

Hiding In Plain Sight Exploring Scotlands III Health Postcards From Scotland

This book takes an in-depth look at the dramas and personalities involved in Jackson County's Underground Railroad, including a male fugitive whose attempted recapture sparked legal battles, a female fugitive who escaped from a Virginian plantation, and Concord Township Underground Railroad agents whose love letters are immortalized in archives.

Three adolescent bullies discover that the vicious crime for which they were never charged will haunt them in unimaginably horrific ways; a dominatrix and a bondage fetishist befriend one another as one's preoccupation grows to consume his life. A man persuades his wife to start a family, but her reluctant pregnancy comes with a dreadful side effect. A substitute teacher's curiosity about a veteran teacher's methodology provides her with a lesson she won't soon forget. An affluent, xenophobic lawyer callously kills two immigrants with her car with seeming impunity; a childless couple plays a sadistic game with a neglected juvenile each Halloween. An abusive father, a dating site predator, a neglected concierge, and an obsessed co-worker: they are all among the residents of Rebecca Rowland's universe, and they dwell in the everyday realm of crime and punishment tempered with fixation and madness. There are no vampires, zombies, or magical beings here; no, what lurk in this world are even more terrifying. Once you meet them, you will think twice before turning your back on that seemingly innocuous neighbor or coming to the aid of the helpless damsel in the dark parking lot. These monsters don't lurk under your bed or in the shadows: they are the people you see every day at work, in the supermarket, and in broad daylight. They are the horrors that hide in plain sight, and they will unsettle you more than any supernatural being ever could.

This book gives biblical and historical information about the Biblical Hebrew Israelites (children of Israel/12 Tribes) and how the Most High made a covenant with them and they disobeyed him, thus causing the fall of them. I believe that the suffering and challenges that the so-called Negroes of American and the 12 Tribes did not happen accidentally. Until the so called Negroes of American and the 12 Tribes around the world come back to their true Nationality and knowledge of the God of Israel, then can we become that mighty and powerful nation that we was in biblical times. I believe that this book will fill in the missing facts about the true identity and heritage of the so called Negroes of America and the 12 Tribes throughout the world. The real truth has been hidden, distorted and suppressed by the enemies of the Most High chosen people.

Discover Nugget of Truth Hidden in the Lesser-Known Parts of the Bible Christians who attempt to read the entire Bible often get stuck when they come to the genealogies, lists of numbers, and confusing prophecies. They wonder, Do I have to read the whole thing? Trusted Bible scholar Boyd Seevers shows how to appreciate and even enjoy those difficult passages. He gives examples of the hidden treasures in some of the lesser-known sections of the Bible and then shows readers how to unlock difficult passages on their own. This book will reveal why God included these parts, breathe new life into Bible reading, and help readers connect to God in new ways.

"A secret combination that seeks to overthrow the freedom of all lands, Nations, and Countries is increasing its evil influence and control over America and the Entire World."---Ezra Taft Benson, General Conference, 1988 The World is full of evil men conspiring for total control. Composed of religious, financial, and political committees, this secret combination coordinates with other groups to accomplish its ultimate plan---a one-world government called the New World Order and a one-world religion led by the Anti-Christ. But if this is true, why do so few people know about it? Why isn't it broadcast by the media for all the world to see? One reason is that the media obscures the actions of this

great conspiracy. But the greatest reason is that the conspiracy is taking place right before our eyes, staring at us so hard in the face that we can't see it. With new evidence from various experts on the subject, this revised edition of *Hiding in Plain Sight* examines the combinations that seek to destroy us and exposes the reasoning they use to deceive us. This is a must-read for any Latter-day Saint who wants to outsmart the enemy and win the war against Satan.

Raymond Burr (1917-1993), a film noir regular known for his villainous roles in movies like *Rear Window*, became one of the most popular stars in television history. He delighted millions of viewers each week in the top-rated shows *Perry Mason* and *Ironside*, which ran virtually uninterrupted for nearly twenty years.

