In his spare time, he likes to travel the world.

Jerry has a traumatic past that leaves him subject to psychotic hallucinations and depressive episodes. When he stands accused of stealing a priceless Van Gogh painting, he goes underground, where he develops an unwilling relationship with a woman who believes that the voices she hears are from God. Involuntarily entangled in the illicit world of sex-trafficking among the Hollywood elite, and on a mission to find redemption for a haunting series of events from the past, Jerry is thrust into a genuinely shocking and outrageously funny quest to uncover the truth and atone for historical sins.

The authors in "Don't Quit Your Day Job" have tried their hands at some of the same jobs as their readers. They have worked on the railroad, busted rocks with a sledgehammer, fought fires, wiped tables, soldiered and carpentered and spied, delivered pizzas, lacquered boat paddles, counted heads for the church, sold underwear, delivered mail, and driven rubbish trucks. And like William Faulkner before them, they have quit those day jobs. These authors tell good tales -- this is the book for those who wonder what work preceded the literary efforts of their favourite authors. This collection allows writers to build a bridge between themselves and their readers, connecting with those who love to read and those who dream about writing while on the job during the day.

Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, Atlas Shrugged is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America's best-loved novels by PBS's The Great American Read. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. Atlas Shrugged, a modern classic and Rand's most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.

"A concise, insightful and sophisticated guide to maintaining humane values in an age of new machines."—The New York Times Book Review "While we need to rewrite the rules of the twenty-first-century economy, Kevin's book is a great look at how people can do this on a personal level to always put humanity first."—Andrew Yang You are being automated. After decades of hype and sci-fi fantasies, artificial intelligence is leaping out of research labs and into the center of our lives. Automation doesn't just threaten our jobs. It shapes our entire human experience, with AI and algorithms influencing the TV shows we watch, the music we listen to, the beliefs we hold, and the relationships we form. And while the age-old debate over whether automation will destroy jobs rages on, an even more important question is being ignored: How can we be happy, successful humans in a world that is increasingly built by and for machines? In Futureproof: 9 Rules for Humans in the Age of Automation, New York Times technology columnist Kevin Roose lays out a hopeful, pragmatic vision for how we can thrive in the age of AI and automation. He shares the secrets of people and organizations that have survived previous waves of technological change, and explains what skills are necessary to stay ahead of today's intelligent machines, with lessons like • Be surprising, social, and scarce. • Resist machine drift. • Leave handprints. •

Demote your devices. • Treat AI like a chimp army. Roose rejects the conventional wisdom that in order to succeed in the AI age, we have to become more like machines ourselves—hyper-efficient, data-driven workhorses. Instead, he says, we should focus on being more human, and doing the kinds of creative, inspiring, and meaningful things even the most advanced robots can't do.

AWARDS: Independent Publisher Book Award 2015 (Silver) and National Mature Media Award 2015 (Bronze) Step-by-step tips for revitalizing your career Yes, it is possible to have a job you love, and it doesn't require starting from scratch. Love Your Job is a guide to making work fulfilling and fun — again, or even for the first time. Why count down the hours of the day or the days to retirement when you could reinvigorate your workday, transforming the daily doldrums into a daily dose of enjoyable activity? Kerry Hannon, The New York Times columnist and AARP's Jobs Expert, focuses on the little things that can make a big difference in how we feel about work. Love Your Job is all about the routines, habits, and thought patterns that, over the years, may have turned a dream job into a drudge or, worse, a nightmare. Changing these habits and attitudes is simple, and this book shows you how to identify the little things that make work enjoyable and engaging. Using these simple techniques, you can adopt the attitude that will keep you happy and that might just lead to bigger and better things, no matter what stage of your career you are in. In this book, you will learn to: Develop new habits that bring more purpose into every single workday Rekindle your hope and motivation by celebrating small successes Recognize negative patterns that keep you from enjoying your job Craft an entrepreneurial attitude that will get you noticed and enrich your work life We all deserve to experience happiness and satisfaction every day, at every stage of our careers. Kerry Hannon explains that you don't have to make a huge career transition to love work again. But if you reinvent the way you see work, who knows where your new outlook will lead? Wake up to the countless possibilities that await you with Love Your Job.

