Experimentation, mystery, resourcefulness, and above all, fun--these are the hallmarks of brewing beer like a Yeti. Since the craft beer and homebrewing boom of the late twentieth and early twenty-first centuries, beer lovers have enjoyed drinking and brewing a vast array of beer styles. However, most are brewed to accentuate a single ingredient--hops--and few contain the myriad herbs and spices that were standard in beer and gruit recipes from medieval times back to ancient people's discovery that grain could be malted and fermented into beer. Like his first book, Make Mead Like a Viking, Jereme Zimmerman's Brew Beer Like a Yeti returns to ancient practices and ingredients and brings storytelling, mysticism, and folklore back to the brewing process, including a broad range of ales, gruits, bragots, and other styles that have undeservingly taken a backseat to the IPA. Recipes inspired by traditions around the globe include sahti, gotlandsdricka, oak bark and mushroom ale, wassail, pawpaw wheat, chicha de muko, and even Neolithic "stone" beers. More importantly, under the guidance of "the world's only peace-loving, green-living Appalachian Yeti Viking," readers will learn about the many ways to go beyond the pale ale, utilizing alternatives to standard grains, hops, and commercial yeasts to defy the strictures of style and design their own brews.

How to brew, ferment and enjoy world-class beers at home. Making beer at home is as easy as making soup! Using Hummel's easy-to-follow instructions and thorough analysis of the flavor components of beer, a novice homebrewer can design recipes and make beers to suit any taste or craving. Knowing exactly what's in a beer has additional benefits -- homebrewers can easily avoid the chemical additives traditionally found in mass-produced commercial beers. As an added bonus, the recipes are categorized according to their degree of difficulty, so new brewers can find the recipes that match their comfort level and then easily progress onto new skills. These 200 tantalizing beer recipes draw their inspiration from the Americas and around the world. They include: Irish amber American/Texas brown California blonde Bavarian hefeweizen Multi-grain stout Imperial pilsner Pre-Prohibition lager Golden ale Scottish 60 shilling Belgium dubble German bock Raspberry weizen Vanilla cream stout Flemish red & brown Standard dry sparkling mead There is also a comprehensive glossary that virtually guarantees readers will find answers to every question about ingredients and equipment.