"Hide in plain sight (c2007). Called home to the Amish countryside, city gal Andrea Hampton can't let go of her bitter memories. But she'll have to in order to help turn her grandmother's house into a bed-and-breakfast. When danger stalks her, Andrea must turn to carpenter Cal Burke, a man with his own secrets."-- P. [4] of cover.

Hidden in Plain Sight by global innovation consultant Jan Chipchase with Simon Steinhardt is a fascinating look at how consumers think and behave. Chipchase, named by *Fortune* as "one of the 50 smartest people in tech," has traveled the world, studying people of all nations and their habits, paying attention to the ordinary things that we do every day and how they affect our buying decisions. Future-focused and provocative, *Hidden in Plain Sight: How to Create Extraordinary Products for Tomorrow's Customers* illuminates exactly what drives consumers to make the choices they do, and demonstrates how all types of businesses can learn to see—and capitalize upon—what is hidden in plain sight today to create businesses tomorrow.

From power outages to predicting the future, this volume juxtaposes current research at the Santa Fe Institute with thirty years of *Bulletins from the world headquarters in complexity science*.

Newly promoted, Detective Sergeant William Warwick has been reassigned to the drugs squad. His first case: to investigate a notorious south London drug lord known as the Viper. But as William and his team close the net around a criminal network unlike any they have ever encountered, he is also faced with an old enemy, Miles Faulkner. It will take all of William's cunning to devise a means to bring both men to justice, a trap neither will expect, one that is hidden in plain sight . . . Filled with Jeffrey Archer's trademark twists and turns, *Hidden in Plain Sight* is the gripping next instalment in the life of William Warwick. It follows on from *Nothing Ventured*, but can be read as a standalone story.

Personal memoirs of my journey through life acknowledging my true identity as I should be living, but could not reveal that truth until my sixth decade of life. The cost of that revelation has been immeasurable in expenses and change in relationships, but laden with learnings this book will share with readers experiencing similar challenges with either themselves. or looking for answers to questions in their relationships with loved ones. From early childhood through the end of a lengthy career, the next chapter is committed to volunteer and foundation formation for homeless LGBTQ+ experiencing a similar path.

When Tom LeBrun was 5 years old he was like most kids his age, full of energy, dreams and imagination galore. But, unlike other kids, young Tom had a stated purpose. He told his Dad that, one-day, like his hero SUPERMAN, I want to fly around the world protecting people. This purpose drove him past challenges, obstacles, and injuries. And when that boy became a man, that's

exactly what he did. We'll follow Tom's adventures as advance for Tony Robbins, as the security team lead and advance for Bill Gates, and as the ever-resourceful Close Protection expert for some high-profile executives traveling into many extremely dangerous, remote locations.

Explains exactly what steganography is-hiding a message inside an innocuous picture or music file-and how it has become a popular tool for secretly sending and receiving messages for both the good guys and the bad guys First book to describe international terrorists' cybersecurity tool of choice in an accessible language Author is a top security consultant for the CIA and provides gripping stories that show how steganography works Appendix provides tools to help people detect and counteract stenanography

Introducing private investigator Kate Weller in the first of the brand-new Marked for Retribution mystery series. On the run from a troubled past, Kate Weller, the newest member of Price Investigations, covers her tracks, changes her name and takes a case in Charleston, South Carolina, where she can hide in plain sight. Renting a charming room with a waterfront view, Kate sets about trying to locate her adopted client's natural siblings, only to find more questions than answers when she eventually tracks down a long-lost sister. Meanwhile, her new landlord won't stop sticking his nose into her case. As far as Kate's concerned, Eric Manfredi should focus on whatever competitor is bent on ruining his family business. But when petty vandalism turns lethal, and Eric's father is arrested for murder, Kate determines to prove his innocence. Can she find the real culprit before a killer from her own past tracks her down?

