

## Hidden History Lost Civilizations Secret Knowledge And Ancient Mysteries

Antarctica is a land about to be exposed over its well-guarded secrets and ancient hidden mysteries ... In 1955, as a result of a secret agreement reached between the Eisenhower Administration and a German breakaway group in Antarctica, a transnational corporate space program began to emerge. The secret infusion of personnel and resources from US military contractors into Antarctica allowed this transnational corporate program to steadily grow into a major space power, which would eventually surpass and eclipse the secret space programs run by the US Navy, Air Force, and the classified space programs of other nations.

Whistleblower claims substantiate that many of the classified programs conducted there violate the 1961 Antarctic Treaty, and constitute crimes against humanity due to the abuse of a captive slave labor force. Dr. Michael Salla daringly exposes the major corporations involved in these illegal programs, and how the truth is hidden from company shareholders and the public. Today, Antarctica's secrets are slowly being revealed by the increasing volcanic activity that is melting the massive ice shelves, exposing ancient artifacts and crashed extraterrestrial spacecraft. Full disclosure of Antarctica's history, and current events involving multiple space programs and transnational corporations, will vitally aid in transforming our planet, and prepare humanity for the major geological events that lie ahead as the melting ice unveils all that has previously been hidden.

This book is an offbeat field guide for sites in North America that reflect the rejection of the facts of prehistory and history. They are the physical equivalents of "fake news" about America's ancient past. Feder provides an entertaining summary forty sites along with the practical information you'll need to visit these fun and fascinating sites.

A British scholar challenges the conventional view of the Stone Age as minimally civilized, pointing out the many advances of its peoples, from their maps of the constellations to their innovations in boat building.

Investigates and questions the scientific consensus on the origins of civilization Do we, the human species, really know who we are or where we came from or how we originated or our place in the cosmos? Or is much of what we have been taught wrong or misguided or possibly even blatant lies intended to keep people in power and everyone else in line? Exploring alternative theories on the establishment of society and civilization, Hidden History: Ancient Aliens and the Suppressed Origins of Civilization looks at a variety of dissenting, suppressed, and forbidden accounts of history and the origins of humanity. It takes a broad and inclusive survey of historical documents, various theories, and a wide array of perspectives to explore what conventional wisdom might have gotten right and wrong. The book serves as a useful introduction into the suppressed accounts of the origins of modern civilization. It combines cutting-edge science with metaphysical, spiritual, and even paranormal views, daring to ask whether there might be a better explanation for humanity's existence and the origins of civilization than the current scientific consensus. Hidden History looks at the multiverse and parallel dimensions, the ancient alien theory, metaphysics, and hypotheses beyond physical perception, the eleven dimensions of string theory, radio telescopes that penetrate to the event horizon of our universe, mathematical equations that take us where no one has gone before, and the world-wide sharing of experiences old and new that

speak of long forgotten ancient mythologies that reveal historical truths. With more than 120 photos and graphics, this tome is richly illustrated. Its helpful bibliography provides sources for further exploration, and an extensive index adds to its usefulness. This fascinating book is a thorough investigation and examination of the mysteries surrounding early civilizations, their myths, legends, histories, monuments—and lasting legacies.

Hidden History is a detective novel as much as a scholarly tour de force. But the murder is not the butler. Neither is the victim a rich old man with many heirs. The victim is man himself, and the role of the assassin is played by numerous scientists. Dr. Michael Rothstein, Politiken Newspaper, Denmark

Claims of supernatural realms, parallel worlds, and lost civilizations are put to the test in this wellresearched guide to the unexplained. Firsthand accounts and historical documents are explored, and indepth coverage is provided on the mysteries of imagination, culture, perception, consciousness, being, and more. Included in this collection are Richard S. Shaver's personal experience of hell—replete with demons and ghouls—modern and ancient accounts of fairyland, life on Mars, alien worlds, parallel universes, and mystery airships. Also examined are the supernatural myths surrounding Mount Shasta, which include accounts of telepathic Lemurians living on its slopes, as reported by the Los Angeles Times. More than 40 beliefs, doctrines, experiences, and places are described and explored in this truly comprehensive guide to the wacky, weird, and otherworldly.

Over the centuries, researchers have found bones and artifacts proving that humans like us have existed for millions of years; the author argues, however, that mainstream science has suppressed these facts and that prejudices based on current scientific theory act as a "knowledge filter," giving us a picture of prehistory that is largely incorrect.

