

How To Puzzle Cache

While twelve year old Mason Miles and his parents love their nomadic lifestyle living and working across the nation in their RV, his twin sister Molly is craving a normal life and scheming to put a stop to their endless road trip. For their twelfth birthday the twins open a GPS receiver and fall in love with the sport of geocaching. When they stumble upon a mysterious puzzle cache will their travels become interesting enough to change Molly's mind? In this first installment of the geocaching series *Adventures Await*, author Amanda Zieba weaves an exciting middle grade story full of geocaching adventures; geography, technology and national landmark content; and family fun. Join the Miles family for the first of many geocaching adventures to come! "Through their conflicts, adventures, and fun, the close-knit, but realistic family in this fast-paced chapter book sucked me into their world and made me care." - Jan Fields, author of the *Monster Hunter Series*

A write-in, tear-off pad containing a different puzzle for each day of the year, plus an extra one for leap years. Includes wordsearches, crosswords, picture puzzles and more. A New York Times-Bestseller! For twelve-year-old Emily, the best thing about moving to San Francisco is that it's the home city of her literary idol: Garrison Griswold, book publisher and creator of the online sensation *Book Scavenger* (a game where books are hidden in cities all over the country and clues to find them are revealed through puzzles). Upon her arrival, however, Emily learns that Griswold has been attacked and is now in a coma, and no one knows anything about the epic new game he had been poised to launch. Then Emily and her new friend James discover an odd book, which they come to believe is from Griswold himself, and might contain the only copy of his mysterious new game. Racing against time, Emily and James rush from clue to clue, desperate to figure out the secret at the heart of Griswold's new game—before those who attacked Griswold come after them too. This title has Common Core connections.

Newly retired from the FBI and alone after the tragic death of his wife, Cliff Knowles takes up geocaching. While looking for a cache in the mountains he comes across a human skeleton and reports it to the sheriff's office. Then a second body is found - a fresh corpse this time - right after Cliff found another geocache nearby. When it turns out the first remains are those of a fugitive he was supposed to arrest years earlier, he becomes a suspect in a multiple homicide investigation. He has no choice but to use his sleuthing skills to identify the mysterious cache owner, known only as Enigmil, and free himself from suspicion.

FACED WITH A MAP FULL OF BLUE QUESTION MARKS AND NO IDEA WHERE TO START? Geocaching novices and pros alike are often daunted by puzzle and mystery caches. Ciphers, enigmatic photos, nonsensical text, or just a blank page -- it often isn't clear what the CO wants or expects you to do, and even less clear how any of it will lead you to a cache. THIS BOOK WILL HELP YOU ASK -- AND ANSWER -- ALL THE RIGHT QUESTIONS. 300 pages of lessons, tips, tricks and hints for dealing with even the trickiest puzzle caches, plus step-by-step techniques that start with examining the cache page and lead you through codes, ciphers, steganography, math, music, and dozens of other common puzzle cache types will have you on the trail in no time.

In a wondrous world of riddles and hidden treasure, bumbling Jack Hare is on a race against time to deliver a message of love from the Moon to the Sun. Far, far away in a world just like ours, a mother cheers her son Joe with the tale of Jack Hare's adventure. But when Jack's mission goes topsy-turvy, Joe and his mum must come to the rescue, and the line between the two worlds becomes blurred forever. Bringing to life Kit Williams' iconic picture book, *Masquerade* stars a talking fish, a tone-deaf barbershop quartet, a gassy pig, a precious jewel and a few mere mortals. It's a magical adventure that is, at its heart, about the love between a parent and a child.

What's so great about geocaching? Geocaching is the outdoor recreational activity, in which participants use a Global Positioning System (GPS) receiver to hide and seek containers at specific locations marked by coordinates all over the world. But it is so much more than that! It is where it takes you to find them, it's the people you meet and the challenge of the hunt. WHY THESE LISTS? If you are a geocache then the answer to this question is, "why not?" Or "it's about time!" If you're not a geocacher then my hope is that this book will inspire you to become one. Geocachers, by nature, make lists. We make lists of the geocaches that we want to find or we make lists of geocaches that have inspired us and we want to make geocaches like them.