Instant New York Times Bestseller Washington Post Bestseller USA Today Bestseller Indie Bound Bestseller Authors Round the South Bestseller Midwest Indie Bestseller New York Times bestselling author Sarah Kendzior documents the truth about the calculated rise to power of Donald Trump since the 1980s and how the erosion of our liberties made an American demagogue possible. The story of Donald Trump's rise to power is the story of a buried American history – buried because people in power liked it that way. It was visible without being seen, influential without being named, ubiquitous without being overt. Sarah Kendzior's Hiding in Plain Sight pulls back the veil on a history spanning decades, a history of an American autocrat in the making. In doing so, she reveals the inherent fragility of American democracy – how our continual loss of freedom, the rise of consolidated corruption, and the secrets behind a burgeoning autocratic United States have been hiding in plain sight for decades. In Kendzior's signature and celebrated style, she expertly outlines Trump's meteoric rise from the 1980s until today, interlinking key moments of his life with the degradation of the American political system and the continual erosion of our civil liberties by foreign powers. Kendzior also offers a never-before-seen look at her lifelong tendency to be in the wrong place at the wrong time – living in New York through 9/11 and in St. Louis during the Ferguson uprising, and researching media and authoritarianism when Trump emerged using the same tactics as the post-Soviet dictatorships she had long studied. It is a terrible feeling to sense a threat coming, but it is worse when we let apathy, doubt, and fear prevent us from preparing ourselves. Hiding in Plain Sight confronts the injustice we have too long ignored because the truth is the only way forward.

The 2008 financial crisis—like the Great Depression—was a world-historical event. What caused it will be debated for years, if not generations. The conventional narrative is that the financial crisis was caused by Wall Street greed and insufficient regulation of the financial system. That narrative produced the Dodd-Frank Act, the most comprehensive financial-system regulation since the New Deal. There is evidence, however, that the Dodd-Frank Act has slowed the recovery from the recession. If insufficient regulation caused the financial crisis, then the Dodd-Frank Act will never be modified or repealed; proponents will argue that doing so will cause another crisis. A competing narrative about what caused the financial crisis has received little attention. This view, which is accepted by almost all Republicans in Congress and most conservatives, contends that the crisis was caused by government housing policies. This book extensively documents this view. For example, it shows that in June 2008, before the crisis, 58 percent of all US mortgages were subprime or other low-quality mortgages. Of these, 76 percent were on the books of government agencies such as Fannie Mae and Freddie Mac. When these mortgages defaulted in 2007 and 2008, they drove down housing prices and weakened banks and other mortgage holders, causing the crisis. After this book is published, no one will be able to claim that the financial crisis was caused by insufficient regulation, or defend Dodd-Frank, without coming to terms with the data this book contains.

Revelation is the most intimidating and challenging book in the Bible. The keys to unlocking it have been there all along--hidden in plain sight. Come and explore with a new look at this old book, and see what we've been missing! This is a forthright book that pulls no punches and lays concepts bare, using scripture to explain scripture. If you have ever wanted to understand Revelation, this is the book for you. Chapter by chapter, you will say, "That makes sense! Why didn't I see that before?" This book will challenge preconceived ideas and errors that have been taught for centuries. See the plan of salvation and the future that Jesus really revealed to John.

A bold new novel that “augments a body of work worthy of a Nobel Prize” (Kirkus Reviews), from the internationally acclaimed author of *North of Dawn* Nuruddin Farah—“the most important African novelist to emerge in the past twenty-five years” (The New York Review of Books)—returns with a provocative, unforgettable tale about family, freedom, and loyalty. A departure in theme and setting, *Hiding in Plain Sight* is a profound exploration of the tensions between liberty and obligation, the ways in which gender and sexual orientation define us, and the unintended consequences of the secrets we keep. When Bella, a fashion photographer living in Rome, learns of her beloved half-brother’s murder, she travels to Nairobi to care for her niece and nephew. But when their mother resurfaces, reasserting her maternal rights and bringing with her a gale of chaos and confusion that mirrors the deepening political instability in the region, Bella must decide how far she will go to obey the call of sisterly responsibility.

