Heart-fire is the invigorating feeling that ignites inside you when you encounter reality—the reality of the living God, and the reality of who you are meant to be. But fire is more than a feeling—much more! When the fire of God touches something inside you, the effect is spontaneous combustion. God actually made your heart to be a flame-holder of His presence. The flow of fire into your heart is just as important as the flow of blood into your heart. You can't live without blood, and in reality, you can't live without fire—not really live! Here's the good news—it is not your job to set your heart on fire. Fire is what God does. Hearts on Fire is altering the course of history. God wants to set your heart on fire and to make you a history-shaper. No one else can take your place. You have a unique mission to fulfill. May God spark revival fire in your heart today. On November 5, 1872, Susan B. Anthony made history—and broke the law—when she voted in the US presidential election, a privilege that had been reserved for men. She was arrested, tried, and found guilty: "The greatest outrage History ever witnessed," she wrote in her journal. It wasn't until 1920 that women were granted the right to vote, but the civil rights victory would not have been possible without Susan B. Anthony's leadership and passion to stand up for what was right.

Knowing God truly, experiencing Him deeply. What would it look like to genuinely love God with our head AND our heart? To have a faith marked by right thinking AND right feeling? To know God deeply AND worship him passionately? Too often, Christians act as though these things are at odds with one another. But what if God intends for us to possess a Christianity

that is radically committed to biblical truth, in a way that did not diminish the life of the heart, but actually intensified it? Adam Ramsey invites us to engage both our minds and our emotions in our walk with God as we gaze at him until our hearts sing. He sums it up like this: "My hope in these following pages is to paint a biblical portrait of what God is actually like, so that we can gaze upon him together until our hearts can't help but sing. To behold him in such a way that our daily experience is transformed with a deepened awareness of who it is we pray to, who it is that is with us, and who it is that we are loved by. To let God's truth set our hearts on fire." If you yearn for God but desire a clearer biblical picture of this God whom you love, or if you have been walking with God for a while now, but your experience of him has become settled or dry, then this book is for you.

Recounts the stories of social activists and visionaries whose charities and non-profits are safeguarding their communities and the world.

"In her final book, acclaimed journalist Penny Lernoux takes up the inspiring story of the Maryknoll Sisters. In a popular, fast-moving style, she recounts the history of an extraordinary community of women religious and their efforts - over 75 years - to remain faithful both to the gospel and to the signs of the times." "Hearts on Fire offers a moving and exciting window on a critical century in the history of the American Catholic church. Through the voices of the Sisters themselves, Lernoux draws an inspiring and moving portrait of a community in constant transition and shows how - in their process of growth and conversion - they left their indelible mark on the church and the world." "The Maryknoll Sisters were the first congregation of American Catholic women to serve abroad as missionaries. Beginning with the founding of the Congregation in 1912, Lernoux offers a moving portrait of the early pioneers and of their

founding leader, Mollie Rogers, who, as Mother Mary Joseph, instilled in her Sisters a spirit of individuality, heroic charity, and "the saving grace of a sense of humor." From their origins as "secretaries" to the Maryknoll Fathers, the Sisters finally won permission to go overseas in mission. In China, they defied the conventional image of nuns; instead of simply operating hospitals and orphanages, they also went out two-by-two in the countryside to spread the gospel." "Facing floods, pirates, and civil wars, the Sisters spread their work throughout Asia and other parts of the world. They survived the harrowing ordeal of imprisonment in Japanese prison camps during World War II, only to face further persecution in China after the Communist Revolution. By the 1950's, as a result of these sufferings, the Maryknoll Sisters were revered symbols of the American way of life, their Mother General featured on the cover of Time Magazine. Many Sisters accepted the anticommunist politics of the time, with little thought of questioning the impact of American policies overseas. This was to change dramatically in the years to come." "The early Maryknollers saw their task as converting "heathens" in "pagan lands." But with Vatican II and their own experience among the poor, the Sisters' understanding of mission steadily evolved. External changes, like giving up the religious habit, reflected deeper changes in consciousness. The emphasis now was on witnessing to the Reign of God, accompanying the poor in their journey of faith, and struggling at the grassroots to make the gospel more visible in the world." "In the 1970's, a new phrase, "the option for the poor," began to define the Sisters' mission vision. Maryknoll Sisters around the world began to describe their work in terms of solidarity with the oppressed, linking their witness to the gospel with the struggle for justice and liberation. For some, like Sisters Maura Clarke and Ita Ford, murdered in El Salvador in 1980, this meant accepting "the same fate as

the poor." The death of these Sisters along with two other churchwomen helped galvanize protests of U.S. policies in Central America and elsewhere. It also prompted a backlash on the part of the Reagan administration and its supporters, who accused the Sisters of abandoning the gospel in favor of Marxist revolution." "Hearts on Fire concludes with an overview of the Maryknoll Sisters today - a smaller, older and more culturally diverse Congregation. With reduced and aging numbers, the Congregation faces an uncertain future. But they face the future unbowed and unafraid, guided by the vision of their founders, the experience of the past, and their confidence in the Holy Spirit."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. In this series, Gabriel has created a realistic world in this seaside town of St. Caroline. The Wolfes and the Trevors are some of my favourite book people. The story telling was vivid - so much so that I actually felt like I was sitting in a corner, watching the drama unfold in the characters' home. The characters were real to me: it was as if I was watching a movie - from the inside! I haven't enjoyed a "slice of life" novel so thoroughly as this one in a very long time. I highly, highly, highly recommend this very excellent novel. You can bet I will be purchasing her other novels in this series. Enjoy!" -- Reedsy Discovery "If you like small town romance, hot firefighters, and second chances, this is your book." "Warm, sweet, beautifully written." "This book gave me ALL the feels. It is an extremely emotional story that deals with heartbreak and loss in an extremely honest and heartfelt way." "I expected a typical "romance" with a predictable outline resulting in a HEA. I wouldn't say that this book lived up to those expectations, as it didn't feel like a mass market romance. It was so much more. It was raw and gritty and so honest. There is an HEA but it is wrestled out of life circumstances that would defeat many." "This is one of those books where you need more than 5 stars! The story line is so captivating and so realistic. The characters are so real and so easy to fall in love with. The author has done a fantastic job writing the story line so the reader