Frank Joseph reveals that modern civilization in North America was preceded by four advanced cultures that rose and fell over the past three thousand years. How they achieved greatness and why they vanished so completely are explored in this unconventional prehistory.

Are history books giving us the whole story? Or is civilization far more complex and far older than we have been taught? Our school textbooks barely mention the 6,000-year-old Sumerian civilization, yet the latest archaeological findings at sites such as Jericho and, most recently, Gobekli Tepe in Turkey have been dated to 10,000 BC. Civilization goes back at least another 10,000 years, if we are willing to believe what our ancestors themselves claimed. The Lost Civilization Enigma reveals the truth about: Lost magnitudes to known cultures, such as the Bosnian Pyramids and the civilization of "Old Europe"; The fabled lost "golden" cities of South America and the Amazon, which are slowly being rediscovered; Fascinating examples of lost technology, such as the Antikythera Device; Atlantis and the fact that it was a real civilization. Analyzing the historical and archaeological record, best-selling author Philip Coppens demonstrates that there is substantial evidence that civilization is far older, far more advanced, and far more special than is currently accepted. Clearly, our history books have left out a great deal!

A spellbinding blend of history and science, scholarship and speculation, this landmark work presents startling new evidence that traces archaeology's most enduring mysteries back to the lost civilization of Atlantis.... The Great Pyramid. Stonehenge. Machu

Picchu. For centuries, these and other sacred sites have inspired wonder among those who ponder their origins. Conventional science tells us they were constructed by local peoples working with the primitive tools of a fledgling civilization. But these megaliths nonetheless continue to attract pilgrims, scholars, and adventurers drawn by the possibility that their true spiritual and technological secrets remain hidden. Who could have built these elaborate monuments? How did they do it? And what were their incomprehensible efforts and sacrifices designed to accomplish? Now comes a revolutionary theory that connects these mysteries to reveal a hidden global pattern -- the ancient work of an advanced civilization whose warnings of planetary cataclysm now reverberate across one hundred millennia. International bestselling author Colin Wilson and Canadian researcher Rand Flem-Ath join forces to share startling evidence of a fiercely intelligent society dating back as much as 100,000 years -- one that sailed the oceans of the world, building monuments to preserve and communicate its remarkable wisdom. The Atlantis Blueprint is their term for a sophisticated network of connections between these sacred sites that they trace to Atlantis: a sophisticated maritime society that charted the globe from its home base in Antarctica ... until it was obliterated by the devastating global changes it anticipated but could not escape. Here is adventure to realms beyond our imaginings ... to shifting poles, changing latitudes ... into the world of ancient mariners who recharted the globe ... to astonishing discoveries about our ancestors. Here are the great mysteries ... the incredibly complex geography of the Temple of Luxor ... the startling sophistication of Egyptian science and math ... and tantalizing similarities among the Hebrew, Greek, and Mayan alphabets to the Chinese lunar zodiac. The Atlantis Blueprint opens up a Pandora's box of ancient mysteries, lost worlds, and millennial riddles. It is a story as controversial, fascinating, dangerous -- and inspiring -- as any ever told.

Despite being enmeshed in a culture steeped in technology and science, the magic and mysteries of the ancient world still haunt our imagination. Through their architecture, artifacts, and deeds, ancient cultures speak to us across thousands of dusty years--from the labyrinthine palace of Knossos on Crete and the lofty pyramids of Egypt to the remotest jungle temples of Peru and the megalithic mystery of Stonehenge. HIDDEN HISTORY brings together a fascinating selection of these ancient enigmas, arranging them into three sections: Mysterious Places, Unexplained Artifacts, and Enigmatic People.

“ . . . an important and outstanding contribution.” —Erich von Däniken, bestselling author of Chariots of the Gods “The Ancient Alien Question provides a captivating adventure around the world and sheds an interesting perspective on the Ancient Astronaut Theory.” —Giorgio A. Tsoukalos, producer of Ancient Aliens: The Series “Philip Coppens covers all the bases on this controversial topic. His research is thorough and he addresses each topic with a balanced overview that cuts through the jungle of confusion with a very sharp machete of reason.” —David Hatcher Childress, author of Technology of the Gods The Ancient Alien Question reveals an array of astonishing truths, including: A radically different understanding of the pyramids and how they were constructed The extraordinary stories behind monuments such as the Nazca lines and Puma Punku How extraterrestrials came to our planet and the evidence that supports this Analyzing the historical and archaeological evidence, Philip Coppens demonstrates that there is substantial proof that our ancestors were far more technologically advanced than currently accepted, and that certain

cultures interacted with nonhuman intelligences. Our ancestors were clearly not alone. Fifty years after Erich von Däniken posed these questions in *Chariots of the Gods*, Coppens provides clear, concise answers to the great historical enigmas in an accessible, readable format. Your view of human history will never be the same again!