In the course of the mundane routines of life, we encounter a variety of landscapes and objects, either ignoring them or looking without interest at what appears to be just a tree, stone, anonymous building, or dirt road. But the “deep traveler,” according to Hartford Courant essayist David K. Leff, doesn’t make this mistake. Instead, the commonplace elements become the most important. By learning to see the magic in the mundane, we not only enrich daily life with a sense of place, we are more likely to

protect and make those places better. Over his many years working at the Connecticut Department of Environmental Protection and writing about the state's landscape, Leff gained unparalleled intimacy while traveling its byways and back roads. In *Hidden in Plain Sight*, Leff's essays and photographs take us on a point-by-point journey, revealing the rich stories behind many of Connecticut's overlooked landmarks, from the Merritt Parkway and Cornwall's Cathedral Pines to roadside rock art and centuries-old milestones.

Vaughn Matthews witnessed a horrendous crime and spent eight years of her life in witness protection. Now she's ready to regain her life, free of fear—until she receives mysterious gifts and threatening notes. When private investigator Tony Lombardo meets his new neighbor, the attraction is immediate. She's an enigma, a mystery he wants to solve. Is her careful behavior just an eccentricity, or is she in real danger?

This informative new book takes a historic and analytical approach to the heritage of the so called Negroes of America and the 12 tribes in the bible. *The Hidden Treasure that Lies in Plain Sight 3* is a bold and innovative addition to the world of literature, providing a fresh perspective on the true image of Christ the true name of God and much more. *The Hidden Treasure that Lies in Plain Sight* features captivating content of a rich heritage that has been hidden from the masses. Writer Jeremy Shorter presents the unfolding of his self discovery journey which leads back to the Old Testament times. For more information visit www.JeremyShorter.net.

NEW YORK TIMES BESTSELLER • A magisterial portrait of Lady Bird Johnson, and a major reevaluation of the profound yet underappreciated impact the First Lady's political instincts had on LBJ's presidency. "[An] extensive, engaging new biography . . . in the Caro mold . . . To those who do not know [Lady Bird's] story, Sweig's book will come as a revelation."—*The New York Times* "This riveting portrait gives us an important revision of a long-neglected First Lady."—Blanche Wiesen Cook, author of *Eleanor Roosevelt, Vols. 1–3* In the spring of 1964, President Lyndon B. Johnson had a decision to make. Just months after moving into the White House under the worst of circumstances—following the assassination of President John F. Kennedy—he had to decide whether to run to win the presidency in his own right. He turned to his most reliable, trusted political strategist: his wife, Lady Bird Johnson. The strategy memo she produced for him, emblematic of her own political acumen and largely overlooked by biographers, is just one revealing example of how their marriage was truly a decades-long political partnership. Perhaps the most underestimated First Lady of the twentieth century, Lady Bird Johnson was also one of the most accomplished and often her husband's secret weapon. Managing the White House in years of national upheaval, through the civil rights movement and the escalation of the Vietnam War, Lady Bird projected a sense of calm and, following the glamorous and modern Jackie Kennedy, an old-fashioned image of a First Lady. In truth, she was anything but. As the first First Lady to run the East Wing like a professional office, she took on her own policy initiatives, including the most ambitious national environmental effort since Teddy Roosevelt. Occupying the White House during the beginning of the women's liberation movement, she hosted professional women from all walks of life in the White House, including urban planning and environmental pioneers like Jane Jacobs and Barbara Ward,