A Wall Street Journal Bestseller Accelerate your job search, stand out, and land your next great opportunity In Get Hired Now!, ZipRecruiter founder and CEO Ian Siegel tells you exactly how to find a new job fast. With an insider's view of how over a million employers really make hires, Ian pulls insights from the data to give you step-by-step instructions for writing a resume that works, finding the right jobs to apply to, acing a job interview, and negotiating a job offer. Debunk the conventional wisdom Break the unconscious habits that are sabotaging your success Get hired in record time Relevant for every stage of your career and for every industry, Get Hired Now! is a one-stop resource for job seekers looking to level up, stand out, and land the job.

When Designing Your Life was published in 2016, Stanford's Bill Burnett and Dave Evans taught readers how to use design thinking to build meaningful, fulfilling lives ("Life has questions. They have answers." —The New York Times). The book struck a chord, becoming an instant #1 New York Times bestseller. Now, in DESIGNING YOUR WORK LIFE: How to Thrive and Change and Find Happiness at Work they apply that transformative thinking to the place we spend more time than anywhere else: work. DESIGNING YOUR WORK LIFE teaches readers how to create the job they want—without necessarily leaving the job they already have. "Increasingly, it's up to workers to define their own happiness and success in this ever-moving landscape," they write, and chapter by chapter, they demonstrate how to build positive change, wherever you are in your career. Whether you want to stay in your job and make it a more meaningful experience, or if you decide it's time to move on, Evans and Burnett show you how to visualize and build a work-life that is productive, engaged, meaningful, and more fun.

Work isn't supposed to be a four-letter word! Does the work you do matter to you? Are you unsure what you want to do for a living? Are you in the right place but looking to advance? No matter where you are in your career, you were born to do work you love. National bestselling author and career expert Ken Coleman was stuck in an unfulfilling career until he realized he didn't have to be. In his latest book, he draws on what he learned from his own ten-year journey as well as from coaching thousands of others to walk you through the seven stages to discovering and doing meaningful work. Relevant to any job or industry, you'll learn step-by-step how to: Get Clear on the work you were uniquely made to do and why. Get Qualified to do the work you were created for. Get Connected with the right people who can open the doors to your dream. Get Started by overcoming the emotions and mistakes that often hold people back. Get Promoted by developing winning habits and traits. Get Your Dream Job by doing work you love and accomplishing results that matter to you. Give Yourself Away by expanding the dream to leave a legacy. This is your moment. You are needed, and you were made to contribute. It's time to exit the daily grind and use your talents to start living your dream once and for all.

Leave Your Soul-Sucking Job Once and for All! But be smart about it. We'll show you how. A few years back, a disgruntled flight attendant got on the plane's public address system, shouted some profanities, and exclaimed "I Quit!" He then grabbed 2 beers from the beverage cart, deployed the emergency evacuation slide, and dramatically exited the plane in style. While it likely felt good in the moment and made a splash on social media, he faced a host of negative consequences, including arrest and a \$10,000 fine. This was certainly a memorable way to quit, but if you're looking for a more fulfilling career and life, it's not the right way to do it. This third book in Mirasee's Business Reimagined series will teach you how to intelligently get out of a job you hate (or just don't love) and transition smoothly into a life with more freedom, money, and fulfillment. With a simple-but-powerful five-step plan and a collection of real-life stories of people who sought their dream jobs by leaving unsatisfying careers, How To Quit Your Job provides everything you need to prepare for your grand exit. We'll get you out of the rut you're in, help you focus on what you want to do, and lead you right up to quitting day. From there, you'll be ready to fly. Until recently, Tess Vigeland was a longtime host with Public Radio's Marketplace; it was a rewarding, high-status job, and Tess was very good at it—but she'd begun to feel restless. Without any definite, clear sense of what she wanted to do next (but an absolute certainty that what she'd been doing was no longer truly satisfying), she walked away from her dream job and into a vast unknown. Suddenly she was no longer "Marketplace's Tess Vigeland," she was just Tess Vigeland. For the multitude of Americans who change jobs mid-career (by choice or circumstance), the growing legions of freelance workers, and the entrepreneurially-minded who see self-employment as an increasingly more appealing and viable option, Tess Vigeland has created a personal and well-researched account of leaping without a net. With her signature humor, she writes honestly about the fear, uncertainty, and risk involved in leaving the traditional workforce—but also the excitement, resources, and possibilities that are on the other side. Part memoir and part field guide, this book offers a funny, thoughtful, and provocative look at how to find happiness, satisfaction, and success when pursuing a career less ordinary.