One of Apple's Most Anticipated Books of Winter 2021 A quest to explore some of the most spectacular ancient cities in human history—and figure out why people abandoned them. In *Four Lost Cities*, acclaimed science journalist Annalee Newitz takes readers on an entertaining and mind-bending adventure into the deep history of urban life. Investigating across the centuries and around the world, Newitz explores the rise and fall of four ancient cities, each the center of a sophisticated civilization: the Neolithic site of Çatalhöyük in Central Turkey, the Roman vacation town of Pompeii on Italy's southern coast, the medieval megacity of Angkor in Cambodia, and the indigenous metropolis Cahokia, which stood beside the Mississippi River where East St. Louis is today. Newitz travels to all four sites and investigates the cutting-edge research in archaeology, revealing the mix of environmental changes and political turmoil that doomed these ancient settlements. Tracing the early development of urban planning, Newitz also introduces us to the often anonymous workers—slaves, women, immigrants, and manual laborers—who built these cities and created monuments that lasted millennia. *Four Lost Cities* is a journey into the forgotten past, but, foreseeing a future in which the majority of people on Earth will be living in cities, it may also reveal something of our own fate.

Discover everything you ever wanted to know about secret societies like the Freemasons, the historical mystery of Atlantis, why King Arthur, Leonardo da Vinci and Hitler are key figures, plus conspiracy theories, forgotten sciences and ancient wisdom. An archaeologist explores history's most fascinating enigmas, from the ancient Druids to the mysteries of the Mayan calendar and the lost city of Atlantis. Across thousands of years of history, so-called lost civilizations still speak to us through their artifacts and architecture. In *Hidden History*, archaeologist Brian Haughton fills the gap between archaeology and alternative history using the latest available data and a common sense, open-minded approach. Divided into three sections, this expertly researched volume shares the secrets of Mysterious Places, Unexplained Artifacts, and Enigmatic People. Haughton introduces readers to the greatest mysteries of the ancient world, from the labyrinthine palace of Knossos on Crete to the pyramids of Egypt, the remote jungle temples of Peru, and the megalithic mystery of Stonehenge. But he also goes further to explore historical puzzles like the Coso Artifact, the possibility of ancient flight, and the Voynich Manuscript, as well as mysterious peoples from the Magi and the Druids to the Knights Templar and the Green Children. With more than 50 photographs and illustrations, this is the ideal reference work for those interested in the archaeology of these great enigmas.

The author of *Hidden History* offers a fascinating tour through centuries of buried riches, stolen artifacts, and other true tales of treasure. The allure of treasure has captivated people for centuries. But is it purely a desire for wealth that draws us to tales of hidden riches, or is it also the romantic appeal of uncovering lost ancient artifacts? The stories behind the

loss and recovery of ancient treasures often read like historical suspense fiction. In *Ancient Treasures*, readers discover the true histories of lost hoards, looted archaeological artifacts, and sunken treasures, including: The Sevso Treasure, a hoard of large silver vessels from the late Roman Empire—estimated to be worth \$200 million—looted in the 1970s and sold on the black market. The Amber Room, a chamber decoration of amber panels backed with gold leaf and mirrors, stolen by the Nazis in 1941 and brought to the castle at Königsberg in Russia, from which it disappeared. The fabulous wealth of Roman and Viking hoards buried in the ground for safekeeping, only to be unearthed centuries later by humble metal detectorists. The wrecks of the Spanish treasure fleets, whose New World plunder has been the target of elaborate salvage attempts by modern treasure hunters