encouraging women everywhere to pursue their own careers, even if her own style of leadership and official role was to lead by supporting others. Where no presidential biographer has understood the full impact of Lady Bird Johnson's work in the White House, Julia Sweig is the first to draw substantially on Lady Bird's own voice in her White House diaries to place Claudia Alta "Lady Bird" Johnson center stage and to reveal a woman ahead of her time—and an accomplished politician in her own right. Sophie lives with Mama and Daddy and Grandpa, who spends his days by the window. Every day after school, it's Grandpa whom Sophie runs to. "Here I am, Grandpa!" "Ah, Sophie, how was your day?" As Sophie and her grandpa talk, he asks her to find items he's "lost" throughout the day, guiding Sophie on a tour through his daily life and connecting their generations in this sweet, playful picture book from Richard Jackson, illustrated by Caldecott Medalist and Laura Ingalls Wilder Award winner Jerry Pinkney. Uncover the masterworks of modern art hidden across New York City in this charmingly illustrated exploration of one of the world's greatest artistic treasure troves. There's so much to love about New York, and so much to see. The city is full of art, and architecture, and history -- and not just in museums. Hidden in plain sight, in office building lobbies, on street corners, and tucked into Soho lofts, there's a treasure trove of art waiting to be discovered, and you don't need an art history degree to fall in love with it. Art Hiding in New York is a beautiful, giftable book that explores all of these locations, traversing Manhattan to brings 100 treasures to art lovers and intrepid New York adventurers. Curator and urban explorer Lori Zimmer brings readers along to sites covering the biggest names of the 20th century -- like Jean-Michel Basquiat's studio, iconic Keith Haring murals, the controversial site of Richard Serra's Tilted Arc, Roy Lichtenstein's subway station commission, and many more. Each entry is accompanied by a beautiful watercolor depiction of the work by artist Maria Krasinski, as well as location information for those itching to see for themselves. With stunning details, perfect for displaying on any art lover's shelf, and curated itineraries for planning your next urban exploration, this inspirational book is a must-read for those who love art, New York, and, of course, both.

Ever since man began placing a value on his possessions, he has had to protect them from invading hordes, marauders, the infamous tax-man, and sometimes the law. Today, little has changed in this aspect. People still have similar objectives: Keeping their possessions...well, theirs. However, when your supplies run short and mass casualties leave good intentioned supplies unguarded, you'll have to know how and where to look to maximize the benefits while reducing risks. Matthew Dermody turns the tables on his normal camouflage and concealment skills and takes on the role of detective; teaching you where to find food, supplies, and valuables for barter that may be...hidden in plain sight.

Hidden in Plain SightA Deep Traveler Explores ConnecticutWesleyan University Press

An examination of human trafficking around the world including the following countries: United States, Japan, United Arab Emirates, Thailand, Israel and the Occupied Palestinian Territories, Colombia, Iraq, Syria, Canada, Italy, France, Iran, India, Niger, China, South Africa, Australia, United Kingdom, Chile, Germany, Poland, Mexico, Russia, and Brazil.

The memoir of a high-functioning, law-abiding (well, mostly) sociopath and a roadmap—right from the source—for dealing with the sociopath in your life. As M.E. Thomas says of her fellow sociopaths, “We are your neighbors, your coworkers, and quite possibly

the people closest to you: lovers, family, friends. Our risk-seeking behavior and general fearlessness are thrilling, our glibness and charm alluring. Our often quick wit and outside-the-box thinking make us appear intelligent—even brilliant. We climb the corporate ladder faster than the rest, and appear to have limitless self-confidence. Who are we? We are highly successful, noncriminal sociopaths and we comprise 4 percent of the American population.” Confessions of a Sociopath—part confessional memoir, part primer for the curious—takes readers on a journey into the mind of a sociopath, revealing what makes them tick while debunking myths about sociopathy and offering a road map for dealing with the sociopaths in your life. M. E. Thomas draws from her own experiences as a diagnosed sociopath; her popular blog, Sociopathworld; and scientific literature to unveil for the very first time these men and women who are “hiding in plain sight.”

Hiding in Plain Sight tells the story of the global effort to apprehend the world’s most wanted fugitives. Beginning with the flight of tens of thousands of Nazi war criminals and their collaborators after World War II, then moving on to the question of justice following the recent Balkan wars and the Rwandan genocide, and ending with the establishment of the International Criminal Court and America’s pursuit of suspected terrorists in the aftermath of 9/11, the book explores the range of diplomatic and military strategies—both successful and unsuccessful—that states and international courts have adopted to pursue and capture war crimes suspects. It is a story fraught with broken promises, backroom politics, ethical dilemmas, and daring escapades—all in the name of international justice and human rights. Hiding in Plain Sight is a companion book to the public television documentary Dead Reckoning: Postwar Justice from World War II to The War on Terror. For more information about the documentary, visit www.pbs.org/wnet/dead-reckoning/. And for more information about the Human Rights Center, visit hrc.berkeley.edu.

