"An approachable and inspiring guide to sketching and painting the world around you including nature drawing, urban sketching, travel drawing, drawing from memory or photos, and sketch journaling"--

Bursting with practical techniques, engaging artist profiles and inspirational galleries, Drawing and Painting combines an authoritative 'category killer' approach with a contemporary aesthetic guaranteed to appeal to all artists. The book's up-to-date approach is a far cry from the dry instructions and dated artwork that feature in more traditional art books. In contrast to other, largely project-orientated titles, Drawing and Painting places the emphasis on the techniques themselves, encompassing drawing, sketching and a range of painting styles. Covering everything from pen and ink to oils and acrylics, specially commissioned photography and artwork accompanies step-by-step techniques, while profiles of contemporary artists provide insight into various working methods, materials and techniques. Acknowledging the growing interest in digital tools as a medium, information is provided throughout the book on how effects can be created using Smart Pens, tablets and apps.

Open this book as an absolute beginner, and come away as a proud portrait artist. Mark and Mary Willenbrink's Absolute Beginner books have helped thousands of novices tap into their inner artists. In this book, Mark and Mary help the beginning artist take on portraits, showing that absolutely anyone can draw faces. Their encouraging, easy-to-follow instruction style makes learning fun—you'll be amazed by how quickly you achieve impressive results. Drawing Portraits for the Absolute Beginner covers everything from warming up with sketches, and capturing facial expressions, to framing your finished work. Page by page, you'll build the skills and confidence you need to draw lifelike portraits of your friends and family. What's Inside: • A simple two-stage approach to drawing portraits: sketch a likeness, then build up values to bring it to life • Step-by-step instruction for drawing eyes, noses, mouths, hairstyles, hands, glasses and other tricky elements • 13 complete demonstrations featuring a range of ages and ethnicities • Tips for evoking more personality in your portraits by using props, costumes and accessories

"The best way to learn about art is to make it. Discover the secrets of great figure drawing as you sketch along with past and present masters. This working artist's sketchbook guides you from beginning gestures to delicate rendering. It's your art, your tradition, your time. Take your voice and add it to the tradition as if the history of art has saved the best for now."-- Juliette Aristides Figure Drawing Atelier offers a comprehensive, contemporary twist to the very traditional atelier approach to the methods that instruct artists on the techniques they need to successfully draw and ultimately paint the figure. The book offers art instruction, practical and progressive lessons on drawing the figure, and high-quality sketchbook paper in a beautiful package that includes blank pages for sketching and copying. Artists will then have a record of their process, like with a sketchbook, which many artists like to document and save. In this elegant and inspiring workbook, master contemporary artist and author Juliette Aristides breaks down the figure drawing process into small, manageable lessons, presents them progressively, introduces time-tested principles and techniques in the atelier tradition that are easily accessible, and shares the

language and context necessary to understand the artistic process and create superior, well-crafted drawings. Atelier education is centered on the belief that working in a studio, not sitting in the lecture hall, is the best way to learn about art. Every artist needs to learn to master figure drawing. Ateliers have produced the greatest artists of all time--and now that educational model is experiencing a renaissance. These studios, a return to classical art training, are based on the nineteenth-century model of teaching artists by pairing them with a master artist over a period of years. Students begin by copying masterworks, then gradually progress to painting as their skills develop. Figure Drawing Atelier is like having an atelier in a book--and the master is Juliette Aristides, a classically trained artist and best-selling art-instruction author with almost rock star popularity in the contemporary world of representational art. On every page, Aristides uses the works of Old Masters and today's most respected realist artists to demonstrate and teach the principles of realistic figure drawing and painting, taking students step by step through the learning curve yet allowing them to work at their own pace. Unique and inspiring, this book offers a serious art course for serious art students and beginners alike.

For thousands of years, artists in cultures across the globe have been captivated by the grace and beauty of the horse, making it the subject of countless works of art. Now anyone can learn to capture the mysterious and powerful nature of this beloved animal by following the clear, easy-to-follow step-by-step instructions in this book. Whether an aspiring artist wants to draw or paint with oil, acrylic, pastel, or watercolor, this book contains all the information they need to get started. Materials and techniques specific to each of the five media in this 144-page book are clearly outlined and discussed before they are put to use in projects that any horse lover will enjoy. Beginning artists will learn all about the anatomy of the horse, features unique to different horse breeds, how to render lifelike horses in poses ranging from grazing to galloping, and much more.

Everyone can draw and paint, including you! Even if you have never drawn or painted before, you can start creating your own beautiful artwork. Let the Willenbrinks show you how! A practical tutorial guide on the technical aspects of drawing and painting portraits, beautifully illustrated with over 400 step-by-step photographs.

Capturing the landscape on paper requires the artist to look - to look deep into the distance and deep into the soul. This practical book celebrates the genre of landscape painting - the wonder of discovering the extraordinary in the everyday scene. Philip Tyler looks in detail at the materials, techniques and approaches needed to paint the landscape, and offers advice on how to portray space, light, atmosphere and different weather conditions. Supported by the words and images of other notable artists, he explains how to transfer one's emotional response to the landscape onto paper or canvas. There are exercises to support the 50 lessons in the book and over 300 colour images illustrate the text.

In this imaginative new activity book, Marion Deuchars makes learning about art fun. Young readers are introduced to more than thirty great artists, then encouraged to try out the techniques that lie behind their greatest works. Short and accessible facts about each artist's life and works are followed by creative projects that Marion has devised based on the artist's particular techniques. Take your pencil for a walk in the spirit of Paul Klee, experiment with color like Joan Miró, or create your own surrealist-inspired artwork.