A compelling and controversial nonfiction in the tradition of Graham Hancock, *Fingerprints of the Gods*, *Magicians of the Gods* and *Forbidden Archaeology*. *The Myth of Man* challenges modern perceptions of the origins of mankind and the rise of civilization - bringing Atlantis, giants, Bigfoot, and the worldwide flood myths back to life. History is wrong. Much of what is known about humankind and our mysterious past originates from a lot of unsubstantiated guesswork and scientific dogma which has corralled the general populace into accepting outdated notions of human origins and the rise of civilization. *The Myth Of Man* reveals suppressed information and hidden history which contradicts these current paradigms of thought regarding the origins and development of Man. *Forbidden archaeology* challenges Darwin's evolutionary model and reinforces the possibility that our species originated much further back in antiquity than is considered acceptable by the present day scientific establishment. Could some of the world's most enduring myths such as giants, Bigfoot, Atlantis and the Great Flood actually be grounded in reality contrary to modern thinking? And how do these myths fit into the larger context of human progress and evolution? What could the presence of anomalous artefacts around the world tell us about the technological capabilities of our advanced and ancient ancestors? Maybe it is time for a total reappraisal of ancient history in order to fill the blank pages of prehistory and rewrite the amazing story of humankind.

“A lively popular history of an oft-overlooked element in the development of human society” (*Library Journal*)—walls—and a haunting and eye-opening saga that reveals a startling link between what we build and how we live. With esteemed historian David Frye as our raconteur-guide in *Walls*, which *Publishers Weekly* praises as “informative, relevant, and thought-provoking,” we journey back to a time before barriers of brick and stone even existed—to an era in which nomadic tribes vied for scarce resources, and each man was bred to a life of struggle. Ultimately, those same men would create edifices of mud, brick, and stone, and with them effectively divide humanity: on one side were those the walls protected; on the other, those the walls kept out. The stars of this narrative are the walls themselves—rising up in places

as ancient and exotic as Mesopotamia, Babylon, Greece, China, Rome, Mongolia, Afghanistan, the lower Mississippi, and even Central America. As we journey across time and place, we discover a hidden, thousand-mile-long wall in Asia's steppes; learn of bizarre Spartan rituals; watch Mongol chieftains lead their miles-long hordes; witness the epic siege of Constantinople; chill at the fate of French explorers; marvel at the folly of the Maginot Line; tense at the gathering crisis in Cold War Berlin; gape at Hollywood's gated royalty; and contemplate the wall mania of our own era. Hailed by Kirkus Reviews as "provocative, well-written, and—with walls rising everywhere on the planet—timely," Walls gradually reveals the startling ways that barriers have affected our psyches. The questions this book summons are both intriguing and profound: Did walls make civilization possible? And can we live without them? Find out in this masterpiece of historical recovery and preeminent storytelling.

Could the story of mankind be far older than we have previously believed? Using tools as varied as archaeo-astronomy, geology, and computer analysis of ancient myths, Graham Hancock presents a compelling case to suggest that it is. "A fancy piece of historical sleuthing . . . intriguing and entertaining and sturdy enough to give a long pause for thought."—Kirkus Reviews In Fingerprints of the Gods, Hancock embarks on a worldwide quest to put together all the pieces of the vast and fascinating jigsaw of mankind's hidden past. In ancient monuments as far apart as Egypt's Great Sphinx, the strange Andean ruins of Tihuanaco, and Mexico's awe-inspiring Temples of the Sun and Moon, he reveals not only the clear fingerprints of an as-yet-unidentified civilization of remote antiquity, but also startling evidence of its vast sophistication, technological advancement, and evolved scientific knowledge. A record-breaking number one bestseller in Britain, Fingerprints of the Gods contains the makings of an intellectual revolution, a dramatic and irreversible change in the way that we understand our past—and so our future. And Fingerprints of God tells us something more. As we recover the truth about prehistory, and discover the real meaning of ancient myths and monuments, it becomes apparent that a warning has been handed down to us, a warning of terrible cataclysm that afflicts the Earth in great cycles at irregular intervals of time—a cataclysm that may be about to recur. "Readers will hugely enjoy their quest in these pages of inspired storytelling."—The Times (UK)

