Given that hip hop music alone has generated more than a billion dollars in sales, the absence of a major black record company is disturbing. Even Motown is now a subsidiary of the Universal Music Group. Nonetheless, little has been written about the economic relationship between African-Americans and the music industry. This anthology dissects contemporary trends in the music industry and explores how blacks have historically interacted with the business as artists, business-people and consumers.

A paint-peeling parody of "Fire and Fury". Despite an unprecedented lack of access to Chump's house, investigative journalist Martha Skewermann recounts the unbelievable story behind the ethical and egoless, yet tragically star-crossed, civic leader Mayor Ronnie Chump, one of the greatest unelected public officials since Dinsdale Piranha. Following the butt-clenching events of the 2016 mayoral election, seasoned scribbler Martha Skewermann takes the reader on a thrilling journey through the politics of Washintown. She thus relives the tale of how the inimitable Chump - the world's kindest and most inclusive politician - had the unexpected misfortune of accidentally torching his new white house while preoccupied with the welfare of others and caring for the underprivileged in his community. No mayor has ever united his people in grief so spectacularly. With a threadbare plot, a brilliantly formatted Contents page and a cast of the only the best people, Martha Skewermann's Dire and Puny captures the pungent, smoky essence of the Chump administration. It will subject your sphincters to the ultimate stress-test.

"What doth the lord require of man but to act justly, to love mercy, and to walk humbly with thy God."-Micah 6:8 When Eleanor Ramsay Williamson was ten, her father, Kerr Craige Ramsay, died of a heart attack. Her idyllic life in North Carolina was shattered. Eleanor lost not only a parent who adored her, but her whole world. In this memoir, Eleanor explores the effects her father's death had on her as she grew up. Her experiences were similar to that of others who had also lost their fathers as youngsters: she cared for her alcoholic mother and tried to be strong, but found it difficult at best. In exploring her relationships, Eleanor recognized much of her father in her: his smile, energy, and self-confidence. Relying on these qualities, Eleanor unshackled the restraints placed on women of that era and blazed her own trail. She even married a Yankee, Sterling Rudolph Williamson, and later developed her passions for literature, foreign cultures, and teaching. This insightful memoir follows Eleanor's emotional journey from life as a youngster, through the loss her father and the subsequent upheaval, to her own experiences as a mother and wife, and finally her blossoming into a passionate teacher of international students. With My Father's Daughter, you will experience the events of Eleanor's life as she plucks the strings of your subconscious emotions with her keen observations.

After the Crisis looks at Southeast Asia—especially Thailand, Indonesia, Malaysia and the Philippines—after the Asian financial crisis.

This eleventh volume of the Kyoto Area Studies on Asia takes up the complex interactions and tensions among Southeast Asian states, markets and societies within the context of a regional order under American hegemony, with emphasis on individuals and collectives whose thoughts and actions actively intervene in the shaping of relations between and among the three realms. The book discusses the formation of the regional order, the shift in US policy from condoning to dismantling authoritarian developmentalist regimes in light of challenges posed by Asian global competitiveness, and US deployment of a multilateral, neoliberal economism mediated by the IMF as a way of imposing "structural reforms" on now "democratizing" states. The book also examines social responses which took the form of elite and popular nationalist "backlash" against globalization and Americanization.