Provides an overview of the big issues in the business world today, with firsthand accounts from young leaders tasked with tackling these issues head on.

A New York Times, USA Today, and Wall Street Journal bestseller In this iconic bestseller, popular business blogger and bestselling author Seth Godin proves that winners are really just the best quitters. Godin shows that winners quit fast, quit often, and quit without guilt—until they commit to beating the right Dip. Every new project (or job, or hobby, or company) starts out fun...then gets really hard, and not much fun at all. You might be in a Dip—a temporary setback that will get better if you keep pushing. But maybe it's really a Cul-de-Sac—a total dead end. What really sets superstars apart is the ability to tell the two apart. Winners seek out the Dip. They realize that the bigger the barrier, the bigger the reward for getting past it. If you can beat the Dip to be the best, you'll earn profits, glory, and long-term security. Whether you're an intern or a CEO, this fun little book will help you figure out if you're in a Dip that's worthy of your time, effort, and talents. The old saying is wrong—winners do quit, and quitters do win. Are you a creative person seeking more satisfying work? Do you want to make the transition from a job you find secure but soulless to a life built around your creative dream? Then look no further than this essential guide, written by a tenured professor who quit his job and pursued his dream as a successful "story merchant" and film producer. This book will show you how to: - Construct a life that fits your personal vision - Stand up against negative peer pressure - Redefine success in your own terms - Identify and control your conflicting inner voices - Find time to make your dreams come true - And much more! If you're ready to fall in love with your future, this book can give you the inspiration you need to make that life-changing leap into a better world.

You can design your own career, so you love what you do! You only have one life: why settle for anything less? Whether you're an entrepreneur or working within a company, *Get a Life, Not a Job* shows how you can make it happen for yourself. You'll learn how to move towards a fulfilling career that offers greater work-life balance, financial security, and personal control over your future -- and more sheer pleasure and inspiration from the work you do. You'll learn how to allocate more time to roles you enjoy, and shed roles you can't stand... identify career choices you'll be passionate about, and build your skills and abilities to match them... improve your career without leaving your employer, and make your position more resistant to downsizing... define a mix of several stimulating and liberating wealth-building activities that keep your life engaged and balanced... keep personal relationships healthy while you pursue work you'll love. This book doesn't just teach you powerful career techniques: it profiles people in all walks of life who've used these to build truly inspiring careers. With greater workplace uncertainty than ever, you can no longer afford to let anyone else control your destiny — or to maintain outdated “psychological contracts” with your employer. You need to take control of your own career and future. With this book's help, you can do just that — and make work more fulfilling than you ever dreamt possible.

Great leaders are driven to win. Yet career wins can come at great cost to your health, relationships, and personal well-being. Why does it seem impossible to both win at work and succeed at life? Michael Hyatt and Megan Hyatt Miller know we can do better because he's seen it in his more than four decades as a successful executive and a loving and present husband and father. Today Michael and his daughter, Megan Hyatt Miller, coach leaders to live the double win. Backed by scholarly research from organizational science and psychology, and illustrated with eye-opening case studies from across the business spectrum and their own coaching clients. *Win at Work and Succeed at Life* is their manifesto on how you can achieve work-life balance and restore your sanity. With clarity, humor, and plenty of motivation, *Win at Work and Succeed at Life* gives you - an understanding of the historical and cultural forces that have led to overworking - 5 principles to rethink work and productivity from the ground up - simple but proven practices that enable you to slow down and reclaim your life - and more Refuse the false choice of career versus family. You can achieve the double win in life.

Quit Your Job and Follow Your Dreams is a book where you will not only discover what inspires you, what your natural talents and gifts are that you can share those with the world and get paid for... this book will also show you how to leave your soul-crushing job and build a thriving livelihood around your passions.

Today's job seekers need to "lose the resume" in order to land the right job. In this guide, Burnison shares the new rules of engagement in which seekers must learn to tell a story about themselves that speaks to their competencies, purpose, passion, and values.

