In this wickedly funny cultural critique, the author of the critically acclaimed memoir and Hulu series *Shrill* exposes misogyny in the #MeToo era. This is a witch hunt. We're witches, and we're hunting you. From the moment powerful men started falling to the #MeToo movement, the lamentations began: this is feminism gone too far, this is injustice, this is a witch hunt. In *The Witches Are Coming*, firebrand author of the New York Times bestselling memoir and now critically acclaimed Hulu TV series *Shrill*, Lindy West, turns that refrain on its head. You think this is a witch hunt? Fine. You've got one. In a laugh-out-loud, incisive cultural critique, West extolls the world-changing magic of truth, urging readers to reckon with dark lies in the heart of the American mythos, and unpacking the complicated, and sometimes tragic, politics of not being a white man in the twenty-first century. She tracks the misogyny and propaganda hidden (or not so hidden) in the media she and her peers devoured growing up, a buffet of distortions, delusions, prejudice, and outright bullsh*t that has allowed white male mediocrity to maintain a death grip on American culture and politics—and that delivered us to this precarious, disorienting moment in history. West writes, "We were just a hair's breadth from electing America's first female president to succeed America's first black president. We weren't done, but we were doing it. And then, true to form—like the Balrog's whip catching Gandalf by his little gray bootie, like the husband in a Lifetime movie hissing, 'If I can't have you, no one can'—white American voters shoved an incompetent, racist con man into the White House." We cannot understand how we got here,—how the land of the free became Trump's America—without examining the chasm between who we are and who we think we are, without fact-checking the stories we tell ourselves about ourselves and each other. The truth can transform us; there is witchcraft in it. Lindy West turns on the light.

Author, Buzz Glover, after quietly reviewing and critiquing the sales people that called on him in his own businesses for over 15 years, became disillusioned with the fact that the great majority of salespeople were ill-prepared to sell their products or services. He knew that if he could introduce them to a system that he had developed and refined as a salesperson (and later as a

sales manager), they could easily become much more effective at closing more sales faster! The system became a reality when he wrote this book as a companion to his system's website, www.goodbyesellingproblems.com. Trained by the experts at CERT (Civilian Emergency Response Team) to understand how to prepare for and survive disasters, and a leader in the area of Disaster Recovery, Richard Lowe lays out how to make you, your family, and your friends ready for any disaster, large or small. Based upon specialized training, interviews with experts and personal

experience, Lowe answers the big question: what is the secret to improving the odds of survival even after a big disaster? My principle strategy for trading Weekly Index Options uses 2 sigma Iron Condors: Short Calls 2 standard deviations above the market and the Long Calls the next strike price higher; Short Puts 2 standard deviations below the market and the Long Puts the next strike price lower. This is called 2 Sig Iron Condors. I have developed a procedure to make a Weekly Profit using Iron Condors. My objective is to show you how to make a weekly profit of \$150 week with 2 Condors. As your capital increases with trading profits, then you increase the number of Condors. Then your weekly profit increases as the capital grows. For example: if the capital in your broker account permits 4 condors, then the weekly profit would increase to \$300 per week. The weekly profit per Capital = $\$150/\$2000 = 7.5\%$ per week.

SelfAdapSPXweeklyVLTy is the name of my software which I use to generate weekly Profits. This book describes how to use the TradeMonster real-time SPX weekly option quotes. My Software: SelfAdapSPXweeklyVLTy computes the Strike Prices used for the weekly option trades. If you have another source for real time SPX weekly option quotes, then that source can be used instead of the TradeMonster source. You must have a minimum of \$2000 in your broker account to do Weekly Iron Condor trading. This book recommends starting with \$2500 and presents a Capital Growth Model that shows that, using the trading procedure herein, this Initial Capital of \$2500 could grow to \$300,000 in 2 Years. Weekly Index Options became available on the Chicago Board of Options Exchange in 2003. I have watched this type of Options Trading evolve as more investors used weekly trading. I have changed my trading software to reflect this evolution. I made my software simpler by limiting it to SPX for the weekly options trading.