Sandra Kemayou utilizes aspects of her own personal journey of standing up, standing firm and using her voice, to engage the reader with a compelling narrative that is meant to convert any semblance of inertia or apathy for the status quo, into an irrevocable pursuit of the internal freedom and insightfulness that is an essential prerequisite to living a life that is purposeful and intentional. It is a far reaching and thought provoking compilation of ideas of engagement about “the self” that is meant to force the reader to stop, reflect, and search for honest answers that relate to the reasons for giving in and giving up on their dreams, their hopes and aspirations. Furthermore, the Author’s deliberate intent is to evoke a visceral response from anyone who has felt the need to hide or disguise their God given greatness, for fear of having their light shine in the public arena.

Are you tired of people knowing who you are but no one really knowing you? As the star of the twentieth season of The Bachelor, Ben Higgins looked like he had it all together. Instead, Ben felt dissatisfied, fearful, and deeply alone. Like so many of us, he thought of himself as the kid who never got picked for the game, the person always on the outside of the joke, the friend who knew a lot of people but was never truly known. He wondered if he mattered at all. In Alone in Plain Sight, Ben vulnerably shares how he found authentic connection with himself, with others, and with God. As Ben helps us name our own yearning for meaning, he explores ways to understand ourselves more deeply so that we are free to connect with others; how shared pain can bridge even the widest gaps between two very different people; why we must deconstruct our culture’s fairy-tale view of love; and how the God

who longs for relationship with us is the answer to our need for connection. As Ben discovered, in a disconnected world, it is still possible to have lasting purpose and peace. You are already known. You are already loved. You are already seen. Discover how to live out how much you matter as you embrace the true meaning of your one incredible life.

Why isn't God answering my prayers? How could there be a God of love in a dying world? How do I believe in a powerful God when life seems so ordinary? If you've been plagued with questions about God (by yourself or others), are jaded by religion, or are new to this whole God thing, the heart journey inscribed on these pages are for you. I understand that it's difficult to embrace a faith that seems too soft and distant against the backdrop of a loud culture. I struggled to believe in the God of miracles. There seemed to be too many unanswered questions for the logical mind. Is it possible to believe in the spiritual without being illogical? Could the whole human race fall into sin again from eating a fruit? Could I live the supernatural life of faith like those pastors I see? Perhaps the biggest question of all -- how do I get closer to God? As you turn these pages, allow God to love and inspire you as you enter into a deeper relationship with Him. This book will help you to see the extraordinary in the little. Miracles in the mundane. Strength in difficulties. Grace in the darkness. Your faith will find the restart you've been looking for, and you'll discover that He's been hidden in plain sight, all this while.

Details how African-descended women's societal, marital, and sexual decisions forever reshaped the racial makeup of Argentina Argentina promotes itself as a country of European immigrants. This makes it an exception to other Latin American countries, which embrace a more mixed--African, Indian, European--heritage. *Hiding in Plain Sight: Black Women, the Law, and the Making of a White Argentine Republic* traces the origins of what some white Argentines mischaracterize as a "black disappearance" by delving into the intimate lives of black women and explaining how they contributed to the making of a "white" Argentina. Erika Denise Edwards has produced the first comprehensive study in English of the history of African descendants outside of Buenos Aires in the late colonial and early republican periods, with a focus on how these women sought whiteness to better their lives and that of their children. Edwards argues that attempts by black women to escape the stigma of blackness by recategorizing themselves and their descendants as white began as early as the late eighteenth century, challenging scholars who assert that the black population drastically declined at the end of the nineteenth century because of the whitening or modernization process. She further contends that in Córdoba, Argentina, women of African descent (such as wives, mothers, daughters, and concubines) were instrumental in shaping their own racial reclassifications and destinies. This volume makes use of a wealth of sources to relate these women's choices. The sources consulted include city censuses and notarial and probate records that deal with free and enslaved African descendants; criminal, ecclesiastical, and civil court cases; marriages and baptisms records and newsletters. These varied sources provide information about the day-to-day activities of cordobés society and how women of African descent lived, formed relationships, thrived, and partook in the transformation of racial identities in Argentina.