From the creator of the popular website *Ask a Manager* and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for *Ask a Manager* “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's *Ask a Manager* column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “*Ask a Manager* is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

While some of us enjoy a lively debate with colleagues and others prefer to suppress our feelings over disagreements, we all struggle with conflict at work. Every day we navigate an office full of competing interests, clashing personalities, limited time and resources, and fragile egos. Sure, we share the same overarching goals as our colleagues, but we don't always agree on how to achieve them. We work differently. We rub each other the wrong way. We jockey for position. How can you deal with conflict at work in a way that is both professional and productive—where it improves both your work and your relationships? You start by understanding whether you generally seek or avoid conflict, identifying the most frequent reasons for disagreement, and knowing what approaches work for what scenarios. Then, if you decide to address a particular conflict, you use that information to plan and conduct a productive conversation. The *HBR Guide to Dealing with Conflict* will give you the advice you need to: Understand the most common sources of conflict Explore your options for addressing a disagreement Recognize whether you—and your counterpart—typically seek or avoid conflict Prepare for and engage in a difficult conversation Manage your and your counterpart's emotions Develop a resolution together Know when to walk away Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the *HBR Guides* provide smart answers to your most pressing work challenges.

A real world practical guide to dramatically increase your wages, as told by an average working stiff who quit four jobs in five years and tripled his pay! The proven, step-by-step approach to strategically changing jobs and exponentially improving your salary and career. The rules have changed. Mergers, acquisitions, downsizing, re-engineering, outsourcing, massive layoffs, and the global economy have reshaped the job market. It's no longer enough to work year after year for incremental pay raises in exchange for job security. Employers today are driven by the bottom line; by and large, company loyalty and commitment have gone the way of the dinosaurs. To get ahead in today's world you have to manage your career like your finances, by constantly planning ahead for your next job. *Quit Your Job Often and Get Big Raises* shows you how to get ahead--and dramatically increase your salary--by changing jobs frequently and leveraging your current position for something better. It shows you why you should do it, when to do it, and how to do it. You'll discover: How to identify the industries with strong future growth Why the ability to market yourself is crucial--and how to do it When you should begin looking for your next job How to hit the ground running when you do change jobs And much, much more!

Discover why you have a 98% chance of being poor by your 65th birthday if you are an employee. Find the courage to take the steps necessary to gain freedom for you and your family. Exposing the lie of employment.

Breaking Free is about making the transition from working for the man to working for yourself by starting your own business or freelancing. By focusing on the personal experiences, ideas, and actions of a variety of self-employed people—including freelance writers, contractors, service providers, store owners and franchisees, sales reps, and others—this book offers readers deep insights into the ideas and decisions required to make self-employment a reality. Along the way, author and self-employed professional Chris Lauer offers a wealth of practical small-business insights and tips. Breaking Free thus offers would-be entrepreneurs and freelancers something priceless—both the skills and encouragement required to shake free of corporate shackles and take the leap into small-scale entrepreneurship. Featuring real stories about the initial spark that motivated individuals to pursue independence and entrepreneurship, Breaking Free follows a variety of entrepreneurs as they move from their jobs as employees to the ranks of the self-employed. It also covers the nuts and bolts of self-employment—pricing and marketing services, keeping an eye on the bottom line, and growing the business, among other topics. In addition, Lauer focuses on the advances in technology that make self-employment easier today than ever before. Unlike most books on self-employment, Lauer uses vivid, real-life stories and tips to help would-be entrepreneurs decide the route that is best for them. Experienced entrepreneurs describe how they came up with ideas for their businesses, how they kept their ventures in motion during the early days and over the long term, how they grew, and when they recognized it was time to call it quits and sell or shutter the business. This is not a book for the next Bill Gates, but for the majority of new business owners and those dreaming of creating their own jobs: people ready to take a few risks to make a decent living on their own terms and gain some independence. Both descriptive and prescriptive, Breaking Free presents the latest ways to capitalize on today's many opportunities for self-sufficiency and financial autonomy.