A detailed examination of the controversial expeditions to the Tayos Cave complex in Ecuador and the treasures glimpsed in its depths • Reconstructs the expeditions from the 1960s and '70s, including the Mormon Church's search for lost tablets, Stanley Hall's quest with Neil Armstrong, and sightings of a metal library, books of gold, copper plates, and a quartz sarcophagus • Includes photos from the author's own dangerous expeditions to the Tayos Caves • Explores connections to Atlantis, Ancient Astronauts, and the Hollow Earth theory and the possibility of tunnel networks that extend from the Rocky Mountains to Patagonia The Cuevas de los Tayos is a cavern complex in the Amazon rain

forest of Ecuador. Named for the tayos, the oil birds that reside within them, these caves have countless enigmas connected with them, from the discovery of inexplicable architectural details, to claims of curses and treasures, to dangerous encounters with the indigenous people, the Shuar, for whom the caves are sacred. Sharing his more than 30 years of research into the Tayos Caves as well as his own explorations, Alex Chionetti examines the legends and mysteries associated with this site and the explorers who have ventured within. He details the discovery of the Tayos Cave complex by Hungarian explorer Janos Juan Moricz in the 1960s, including Moricz's claims of finding a metal library with books of gold. Exploring the oral tradition of the Shuar, he explains how this region was the possible origin of Incan culture and the legend of El Dorado. The author shares his own dangerous explorations within the Tayos Caves, and, drawing on unpublished interviews with speleologist Julio Goyén Aguado, he reconstructs the expeditions of the 1960s and '70s, revealing the Mormon Church's search for lost tablets, a British army incursion, and sightings of paintings, gold statues and skeletons, copper plates, and a quartz sarcophagus--treasures akin to the Crespi treasure. The author also shares details from Stanley Hall's suspicious expedition in 1976, which included astronaut Neil Armstrong. Investigating the lost civilizations behind the Tayos treasures, Chionetti explores the possible connections to Atlantis, aliens, Ancient Astronauts, and the Hollow Earth theory; the caves' links with hermetic societies; and claims of tunnel networks that extend thousands of miles through both American continents, from the Rocky Mountains to Patagonia. Sharing a real-life adventure story wilder than an Indiana Jones plot, the author shows that Earth's ancient past has many secrets waiting to be uncovered.

NAMED A NEW YORK TIMES NOTABLE BOOK OF 2017#1 New York Times and #1 Wall Street Journal bestseller! A five-hundred-year-old legend. An ancient curse. A stunning medical mystery. And a pioneering journey into the unknown heart of the world's densest jungle. Since the days of conquistador Hernán Cortés, rumors have circulated about a lost city of immense wealth hidden somewhere in the Honduran interior, called the White City or the Lost City of the Monkey God. Indigenous tribes speak of ancestors who fled there to escape the Spanish invaders, and they warn that anyone who enters this sacred city will fall ill and die. In 1940, swashbuckling journalist Theodore Morde returned from the rainforest with hundreds of artifacts and an electrifying story of having found the Lost City of the Monkey God-but then committed suicide without revealing its location. Three quarters of a century later, bestselling author Doug Preston joined a team of scientists on a groundbreaking new quest. In 2012 he climbed aboard a rickety, single-engine plane carrying the machine that would change everything: lidar, a highly advanced, classified technology that could map the terrain under the densest rainforest canopy. In an unexplored valley ringed by steep mountains, that flight revealed the unmistakable image of a sprawling metropolis, tantalizing evidence of not just an undiscovered city but an enigmatic, lost

civilization. Venturing into this raw, treacherous, but breathtakingly beautiful wilderness to confirm the discovery, Preston and the team battled torrential rains, quickmud, disease-carrying insects, jaguars, and deadly snakes. But it wasn't until they returned that tragedy struck: Preston and others found they had contracted in the ruins a horrifying, sometimes lethal-and incurable-disease. Suspenseful and shocking, filled with colorful history, hair-raising adventure, and dramatic twists of fortune, *THE LOST CITY OF THE MONKEY GOD* is the absolutely true, eyewitness account of one of the great discoveries of the twenty-first century.

This volume is an A-Z of alternative history. It helps you discover everything you wanted to know about secret societies like the Freemasons, the historical mystery of Atlantis, why King Arthur, Leonardo da Vinci and Hitler are key figures, plus conspiracy theories, forgotten sciences, and ancient wisdom.

The Essenes, the Kahunas of Hawaii, Pan and the nature kingdom, the angelic kingdom, the Vedas and Upanishads, the Kabbalah, the Yoga sutras of Patanjali, the Egyptian mysteries, and The Keys of Enoch: These profound spiritual teachings, unknown to so many on our planet, are a valuable resource to anyone wishing to move further along the path to enlightenment and ascension. This book contains a wealth of information on esoteric teachings, from the ancient mystery schools to the recently founded religions. More than a mere retelling of well-known facts, the story begins with what may be the most elusive knowledge of our time —that of the extraterrestrial presence on Earth.

