A quick and easy reference to get the most out of your Android tablet. It's not a computer and it's not a smartphone—so what in the world is it? Whether you're new to Android or new to tablets altogether, you're about to experience mobile computing like never before with this fun, full-color guide! In *Android Tablets For Dummies*, you'll find clear, easy-to-follow explanations for making sense of all the features native to Android tablets, as well as model-specific guidance. Inside, trusted tech guru Dan Gookin—who wrote the very first *For Dummies* book in 1991—walks you through setting up your Android tablet, navigating the interface, browsing the web, setting up email, finding the best apps, and so much more. No matter which Android tablet tickles your fancy, this hands-on guide takes the intimidation out of the technology and gives you everything you need to make the most of your new device. Set up your tablet, configure the Home screen, and get connected. Surf the web, send and receive email and texts, and use video chat and social media to keep in touch with family and friends. Have fun with photos, videos, games, eBooks, music, and movies. Get up and running with the Nougat Operating System. If you're eager to learn the ins and outs of your Android device—but don't want to pull your hair out in the process—this one-stop guide has you