In today's world, we all are expected to live our lives working for someone else. Working 40+ hours a week at a job you hate, for a boss that is horrible, and wasting your life away for a paycheck. But there is a book that will help you escape the rat race of life and ditch the cubical, assembly line, or dead end job. How to Quit Your Job with Passive Income has been proven to help many people learn the secrets of passive income that only those who are already rich know. This book has been designed to help guide you through the process of being an employee earning a wage, to a business owner with multiple streams of passive income. This book is for people who suffer day-in and day-out in their J.O.B. (Just Over Broke). The passive income ideas in this book you are about to read have been proven to produce long-lasting results. I have already quit my job and you can too! All you have to do to make money with passive income is to keep reading. Each chapter will give new insight as you strive to build your passive income businesses. Get ready for a lifetime of passive income where you have enough money to do the things you want to do without being dependent on anyone for a J.O.B.

Why are so many people unhappy on-the-job? . As many as 7 out of 10 Americans are currently dissatisfied with their careers. . Expensive college degrees are seen by our society as a requirement to enter the American workforce. Yet, many students fail to graduate with the skills and knowledge necessary to embark on a satisfying career path. The result is an unprepared individual, saddled with debt, and frustrated with a system that has left them hanging with respect to making good career decisions. . The concept of work-life balance continues to elude our society as thousands of workers complain of 'living to work' instead of 'working to live.' It's no secret that career satisfaction eludes much of the American working population, but what's worse is the lack of resources and coaching to help today's employee find the career satisfaction they seek. In this innovative, step-by-step guide, workplace expert, professional development specialist, and nationally syndicated career advice columnist, J.T. O'Donnell (www.jtodonnell.com) unlocks the secrets to working smarter when it comes to creating a career you can get excited about. With more than 15 years experience, having coached thousands of individuals, O'Donnell will show you how to develop an authentic definition of professional success that will get you results. Here's what readers have to say: Her strategic approach really helped me flesh out what traits and experience I brought to the table for a potential employer in a different field. Her methods, encouragement and continued support have led me to find the right career path.- Helen D. I hated my job, wanted out, and didn't know where to begin. I had a decision to make: I could continue on the track to working my 9-5 job in front of a desk and let it define me and make me miserable, or look for something different. J.T. showed me that it's not your job that defines you at all; it's you who defines your job. She worked with me to figure out my strengths and work on my weaknesses. J.T. helped me learn that who I am is far more than the paycheck I bring in. Through that exploration of my own real desires, J.T. helped me to realize that I needed a far more creative outlet to be successful in. I can truly say that without J.T.'s help, I certainly would not be where I am today. I'm more aware of my life and the people in it...I absolutely love my job and really feel successful. I owe an immense amount of gratitude to J.T. for getting me to this place in my life. - Danielle H. The information in this book is so on target, I wish I'd found it earlier in my career. I can't begin to express what it is like to have finally found not just the reasons, but the solutions, to my past career disappointments.- John T.

Tired of working? Sick of the Rat Race? Feel like leaving it all behind? You are one step closer just by picking up this book. Quit Your Job And Move To Key West is your complete guide on how to do it by people who have made it happen.

The world of work has changed. People in previous generations tended to pick one professional path and stick to it. Switching companies every few years wasn't the norm, and changing careers was even rarer. Today's career trajectories aren't so scripted and linear. Technology has given rise to new positions that never before existed, which means we are choosing from a much broader set of career options—and have even more opportunities to find work that lights us up. However, we don't discover and apply for jobs the same way anymore, and employers don't find applicants the way they used to. Isn't it about time we had a playbook for navigating it all? Kathryn Minshew and Alexandra Cavoulacos, founders of the popular career website TheMuse, offer the definitive guide to the modern workplace. Through quick exercises and structured tips, you will learn: · The New Rules for finding the right path: Sift through, and narrow today's ever-growing menu of job and career options, using the simple step-by-step Muse Method. · The New Rules for landing the perfect job: Build your personal brand, and communicate exactly how you can contribute and why your experience is valuable in a way that is sure to get the attention of your dream employer. Then ace every step of the interview process, from getting a foot in the door to negotiating your offer. · The New Rules for growing and advancing in your career: Mastering first impressions, the art of communication, networking, managing up and other "soft" skills – and make it obvious that whatever level you're at, you're ready to get ahead. Whether you are starting out in your career, looking to advance, navigating a mid-career shift, or anywhere in between, this is the book you need to thrive in the New World of Work.

