Would you trust God alone for your safety and embark on the most dangerous of sea voyages—not once but four times—in hopes of discovering distant lands and new people? In the 15th century, the race to find a new oceanic trade route to the Orient was as frenzied as our modern day race into outer space. Back home, the European nations were struggling for survival against foreign invaders and trying to hold on not only to their civilizations but more importantly to their faith. One brave man named Christopher Columbus took the challenge! Navigated by God recounts the amazing voyages of Columbus and how God transformed his life against the backdrop of the race to the New World. An ordinary man faced with insurmountable odds, Columbus rose from obscurity to fame and eventually was plunged back into the shadows in what can only be described as a divinely inspired expedition. Relive his incredible story retold as a novel sure to capture any child's imagination. Using Columbus' own journals and Book of Prophecies, Navigated by God shows how truly important Columbus' faith was to him and how he struggled with many of the sins we all commit. Navigated by God will give you a new appreciation and perspective on Columbus not captured in any other children's book.

Taking a collection of seminal articles from the Journal of Curriculum Studies, this book offers readers a vantage point for thinking about the worlds of schools and curricula, focusing in particular on the concept of seeing schools, curricula and teaching in new ways. #1 NEW YORK TIMES BESTSELLER • A vibrant collection of oil paintings and stories by President George W. Bush honoring the sacrifice and courage of America's military veterans. With Forewords by former First Lady Laura Bush and General Peter Pace, 16th Chairman of the Joint Chiefs of Staff. Growing out of President Bush's own outreach and the ongoing work of the George W. Bush Institute's Military Service Initiative, *Portraits of Courage* brings together sixty-six full-color portraits and a four-panel mural painted by President Bush of members of the United States military who have served our nation with honor since 9/11—and whom he has come to know personally. Our men and women in uniform have faced down enemies, liberated millions, and in doing so showed the true compassion of our nation. Often, they return home with injuries—both visible and invisible—that intensify the challenges of transitioning into civilian life. In addition to these burdens, research shows a civilian-military divide. Seventy-one percent of Americans say they have little understanding of the issues facing veterans, and veterans agree: eighty-four percent say that the public has "little awareness" of the issues facing them and their families. Each painting in this meticulously produced hardcover volume is accompanied by the inspiring story of the veteran depicted, written by the President. Readers can see the faces of those who answered the nation's call and learn from their bravery on the battlefield, their journeys to recovery, and the continued leadership and contributions they are making as civilians. It is President Bush's desire that these stories of courage and resilience will honor our men and women in uniform, highlight their family and caregivers who bear the burden of their sacrifice, and help Americans understand how we can support our veterans and empower them to succeed. President Bush will donate his net author proceeds from *PORTRAITS OF COURAGE* to the George W. Bush Presidential Center, a non-profit organization whose Military Service Initiative works to ensure that post-9/11 veterans and their families make successful transitions to civilian life with a focus on gaining meaningful employment and overcoming the invisible wounds of war.

A vivid history of America's biggest, baddest prison system and how it came to lead the nation's punitive revolution In the prison business, all roads lead to Texas. The most locked-down state in the nation has led the way in criminal justice severity, from assembly-line executions to isolation supermaxes, from prison privatization to sentencing juveniles as adults. *Texas Tough*, a sweeping history of American imprisonment from the days of slavery to the present, shows how a plantation-based penal system once dismissed as barbaric became the national template. Drawing on convict accounts, official records, and interviews with prisoners, guards, and lawmakers, historian Robert Perkinson reveals the Southern roots of our present-day prison colossus. While conventional histories emphasize the North's rehabilitative approach, he shows how the retributive and profit-driven regime of the South ultimately triumphed. Most provocatively, he argues that just as convict leasing and segregation emerged in response to Reconstruction, so today's mass incarceration, with its vast racial disparities, must be seen as a backlash against civil rights. Illuminating for the first time the origins of America's prison juggernaut, *Texas Tough* points toward a more just and humane future.

