knowledge on hair diagnosis and treatment options as well as hair removal and restoration techniques. The content is divided into three sections: basic aspects of hair growth; hair and scalp disorders; and fotoepilation, surgery and hair cosmetics. In addition, coverage is enhanced with unique sections on hair in different ages and in art, on ethnic hair and in forensic investigations.

All bodies are good bodies. Except fat bodies. At least that's what our society tells us. According to the prevailing dogma, thin bodies are good; fat bodies are bad. In fact, any body that fails to measure up to society's standards of perfection is bad. The perfect face has no blemishes, the perfect belly has no love handles, and the perfect skin has no wrinkles or stretch marks. According to this standard of flawlessness, a good body can have no illness, no disability, and no inadequacy. Our cultural understanding of good bodies makes most of us feel like hopeless failures. This is not what our loving God wants for us. In *Lovely*, size-dignity activist and self-proclaimed "fat girl" Amanda Martinez Beck talks openly about the purpose of bodies, what makes a body good, and the need to reframe the way we think and speak about our own bodies and the bodies of the people around us. Much more than a "self-image" read, *Lovely* will retrain you to think about your whole self — body and soul — in terms of mercy, kindness, and wonder rather than criticism, failure, and self-loathing. Don't let the scale, the mirror, your interior critic, or the world around you keep you trapped in lies. All bodies are good

history. The so-called Amarna Period has long held a fascination - not just for the enormous changes it brought to the religion, art and administration of Egypt, but for the many mysteries which surround it. Mysteries, that is, until now. Leading Egyptologist Dr Joann Fletcher has taken a fresh eye to the evidence and arrived at one of the most dramatic discoveries in recent times. Working with a team of leading experts, she has identified a long-forgotten mummy as the body of a female pharaoh of the Amarna Period, whom she believes is Nefertiti herself. Lying for over three thousand years in an unused side chamber of Tomb KV.35 in the Valley of the Kings, it tells a story which will forever change the way in which we view Nefertiti - and indeed women throughout Egyptian history. Now at last we see the full significance of her role as co-regent and later Pharaoh of Egypt, as well as understanding the astonishing luxury and decadence of her life in Amarna - a life she led as the country around her began to disintegrate.

decisions truly stress free. The authors, co-founders of the popular wedding planning website JunebugWeddings.com, guide readers through every single detail of planning a perfect, one-of-a-kind wedding.

When it first came out in 1986, Gale Owen-Crocker's book was a milestone in costume studies, a foundation on which much work has subsequently been based. Nearly twenty years later, there is more to be said, and this updated edition is long overdue. An encyclopaedic study of English dress from the fifth to the eleventh centuries, it draws evidence from archaeology, text and art (manuscripts, ivories, metalwork, stone sculpture, mosaics), and also from re-enactors' experience. It examines archaeological textiles, cloth production and the significance of imported cloth and foreign fashions. Dress is discussed as a marker of gender, ethnicity, status and social role - in the context of a pagan burial, dress for holy orders, bequests of clothing, commissioning a kingly wardrobe, and much else - and surviving dress fasteners and accessories are examined with regard to type and to geographical/chronological distribution. There are colour reconstructions of early Anglo-Saxon dress and a cutting pattern for a gown from the Bayeux tapestry; Old English garment names are discussed, and there is a glossary of costume and other relevant terms. GALE OWEN-CROCKER is Professor of Anglo-Saxon Culture at the University of

day. An oversized edition, it intersperses photographs of costume replicas, color duplications of ancient paintings and sculpture, to illustrate many types of ancient attire and ornamentation, and the symbolism behind it.

To create a classroom where first encounters with literacy are playful and exploratory - not formal and separate from the child's world - this book spills out a rich cascade of ideas in four areas: making the classroom a print-rich learning environment, including print in daily activities, practicing literacy through art activities and dramatic play, and recasting the teacher's role into spectator, advisor, resource, and scribe. Hundreds of ideas support these goals. Grades preK-2. Suggested resources. Illustrated. Good Year Books. 204 pages. Second Edition.

Hair, or lack of it, is one the most significant identifiers of individuals in any society. In Antiquity, the power of hair to send a series of social messages was no different. This volume covers nearly a thousand years of history, from Archaic Greece to the end of the Roman Empire, concentrating on what is now Europe, North Africa, and the Near East. Among the key issues identified by its authors is the recognition that in any given society male and female hair tend to be opposites (when male hair is generally short, women's is long); that hair is a marker of age and stage of life (children and young people have longer, less

## Download Free Headbands Hairstyles

confined hairstyles; adult hair is far more controlled); hair can be used to identify the 'other' in terms of race and ethnicity but also those who stand outside social norms such as witches and mad women. The chapters in *A Cultural History of Hair in Antiquity* cover the following topics: religion and ritualized belief, self and society, fashion and adornment, production and practice, health and hygiene, gender and sexuality, race and ethnicity, class and social status, and cultural representations.

The Codrus Painter was a painter of cups and vases in fifth-century B.C.E. Athens with a distinctive style; he is named after Codrus, a legendary Athenian king depicted on one of his most characteristic vases. He was active as an artist during the rule of Pericles, as the Parthenon was built and then as the troubled times of the Peloponnesian War began. In contrast to the work of fellow artists of his day, the vases of the Codrus Painter appear to have been created almost exclusively for export to markets outside Athens and Greece, especially to the Etruscans in central Italy and to points further west. Amalia Avramidou offers a thoroughly researched, amply illustrated study of the Codrus Painter that also comments on the mythology, religion, arts, athletics, and daily life of Greece depicted on his vases. She evaluates his style and the defining characteristics of his own hand and of the minor painters associated with him. Examining the

## Download Free Headbands Hairstyles

subject matter, figure types, and motifs on the vases, she compares them with sculptural works produced during the same period. Avramidou's iconographic analysis not only encompasses the cultural milieu of the Athenian metropolis, but also offers an original and intriguing perspective on the adoption, meaning, and use of imported Attic vases among the Etruscans.