Graham Hancock's multi-million bestseller *Fingerprints of the Gods* remains an astonishing, deeply controversial, wide-ranging investigation of the mysteries of our past and the evidence for Earth's lost civilization. Twenty years on, Hancock returns with a book filled with completely new, scientific and archaeological evidence, which has only recently come to light... The evidence revealed in this book shows beyond reasonable doubt that an advanced civilization that flourished during the Ice Age was destroyed in the global cataclysms between 12,800 and 11,600 years ago. Near the end of the last Ice Age 12,800 years ago, a giant comet that had entered the solar system from deep space thousands of years earlier, broke into multiple fragments. Some of these struck the Earth causing a global cataclysm on a scale unseen since the extinction of the dinosaurs. At least eight of the fragments hit the North American ice cap, while further fragments hit the northern European ice cap. The impacts, from comet fragments a mile wide approaching at more than 60,000 miles an hour, generated huge amounts of heat which instantly liquidized millions of square kilometres of ice, destabilizing the Earth's crust and causing the global Deluge that is remembered in myths all around the world. A second series of impacts, equally devastating, causing further cataclysmic flooding, occurred 11,600 years ago, the exact date that Plato gives for the destruction and submergence of Atlantis. But there were survivors - known to later cultures by names such as 'the Sages', 'the Magicians', 'the Shining Ones', and 'the Mystery Teachers of Heaven'. They travelled the

world in their great ships doing all in their power to keep the spark of civilization burning. They settled at key locations - Gobekli Tepe in Turkey, Baalbek in the Lebanon, Giza in Egypt, ancient Sumer, Mexico, Peru and across the Pacific where a huge pyramid has recently been discovered in Indonesia. Everywhere they went these 'Magicians of the Gods' brought with them the memory of a time when mankind had fallen out of harmony with the universe and paid a heavy price. A memory and a warning to the future... For the comet that wrought such destruction between 12,800 and 11,600 years may not be done with us yet. Astronomers believe that a 20-mile wide 'dark' fragment of the original giant comet remains hidden within its debris stream and threatens the Earth. An astronomical message encoded at Gobekli Tepe, and in the Sphinx and the pyramids of Egypt, warns that the 'Great Return' will occur in our time...

The Pyramids and the Pentagon is a detailed study of how and why government agencies have, for decades, taken a clandestine and profound interest in numerous archeological, historical, and religious puzzles. Focusing primarily upon the classified work of the U.S. Government, The Pyramids and the Pentagon invites you to take a wild ride into the fog-shrouded past. It's a ride that incorporates highlights such as: The CIA's top-secret files on Noah's Ark U.S. Army documents positing that the Egyptian Pyramids were constructed via levitation Disturbing military encounters with Middle Eastern djinns Claims of nuclear warfare in ancient India Links between the Face on Mars and the pharaohs And many more Nick Redfern's The Pyramids and the Pentagon clearly and provocatively demonstrates that deep and dark conspiracies exist within the shadowy world of officialdom—conspiracies that have the ability to rock the foundations of civilization, religion, and history to their very core. The strange and amazing secrets of the past are just a heavily guarded government vault away.

Were Atlantis and Lemuria factual places? Who built the pyramids and for what purpose? How advanced was the technology of ancient cultures? All this and more is covered in Exposed, Uncovered, & Declassified: Lost Civilizations & Secrets of the Past—the latest in the all-original series that is already sparking lively debate. Erich von Däniken, best-selling author of Chariots of the Gods, examines the Egyptian pyramids, studying their astronomical implications and what message they were meant to convey. Thomas G. Brophy, PhD, focuses on the mysterious Nabta Playa site in southern Egypt and its connection to African history. Intrepid explorer of ancient America Frank Joseph covers archeological scandals and attempts to suppress evidence, including the Smithsonian's "loss" of Maya skulls discovered in the Aleutian Islands. Researcher Steven Sora, author of The Lost Colony, delves into evidence that Scotland's Picts originated in North America and were connected to the ancient Micmac tribe of the Americas. Philip Coppens of the History Channel's Ancient Aliens explores an ancient Celtic network of roads that may be connected to a 4,000-year-old land-based reproduction of Atlantis. Scholar and mystery explorer Oberon Zell-Ravenheart brings

