In this New York Times bestseller, Ijeoma Oluo offers a hard-hitting but user-friendly examination of race in America Widespread reporting on aspects of white supremacy -- from police brutality to the mass incarceration of Black Americans -- has put a media spotlight on racism in our society. Still, it is a difficult subject to talk about. How do you tell your roommate her jokes are racist? Why did your sister-in-law take umbrage when you asked to touch her hair -- and how do you make it right? How do you explain white privilege to your white, privileged friend? In *So You Want to Talk About Race*, Ijeoma Oluo guides readers of all races through subjects ranging from intersectionality and affirmative action to "model minorities" in an attempt to make the seemingly impossible possible: honest conversations about race and racism, and how they infect almost every aspect of American life. "Oluo gives us -- both white people and people of color -- that language to engage in clear, constructive, and confident dialogue with each other about how to deal with racial prejudices and biases." -- National Book Review "Generous and empathetic, yet usefully blunt . . . it's for anyone who wants to be smarter and more empathetic about matters of race and engage in more productive anti-racist action." -- Salon (Required Reading)

Ideas are the currency of the twenty-first century. In order to succeed, you need to be able to sell your ideas persuasively. This ability is the single greatest skill that will help you accomplish your dreams. Many people have a fear of public speaking or are insecure about their ability to give a successful presentation. Now public speaking coach and bestselling author Carmine Gallo explores what makes a great presentation by examining the widely acclaimed TED Talks, which have redefined the elements of a successful presentation and become the gold standard for public speaking. TED ? which stands for technology, entertainment, and design ? brings together the world's leading thinkers. These are the presentations that set the world on fire, and the techniques that top TED speakers use will make any presentation more dynamic, fire up any team, and give anyone the confidence to overcome their fear of public speaking. In his book, Carmine Gallo has broken down hundreds of TED talks and interviewed the most popular TED presenters, as well as the top researchers in the fields of psychology, communications, and neuroscience to reveal the nine secrets of all successful TED presentations. Gallo's step-by-step method makes it possible for anyone to deliver a presentation that is engaging, persuasive, and memorable. Carmine Gallo's top 10 Wall Street Journal Bestseller *Talk Like TED* will give anyone who is insecure about their public speaking abilities the tools to communicate the ideas that matter most to them, the skill to win over hearts and minds, and the confidence to deliver the talk of their lives. The opinions expressed by Carmine Gallo in *TALK LIKE TED* are his own. His book is not endorsed, sponsored or authorized by TED Conferences, LLC or its affiliates. Practical information for learning how to speak and listen more effectively. With over half a million copies in print of his "living classic" *How to Read a Book* in print, intellectual, philosopher, and academic Mortimer J. Adler set out to write an accompanying volume on speaking and listening, offering the impressive depth of knowledge and accessible panache that distinguished his first book. In *How to Speak How to Listen*, Adler explains the fundamental principles of communicating through speech, with sections on such specialized presentations as the sales talk, the lecture, and question-and-answer sessions and advice on effective listening and learning by discussion.

Prayers are powerful. They are the direct line to God. It is very important that your child learn to pray. Along with that, he/she must know what to expect when talking to God. After all, God does not answer right away and if He does, answers are made through others. Encourage your child to read this book today!

An astounding new work by the author of *The Mind Tree* that offers a rare insight into the autistic mind and how it thinks, sees, and reacts to the world. When he was three years old, Tito was diagnosed as severely autistic, but his remarkable mother, Soma, determined that he would overcome the "problem" by teaching him to read and write. The result was that between the ages of eight and eleven he wrote stories and poems of exquisite beauty, which Dr. Oliver Sacks called "amazing and shocking." Their eloquence gave lie to all our assumptions about autism. Here Tito goes even further and writes of how the autistic mind works, how it views the outside world and the "normal" people he deals with daily, how he tells his stories to the mirror and hears stories back, how sounds become colors, how beauty fills his mind and heart. With this work, Tito—whom Portia Iversen, co-founder of Cure Autism Now, has described as "a window into autism such as the world has never seen"—gives the world a beacon of hope. For if he can do it, why can't others? "Brave, bold, and deeply felt, this book shows that much we might have believed about autism can be wrong."—*Boston Globe*

Most of us have spent much of our lives under the continual barrage of the supervillainous, hypnotic pressure of our archnemesis, self- invalidation. This can create habits and patterns of thinking that become a way of life. But life can be changed.

