In this New York Times bestseller, Ijeoma Oluo offers a hard-hitting but user-friendly examination of race in America Widespread reporting on aspects of white supremacy -- from police brutality to the mass incarceration of Black Americans -- has put a media spotlight on racism in our society. Still, it is a difficult subject to talk about. How do you tell your roommate her jokes are racist? Why did your sister-in-law take umbrage when you asked to touch her hair -- and how do you make it right? How do you explain white privilege to your white, privileged friend? In *So You Want to Talk About Race*, Ijeoma Oluo guides readers of all races through subjects ranging from intersectionality and affirmative action to "model minorities" in an attempt to make the seemingly impossible possible: honest conversations about race and racism, and how they infect almost every aspect of American life. "Oluo gives us -- both white people and people of color -- that language to engage in clear, constructive, and confident dialogue with each other about how to deal with racial prejudices and biases." -- National Book Review "Generous and empathetic, yet usefully blunt . . . it's for anyone who wants to be smarter and more empathetic about matters of race and engage in more productive anti-racist action." -- Salon (Required Reading)

Writer/director/producer Justine Bateman examines the aggressive ways that society reacts to the aging of women's faces. "Face...is filled with fictional vignettes that examine real-life societal attitudes and internal fears that have caused a negative perspective on women's faces as they age." --The TODAY Show, a Best Book of 2021 "With her new book *Face: One Square Foot of Skin*, Justine Bateman...is trying to push back against the notion that women's faces are 'broken and need to be fixed'...The book is a meditation on women's faces, and the cultural pressure to be 'ashamed and apologetic that their faces had aged naturally.' --New York Times "[Bateman] studies the topic of women and aging in her new book *Face: One Square Foot of Skin*." --People "There is nothing wrong with your face. At least, that's what Justine Bateman wants you to realize. Her new book, *Face: One Square Foot of Skin*, is a collection of fictional short stories told from the perspectives of women of all ages and professions; with it, she aims to correct the popular idea that you need to stop what you're doing and start staving off any signs of aging in the face." --W Magazine "The actor and author of *Face: One Square Foot of Skin* wants to push back against the ubiquity of plastic surgery." --Vanity Fair "Justine Bateman extends her creative talents to include fiction in this collection of vignettes that focus on how we've learned to react to women's faces as they age. Based on Bateman's own real-life interviews, the stories dig deep to uncover why we're uncomfortable with faces of a certain age, and argue that confidence--and not cosmetic procedures--are the answer to the problem." --Town & Country, one of the Best Books of Spring 2021 "Through a selection of short stories, [Bateman] examines just how complicated it is for women to get older, both in and out of the spotlight." --Glamour "Bateman asks, what if we just rejected the idea that older faces need fixing. What if we ignored all the clanging bells that remind women every day on every platform that we are in some kind of endless battle with aging." --TIME

Magazine "[Bateman] argues that American society has long equated the signs of aging on a woman's face with unattractiveness. But she also asserts that women need not participate in such prejudice by accepting and internalizing it." --AARP "Right on, Justine Bateman. Thanks for helping us embrace our faces just as they are."

--Upworthy "It's been a long time since I read something that made me want to stand up and cheer." --ScaryMommy Face is a book of fictional vignettes that examines the fear and vestigial evolutionary habits that have caused women and men to cultivate the imagined reality that older women's faces are unattractive, undesirable, and something to be "fixed." Based on "older face" experiences of the author, Justine Bateman, and those of dozens of women and men she interviewed, the book presents the reader with the many root causes for society's often negative attitudes toward women's older faces. In doing so, Bateman rejects those ingrained assumptions about the necessity of fixing older women's faces, suggesting that we move on from judging someone's worth based on the condition of her face. With impassioned prose and a laser-sharp eye, Bateman argues that a woman's confidence should grow as she ages, not be destroyed by society's misled attitude about that one square foot of skin.

When Hazel starts chatting to Denzil online, she believes she may have met her match. He's everything she wants, including - most importantly - honest. Denzil wants her to know all about him from the start, including Danielle, his cross-dressed alter ego. 'Boy Meets Girl' takes on a whole new meaning, but following her initial shock, Hazel becomes interested. She learns to accept Danielle as part of her relationship with Denzil, and helps her grow and emerge into daily life. Through this journal, Hazel explores her relationship with both Denzil and Danielle, as well as theirs with each other, as the three of them integrate their lives. The story of Denzil's journey to Danielle is touching, bittersweet and funny all at once. Shopping, feminine etiquette and the art of high heels are all covered in this charming story, which also highlights the pain and pathos experienced by many trans-people, simply through others' lack of understanding. Perhaps through reading this, acceptance will become easier.

Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man. Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women think. Attract Women Through Authenticity and Be the Strong Man a Woman Wants For a Relationship It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn in this book. So if you're dating or in a relationship and women constantly create drama, lose interest in you, or manipulate you, it's time you finally got some advice from one of the only relationship books for men that won't turn

How To Be A Better BoyfriendThe Relationship Manual for Becoming Mr. Right and Making a Woman Happy

Dating, for a guy, is a pretty lonely ordeal. Most men don't really talk about relationships the way women do. Nor do they often have the support that women do, either. So, it's not surprising that a lot of men end up getting lonely and unable to find quality advice. Part of the issues that men face when dating is that they don't know where to turn for advice--and often end up turning to the wrong sources. The biggest part of the issue is that guys often believe that relationship books are only "a girl's thing." That's just not true! Set mainly in the small towns of Alabama, the stories in *Her Kind of Want* ache with the relentless longing of the poor, struggling, usually discarded southern women who tell us their lives—lives that seem to revolve around men whose only presence is their absence. Bebe, Luna, Melly, Little Hula, Dena. These are just a few of the women we meet in Jennifer Davis's award-winning collection. Women who married too fast, had children too young, and drink too much. Yet beneath their unpolished exteriors, these women are flesh and blood, and their wants and needs are as severe and deep as any. Davis's characters relate their stories in voices as complex and raw as their southern environment. Each tale may sound slightly familiar—an unwanted pregnancy, a fast car flying down a country road—but Davis moves beyond the familiar stories of the rural South to expose the gaps that connect these women, creating startlingly real and vibrant characters. Although often bleak and sometimes disturbing, *Her Kind of Want* is a celebration of southern people, their perseverance, their spirit, and their determination to make the ugly beautiful.