When the war ends, Rezsi discovers her parents, two brothers and scores of relatives perished in the Holocaust. *Gypsy Music Street* is the story of one woman's endless sorrow and guilt she suffers at the loss of her family, the family she left behind "to die alone." Yet she still yearns to return to her town, "the little Paris of the East," to see it just one more time. But after the war, countries borders are redrawn and Mukacevo is no longer located in Czechoslovakia. It becomes completely closed off within the iron grip of the Soviet Union and the political climate is one of Cold War. Mukacevo is off limits for travel. As the years pass, Rezsi reminisces, sharing her longing and grief about the past with her daughter Bobbie. And when she dies an old woman, her dream unfulfilled, Bobbie is driven by her own loss and grief to make this journey home for her mother, and for herself. Adventures in Budapest, Ukraine and Israel make *Gypsy Music Street* an enthralling memoir of love and loss. Yet, it is also a story of the overwhelming joy a daughter experiences when she travels back in time and discovers her own torn roots.

Having survived the worst effects of the Civil War, the city of Memphis, battered but unbowed, finds itself facing a far more dangerous foe. It is invisible, lethal, and unstoppable: a plague of yellow fever. It is the story of JP Mahoney, 14-year-old farm boy who dreams of escape from tedious chores and farmlife routine. It is the story of a courageous young woman, Ginnie Moon, onetime Confederate spy, who now operates a boarding house for men who have survived the war. And it is the story of Kevin O'Boyle, an embittered riverfront laborer, who blames the world for his troubles, and finds the crippled city his perfect prey. Several characters in the novel are actual historical figures, most notably Ginnie Moon, Judge "Pappy" Hadden, and Cap'n Jim Lee. Their actions, and those of the other characters, are entirely fictional. The plague, one of several to hit the city in the years following the war, was all too real.

If you liked stories like Lord of the Rings or Chronicles of Narnia, you'll hopefully love this trilogy which tells a tale of an old prophecy about the breakdown or coming together of all things. I helped make your advisor's Sales Hype Do you need your advisor to succeed with investments? Do you think your advisor's strategy can beat a market index fund? Do you know how many sales your advisor must make to keep their job? What is your actual total return with all costs included? Why do many Wall Street firm owners use index funds? Most wealthy people can answer these questions. Can you? Today, the information to answer these questions is easily available but only savvy shoppers have used it to succeed. They realize that the retail financial industry is extremely profitable because the sales hype works even better than it used to work. We have learned how to manipulate behavior better. revenues come from YOU. I used to work for a few firms. I helped create some of the hype that our sales people used to separate you from your money or your potential future earnings. A plain market index fund beat 92-95% of the returns of our "professional" managers so we steer you away from them. However, we still get most investors to pay even for poor results. It is marketing, sales and misleading hype! Why should you give up your advisor? You may be giving up 63% of your total potential value. It is easy to do better on your own. Do you really think an expert at selling knows anything about what will happen to a security or the market in the next hour, week or year? Before I show you how to invest for your success, I think it is time you understood the marketing and sales HYPE. Most retail investors hate losing--more than they love winning. Most think Wall Street is a casino where some win but they forget that only the house wins long term. Isn't it time you learn how Warren Buffett avoids the Sales Hype and invests for success.

The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as # 1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with vivid, eyewitness accounts of what really happened. Peril is supplemented throughout with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making for an unparalleled history. It is also the first inside look at Biden's presidency as he faces the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president. "We have much to do in this winter of peril," Biden declared at his inauguration, an event marked by a nerve-wracking security alert and the threat of domestic terrorism. Peril is the extraordinary story of the end of one presidency and the beginning of another, and represents the culmination of Bob Woodward's news-making trilogy on the Trump presidency, along with Fear and Rage. And it is the beginning of a collaboration with fellow Washington Post reporter Robert Costa that will remind readers of Woodward's coverage, with Carl Bernstein, of President Richard M. Nixon's final days.