Fourteen years ago I bought Missy. She was incredible, had a bad attitude and she hated me. I immediately decided, buying Missy was the stupidest thing I'd ever done, until she talked to me. Missy first talked when she really wanted something, tried to get it herself and failed. In frustration, she turned to me and asked me to get it for her. When she asked, she said it clearly, in complete sentences. She was surprised that I understood and got it for her. I was amazed that she asked so clearly. I've paid attention ever since. Now, Missy talks all the time. Once I got more horses, I realized, they all talk. If we don't notice, horses give up and don't try to talk to us anymore. We can learn how horses think, processes information and talk. I reject the term, "Breaking Horses". I don't want broken horses, so I don't break them. I want spirited, intelligent, engaged horses. Breaking horses makes them anxious and reactive. Its archaic thinking, like controlling a wife was in the 50's. This book explains.... How I talk to horses. How anyone can, if you learn how horses think and speak. How to earn your respected position in their herd, as their Leader. How to fix incorrect or ill behavior, by telling them, "Wrong answer. Find a better answer." How to show your horse what you want, have them trust you, become brave, and try. How to become confident and share that confidence with your horse, without arrogance. How to interpret what your horse is saying, by what your horse is showing you. How to help an abused horse overcome PTSD, learn to trust and feel safe with you. How to turn a reactive brain off, turn their thinking brain on, so they can respond and not react. How to read your horse's ears, because ears say as much as their eyes say. How to approach a horse, who sees you with one eye, ask them for two eyes, and why it matters. How a horse's brain is different than a human's and what that means while you work with them."May your Horse 'want to' be with you"

In this delightfully witty, provocative book, literature professor and psychoanalyst Pierre Bayard argues that not having read a book need not be an impediment to having an interesting conversation about it. (In fact, he says, in certain situations reading the book is the worst thing you could do.) Using examples from such writers as Graham Greene, Oscar Wilde, Montaigne, and Umberto Eco, he describes the varieties of "non-reading"—from books that you've never heard of to books that you've read and forgotten—and offers advice on how to turn a sticky social situation into an occasion for creative brilliance. Practical, funny, and thought-provoking, *How to Talk About Books You Haven't Read*—which became a favorite of readers everywhere in the hardcover edition—is in the end a love letter to books, offering a whole new perspective on how we read and absorb them.

Conversation-powered leadership How can leaders make their big or growing companies feel small again? How can they recapture the "magic"—the tight strategic alignment, the high level of employee engagement—that drove and animated their organization when it was a start-up? As more and more executives have discovered in recent years, the answer to this conundrum lies in the power of conversation. In *Talk, Inc.*, Boris Groysberg and Michael Slind show how trusted and effective leaders are adapting the principles of face-to-face conversation in order to pursue a new form of organizational conversation. They explore the promise of conversation-powered leadership—from the time-tested practice of talking straight (and listening well) to the thoughtful adoption of social media technology. And they offer guidance on how to balance the benefits of open-ended talk with the realities of strategic execution. Drawing on the experience of leaders at diverse companies from around the world, *Talk, Inc.*, offers provocative insights and user-friendly tips on how to make organizational culture more intimate, more interactive, more inclusive, and more intentional—in short, more conversational.

Our super-speed, electronically driven workplace has begun eroding our ability to talk and, what's more, to listen. Yet we must all keep presenting ourselves and our ideas verbally, in person, to make that final sale or get ahead. That means you need new verbal and visual approaches to everything from giving a presentation, handling a client, making an impact at a meeting, or just selling yourself. Sonya Hamlin is one of the country's leading communication experts. She tackles the new issues in the workplace, rewriting her previous best-selling *How to Talk So People Listen* to provide a host of new techniques for getting what you want at work today. She covers all your workplace communication needs to discover and return to every time you have to present yourself or your ideas. This book is written for everyone, from the entry-level employee to the executive. Hamlin delivers groundbreaking insights and solutions to some of today's major communication issues at work: negotiating the generation gaps, integrating a multicultural workforce, organizing your message and making it visual, and understanding what motivates today's audiences. She provides unique, innovative tools in an informal, practical style. This is an invaluable resource for achieving one's goals through skillful, compelling communication techniques.

"We all had teachers who scolded us over the use of um, uh-huh, oh, like, and mm-hmm. But as linguist N. J. Enfield reveals in How We Talk, these "bad words" are fundamental to language. Whether we are speaking with the clerk at the store, our boss, or our spouse, language is dependent on things as commonplace as a rising tone of voice, an apparently meaningless word, or a

glance-signals so small that we hardly pay them any conscious attention. Nevertheless, they are the essence of how we speak. From the traffic signals of speech to the importance of um, *How We Talk* revolutionizes our understanding of conversation. In the process, Enfield reveals what makes language universally-and uniquely-human"--

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this "vital, necessary, and beautiful book" (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and "allows us to understand racism as a practice not restricted to 'bad people' (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