Players of a treasure hunting game called geocaching uncover the grisly and obscure clues left by a spree murderer. Players find these clues scattered around

the country and write about them online. A couple in Austin, Texas begin to pull the clues together and a horrific picture begins to emerge. Will they identify and apprehend the killer before he kills again? Not before the killer joins their game... This very instructive book combines clear discussions of tactical themes with over 600 well-chosen positions to test, challenge and teach. Although the classic combinations are not ignored, the emphasis here is on positions from modern tournament practice of the last decade. Tactics is a very important part of the game of chess and conscientious study and application of tactical principles is crucial to success. This book offers every type of tactical motif imaginable, from the more common back rank mates, pins, skewers, forks, up to and including some beautiful and rare combinations. This tactical book will prove exceptionally useful for a wide range of players, intermediate through master strength and beyond.

#1 NEW YORK TIMES BESTSELLER • We all have dreams—things we fantasize about doing and generally never get around to. This is the story of Azar Nafisi's dream and of the nightmare that made it come true. For two years before she left Iran in 1997, Nafisi gathered seven young women at her house every Thursday morning to read and discuss forbidden works of Western literature. They were all former students whom she had taught at university. Some came from conservative and religious families, others were progressive and secular; several had spent time in jail. They were shy and uncomfortable at first, unaccustomed to being asked to speak their minds, but soon they began to open up and to speak more freely, not only about the novels they were reading but also about themselves, their dreams and disappointments. Their stories intertwined with those they were reading—*Pride and Prejudice*, *Washington Square*, *Daisy Miller* and *Lolita*—their *Lolita*, as they imagined her in Tehran. Nafisi's account flashes back to the early days of the revolution, when she first started teaching at the University of Tehran amid the swirl of protests and demonstrations. In those frenetic days, the students took control of the university, expelled faculty members and purged the curriculum. When a radical Islamist in Nafisi's class questioned her decision to teach *The Great Gatsby*, which he saw as an immoral work that preached falsehoods of "the Great Satan," she decided to let him put *Gatsby* on trial and stood as the sole witness for the defense. Azar Nafisi's luminous tale offers a fascinating portrait of the Iran-Iraq war viewed from Tehran

and gives us a rare glimpse, from the inside, of women's lives in revolutionary Iran. It is a work of great passion and poetic beauty, written with a startlingly original voice. Praise for Reading Lolita in Tehran "Anyone who has ever belonged to a book group must read this book. Azar Nafisi takes us into the vivid lives of eight women who must meet in secret to explore the forbidden fiction of the West. It is at once a celebration of the power of the novel and a cry of outrage at the reality in which these women are trapped. The ayatollahs don't know it, but Nafisi is one of the heroes of the Islamic Republic."—Geraldine Brooks, author of *Nine Parts of Desire*

"One of our major novelists" (Salman Rushdie) tells the story of a woman reflecting on

her uncompromising life, and the life of a former lover, in this provocative novel. “Yiyun Li is one of my favorite writers, and *Must I Go* is an extraordinary book.”—Meg Wolitzer, *New York Times* bestselling author of *The Female Persuasion* and *The Interestings*

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE AND ESQUIRE

Lilia Liska has shrewdly outlived three husbands, raised five children, and seen the arrival of seventeen grandchildren. Now she has turned her keen attention to the diary of a long-forgotten man named Roland Bouley, with whom she once had a fleeting affair. Increasingly obsessed with Roland's intimate history, Lilia begins to annotate the diary with her own rather different version of events, revealing the surprising, long-held secrets of her past. She returns inexorably to the memory of her daughter Lucy. This is a novel about life in all its messy glory, and of a life lived, by the extraordinary Lilia, absolutely on its own terms. With great candor and insight, Yiyun Li navigates the twin poles of grief and resilience, loss and rebirth, that compass a human heart.

The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels in 1982 dollars, are buried. The key to finding each can be found within the twelve full-color paintings and verses of **THE SECRET**. Are you smart enough?