together the Garden of Eden, the Tree of Life, the great deluge, and the sinking of Lemuria. Marie D. Jones & Larry Flaxman (11:11: The Time Prompt Phenomenon) explore what ancient civilizations knew about sound and resonance, and how they may have used them to build megaliths and pyramids, and achieve altered states. Journalist Nick Redfern reveals the U.S. government's abiding interest in our ancient past, religious mysteries, and enigmatic artifacts. Evidence of these ancient mysteries is everywhere—if you know what to look for. Whether you're a believer, a skeptic, or somewhere in between, *Exposed, Uncovered, and Declassified: Lost Civilizations & Secrets of the Past* is sure to entertain and educate.

Why isn't the Book of Enoch in the Holy Bible, even though Enoch is referenced multiple times? Why were texts considered sacred by many, excluded by others? Who made the decisions and why? There are more than 50 books—some of which exist only in fragments while others are complete and whole—that are not included in the biblical canon. Why were they discarded? Most Protestant denominations settled on 66 canonical books of the Bible, while there are 73 for Roman Catholics and 78 for Eastern Orthodox adherents. Why are there these differences of opinion? We are often taught that the Bible is, in the words of many religious catechisms, “the infallible word of faith and practice.” In reality, the Bible can also be seen as a political document as much as a spiritual one. Ordained minister and theologian Jim Willis examines the historical, political, and social climates that influenced the redactors and editors of the Bible and other sacred texts in *Censoring God: The History of the Lost Books (and other Excluded Scriptures)*. In analyzing why texts were censored, he uncovers sometimes surprising biases. He investigates enigmatic hints of Bible codes and ancient wisdom that implies a greater spiritual force might have been at work. Willis explores the importance of the Book of Enoch, its disappearance, and how it was rediscovered in Ethiopia. He analyzes over two dozen excluded texts, such as Jubilees and the Gospel of Thomas, along with the many references to books that we know about from fragments but remain lost. Thought-provoking and provocative, *Censoring God* scrutinizes how sacred texts might have been used to justify the power of the powerful, including the destruction of sacred writings of conquered indigenous cultures because they did not agree with the finished version of the Bible accepted by the Church establishment. This important book looks at the human failings in interpreting God's words, and through a compassionate examination it brings a deeper understanding of the power and importance of the lost words. With more than 120 photos and graphics, this tome is richly illustrated. Its helpful bibliography provides sources for further exploration, and an extensive index adds to its usefulness. Unearthing the scientific evidence, myths, and legends of ancient civilization! The reminders of the Ancients are everywhere. They are saved in remnants in archaeology. They are found in reminiscences in mythology. They are

recorded in books, story, song, and stone. Who were these people, aliens, man-or-myths? Do we still see their influences today? What remains of these inhabitants of the jungles, lost cities, and dwellings underground, underwater and beyond? How did they rise? Why did they fall? Will they rise again? From pyramids and underground bunkers to watery graves and ancient astronauts, *Lost Civilizations: The Secret Histories and Suppressed Technologies of the Ancients* examines the archaeological evidence and the traces left behind by more than 70 ancient civilizations, including ... Atlantis Göbekli Tepe Anasazi disappearance in the American Southwest Nazca Lines of Peru Turkey's Çatalhöyük Denisovan Ancestors departure Amazon Cities in the Jungle Neanderthal Ancestors extinction The Eden Stories of Theoretical Physics Underground Cities of the Grand Canyon And many more! From ancient Egypt, middle America, and the Nubian Desert to the frozen Antarctica, underwater ruins of Asia, and clues of visits by ancient aliens, *Lost Civilizations* explores the unanswered questions about the true origins of man. Might there have been advanced civilizations long before the days of ancient Egypt and Mesopotamia? What do 3D imaging and new underwater mapping technology reveal? What do prehistoric artifacts, architecture, carvings, maps, and monoliths tell us? Were rising waters, erupting volcanoes, catastrophic solar flares, comet or asteroid fragments or some other unimaginable cataclysmic disasters the death of these advanced civilizations? Touring the world and reviewing the scientific evidence, this fascinating book ties together historical events in one part of the world that produced actual effects in others. Uncovering hidden and suppressed pasts of technologically and culturally advanced ancient civilizations, it looks at how modern civilization compares and contrasts to those who have gone before. It will leave you with the sense that what has happened to past advanced civilizations might very well be happening again in our own time! With more than 120 photos and graphics, it is richly illustrated. Its helpful bibliography and extensive index add to its usefulness.