"A genuinely Catholic life should feed the soul as well as the mind; should offer a vision of men and women made whole by the love of God, the knowledge of creation, and the reality of things unseen; should enable us to see the beauty of the world in the light of eternity; and should help us recapture the nobility of the human story and the dignity of the human person. This is the kind of witness that sets fire to the human heart." —Archbishop Charles J. Chaput In this eBook original, Charles J. Chaput, the Archbishop of Philadelphia, offers a powerful manifesto on the need for Americans to protect religious freedom. As he notes, principles that Americans find self-evident—the dignity of the human person, the sanctity of conscience, the separation of political and sacred authority, the distinction between secular and religious law,

the idea of a civil society pre-existing and distinct from the state—are not widely shared elsewhere in the world, and in recent years seem to be in jeopardy on our own shores. Archbishop Chaput offers a call to action for leadership both here and abroad to challenge this damaging trend. By thoughtfully interpreting and applying Catholic values to this confusing moment in history, he provides hope for an American audience hungry for courage and counsel.

Claudia takes a temporary job at a hotel to help pay for her acting lessons, but finds herself confused by the work demands of her boss and her own attraction to him.

Eight women from eight very different backgrounds. Yet the struggles they each faced rang with eerie similarity. These courageous women from across the globe—Pakistan, India, Romania, Former Soviet Union, China, Vietnam, Nepal, Indonesia—shared similar experiences of hardship, subjugation, and persecution, all because of their faith in Christ. Yet all of these women have emerged from adversity as leaders and heroines. The eight modern-day pilgrims featured in *Hearts of Fire* are the hidden jewels in the church universal. They are worthy role models of faith and passion, and women of every age will gain new strength and hope for their own times of crisis and trial as they read these inspiring stories. Each story concludes with thoughtful self-reflection questions for the reader.

story of Mazie Hirono, the first Asian-American woman and the only immigrant serving in the U.S. Senate. Mazie Hirono is one of the most fiercely outspoken Democrats in Congress, but her journey to the U.S. Senate was far from likely. Raised on a rice farm in rural Japan, she was seven years old when her mother, Laura, left her abusive husband and sailed with her two elder children to Hawaii, crossing the Pacific in steerage in search of a better life. Though the girl then known as "Keiko" did not speak or read English when she entered first grade, she would go on to serve as a state representative and as Hawaii's lieutenant governor before winning election to Congress in 2006. In this deeply personal memoir, Hirono traces her remarkable life from her earliest days in Hawaii, when the family lived in a single room in a Honolulu boarding house while her mother worked two jobs to keep them afloat, to her emergence as a highly effective legislator whose determination to help the most vulnerable was grounded in her own experiences of economic insecurity, lack of healthcare access, and family separation. Finally, it chronicles Hirono's recent transformation from dogged yet soft-spoken public servant into the frank and fiery advocate we know her as today. For the vast majority of Mazie Hirono's five decades in public service, even as she fought for the causes she believed in, she strove to remain polite and reserved. Steeped in the nonconfrontational cultures of Japan and Hawaii, and

aware of the expectations of women in politics--chiefly, that they should never show an excess of emotion--she had schooled herself to bite her tongue, even as her male colleagues continually underestimated her. After the 2016 election, however, she could moderate herself no longer. In the face of a dangerous administration--and amid crucial battles with lasting implications for our democracy, from the Kavanaugh hearings to the impeachment trial--Senator Hirono was called to give voice to the fire that had always been inside her. The compelling and moving account of a woman coming into her own power over the course of a lifetime in public service, and of the mother whose courageous choices made her life possible, *Heart of Fire* is the story of a uniquely American journey, told by one of those fighting hardest to ensure that a story like hers is still possible in this country.

Zametkin, and Chaim Zhitlovsky. Socialist leaders quickly found Yiddish essential to convey their message to the Jewish immigrant community, and they developed a remarkable public culture through lectures and social events, workers' education societies, Yiddish schools, and a press that found its strongest voice in the mass-circulation newspaper *Forverts*. Arguing against the view that socialism and Yiddish culture arrived as Old World holdovers, Michels demonstrates that they arose in New York in response to local conditions and thrived not despite Americanization, but because of it. And the influence of the movement swirled far beyond the Lower East Side, to a transnational culture in which individuals, ideas, and institutions crossed the Atlantic. New York Jews, in the beginning, exported Yiddish socialism to Russia, not the other way around. The Yiddish socialist movement shaped Jewish communities across the United States well into the twentieth century and left an important political legacy that extends to the rise of neoconservatism. A story of hopeful successes and bitter disappointments, *A Fire in Their Hearts* brings to vivid life this formative period for American Jews and the American left.