THE SECRET: A TREASURE HUNT was published in 1982. The year before publication, the author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum.

Geocaching is a worldwide scavenger hunt that has been around for the greater part of two decades. It has been enjoyed by millions and has evolved over those many years. One aspect of the game that has captured the attention of many is a specific subset called Challenges. Many view Challenges as the game within the game and have found it elevating their play and enjoyment. This book focuses on Geocaching Challenges specifically in a way aiming to be informative and entertaining. Whether you are a Geocaching novice or a founding member you should be able to find something new or at least be able to relate to and laugh at the stories held within. Inside this book you will learn about classic challenges, the history of the type, and even how to publish your own. Jesse and Kristi Lunsford, the authors of this book, are known in the Geocaching world by their team name - Memphis Mafia. Jesse is the co-host of the weekly podcast Geocache Talk recorded live every Sunday at 8PM CDT. Jesse and Kristi have unabashedly shared their family geocaching experiences both good and bad on podcasts, blogs and in person over the years.

I had to make a decision. Do I continue making excuses for inaction and accept my fate? Or do I set in motion something that sort of scared the hell out of me; go back to Highlands, North Carolina and solve the puzzle of who killed my husband, Stephen? But once there, I find that I am caught up in a web of intrigue, lies and cover-ups and end up in my own novel. Even as an author, my laptop couldn't type me out of this one. I had to finish writing my book without the benefit of knowing how all of it would end until I wrote the last page. I had two unanswered questions. Where was the missing piece that completed my puzzle? And would I live to write about it?

New York Collapse is an in-world fictionalized companion to one of the biggest video game releases of 2016: Tom Clancy's The Division from Ubisoft. Within this discarded survivalist field guide, written before the collapse, lies a mystery—a handwritten account of a woman struggling to discover why New York City fell. The keys to unlocking the survivor's full story are hidden within seven removable artifacts, ranging from a full-city map to a used transit card. Retrace her steps through a destroyed urban landscape and decipher her clues to reveal the key secrets at the heart of this highly anticipated game.

This lively book is the ideal companion for holidays and journeys, allowing young children to practise their early learning skills whilst having fun. Children find their way through mazes, match and recognize patterns, draw and trace shapes and more. Durable, wipe-clean pages allow children to enjoy the puzzles again and again. Offers practice in a range of important skills in a humorous, playful way.

Part of the hugely successful Usborne Wipe-clean series featuring a collection of endearing but slightly goofy monsters. Comes with a special wipe-clean pen which is very satisfying to write with, and easy to wipe off the shiny pages. Geocaching is high-tech treasure hunting using a GPS, and this is the first UK-oriented guide to this most addictive of outdoor pursuits. For first-timers and for experienced geocachers, this step-by-step guide tells you all you need to know to get started - from understanding GPS devices, to finding caches, recording your discoveries and setting up your own caches. For those bitten by the geocaching bug, a different kind of treasure is all around, just waiting to be found. And there are accurate and detailed clues out there to help you find it. The fun lies in the challenge: deciphering clues, downloading co-ordinates, mastering your GPS device, and then setting off into the countryside in search of artfully-concealed caches. Since it began in the year 2000, geocaching has become an international craze, adding a whole new dimension to exploring the outdoors, on your own, with friends and family or at the big events.

From the award-winning author of *Possession* comes an ingenious novel about love and literary sleuthing: a dazzling fiction woven out of one man's search for fact. Here is the story of Phineas G. Nanson, a disenchanting graduate student who decides to escape the world of postmodern literary theory and immerse himself in the messiness of "real life" by writing a biography of a great biographer. In a series of adventures that are by turns intellectual and comic, scientific and sensual, Phineas tracks his subject to the deserts of Africa and the maelstrom of the Arctic. Along the way he comes to rely on two women, one of whom may be the guide he needs out of the dizzying labyrinth of his research and back into his own life. A tantalizing yarn of detection and desire, *The Biographer's Tale* is a provocative look at "truth" in biography and our perennial quest for certainty.