The problem that affects almost everyone today is being stuck in a career they hate. People are conditioned to work their lives away for someone else and only get paid for the hour they work. Follow the proven path to financial freedom that many have already successfully navigated.

How to Quit Your Day Job and Live Out Your Dreams A Guide to Transforming Your Career Simon and Schuster

The tenth book in the series provides firsthand accounts of the author's startup companies, what he learned from his successes and failures, and other topics a reader needs to know in order to start a

company and quickly develop it.

Many of us dream of quitting our jobs, hopping on a plane, and escaping our daily reality to frolic around on a beach for a while. But for most of us, it's just a dream - until now. How to Quit Your Job & Travel is a practical, step-by-step guide to one of the most exciting, exhilarating, and terrifying things you'll ever do. You'll learn how to tackle each of the challenges preventing you from taking off on a long-term trip, from finances to fear to returning to reality - and all the nitty-gritty logistics along the way. But once you do actually pack your bags, throw your stuff into storage, and head off - what's next? Lia Garcia, co-founder and CEO of one of the most-read travel blogs in the world, spills all the things nobody tells you about the reality of long term travel - and coming home again - with stories from her own disastrous year-long honeymoon. About the Book This book is divided into four sections: Part One focuses on laying the groundwork for your trip, including the preparations and decisions that take place well before you leave. You'll learn to identify and navigate fears and obstacles in your way as you develop a rough outline for your trip, set yourself a departure deadline, calculate the cost of your adventure, start working towards a specific savings goal, and turn your travel dream into an actionable plan. Part Two takes place in the months before your trip, as you finalize your plans, pack your bags, book your itinerary, and tie up loose ends at home. You'll learn how to effectively plan a long-term trip, tackle each piece of the logistical puzzle of placing your life on hold, find out what to pack (and what to leave at home), and take off on the adventure of a lifetime. Part Three prepares you for the trip itself, including all the things that nobody tells you about long-term travel, how to stay safe and prevent theft, and what to do if you find yourself running out of funds. You'll learn about the many challenges of long-term travel, the beauty of "travel magic," and how to overcome challenges while you're on the road. Part Four occurs after the trip, as you return home and reintegrate into ordinary life. We'll cover how to prepare yourself for the most difficult part of long-term travel, including picking back up where you left off with your career (or choosing not to), and how to use the skills you learned during your travels to identify your needs and adjust to the life you've returned to. In each part of the book, you'll find specific, actionable advice interwoven with stories and mishaps from the author's year-long honeymoon. At the end of the book is a reference section containing all of the websites, apps, businesses, academic studies, spreadsheet templates, and tools mentioned or recommended, as well as tables organizing specific information you'll need as you plan your trip. You'll also receive access to a digital and printable version of the "Reference" section.

NEW YORK TIMES BESTSELLER WALL STREET JOURNAL BESTSELLER The Globe and Mail Top Leadership and Management Book Forbes Top Creative Leadership Book From the visionary head of Google's innovative People Operations comes a groundbreaking inquiry into the philosophy of work-and a blueprint for attracting the most spectacular talent to your business and ensuring that they succeed. "We spend more time working than doing anything else in life. It's not right that the experience of work should be so demotivating and dehumanizing." So says Laszlo Bock, former head of People Operations at the company that transformed how the world interacts with knowledge. This insight is the heart of WORK RULES!, a compelling and surprisingly playful manifesto that offers lessons including: Take away managers' power over employees Learn from your best employees-and your worst Hire only people who are smarter than you are, no matter how long it takes to find them Pay unfairly (it's more fair!) Don't trust your gut: Use data to predict and shape the future Default to open-be transparent and welcome feedback If you're comfortable with the amount of freedom you've given your employees, you haven't gone far enough. Drawing on the latest research in behavioral economics and a profound grasp of human psychology, WORK RULES! also provides teaching examples from a range of industries-including lauded companies that happen to be hideous places to work and little-known companies that achieve spectacular results by valuing and listening to their employees. Bock takes us inside one of history's most explosively successful businesses to reveal why Google is consistently rated one of the best places to work in the world, distilling 15 years of intensive worker R&D into principles that are easy to put into action, whether you're a team of one or a team of thousands. WORK RULES! shows how to strike a balance between creativity and structure, leading to success you can measure in quality of life as well as market share. Read it to build a better company from within rather than from above; read it to reawaken your joy in what you do.

