Your new product has changed the rules of the market. Now, you have to change the rules for selling it . . . Providing a truly innovative product or service is the difference between life and death for companies today. But once you've produced it, you have to answer the next big question: How do I sell this unique offering to customers who don't even know they have a need for it? Brian C. Burns and Tom U. Snyder compared 27 highly successful emerging-growth and start-up corporations with 78 less successful companies in similar fields. The difference, they learned, lies neither with the product nor with marketing but with the sales strategy. In short, the losers relied on conventional sales methods; the winners deployed a unique sales strategy that focused on how organizations make decisions. Selling in a New Market Space helps you develop a sales strategy to approach potential buyers the right way—the first time around— using what the authors call the “Maverick Method.” This game-changing guide explains: What Maverick sellers do differently and why they hold the key to your success Where to find salespeople with the skills for selling to a new market How

to create early market segments and marginalize competitors When to transition them away from Maverick selling Don't be a victim of your own success. What good is the product you put all that money into if you can't sell it? If you want to get the most out of your innovative offering, you need to create a new class of salesperson. With *Selling in a New Market Space*, you have the tool for driving your new product to the limits of its potential.

tools. HBR Singles provide brief yet potent business ideas, in digital form, for today's thinking professional.

Many mistakenly believe an artist can succeed with artistic talent alone. But Eric Rhoads knows that there are many brilliant artists who will never be discovered and never sell any artwork. Eric Rhoads is an outdoor (plein air) landscape painter, a portrait artist, and the world's foremost art marketing expert, having guided thousands of artists to success. He has founded numerous companies, and marketed both products and art. Eric is publisher and founder of several influential and nationally distributed art magazines and newsletters, as well as popular conferences and events. Many of today's most brilliant artists remain unknown. Their plight is not new. Today, Vincent Van Gogh's works are in incredibly high demand; in fact, his portrait of Doctor Gachet recently sold for \$82.5 million. But in his lifetime Van Gogh sold only two of his 2,000 works of art. Van Gogh truly was a starving artist. Ending the stereotype of the starving artist is this book's essential purpose. It is Eric Rhoads' mission that artists no longer suffer this fate. This book will unleash your inner marketer. Under Eric's guidance, you will learn timeless marketing techniques that will allow you to live your dreams, no matter how lofty and unobtainable you think they may be. While a Vice President at Salesforce, David Priemer had an epiphany during one

of the company's high-pressure selling periods: the very sales tactics they were using were not working on him. Yes, the numbers still showed results, but through brute force rather than elegance and efficiency. Priemer also discovered that his sales colleagues were spending far more time on leads that did not convert to sales than on those that did. His company--and his entire profession--was acting with more than enough gusto, but without enough awareness and empathy. They were not selling the way they buy. *Sell the Way You Buy* is about much more than putting yourself in the customer's shoes. Customers don't always know what they want or need, or they may be seeking a solution for something that isn't their core problem. They suffer from status quo bias, from recency bias, from confirmation bias. And meanwhile, the state of overwhelming choice has most products and solution providers adrift in the "Sea of Sameness." In today's world, almost everyone is in sales, but as Priemer realized, we don't teach it. *Sell the Way You Buy* will show you how to ask questions, how to listen, how to tell a compelling brand story, and how to talk to customers (how to talk to people). Priemer reveals scientifically supported methods to understand the customer, identify their needs, and move them toward the right solution--all the while teaching you to avoid all the reasons why the average person doesn't like salespeople. In short, to sell the way you buy.

In the high-pressure quest to make a sale, acquire a contract, and beat out other bidders, sales professionals frequently resort to cutting prices, offering discounts, or making other concessions that cut into their operating margins—short-term strategies that are destructive to the long-term sustainability of their business. High-Profit Selling helps readers understand that their sales goal shouldn't simply be to sell more, but to sell more at a higher price—and that success comes only to those focused on profitable sales. This eye-opening book shows readers how to: Avoid negotiating → Actively listen to customers → Match the benefits of their

This powerful guide helps move readers toward a profit-centered approach that will strength en their relationships and increase their bottom line.

popular MasterClass on Sales and Persuasion, comes a surprising--and surprisingly useful--new book that explores the power of selling in our lives. According to the U.S. Bureau of Labor Statistics, one in nine Americans works in sales. Every day more than fifteen million people earn their keep by persuading someone else to make a purchase. But dig deeper and a startling truth emerges: Yes, one in nine Americans works in sales. But so do the other eight. Whether we're employees pitching colleagues on a new idea, entrepreneurs enticing funders to invest, or parents and teachers cajoling children to study, we spend our days trying to move others. Like it or not, we're all in sales now. *To Sell Is Human* offers a fresh look at the art and science of selling. As he did in *Drive* and *A Whole New Mind*, Daniel H. Pink draws on a rich trove of social science for his counterintuitive insights. He reveals the new ABCs of moving others (it's no longer "Always Be Closing"), explains why extraverts don't make the best salespeople, and shows how giving people an "off-ramp" for their actions can matter more than actually changing their minds. Along the way, Pink describes the six successors to the elevator pitch, the three rules for understanding another's perspective, the five frames that can make your message clearer and more persuasive, and much more. The result is a perceptive and practical book--one that will change how you see the world and transform what you do at work, at school, and at home.

With their national bestseller *The Go-Giver*, Bob Burg and John David Mann took the business world by storm, showing that giving is the most fulfilling and effective path to success. That simple, profound story has inspired hundreds of thousands of readers around the world-but some have wondered how its lessons stand up to the tough challenges of everyday real-world business. Now Burg and Mann answer that question in *Go-Givers Sell More*, a practical guide that makes giving the cornerstone of a powerful and effective approach to selling. Most of us think of sales as convincing potential customers to do something they don't really want to. This mentality sets up an adversarial relationship and makes the sales process much harder than it has to be. As Burg and Mann demonstrate, it's far more productive (and satisfying) when salespeople think like Go-Givers. Cultivate a trusting relationship and focus exclusively on creating value for the other person, say the authors, and great results will follow automatically. Drawing on a wide range of examples of real-life salespeople who have prospered by giving more, Burg and Mann offer tips and strategies that anyone in sales can start applying right away.

What do winners of major sales do differently than the sellers who almost won, but ultimately came in second place? Mike Schultz and John Doerr, bestselling authors

and world-renowned sales experts, set out to find the answer. They studied more than 700 business-to-business purchases made by buyers who represented a total of \$3.1 billion in annual purchasing power. When they compared the winners to the second-place finishers, they found surprising results. Not only do sales winners sell differently, they sell radically differently, than the second-place finishers. In recent years, buyers have increasingly seen products and services as replaceable. You might think this would mean that the sale goes to the lowest bidder. Not true! A new breed of seller—the insight seller—is winning the sale with strong prices and margins even in the face of increasing competition and commoditization. In *Insight Selling*, Schultz and Doerr share the surprising results of their research on what sales winners do differently, and outline exactly what you need to do to transform yourself and your team into insight sellers. They introduce a simple three-level model based on what buyers say tip the scales in favor of the winners: Level 1 "Connect." Winners connect the dots between customer needs and company solutions, while also connecting with buyers as people. Level 2 "Convince." Winners convince buyers that they can achieve maximum return, that the risks are acceptable, and that the seller is the best choice among all options. Level 3 "Collaborate." Winners collaborate with buyers by bringing new ideas to the table, delivering new ideas and insights, and working with buyers as a team. They also found that much of the popular and current advice given to sellers can damage sales results. *Insight Selling* is both a strategic and tactical guide that will separate the good advice
