With this program students learn to dissect the prose of professional writers, analyze the elements of great speechmaking, and crack the codes of the advertising industry while boosting their reading skills. Includes word analysis, systematic vocabulary development, reading of informational materials, literary response and analysis as well as writing skills to create clear, coherent and focused essays. English language conventions are taught leading to better understanding of written and oral information and ability to evaluate the content of both.

Designed for middle school teachers and students in California. Offer teachers and students a method to focus on the written and oral language convention required by the standards--to provide an effective way to teach and learn grammar, usage, and mechanics skills.