An increasing number of historical and archaeological finds made around the world have been classified as out-of-place artifacts (ooparts). They have been called this because they appear unexpectedly among the ruins of the past with no evidence of a preceding period of development; their technological sophistication seems far beyond the capabilities of ancient peoples. Drawing on the literature and art of the Chaldeans, Sumerians, Babylonians and others, Rene Noorbergen's contention is that a superior race of man was responsible for these scientific marvels that bear testimony to a civilization with technology comparable to our own.

*Lost Cities* author Childress takes us deep into Mexico and Central America in search of the mysterious Olmecs, North America's early, advanced civilization. The Olmecs, now sometimes called Proto-Mayans, were not acknowledged to have existed as a civilization until an international archeological meeting in Mexico City in 1942. Now, the Olmecs are slowly being recognized as the Mother Culture of Mesoamerica, having invented writing, the ball game and the "Mayan"

Calendar. But who were the Olmecs? Where did they come from? What happened to them? How sophisticated was their culture? How far back in time did it go? Why are many Olmec statues and figurines seemingly of foreign peoples such as Africans, Europeans and Chinese? Is there a link with Atlantis? In this heavily illustrated book, join Childress in search of the lost cities of the Olmecs! Chapters include: The Mystery of the Origin of the Olmecs; The Mystery of the Olmec Destruction; The Mystery of Quizuo; The Mystery of Transoceanic Trade; The Mystery of Cranial Deformation; The Mystery of Olmec Writing; more. Heavily illustrated, includes a color photo section.

The alien influences behind the rise and fall of Egypt's Golden Age • Explains how Akhenaten was the last pharaoh entrusted with the sacred and ancient alien knowledge of stargates, free energy, and antigravity technologies • Reveals how the Brotherhood of the Snake, a secret society of reptilian aliens, sought to destroy Akhenaten and suppress the sacred knowledge of the pharaohs • Explores the original purpose of the pyramids--to transmit energy to expand consciousness--and how they were decommissioned after the Great Flood The sophisticated civilization of ancient Egypt arose seemingly overnight, complete with advanced levels of art, agriculture, astronomy, and physics. Then, with the death of Pharaoh Akhenaten, much of this higher knowledge was lost--or suppressed. But evidence of this former Golden Age, the alien visitors behind its rise, and those behind its decline still exists--some of it in plain sight. Examining the purposefully obscured reign of Akhenaten and Nefertiti, Xaviant Haze explains how they represent the last dynasty with access to the sacred knowledge of stargates, free energy, and antigravity technologies, knowledge handed down from an advanced interstellar race in the remote past. He reveals how the reptilian race known as the Shemsu Hor infiltrated the Egyptian priesthood and banking systems and formed the Brotherhood of the Snake--a secret society set on destroying Akhenaten's flourishing kingdom and suppressing the sacred knowledge of the pharaohs. Haze examines the evidence of aliens in ancient Egypt, such as the reptilian beings depicted in the Temple of Hathor and Thutmose III's alien encounter. He shows how Akhenaten and his family are always portrayed with elongated skulls and explores the connection between ancient aliens and Mars, including the Martian materials used in Egyptian monuments. He explains the original purpose of the pyramids--to transmit uplifting energy throughout the planet to help expand consciousness--and explores how they were decommissioned after the Great Flood of prehistory. He reveals how the original builders of the pyramids foresaw humanity's fall from the Golden Age and strategically encoded these magnificent structures to wake humanity from the depths of the Dark Ages.

Looks at some of the world's long-lost civilizations, describing each culture's artifacts and efforts of archaeologists to reconstruct these complex societies, including Catal Huyuk, Mycenae, Babylon, and Pataliputra.

Was there once a civilization more advanced than ours, more technologically sophisticated, and more spiritually aware

than our own? For anyone intrigued by these questions, this is the first definitive overview of the theories about the location of lost civilizations like Atlantis, Lemuria, and Mu. Each society is brought vividly back to life by exploring the history of their inhabitants and the mythology that has since grown-up around them. This compendious volume is divided by section to cover all parts of the globe and features lavish reconstructions, maps of possible locations, detailed annotations, with an overview of all the archeological evidence. Beautifully illustrated throughout in full-color, this is a must have for any history or ancient mysteries enthusiast.