Jeff Smith provides the introduction to one of the finest new graphic novels this year. Ignatz Award winner James Kochalka has been called "one of the brightest lights of independent comics" and Quit Your Job is a shining example of his genius. On his way to work at the Chinese restaurant, Magic Boy discovers an enchanted ring and determines to make an expedition to the North Pole. He only gets as far as the coffee shop on the next block, but his world is forever changed in the short journey. Special cover design by Michel Vrana.

Learn how to quit your job?the right way. Find out how to prepare to resign, write the resignation letter, and handle the exit interview.

Man up and discover the practical and inspirational information all men should know! While it's definitely more than just monster trucks, grilling, and six-pack abs, true manliness is hard to define. The words macho and manly are not synonymous. Taking lessons from classic gentlemen such as Benjamin Franklin and Theodore Roosevelt, authors Brett and Kate McKay have created a collection of the most useful advice every man needs to know to live life to its full potential. This book contains a wealth of information that ranges from survival skills to social skills to advice on how to improve your character. Whether you are braving the wilds with your friends, courting your girlfriend, or raising a family, inside you'll find practical information and inspiration for every area of life. You'll learn the basics all modern men should know, including how to: -Shave like your grandpa -Be a perfect houseguest -Fight like a gentleman using the art of bartitsu -Help a friend with a problem -Give a man hug -Perform a fireman's carry -Ask for a woman's hand in marriage -Raise resilient kids -Predict the weather like a frontiersman -Start a fire without matches -Give a dynamic speech -Live a well-balanced life So jump in today and gain the skills and knowledge you need to be a real man in the 21st century.

There are many of us who dream about selling all our stuff, quitting our jobs, and running away to Paradise. This is a story about one couple who made that dream come true. The author shares what it feels like to experience ultimate freedom, and outlines the steps they took to get there. The story includes tales from their travels, social commentary on the state of today's American society, and a simple financial plan that will benefit anyone, regardless of their future goals. Throughout the narrative the reader is treated to dolphins and manatees, pelicans and osprey, blue skies, blue water and white sand beaches. Tropical music plays a role as well. Read how music inspired them to execute their plan. Follow along as they transform from everyday working drones to carefree boat bums and beachcombers. This book will make you rethink how you look at life, and money.

Are you sick of working a job you hate for a boss who despises you? Do you want to get paid what your worth...instead of what your company thinks they can get away with? Are you struggling to get up in the morning and praying for a snow day? Or just ready to start enjoying some of that freedom you've heard so much about? Whether you're about to enter the job market for the first time or you've been slaving away for decades - you need to read Fire Your Boss - as soon as possible! In this book, you'll learn how to break free of the underpaying labor market and start the journey to financial and emotional freedom. You cannot underestimate the power of controlling your income. Learn how to blast through every roadblock keeping you from starting your own business. From "don't know where to start" to "I'm not good with technology" to "I don't have the confidence" to "I don't have enough time," Fire Your Boss sets all those excuses on fire with simple and actionable business models that you can start in your spare time to start building up your savings account. What pragmatic and actionable lessons will you learn? Sixteen business models that all cooperate with each otherThe simple technique for turning your voice into an ATM machineThe secret to building a business when you don't have any timeThe foolproof method for getting paid to learnThe most common mistakes even experienced entrepreneurs make and how to avoid them.The singular best way to create an unstoppable passive revenue stream Here's what this book ISN'T: this isn't a list of startups you can slave away for, a guide on how to join the "gig economy," or

a plan to get a promotion at work. This is about building consistent and passive revenue streams that can support you when shocks hit the market and the economy turns against you. How will your life improve? Never live in fear of getting fired every againGo to sleep knowing that TOMORROW THERE WILL BE MORE MONEY IN YOUR BANK ACCOUNT THAN TODAYFollow a process that allowed the author to move to a tropical islandChase your dreams without letting stress and fear hold you back Implement these techniques and watch your happiness skyrocket.