"This book has wonderful and valuable things to say. I won't soon forget them." Frederick Buechner Have you ever had a conversation that went far deeper than the words spoken or an experience where you felt you had participated in something sacred that you had been part of the unbidden activity of God? Although these situations may seem rare and unexplainable, they are reminders that God's grace surrounds us constantly and shows up in manifold ways to those who have eyes to see the sacred in everyday life. "These sacramental moments are the

bursts of revelation that give spiritual order to our otherwise disordered lives," says veteran journalist Dean Nelson. In this colourful, story-driven introduction to sacramental living, Nelson offers all Christians a way to see the presence of God amid the chaos and monotony of daily life. Each chapter emphasizes a different kind of sacramental moment, showing how it can be a lens through which we can see more of God. Fifteen-year-old Megan "Cause Queen" Caliente is president of the political science club and likes to make her voice heard. But after the protest she organized on the Las Vegas Strip takes an unexpected turn, she is suddenly wishing she could disappear. When her mother comes to pick her up at the police station, Megan learns, to her horror, that her whole life has been a lie. Her father is a convicted terrorist, responsible for the deaths of more than two hundred people, and her mother has been living under an assumed name for fifteen years. Megan's mom is taken away in handcuffs, and Megan is expected to return to her regular life under the supervision of her aunt. But everyone, students and teachers alike, is treating her differently now. Cruel accusations and gossip, as well as persistent reporters, follow her everywhere. Worried that she is destined to follow in her father's footsteps, Megan, with the help of the charismatic Matt Mendez, the only person at school who hasn't turned on her, decides to track down the father she thought was dead and get some answers.

Hiding in Plain Sight by Sarah Gallardo depicts a real and chilling portrayal of how domestic violence does not discriminate and manifests itself in the most unexpected ways and places. This true story provides an authentic depiction of one woman's journey through DV and its devastating emotional, physical, mental and spiritual effects on an individual. Beyond the negative experience that this woman endures through this disgusting act of human cruelty, through the tears, anger, cuts and bruises, this woman demonstrates the power of hope through her heroic courage and strength to come out on the other side. Instead of succumbing to a life of anger, defeat and lack of self-confidence, Ms. Gallardo demonstrates her leadership, her dedication to combatting the DV epidemic and the ability to empower other victims of this horrible crime to speak up- loud and proud. Beyond the wonderful non-profit organization Sarah has created called "Sarah Speaks Up", she has created a following- a tribe- of others who gravitate to her bravery through telling this story of hiding in plain sight. This story will serve as a guiding light to many - whether they are able and willing to share their story or suffering in silence. It is a story of hope, survival and true human bravery with extraordinary leadership and resilience at its core.~ Morgan Ferrarotti

For more information about this author, visit www.JeremyShorter.net. The second series of The Hidden Treasure That Lies in Plain Sight is a captivating and thought-provoking book that talks about the letter J being the newest letter in the English alphabet. This book also talks about King James I of England and how he was a black man who was king of England, Scotland, Ireland, and much more. The Hidden Treasure That Lies in Plain Sight features captivating content of a rich heritage that has been hidden from the masses. Read more about his research at www.IsraellitesUnite.com

The Hidden Treasure That Lies in Plain Sight 4 is a bold and innovative addition to the world of literature, providing a fresh perspective on the day of our Lord and how its a day of darkness, not joy like the churches teach. Also, this series talks about the judgment of America, which is Babylon mentioned in the Word of God and much more. Writer Jeremy Shorter presents the unfolding of his journey of self-discovery, which leads back to the times of the Old Testament. To purchase more of Jeremy's books visit www.jeremyshorter.net.

Hiding in Plain Sight is a book that will help you learn about your gift of discernment. Discernment is an ability given to all believers but, teaching on this gift is lacking in the Body of Christ. Discover how to develop this gift and its importance in the life of the believer. As you sharpen your ability to discern you will unmask the enemy and recognize his activity in your life and the lives of others.
