Introduction “Your time is limited, so don't waste it living someone else's life. Don't be trapped by dogma — which is living with the results of other people's thinking. Don't let the noise of others' opinions drown out your own inner voice. And most important, have the courage to follow your heart and intuition. They somehow already know what you truly want to become. Everything else is secondary. “– Steve Jobs, Co-founder of Apple Have you ever really taken the time to think about what you actually want out of your own life? It's not an easy task and many people don't make the effort as they probably feel it's not that important. But, if you're in a place where you're questioning your lifestyle and what you do for a living, then this should be the first step you take to identify what you really want to spend the majority of your time doing. At ClickDo Ltd., a digital marketing & SEO agency in London, the authors do what they love every single day and with this book they want to provide you with inspiration to find something you can see yourself doing in the near future. Fernando Raymond, the CEO of ClickDo Ltd., and Manuela Willbold, blogger & senior content writer at ClickDo Ltd., have created this guide with a mission to show people that as the internet marketplace grows, there are almost endless work options online for anyone with any talent and skill. With the creative support and vision of ClickDo senior web designer Kasun Sameera, this book has come to life. “In 20 years, you will be more disappointed by what you didn't do than by what you did. “– Mark Twain, American writer We've all gone through this same experience: we went to school, got a degree and worked – but did we do what we felt passionate about? Fernando started ClickDo Ltd. because he asked himself that exact question. His vision was to lead a free life where he could work from anywhere in the world. He identified his passion for SEO and digital marketing and set up ClickDo Ltd. with only a few clients in the early days. Kasun joined him and together they went on the journey of building many more online businesses like web hosting company SeekaHost. Manuela felt an emerging passion for writing while working as a teacher and found ClickDo while searching for WordPress Training to start her own blog. Now, she writes content and manages various

The International Bestseller "This book blew my mind. More importantly, it made financial independence seem achievable. I read Financial Freedom three times, cover-to-cover." —Lifehacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him "the Millennial Millionaire." By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. Financial Freedom is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to: \* Create profitable side hustles that you can turn into passive income streams or full-time businesses \* Save money without giving up what makes you happy \* Negotiate more out of your employer than you thought possible \* Travel the world for less \* Live for free--or better yet, make money on your living situation \* Create a simple, money-making portfolio that only needs minor adjustments \* Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to "retire" at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.

A new kind of manifesto for the working woman, with tips on building wealth and finding balance, as well as inspiration for harnessing the freedom and power that comes from a breadwinning mindset. Nearly half of working women in the United States are now their household's main breadwinner. And yet, the majority of women still aren't being brought up to think like breadwinners. In fact, they're actually discouraged--by institutional bias and subconscious beliefs--from building their own wealth, pursuing their full earning potential, and providing for themselves and others financially. The result is that women earn less, owe more, and have significantly less money saved and invested for the future than men do. And if women do end up the main

breadwinners, they've been conditioned to feel reluctant and unprepared to manage the role. In *Think Like a Breadwinner*, financial expert Jennifer Barrett reframes what it really means to be a breadwinner. By dismantling the narrative that women don't--and shouldn't--take full financial responsibility to create the lives they want, she reveals not only the importance of women building their own wealth, but also the freedom and power that comes with it. With concrete practical tools, as well as examples from her own journey, Barrett encourages women to reclaim, rejoice in, and aspire to the role of breadwinner like never before.

That's the ultimate financial freedom, right? That's how I got started down this entrepreneurial path, and it's the best choice I ever made. You're willing to work for it because your future is worth working for. But your time is limited, and you may not know where to start.
