A few weeks ago I was sitting outside a nursing home with a friend of mine. It was a beautiful day, and she was loving getting out into the fresh air after many days not even seeing the outside. I read the first five verses of John's Gospel to her: "In the beginning was the Word, and the Word was with God, and the Word was God. He was in the beginning with God. All things were made through Him, and without Him nothing was made that was made. In Him was life, and the life was the light of men. And the light shines in the darkness, and the darkness did not comprehend it." John 1:1-5 She started singing, "Oh Lord my God, when I in awesome wonder, consider all the worlds Thy hands have made..." I joined in, and together, traffic noise and all, we sat out in front of her nursing home and sang all the verses we knew of "How Great Thou Art." This 9-lesson Bible Study of the first four chapters of John is all about the One we were singing to.

"This book is a work of medieval history and the history of gender and sexuality. It looks at the biblical King David, who has multiple paradigmatic identities in the Middle Ages: king, military leader, adulterous lover, sinner. It views David primarily from the perspective of medieval European Christian society but also from the medieval European Jewish viewpoint"--

From this inspiration came the hymn known and loved today. This bulletin is perfect for any service celebrating God's grace and power, or for a service that includes "How Great Thou Art." Thou Art That is a compilation of previously uncollected essays and lectures by Joseph Campbell that focus on the Judeo-Christian tradition. Campbell explores common religious symbols,

reexamining and reinterpreting them in the context of his remarkable knowledge of world mythology. Campbell believed that society often confuses the literal and metaphorical interpretations of religious stories and symbols. In this collection, he eloquently reestablishes these symbols as a means to enhance spiritual understanding and mystical revelation. With characteristic verve, he ranges from rich storytelling to insightful comparative scholarship. Included is editor Eugene Kennedy's classic interview with Campbell in the New York Times Magazine, which originally brought the scholar to the attention of the public.

Oh, Gracious Father the Lord God, how mighty thou are, how great thou are my only true God. Please, hear my words, the words of a sinner, the words of sorrow. For I who has, on many occasions, shut you out. at those times I have been meek, weak and a coward. I now fall on my own sword, my knees. God, you have heard my prayers and all the times I have deserted you I know that you have been there. I know that your son Jesus Christ suffered and died on the cross to take away the sins of the world - my world, my sins. Father you and your Son saved me as a child, you gave me that spark, you held my hand to do the right thing, I know many times I have done the wrong thing and you have stood by me. A collection of poems and short writings for our time.

The Catholic "thing" – the concrete historical reality of Catholicism as a presence in human history – is the richest cultural tradition in the world. It values both faith and reason, and therefore has a great deal to say about politics and economics, war and peace, manners and morals, children and families, careers and vocations, and many other perennial and contemporary questions. In addition, it has inspired some of the greatest art, music, and architecture, while offering unparalleled human solidarity to tens of millions through hospitals, soup kitchens, schools, universities, and relief services. This volume brings together some of the very best commentary on a wide range of recent events and controversies by some of the very best Catholic writers in the English language: Ralph McInerny, Michael Novak, Fr. James V. Schall, Hadley Arkes, Robert Royal, Anthony Esolen, Brad Miner, George Marlin, David Warren, Austin Ruse, Francis Beckwith, and many others. Their contributions cover large Catholic subjects such as philosophy and theology, liturgy and Church dogma, postmodern culture, the Church and modern politics, literature, and music. But they also look into specific contemporary problems such as religious liberty, the role of Catholic officials in public life, growing moral hazards in bio-medical advances, and such like. The Catholic Thing is a virtual encyclopedia of Catholic thought about modern life.