Kendi, author of *How to Be an Antiracist*, and Keisha N. Blain, author of *Set the World on Fire*. FINALIST FOR THE ANDREW CARNEGIE MEDAL • “A vital addition to [the] curriculum on race in America . . . a gateway to the solo works of all the voices in Kendi and Blain’s impressive choir.”—*The Washington Post* “From journalist Hannah P. Jones on Jamestown’s first slaves to historian Annette Gordon-Reed’s portrait of Sally Hemings to the seductive cadences of poets Jericho Brown and Patricia Smith, *Four Hundred Souls* weaves a tapestry of unspeakable suffering and unexpected transcendence.”—*O: The Oprah Magazine* The story begins in 1619—a year before the *Mayflower*—when the *White Lion* disgorges “some 20-and-odd Negroes” onto the shores of Virginia, inaugurating the African presence in what would become the United States. It takes us to the present, when African Americans, descendants of those on the *White Lion* and a thousand other routes to this country, continue a journey defined by inhuman oppression, visionary struggles, stunning achievements, and millions of ordinary lives passing through extraordinary history. *Four Hundred Souls* is a unique one-volume “community” history of African Americans. The editors, Ibram X. Kendi and Keisha N. Blain, have assembled ninety brilliant writers, each of whom takes on a five-year period of that four-hundred-year span. The writers explore their periods through a variety of techniques: historical essays, short stories, personal vignettes, and fiery polemics. They approach history from various perspectives: through the eyes of towering historical icons or the untold stories of ordinary people; through places, laws, and objects. While themes of resistance and struggle, of hope and reinvention, course through the book, this collection of diverse pieces from ninety different minds, reflecting ninety different perspectives, fundamentally deconstructs the idea that Africans in America are a monolith—instead it unlocks the startling range of experiences and ideas that have always existed within the community of Blackness. This is a history that illuminates our past and gives us new ways of thinking about our future, written by the most vital and essential voices of our present.

A firsthand exploration of the cost of boarding the bus of change to move America forward—written by one of the Civil Rights Movement's pioneers. At 18, Charles Person was the

youngest of the original Freedom Riders, key figures in the U.S. Civil Rights Movement who left Washington, D.C. by bus in 1961, headed for New Orleans. This purposeful mix of black and white, male and female activists—including future Congressman John Lewis, Congress of Racial Equality Director James Farmer, Reverend Benjamin Elton Cox, journalist and pacifist James Peck, and CORE field secretary Genevieve Hughes—set out to discover whether America would abide by a Supreme Court decision that ruled segregation unconstitutional in bus depots, waiting areas, restaurants, and restrooms nationwide. Two buses proceeded through Virginia, North and South Carolina, to Georgia where they were greeted by Dr. Martin Luther King Jr., and finally to Alabama. There, the Freedom Riders found their answer: No. Southern states would continue to disregard federal law and use violence to enforce racial segregation. One bus was burned to a shell, its riders narrowly escaping; the second, which Charles rode, was set upon by a mob that beat several riders nearly to death. *Buses Are a Comin'* provides a front-row view of the struggle to belong in America, as Charles Person accompanies his colleagues off the bus, into the station, into the mob, and into history to help defeat segregation's violent grip on African American lives. It is also a challenge from a teenager of a previous era to the young people of today: become agents of transformation. Stand firm. Create a more just and moral country where students have a voice, youth can make a difference, and everyone belongs.

The award-winning author of *The Beast: A Reckoning with Depression* challenges stereotypes and fallacies to reveal the true heart of the South today, explaining how traditions about adapting are responsible for key changes while assessing the influence of Latino immigrants throughout the past half century.

Being healthy is much more than being physically fit and free from disease. Health is the state of well-being in which all of the components of health -- physical, emotional, social, mental, spiritual, and environmental -- are in balance. To be truly healthy, you must take care of all six components. - p. 11.

Teaching for Dissent looks at the implications of new forms of dissent for educational practice. The reappearance of dissent in political meetings and street protests opens new possibilities for improved democratic life and citizen participation. This book argues that this possibility will not be fulfilled if schools do not cultivate the skills necessary for our citizens to engage in political dissent. The authors look at how practices in schools, such as the testing regime and the 'hidden curriculum', suppress students' ability to voice ideas that stand in opposition to the status quo. Teaching for Dissent calls for a realignment of the curriculum and the practices of schooling with a guiding vision of democratic participation.
