Are you frustrated with the growth of your network marketing business? Do you have trouble motivating your team? Is your genealogy a bunch of zeros? I know how you feel. There was a time when I was in the same boat. I had been in the business for about six months and had recruited a lot of distributors. In fact, I was one of the top recruiters in our company. But although I was earning thousands of dollars a month from the business, I had a problem. The problem was that I was the only one on the team who was doing anything. Almost all of my income was coming from my own efforts, not from overrides. So my business wasn't growing. And I didn't know why. I'd done everything my upline taught me. I was signing up people every week. But if nobody does anything, you don't have a business, you have a job and that's not why I started a network marketing business. What did I do? I spoke to a leader in our company named Ron. I told him my story and asked for his advice. Ron explained to me "The facts of life" about network marketing. Things I'd never been told before. Although our meeting lasted only a few minutes, when it was done, I was excited because I knew exactly what I needed to do to turn things around. I had a plan and followed it. Within a few weeks, things started happening. My team put some sales on the books. They started recruiting, too. My business continued to grow and within a few years, I was earning a six-figure income and MOST of it was from overrides. In this book, I'm going to tell you what Ron told me. I'll also share insights and lessons I've learned from building my business and working with my organization. Here are some of the things you'll learn: - Three things I wish I knew when before I started my business - Strategies for re-activating distributors who have slowed down or quit - Why you only need a FEW leaders to build a HUGE business (and where to find them) - The truth about training, game plans, and working with distributors - What to do when your team won't return your calls - Techniques for getting your team to increase recruiting and production - Multi-level marketing math (and how to use it to keep distributors from quitting) - How to motivate unmotivated distributors-the secret used by top income earners - No team? No problem. Here's what to do to get some - How to get new distributors started right-without being a babysitter - How to find "hidden gems" in your genealogy - The one thing you should NEVER do with your team (Don't make the mistake I made) - How to dramatically increase your odds of success If your business isn't going the way you want it to, if nobody is doing anything on your team, don't give up. You can fix your business. This book shows you how.

Tired of struggling in Network Marketing? The 8 Fundamentals to Earn a Million Dollars in Network Marketing book will give you the basic fundamentals that you need to take your business to the next level.

If you're doing these things, just a friendly advice, But stop it. Because base on my experiences and the many network marketers that have been talking with and friends, these cheap strategies are no longer effective. One of the reasons why many do not want networking is because of prospecting methods' too. They do not want to do such things.

Your First 90 Days In Network Marketing helps you identify your WHY and puts it into action with step by step instruction to help you create momentum and develop income for life. This book will take you from traditional belly-to-belly marketing so what we call Social Network Marketing, utilizing services like Facebook, Twitter, Hubpages, Digg and much more. We conduct presentations to thousands of people around the world at live events, and we always ask the following two questions (you can fill in the blank with your product or service). "How many of you are here to learn more about the _____, please raise your hands." (you always get a few people that raise their hands). Then we ask, "How many people are here to learn how to make more money?" Do you want to guess how many people fanatically raise their hands with excitement at the second question? Almost everyone! Take notice that we use the word "learn" in both those questions. People want to learn! The one common denominator in this industry, is that people get all hyped up after enrolling at an event or home party and don't know what to do next. Most people in this industry are sponsored by someone that just previously enrolled and also has no experience as to how to build a network marketing business. This book will not take you through the history of network marketing. We cover that subject in our other book "The Ultimate Guide For Network Marketing". Your First 90 Days In Network Marketing was designed to help you build a strong foundation over the next 90 days. Why 90 days? 90 days is point where most people give up. Most people give up because they over complicate this business, and they have not been shown an easy systematic way to duplicate themselves. Yes, I used the word easy. Just follow the easy steps outlined in the book and you'll be on your way to a lifetime of residual income. Our mission is to give our fellow network marketing community a strong foundation to help build their empires in today's ever-changing world of technology, help them become dominant players in the industry and mentor them to help change the perception of network marketing. Our industry of the home based business with the help of the internet is now converging globally into what we call Social Network Marketing. I'm convinced that Social Network Marketing is the only way people will build their financial empires now and in the future. Businesses that don't use this model will struggle and possibly cease to exist.

These two actions take some creativity and trial and error. The chapters were short but really had a lot of valuable information on the subject. The author was so kind as to give suggestions to different websites that one could use for the menagerie that it marketing, also I did not know that some of the biggest social networking sites had built in schedulers to schedule your posts. I have always used Hootsuite, which she also mentions. The chapter titled "Skills to Work On" was really helpful and brought together things and skills I never thought of or never thought of as important. If you are into social marketing, internet marketing or network marketing, this quick and concise book is a great guide to get you started!" ~Sara Linville "A short, fact-based and very informative book. This book is very helpful in order to create own website with step by step procedure for developing marketing and generating leads and customer online. I liked the part that tells on how to promote a product and earn commission through network marketing and affiliate marketing.