A must-have resource for anyone who lives or works with young kids, with an introduction by Adele Faber, coauthor of *How to Talk So Kids Will Listen & Listen So Kids Will Talk*, the international mega-bestseller The Boston Globe dubbed "The Parenting Bible." Now, in response to growing demand, Adele's daughter, Joanna Faber, along with Julie King, tailor *How to Talk's* powerful communication skills to children ages two to seven. Faber and King, each a parenting expert in her own right, share their wisdom accumulated over years of conducting *How To Talk* workshops with parents and a broad variety of professionals. With a lively combination of storytelling, cartoons, and fly-on-the-wall discussions from their workshops, they provide concrete

tools and tips that will transform your relationship with the young kids in your life. What do you do with a little kid who...won't brush her teeth...screams in his car seat...pinches the baby...refuses to eat vegetables...throws books in the library...runs rampant in the supermarket? Organized according to common challenges and conflicts, this book is an essential emergency first-aid manual of communication strategies, including a chapter that addresses the special needs of children with sensory processing and autism spectrum disorders. This user-friendly guide will empower parents and caregivers of young children to forge rewarding, joyful relationships with terrible two-year-olds, truculent three-year-olds, ferocious four-year-olds, foolhardy five-year-olds, self-centered six-year-olds, and the occasional semi-civilized seven-year-old. And, it will help little kids grow into self-reliant big kids who are cooperative and connected to their parents, teachers, siblings, and peers.

"WE NEED TO TALK." In this urgent and insightful book, public radio journalist Celeste Headlee shows us how to bridge what divides us--by having real conversations BASED ON THE TED TALK WITH OVER 10 MILLION VIEWS NPR's Best Books of 2017 Winner of the 2017 Silver Nautilus Award in Relationships & Communication "We Need to Talk is an important read for a conversationally-challenged, disconnected age. Headlee is a talented, honest storyteller, and her advice has helped me become a better spouse, friend, and mother." (Jessica Lahey, author of New York Times bestseller *The Gift of Failure*) Today most of us communicate from behind electronic screens, and studies show that Americans feel less connected and more divided than ever before. The blame for some of this disconnect can be attributed to our political landscape, but the erosion of our conversational skills as a society lies with us as individuals. And the only way forward, says Headlee, is to start talking to each other. In *We Need to Talk*, she outlines the strategies that have made her a better conversationalist—and offers simple tools that can improve anyone's communication. For example: BE THERE OR GO ELSEWHERE. Human beings are incapable of multitasking, and this is especially true of tasks that involve language. Think you can type up a few emails while on a business call, or hold a conversation with your child while texting your spouse? Think again. CHECK YOUR BIAS. The belief that your intelligence protects you from erroneous assumptions can end up making you more vulnerable to them. We all have blind spots that affect the way we view others. Check your bias before you judge someone else. HIDE YOUR PHONE. Don't just put down your phone, put it away. New research suggests that the mere presence of a cell phone can negatively impact the quality of a conversation. Whether you're struggling to communicate with your kid's teacher at school, an employee at work, or the people you love the most—Headlee offers smart strategies that can help us all have conversations that matter. Cancer affects not only the patient, but all their loved ones as well. This book will guide professionals on issues critical to effectively and compassionately counseling caregivers and other family members, from dealing with their feelings of grief and despair and realistically fostering hope, to helping them provide emotional and practical support to the patient during the illness and treatment.

Talk to anyone, anytime, about anything — with confidence. *How to Talk to Absolutely Anyone* is your personal handbook for stepping up your communication game. Part confidence coach and part social manual, this book reveals the reasons behind your reserve and offers real, practical ways to break through the barriers and make a connection. There aren't many people who really embrace the idea of entering a room full of strangers and being expected to make conversation. Likewise most people shy away from small talk situations with people they have little or nothing in common with. But there are some people seem to do it so well. We've all watched them enviously as they walk into a room of strangers, take command and move seamlessly and effortlessly from group to group, dazzling with their confidence and charm, and entertaining with their witty repartee and interesting anecdotes. We on the other hand, hover on the sidelines trying desperately not to draw attention to ourselves. *How You Can Talk to Anyone* will show you exactly how these people do it, so you you can do it too. Whether you're very shy or you just don't really enjoy small talk situations, this book will deliver all the techniques, tips and know-how you'll need to talk to anyone about anything, at any time and in any situation. Whether networking in business, finding the love of your life, joining a new club, or being stuck on a train with a colleague, the ability to talk and interact confidently is vital. *How You Can Talk to Anyone* will show you how to banish your fears, take control of your nerves and make sure that, not only can you cope with any social situation you find yourself in, but that you will shine, be liked and leave having made a lasting impression.
